RE: Request to Approve Preliminary Salary Plan Recommendations for Executive, Management and Unrepresented Classifications

SUMMARY

At the direction of the City Council, the City contracted with a consulting firm in the Fall of 2002 to conduct a **salary** and benefits survey for executive and management level classes. In mid-July the Public Sector Personnel Consultants (PSPC) presented a report to this Committee entitled "Salary and Benefits Survey and Recommended Salary Plan for Executive, Management, and Unrepresented Positions". Following that report, the Finance and Management Committee directed staff to develop additional information and recommendations for a salary plan for executive, management and unrepresented positions in the City's classification system. This report provides additional information and recommendations for Council consideration.

The main issues that will be addressed **are:** 1) development of appropriate pay and performance plans for executive, unrepresented and management level positions; 2) clarification of the classes under discussion; and 3) reaching common terms for each plan. The report also contains staff recommendations and requests Council approval to move forward with those recommendations.

FISCAL IMPACT

The adopted budget for fiscal year (FY) 2003-2005, provides funding for executive, management and unrepresented positions equivalent to the general increases negotiated for represented employees, three percent in FY'03-04 and one percent in FY'04-'05. General increases and merit increases for FY'03-'04 and FY'04-05 will be addressed in these recommendations. The fiscal impact of the recommendations will be cost neutral as they will be contained within the City Council adopted budget for FY'03-05. Future fiscal impacts of the plans would be integrated into the Council's biannual budget appropriation process.

BACKGROUND

In order to clarify the meaning of the terms utilized in this report, a Glossary of Terms has been included in Attachment **A**. This will hopefully alleviate confusion in terms that are closely related while providing a common language for the purpose of this report.

Item: **5**
Finance & Management Committee
October 14,2003

The existing structure for Executive, unrepresented and management salaries consists of a pay table. The original structure included thirty-three pay grades. Pay grades nineteen to thirty-three were for positions designated as management. These positions were defined by a range of twenty percent. The control point of the range was originally set at one hundred percent of the market. Salary surveys were to be conducted every two years and adjustments were to be made in the salary ranges as needed based upon a combination of market value, recruitment competitiveness and City need, as determined by the City Manager and budgetary limitations. In addition, general increases were given equal to those provided to represented employees so as to maintain system integrity and avoid compaction between non-management and management positions. Merit increases for Executive employees were based on performance at the discretion of the City Manager. Unrepresented and management employees received merit increases based upon performance with Department Head recommendations and City Manager's approval within departmental budgetary limitations. Over time **the** pay table has proven to be too narrow to reflect changes in the market and has become skewed as we have added paygrades to provide adequate compensation to attract and retain employees.

With the emergence of Local 21, International Federation of Professional and Technical Employees, merit increases for represented management staff on ranges are given per the Memorandum of Understanding (MOU). The MOU provides for increases of five percent per year of satisfactory or above performance up to the control (mid) point. Advancement above the mid-point of the salary range may be given at two and a half to five percent per year based upon Agency/Department Head recommendation and City Manager's approval.

The report presented by Public Sector Personnel Consultants to this Committee provided their recommendations to the Council regarding restructuring the City's current compensation plan. Additionally, a committee of City representatives prepared a study for the City Manager regarding further refinements of the City's Flexible Performance Agreement system for executive positions more closely aligning departmental expected outcomes to Mayor and Council priorities and positive and negative consequences for performance. This report provides recommendations for next steps in revising the current compensation plan for executive, unrepresented and management employees for the City of Oakland with appropriate performance plans for each designation.

KEY ISSUES & IMPACTS

Key issues and impacts include 1) inconsistent systems for compensating represented and unrepresented employees regarding cost of living increases, 2) clarification of classifications included in this discussion, and 3) recommendations for revisions to the performance compensation system for executive, management and unrepresented employees.

