RESOLVED by the Council of the City of Oakland, as follows:

1. The City Council finds that the City Clerk gave notice of these proceedings as required by Government Code Section 53753 and in compliance with state law, and Article XIII of the California Constitution, and gave all other notices and took all other actions required by law with regard thereto.
2. A Public Hearing was held on June 7, 2016, (at 6:30 p.m. in the City Council Chambers in City Hall, located at 1 Frank H. Ogawa Plaza, Oakland California) to hear all public comments, protests, and thereafter to take final action as to the annual assessment for the District.
3. At the hearing the testimony of all interested persons for or against the furnishing of the specified types of improvements or activities, and the imposition of the annual assessment for the District was heard. All protests, both written and oral, are overruled and denied, and the City Council finds that there is not a majority protest within the meaning of the law.
4. The City Council finds, determines and declares that the District and each parcel therein is benefited by the improvements, maintenance, and activities funded by the assessment to be levied, including all expenses incurred incidentally thereto, upon the lots and parcels of real property in proportion to the estimated benefits to be received as specified in the Engineer's Report.
5. The Engineer's Report for the District and the proposed assessment district boundary description, assessment roll and map is accepted and approved and the assessments shall be as provided for in the Engineer's Report and assessment roll. The reasons for the assessments and the types of improvements, activities and services proposed to be funded and provided by the levy of assessments on property in the District and the time period for which the proposed assessments are to be made are those specified in the Engineer's Report.
6. The City's Budget shall annually appropriate funds from non-District funds to pay for a low-income rebate.
7. The City's and Successor Agency's budgets shall annually appropriate funds from non-district funds to pay for the district's assessment on City and Successor Agency properties.
8. The report which the District Engineer filed with the City Clerk and scheduled before Council on June 7, 2016 at the hour of 6:30 p.m. for the continuation of the

Landscape and Lighting Assessment District for the FY 2016-17, and the diagram and assessment as set forth in the annual report of the Engineering of Work and each component part of it, including each exhibit incorporated by reference in the report and the levying of each individual assessment as stated in the Assessment Roll described therein, as modified to reflect no increases in the assessment, is hereby accepted and confirmed.

9. Upon approval of the Landscape and Lighting Assessments, the City Administrator shall present an itemized report to the Alameda County Auditor-Controller Agency, State of California, to be placed on the FY 2016-17 County Tax Roll, and take whatever other action is necessary to collect the assessments.
