WHEREAS, on July 28, 2020, the City Council adopted Ordinance No. 13611 C.M.S., which created a pilot program to allow one (1) RV on vacant land, subject to specific health and safety standards and a one-year operating permit (RV Pilot Program); and

WHEREAS, the Proposed Amendments would create a new chapter in the Planning Code to govern the density, separation, occupancy, utility connections, fire safety, health and

habitability standards, and parking requirements applicable to Vehicular Residential Facilities; and

WHEREAS, the development of the Proposed Amendments was informed by the results of the RV Pilot Program; the Proposed Amendments are considered permanent regulations that are more comprehensive than the RV Pilot Program; and the Proposed Amendments are intended to replace the RV Pilot Program; and

WHEREAS, the RV Pilot Program is no longer necessary once the Proposed Amendments are adopted; and

WHEREAS, on September 28, 2021, the Community and Economic Development Committee of the City Council conducted a duly noticed public meeting and voted to recommend approval of this OMC amendment terminating the RV Pilot Program, along with the Proposed Amendments considered concurrently with this Ordinance; and

WHEREAS, on November 2, 2021, the City Council conducted a duly noticed public hearing to consider the proposed termination of the RV Pilot Program, and all interested parties were provided ample opportunity to participate in said hearing and express their views; and

WHEREAS, each as a separate and independent basis, this action is exempt from review under the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Sections 15061(b)(3) (General Rule), 15301 (Existing Facilities), 15303 (New Construction or Conversion of Small Structures), 15304 (Minor Alterations of Land), 15311 (Accessory Structures), 15322 (In Fill Development Projects), 15183 (Projects Consistent with a Community Plan, General Plan, or Zoning);
