Oakland Army Base Jobs Oversight Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

The Teamsters represented thousands of contract workers at the Army Base prior to the base closure. When the base closed, we remember the promise to bring good union jobs back to Oakland, particularly to West Oakland and the City's African-American community. As such, I represented the Teamsters in negotiations with both the City and the Army Base developers for the Community Jobs Agreement. Our union is signatory the Agreement. I have subsequently worked toward realizing the project's success, including advocating for state and federal funding, consulting with the West Oakland Jobs Resources Center, and more. Teamsters are currently working on the construction and we will represent rail, warehouse, and other workers when it is built. Additionally, I have almost twenty years experience as a community and labor organizer in Oakland, running campaigns in West Oakland and East Oakland, at the Port of Oakland, and more. I am intimately familiar with the economic, environmental justice, and other issues surrounding port-related developments.