General Increase

Currently represented employees were given a general increase for FY 2003-2004 of three percent. Management employees represented by Local 21 have agreed to pay an additional three percent of their pre-tax income for retirement benefits. The adopted budget for FY'03-04 and FY'04-05 provides for an equivalent increase for executive and unrepresented employees, three

Item: **5**

percent and one percent respectively. However executive and unrepresented employees have not been given the general increase for FY '03-'04 and will be subject to paying the additional three percent of their salary toward retirement benefits; thereby, suffering a potential loss in pay for FY 2003-2005 if the increase is not implemented.

Clarification of Classifications

The Council requested clarification on which classifications are considered Executive, management and unrepresented. We have included a list in Attachment B of this report to clarify this issue. The wide variety of classes in the unrepresented category has been a cause for concern in establishing a policy for this unit. Employees serving in these classes, while subject to being "at will," do not receive the benefits of a contract as the executive management classifications do. Recommendations for performance and compensation systems for each of these are included below per Council's request.

Performance Management System

Currently employees in management and unrepresented classifications receive annual performance reviews in April based upon the City's current Performance Management System. This system was established in 1999. For executive level classifications, the City adopted a "flexible performance management agreement." The Performance Management System ties individual employee performance to departmental goals which are based on the Mayor and Council goals and priorities. For management, unrepresented and all other permanent status positions, employees are evaluated on organizational values and standards as well as specific performance objectives. Executive positions are evaluated on outcomes as they relate to Mayor and Council goals, departmental performance and individual goals.

A recent staff report recommending refinements to the Flexible Performance Agreement for executive positions in the City and best practice information from other agencies provided information for the development of these recommendations. Additionally, per Council request, we have researched East Bay Municipal Utility District's Management Salary Plan for ideas on changes to our current system. Best practices indicate that the most important factor for the success of any performance management system is buy-in and participation from the policy makers. While a wide variety of formal to informal processes prevail, contacted agencies reported that their annual merit increases for executive employees were tied to meeting and exceeding departmental performance goals. The current practice of tying departmental goals to the Mayor and Council priorities in the Flexible Performance Agreement already provides this basis for the City.

Compensation System

The report from Public Service Personnel Consultants and staff recommendations identify limitations with the current compensation system. The City currently utilizes a twenty percent salary range for its compensation system. This range was established in the early 1990's as a part of a citywide job analysis study. This range is considered unusually narrow by industry standards and proves to be inflexible in setting minimum salaries at the prevailing rate, providing retention incentive and reflecting differences in job performance.

Item: 5

Finance & Management Committee
October 14, 2003

Our current compensation system provides general increases for represented employees as agreed upon by contract. General increases, as well as merit increases, are provided annually with satisfactory performance ranging from two and one-half to five percent depending upon the pay plan that the classification falls under. Unrepresented and management employees receive merit increases based upon Department Head and City Manager recommendation and approvals as departmental budgets allow. Merit increases for executive employees is at the discretion of the City Manager.

PROGRAM DESCRIPTION

The program described below incorporates recommendations from the consultant's report, best practice agencies, current practices and the City's Classification and Compensation staff. It clearly defines the compensation and performance system recommended for each of the three levels of classifications. The recommendation is based upon performance.

1. Executive Management Plan (EMP)

Classifications in the pay plan consist of department heads, elected officials or positions that report directly to the City Manager. These classifications *are* listed in Attachment B. It is recommended that the City Council delegate to the City Manager the responsibility for administering the EMP.

- Performance Appraisal Plan

The recommendation is to slightly revise the current Flexible Performance Plan establishing five ratings: exceptional, exceeds expectations, fully effective, improvement needed and unacceptable. Outcomes that are quantitative and/or narrative in nature would accompany each performance objective.

