Re: Oakland Technical High School

I am requesting a written report from the Oakland Unified School District to address the following questions:

- 1) What is Oakland Tech staff currently doing to monitor students off-campus before and after school and during lunch?
- 2) Is there a law or MOU supporting the Assistant Superintendent's contention that Oakland Tech staff cannot go off-campus to monitor students because it is illegal?
- 3) After Dr Ward announced that Oakland Tech would have a closed campus at lunch, why did the District reverse its decision? Are there any plans for Oakland Tech to become a closed campus at lunch anytime soon?
- 4) What is Oakland Tech doing regarding the litter problem around the campus?
