SUMMARY

The City of Oakland has made workforce development a top priority, as we have recognized that a healthy workforce is an imperative for a robust economic development strategy. The budget developed by the Oakland Workforce Investment Board (WIB) and - approved on August 12 2010 represents a fundamental shift in the policy and organizational direction for the Oakland WIB. In the FY10-11 budget, the City will have the requisite resources to fulfill its fiduciary responsibility as the System Administrator for the WIB. This is a shift that has been long in the making.

Staff believes that this new direction will allow the WIB the opportunity to modernize Oakland's workforce system and meet its legal responsibilities to both set policy and monitor WIA funds and programs.

Under this new structure, the WIB will be in a better position to inform the City's larger economic and workforce strategies. The Oakland WIB staff will be housed in the Community and Economic Development Agency (CEDA). This will allow WIB staff to work closely with the City's economic development staff to produce a more symbiotic relationship between the City's economic and workforce development strategies.

BACKGROUND

On August 12, 2010 the Board of the Oakland WIB approved the FY2010-2011 budget as presented to Council above, with all its implications. This budget represents a fundamental shift in how federal workforce dollars are directed and overseen in Oakland, and is a culmination of years of planning by the City of Oakland and the Oakland WIB.

The transition of these functions into the City will enable Oakland to develop and implement workforce development policy that ultimately improves the delivery of services for jobseekers and employers.

Item:
City Council
October 5, 2010

It has been the purpose of the City of Oakland to make workforce development a top priority for City staff along with economic development, so that Oakland and area residents benefit from new investments and job creation activities. To achieve this, the Oakland WIB will fund staffing and the creation of a new department within CEDA for workforce development. This will return the Oakland WIB administration to CEDA, which previously supported the workforce development staff until 2007. This structural change will clearly and directly link and elevate the City's Economic Development and Workforce Development activities within CEDA.

WIB staff will directly work with Economic Development staff within CEDA for a well coordinated effort tying economic development with workforce development activities. Economic Development staff is the primary interface with the business community for the City of Oakland, developing and maintaining connections to new businesses, growing businesses and priority industries, and providing assistance to businesses in contraction. Workforce development can directly leverage the existing efforts of CEDA's Economic Development staff in identification of key industries and their supporting businesses; their work with growing and emerging businesses in green technology, healthcare/life sciences and other priority industries; and their services providing businesses with technical assistance, enterprise zone tax credits, and other financial incentives. Economic Development is the first responder interfacing with employers and is able to gain real-time local labor market information on employer needs for new workers and incumbent training for their current workforce. Also, the Economic Development staff is best suited to help employers with layoff aversion assistance and business closure to better utilize Rapid Response funding in the community. This level of connection and relation with the business community will provide the WIB with timely labor market information to help shape programming and policy to reflect the real-time needs of Oakland.

The proposed 2010-2011 WIA Formula Budget commits approximately \$824,000 (11.5%) of the total \$7,1444,069 to fund the costs of assuming the System Administration role in the workforce development system. A detailed budget narrative as approved by the Oakland Workforce Investment Board on August 12, 2010 is attached hereto as *Appendix A*.

KEY ISSUES AND IMPACTS

The budget will create an administrative department within the Community Economic Development Agency (CEDA) to provide fiscal and program oversight; compliance with local, state, and federal regulations; and staffing to support the WIB Board in developing policy that integrates workforce with the City's economic development priorities and services. The WIB staff will administrate contracts with service providers to ensure Oakland meets or exceeds all required state performance measures, and will be the sole entity to contract with and report to the State Employment Development Department. This new structure will remove the inherent duplication of administrative and oversight functions in the current system, provide new clarity of roles for program and fiscal performance, and create a more responsive, transparent, and effective workforce development system.

The change will minimally impact current programming levels. In the proposed FY 10-11 budget, access to training and to supportive services will increase to meet the demands of the unprecedented unemployment rate, and create space for new ideas and programs to be piloted in the Oakland's workforce development system. This will be possible, despite the 12% reduction in WIA formula funds from the state to Oakland in FY2010-2011, due to the reduction of administrative expenses in the reorganized structure.

