Area 1 Homicides – All Investigated Incidents
01 January to 31 May

Area 1- Captain Clay Burch

- Homicides, shootings, robberies, and burglaries remain priorities of focus.

  - Measurable gang and group violence in West Oakland increased from Q1 into Q2. There is a continuation of preventative patrols and intelligence led patrol strategies, Ceasefire, Department of Violence Prevention, and OPD's Violent Crime Operations Center (VCOC) to address these issues.

  - Robbery in Police Beats 1 and 3 has declined in correlation with continued preventative patrols, collaborative community efforts, and focused enforcement and investigations. Although City-Wide, robberies are increasing including elsewhere in Area 1 due to numerous organized robbery crews that have formed. This is being addressed with VCOC operations targeting these groups.

Area 1- Captain Clay Burch

- Problem solving projects continued into Q2 2023 to address public safety issues and crimes committed in the violence concentrated gang areas. These projects emphasize prevention and conflict resolution through community partnerships.

- Homeless encampment numbers continue to rise and are being addressed collaboratively with the Encampment Management Team.

Area 2 Homicides – All Investigated Incidents
01 January to 31 May

Area 2- Captain Lisa Ausmus

- Shootings and Robberies are a main focus for Police Area 2.

- As part of the 2023 crime plan, high visibility patrols and security checks will be focused on in the shopping districts (Valdez, Montclair, College, Temescal, Piedmont)

- Patrol teams are directed to focus on serious and violent crime incidents:

  - Thorough good preliminary investigations, video canvassing recovery, dissemination, partnering with VCOC, and working with DVP and Ceasefire strategies.

  - Area 2 robberies have increased due to numerous organized robbery crews that have formed. This is being addressed with VCOC operations targeting these groups.

  - In order to supplement the efforts to the CRO teams, the Area 2 Captain will be working with BID leaders and utilizing patrol overlaps to create directed patrols for high visibility and to deter crime.

Area 3- Captain Alan Yu

- Our focus is to safely reduce gun related violence, robberies, and human trafficking through collaborative efforts with the Department of Violence Prevention, Department of Transportation, Vice Crimes Unit, United States Marshals and FBI Task Force, and the Community to conduct intelligence-based policing.
  - Homicides reduced by 50 percent from 8 to 4.
- The Community Resource Officers (CRO) conducted an extensive investigation with community assistance targeting dozens of illegal gambling shacks in the area associated with multiple shootings. Search warrants were served at each location netting multiple arrests, the seizure of dozens of firearms and the closure of the businesses.
- From January to May 2023, The VICE unit completed 15 Human Trafficking and Child Exploitation operations. The majority of the operations were held along the International Corridor.
  - Partnering with DOT, temporary traffic barricades were placed at the E15th corridors effectively moving the prostitution out of the residential neighborhood in front of churches and schools.
