(3) Resolution authorizing amendment to the Agreement with Francisco & Associates, Inc., in an amount not to exceed \$24,900, for a total contract amount of \$382,400 and waiving the advertising and competitive Request for Proposal/Qualification requirements.

EXECUTIVE SUMMARY

Under the Mello-Roos Community Facilities Act of 1982, as amended (Government Code Section 53311-53317.5) (the "Act"), the City Council may initiate proceedings to establish a community facilities district only if it has first considered and adopted local goals and policies concerning the use of the Act. The Oakland City Council adopted said "goals and policies" on June 19, 2007, in Resolution No. 80641 C.M.S. (Legistar No. 07-0168). Staff, after consultation with the City's special counsel, Jones Hall, A Professional Law Corporation, is recommending that the City Council adopt a new resolution of amended and restated goals and policies to comply with the Act.

A community facilities district is proposed to be formed so as to continue providing wildfire prevention, suppression and preparedness services to those properties within the boundaries of the current Oakland Wildfire Prevention Assessment District (WPAD). The current WPAD is set to expire on January 20, 2014 and the creation of a community facilities district for financing the special requirements within the urban / wildlife interface areas within the boundaries of the existing WPAD is permitted under the Act. The City proposes to establish "City of Oakland Community Facilities District No. 2013-1 (Wildfire Prevention District)" ("CFD" or "Wildfire District"). The CFD would be authorized to levy a special tax (the "Special Tax"), which would be in the amount of \$78 per year per taxable parcel in fiscal year 2014-15, and increase in each subsequent fiscal year by the lesser of 1) an amount equal to the percentage increase during the preceding calendar year in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose area (CPI-U), as published by the U.S. Department of Labor, Bureau of Labor Statistics, or 2) 3.0%.

A special election by mail ballot of the registered voters residing within the boundaries of the proposed CFD is being proposed for November 11, 2013. A 2/3 positive vote of the registered voters that vote would be required to approve the Special Tax. The language for the proposed ballot measure has not been established. The ballot measure language will be adopted after the conclusion of the public hearing on August 2, 2013 if the City Council adopts a Resolution of Formation at that meeting. The language will be consistent with the current goals and projects being performed under the WPAD, including a continuation of wildfire prevention services, which include goat grazing to clear excess brush and weeds; crews to remove dead trees and branches on public lands, maintenance of firebreaks to reduce spread of fires; and fire patrols on high fire danger days to ensure emergency escape routes are clear. The ballot measure language will also include the proposed amount of the Special Tax, \$78.00, and the duration of the new Wildfire Prevention District, 45 10 years.

DESCRIPTION OF SERVICES

City of Oakland Community Facilities District No. 2013-1 (Wildfire Prevention District) is authorized to finance wildfire protection-and-suppression prevention services ("services" shall have the meaning given that term in the Mello-Roos Community Facilities Act of 1982), which generally include, but are not limited to the following services:

Goat Grazing Program – Utilizes herds of goats to clear the excess brush that allows fires to spread rapidly. The goats remove vegetation from the large public open space areas within the district boundaries.

Property Owner Incentives and Chipping Program – Plan and establish incentives, education programs, and other opportunities to assist public and private property owners in reducing fuel and clearing properties. Assists private property owners by providing a convenient way to dispose of tree branches, brush and other yard waste that can fuel fires. Crews will be provided to process private property owners' yard waste into wood chips or mulch for the owners use or provide other means of disposal. Disposal of vegetation from private property is intended to avoid the spread of fire from private property to public property.

Vegetation Management Program – Private contractors and city crews will provide the district's vegetation reduction and management programs for areas inappropriate for the Goat Grazing Program. This includes open space and canyon hill parcels, firebreaks and roadside clearance along public streets, fire trails, evacuation routes within the district and other activities necessary to ensure fuel management and fire safety within the district.

Contract and Finance Management Support – Provide project and contract administration related to grant application, planning vegetation management projects as well as financial management.

Roving Fire Patrols Program – Provides additional fire patrols to monitor properties within the boundaries of the district during red flag days to monitor, correct and report potential fire hazards to the Fire Department.

Support Services for the Vegetation Management Inspection Program – Provides seasonal support to the residents throughout the inspection season. The City will respond to inquiries via phone or mail. They also maintain the inspection database by inputting the up-to-date inspection information such as the compliance status.

Public Outreach – Plan education and outreach to increase public awareness of the Wildfire Prevention District and the need for fuel reduction. Provides for designing, printing, duplication and postage for outreach mailing.

The Authorized Services include all related administrative costs, expenses and related operating reserves and capital reserves for replacement of vehicles, equipment and facilities and the costs incurred by the City of Oakland to form City of Oakland Community Facilities District No. 2013-1 (Wildfire Prevention District).

ANNUAL CALCULATION OF SPECIAL TAXES

Each Fiscal Year, on or about July 1, but in sufficient time to include the Special Tax levy for the Fiscal Year beginning on such July 1 on the County's secured property tax roll, the City shall calculate and levy the Annual Special Tax on all Taxable Parcels in the CFD for such Fiscal Year as follows:

- 1) Classify each Assessor Parcel within the boundaries of the CFD as either a Taxable Parcel or an Exempt Parcel.
- 2) Calculate the Maximum Annual Special Tax per Taxable Parcel that can be levied within the boundaries of the CFD.
- 3) Determine the Annual Special Tax Requirement.
- 4) If the total Annual Special Tax Requirement identified in Step No. 3 above is less than the total revenue that can be generated by levying the Maximum Annual Special Tax per Taxable Parcel on all Taxable Parcels, then Proportionately reduce the amount to be levied on each Taxable Parcel below the Maximum Annual Special

Tax per Taxable Parcel until the total revenue that would be generated equals the Annual Special Tax Requirement identified in Step No. 3 above, then levy such amount on each Taxable Parcel.

- 5) If the total Annual Special Tax Requirement identified in Step No. 3 above is equal to or greater than the revenue that can be generated by levying the Maximum Annual Special Tax per Taxable Parcel on all Taxable Parcels, then levy the Maximum Annual Special Tax per Taxable Parcel on all Taxable Parcels.

COLLECTION OF THE ANNUAL SPECIAL TAX

TERM OF SPECIAL TAX

Taxable Parcels in the CFD will remain subject to the Special Tax until June 30, ~~2029~~ 2024 (except that any parcels that have not paid Special Taxes that were levied prior to that date pursuant to this Rate and Method of Apportionment of Special Tax shall remain obligated to pay such Special Taxes). If City Council determines that the Special Tax shall cease to be levied, the City shall direct the County Recorder to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

PROPERTY OWNER APPEALS OF SPECIAL TAX LEVIES

Any Property Owner claiming that the amount or application of the Special Tax is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the Administrator not later than one calendar year after having paid the Special Tax that is disputed. The Administrator shall promptly review the appeal, and if necessary, meet with the Property Owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the Administrator's decision requires that the Special Tax be modified or changed in favor of the Property Owner, a refund shall be made to the Property Owner. Any dispute over the decision of the Administrator shall be referred to the City Council and the decision of the City Council shall be final. This procedure shall be exclusive and its exhaustion by any Property Owner shall be a condition precedent to any legal action by such owner.

REPEAL OF THE SPECIAL TAX

If the levy of the Special Tax is repealed by initiative or any other action, the City shall cease to levy the Special Tax and shall cease to be obligated to provide the Authorized Services for which the Special Tax was levied.