- Pay Plan

The salary structure is an open salary range of fifty percent with a minimum, control point and maximum. A pay table will be developed based upon the consultant's recommendation of seventy pay grades with two and a-half percent between each grade. The Office of Personnel will conduct a salary survey every two years consistent with the City's fiscal year cycle to determine the market value of each classification and to maintain its current status in the market. A report will be submitted to the City Manager regarding the survey findings, including recommendations for realignment of classes. Any changes will require City Council adoption through the salary ordinance process. The plan would include annual general increases based upon the salary survey results, and in alternate years, the Consumer Price Index. Merit increases would be earned based on annual performance ratings. The Mayor and the City Manager would have the flexibility to award merit increases ranging from zero to six percent, a flat amount, or a one-time bonus. Increases to base pay may not exceed the Council approved ranges. This merit increase is linked to the employee's Flexible Performance Plan but may be limited at the discretion of the Mayor and City Manager due to budgetary reasons. A general increase of three percent is

Item: 5

recommended for FY'03-'04 while the new plan is being developed and implemented.

2. Management Plan

Classifications in the Management plan generally consist of division and section managers who report to department heads or other staff. These classifications are listed in Attachment B.

Management would be governed by the current language of the Memorandum of Understanding utilizing the existing Performance Management System for performance appraisals and pay plan.

- Performance Appraisal Plan
The recommendation is to utilize the existing Performance Management System with four ratings: exceeds expectations, fully effective, improvement needed and unacceptable. Increases would be provided in keeping with the current MOU. Outcomes that are quantitative and/or narrative in nature would accompany each performance objective.
- Pay Plan
The current compensation system provides general increases for represented employees as agreed upon in the MOU and merit increases with satisfactory performance annually of two and one-half to five percent. It is recommended that the management classifications utilize the pay table with fifty percent ranges in keeping with the consultant's recommendations. The Office of Personnel will conduct a salary survey every two years consistent with the City's fiscal year cycle to determine the market value of each classification and to maintain our current status in the market. Recommendations for adjustments to the pay ranges for particular classifications based upon the market data would be provided to the City Manager. Any changes will require City Council adoption through the salary ordinance process.

3. Unrepresented Plan

Classifications in the unrepresented pay plan consist of confidential managers and employees who have the authority to speak in the name of policymakers or whose work requires vague or broad responsibilities including labor relations matters. They are direct reports to department heads or other staff. These classifications **are** listed in Attachment B. It is recommended that the performance plans for unrepresented classifications follow the City's Performance Management System (Attachment C). The pay plan is described below.

- Performance Appraisal Plan
The recommendation is to utilize the existing Performance Management System with four ratings: exceeds expectations, fully effective, needs improvement, and

unsatisfactory. Outcomes that are quantitative and/or narrative in nature would accompany each performance objective.

- Pay Plan

It is recommended that unrepresented classifications receive comparable general increases to represented management employees, three percent and one percent respectively for FY'03-'04 and FY'04'05. Merit increases ranging from zero to five percent would be based upon the employee's annual performance evaluation but may be limited, at the discretion of the Mayor and City Manager, due to budgetary reasons. It is recommended that these classifications utilize the pay table with fifty percent ranges in keeping with the consultant's recommendations. The Office of Personnel will conduct a salary survey every two years consistent with the City's fiscal year cycle to determine the market value of each classification and to maintain our current status in the market. Recommendations for adjustments to the pay ranges for particular classifications based upon the market data would be provided to the City Manager. Any changes will require City Council adoption through the salary ordinance process.

ENVIRONMENTAL OPPORTUNITIES

There are no environmental opportunities impacted by this report.

DISABILITY AND SENIOR ACCESS

There are no disability or senior access issues related to this report.

RECOMMENDATIONS AND RATIONALE

The recommendations for Council approval require both short and long term actions

ALTERNATIVE RECOMMENDATIONS

The alternative recommendation for Council consideration would be to maintain the current performance management and compensation systems. The advantage of maintaining the current systems of compensation and performance management for executive, management and unrepresented employees is that it provides latitude for the Mayor and City Manager in determining the compensation for unrepresented employees. Further it requires the least time and effort in terms of changes to the system, the culture and the requirements for establishing performance criteria for compensation increases. Disadvantages may include inconsistencies in determining compensation increases and the lack of meaningful and relevant performance expectations.