PROGRAM AND POLICY DESCRIPTION

Currently, the contracts are being procured for Youth and Adult employment service providers which includes the One-Stop Operator, One Stop Comprehensive Center and One Stop Affiliate centers.

The FY2010-2011 Oakland WIB budget will:

- 1. Enable the City to meet its responsibility as the grant recipient of WIA funds to ensure in managing programs under this subgrant including performing appropriate monitoring activities and taking prompt corrective action plan against known violations of WIA. In the recent review by the State of California Office of the Inspector General, the report stated that the WIB needs to "more actively" oversee the Oakland PIC and its subcontractors. The proposed FY10-11 budget will allow the City to conduct effective program and fiscal monitoring. Currently, the Oakland WIB does not have the administrative structure to meet its responsibilities under WIA. In a survey sample of various WIB's, the staffing level consists of between six to twenty-two staff. The City is proposing five staff to administer and monitor WIA programs, funding and ensure federal, state and local compliance. This staffing level has been previously approved by the WIB Board in prior years' budgets, but has not yet been realized; and
- 2. Establish support for the Workforce Investment Board to fulfill its core function to direct policy and oversee WIA funding; and
- 3. Integrate Oakland's workforce development strategy with our economic development strategy. This integration will happen as the City's administration of the WIB will be housed in the City's Community and Economic Development Agency (CEDA); and
- 4. Implement the National Emergency Grant (NEG) for On the Job Training that was awarded to the City of Oakland a competitive grant in the amount of \$725,462.00 to provide on the Job Training. This grant was written to include partnerships with Volunteers of America and Youth Employment Partnership to provide skills assessment, pre-employment training, and on the job placement with private sector partners in construction, health care, and trade and logistics. Each partners will be awarded

\$70,000.00 to administer the pre-employment training, career counseling, case management and job placement; and

5. Implement the High Concentration Youth grant that was awarded to the City of Oakland a competitive grant in the amount of \$83,000 to provide additional youth employment services. This grant was written in partnership with Youth Employment Partnership.

EVALUATION OF PAST PERFORMANCE

Appendix B contains a full report of Oakland clients served by WIA formula and ARRA stimulus funds during FY2009-2010 (July 1 2009 to June 30 2010), as provided by the PIC to the WIB at the August 18, 2010 WIB Quality Assurance committee meeting.

SUSTAINABLE OPPORTUNITIES

Economic: Job training efforts funded by the Oakland WIB are intended to improve client employability through education, training, and support services, toward attaining the Board's goal of economic self-sufficiency for all clients. The workforce development system also promotes business development through placement services, customized training subsidies, and technical services for employers.

Environmental: Several Youth Employment Partnership, Inc. programs use environmental improvement as a means to promote employment. Projects include recycling, neighborhood beautification, fire fuel reduction and materials re-use through building deconstruction.

Social Equity: These programs promote social equity by improving client earning power, both immediately through job placements and for the long-term through education and training.

DISABILITY AND SENIOR CITIZEN ACCESS

The FY2010-2011 budget contains funding for the City of Oakland's ADA and EEOC Compliance Officers to conduct a thorough audit and assessment of our system and partners' facilities and services to ensure fair access. This process, while a biennial process required by the State EDD for recertification of the Oakland WIB, has not been conducted in Oakland in the past. With funding for this process Oakland can ensure compliance for disability and senior citizen access in its one-stop centers and other affiliated service providers.

RECOMMENDATION(S) AND RATIONALE

The Oakland Workforce Investment Board approved a motion on August 12th 2010 to approve the FY2010-2011 budget and its implications. It is strongly recommended to Council to pass a resolution allowing for the adoption of the budget as presented and supporting the new restructuring of the City's workforce delivery system.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the Oakland City Council accept the report and approve the resolution for the City Administrator to accept and appropriate \$6,050,607.00 in WIA title 1 funds and \$1,093,462.00 in competitive grant awards to provide employment training services.