Item: 5

Finance & Management Committee
October 14, 2003

ACTION(S) REQUESTED OF CITY COUNCIL

1. Approve the recommendation to submit directly to City Council the salary ordinance to provide general increases to executive, management and unrepresented classes of three percent for FY'03-'04; and to provide general increases for unrepresented classes that mirror Local 21 represented percent increases of one, four, four and four through June 30, 2008.
2. Approve the recommendation to develop modifications to the current Flexible Performance Agreement for classifications including language for flexible merit increases.
3. Approve the recommendation to revise the pay plan for executive, management and unrepresented classifications to create a fifty percent pay range structure.
4. Approve the recommendation for staff to proceed with the development of the new performance and pay plan for executive, management and unrepresented classifications providing a comprehensive report to this committee in January to include the recommended pay plan, the revised draft for the Flexible Performance Plan and the time line to implement the new performance and pay plans.

Respectfully Submitted,

William E. Noland

Interim Finance & Management Agency Director

Attachment A

Glossary of Terms

Consumer Price Index – a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services.

Control Point – a point in the pay range system determined for management level positions that has a pre-determined relationship to the market value of the like classifications in other agencies.

Cost of Living Increase - an increase usually directly associated with the Consumer Price Index for the local Bay Area market.

Exempt - classifications not governed by the Civil Service Commission or the Civil Service Personnel Rules.

Flexible Performance Agreement- a performance management tool which outlines departmental and individual performance expected and actual outcomes of an executive employee in relation to Mayor and City Council priorities.

General Increase – a salary increase given by the governing body based upon a variety of factors which may include the local market, attraction and retainment issues, equity issues and the cost of living in the area.

Market – the local, regional or national area that defines where a potential competitive job candidate pool for a specific position or group of classifications would reside.

Merit Increase – a salary increase that is provided to an individual employee based upon meeting or exceeding performance criteria or performance expectations.

Performance Management System - an integrated system that provides meaningful feedback on an individual's work performance based upon established expectations that are realistic and achievable.

EMPLOYEE PERFORMANCE APPRAISAL FORM

Employee Name:
 Position:
 Agency/Dept./Division:
 Evaluation Period:

Section I: Organizational Values and Work Habits:

Attendance: Reports for work regularly with a minimum number of absences and tardiness; gives notice when absence or tardiness is unavoidable; receives authorization when time off is needed; observes appropriate lunch and break schedules; submits justification for absences as required and/or requested.

Standards:

- a. **Be** at your desk and ready to work at the beginning of the work day or as otherwise arranged with your supervisor.
- b. Contact your supervisor or designated representative prior to 30 minutes of scheduled start time if you will be late or absent.
- c. Submit request for annual leave or vacation at least two weeks prior to your requested leave/vacation date. In case of unexpected or emergency requests (i.e., sick leave, bereavement leave, family emergency, etc.) contact your supervisor as soon as possible.
- d. Two 15-minute breaks and one 1-hour lunch may be taken. Breaks may not be combined or used to extend lunch time or shorten the work day.

Comments:

Use of Time: Manages own time and uses appropriate work methods, techniques, and equipment to achieve the most effective and efficient result in the time available; is mutually respectful of the time and schedule of others; balances multiple priorities and focuses on desired outcome(s).

Standards:

- a. Host meetings to have specific, identifiable outcomes. When coordinating meetings, inform participants of the beginning and ending time. Keep to schedule unless all participants agree to extend time. Develop and follow meeting agendas. Reserve **BFA** meeting rooms in advance.
- b. Be on time to all meetings, interviews, appointments, etc. Contact supervisor and/or participants when you will be late.
- c. Use up-to-date technology to accomplish work expeditiously (ex. Voice mail e-mail, fax, software, etc.)
- d. Ensure you are readily available to the Mayor, City Manager, and Assistan

	<p>City Managers at all times (i.e., wear your pager, keep your cell phone on, inform others when you leave the office and when you expect to return, etc.)</p> <p>e. Personal phone calls or socializing should take place during breaks and lunch hour.</p> <p>f. Personal use of City equipment will not take place during work time.</p> <p>Comments:</p>	
3	<p><u>Teamwork and Collaboration:</u> <i>Makes and sustains effective and productive relationships with other members of the organization and the public; is respectful of differing viewpoints; meets commitments to co-workers and/or team members.</i></p> <p>Standards:</p> <p>a. Meet commitments to co-workers and team members at all times. Do your “fair share” of the work within the team. Willingly contribute to time-sensitive group efforts as they arise.</p> <p>b. Treat co-workers with respect at all times. Allow for differing points of view.</p> <p>c. Attend and participate in staff meetings and other meetings as assigned.</p> <p>d. Maintain a clean and hazard-free work station. Contribute to the upkeep of shared spaces (i.e., kitchen, photocopy area, reception area, etc)</p> <p>Comments:</p>	Select from the following
4	<p><u>Customer Service:</u> <i>Responds effectively, courteously, respectfully, and in a timely manner to the needs of a diverse set of internal and external customers; provides information and services in a clear, concise, thorough, accurate, and timely fashion.</i></p> <p>Standards:</p> <p>a. Generally place the needs of our customers at the top of your priority list.</p> <p>b. Treat all customers in an open, honest, amicable and respectful manner. Empathize with the customer’s circumstances.</p> <p>c. Answer telephone in accordance with City Manager Telephone Policy. Do not allow your voice mail box or e-mail box to become full. Create an extended absence message when you will be away from the office for four hours or more.</p> <p>d. Provide prompt response to all community and staff contacts. Provide response within division guidelines for correspondence, phone or e-mail messages. When making referrals, ensure that community members are placed in direct contact with appropriate staff in City departments and/or the Oakland’s Assistance Center. If direct contact cannot be made, inform community members that he/she can call you if the staff person has not</p>	Select from the following

responded within 48 hours.

Comments:

Accountability: *Follows through on assigned tasks; meets work deadlines or informs others in a timely fashion when/why a deadline cannot be met; makes responsible use of City resources (time and money).*

Standards:

- a. Meet deadlines or inform appropriate staff in advance to adjust schedule and/or get assistance in completing assignments.
- b. Keep projects on budget at all times. Be resourceful with the expenditure of City funds. Leverage resources whenever possible.
- c. Provide updates on assignments at least monthly to your supervisor and co-workers within your division.
- d. Regularly meet with staff to ensure that projects/assignments are moving forward to completion in a timely manner. (managers and supervisors only)

Comments:

Adaptability and Problem Solving: *Adapts to organizational changes (e.g. technology, resources, personnel); takes initiative in identifying the existence of a problem and takes appropriate steps to resolve it.*

Standards:

- a. Take advantage of opportunities to continuously improve your skill set and knowledge base. Approval for training opportunities on City time will take into consideration your current work load and departmental resources.
- b. Successfully undertake, implement, and complete changes in work assignments.
- c. Take appropriate steps to ensure that a positive image of the Budget and Finance Agency is maintained. Identify potential issues and help address them before they become crises.
- d. Upon discovery of a problem/issue (i.e., misuse of City funds, unaddressed community need, practice inconsistent with applicable laws, broken equipment, etc.) inform appropriate staff of its existence and, if within your authority and responsibility, take steps to address or resolve it.

Comments:

Performance Management: *(Complete for supervisory/ management positions) Sets clear expectations and communicates City mission, goals, and policies; provides appropriate coaching and feedback; completes performance appraisals on time and consistent with the City's performance appraisal system; follows through on staff enhancement plans or corrective action to improve overall employee performance.*

RATINGS KEY

Exceeds Expectations

The performance of an employee at this level consistently exceeds all of the job standards and performance expectations. The employee is performing at a level well beyond what is normally expected of the majority of employees with similar duties.

Fully Effective

An employee at this level consistently meets the established job standards and performance expectations. The results consistently achieved are those the City would expect of employees in this position level.

Improvement Needed

Performance does not consistently meet the essential job standards and performance expectations of the position or is marginally acceptable. Development is needed to reach full effectiveness.

Unacceptable

Performance demonstrates an inability or unwillingness to meet job standards and performance expectations of the position. Immediate and sustained improvement is required.

OCT 14 2003
