RE: **A Supplemental Report On A Proposed Vacation Of Skyline Circle To The  
Abutting Property Owners Without Cost And Reserving Public Easements For  
Utilities and Emergency Vehicle Access**

---

**SUMMARY**

This supplemental report provides historical information regarding this agenda item. In 2006, the City Council passed Resolution No. 80290 C.M.S. approving a permit to construct a gate on Skyline Circle. The agenda report accompanying the resolution stated that Skyline Circle was a private street. Gates may be constructed across private streets. The homeowners association subsequently obtained a permit to construct the gate, but the gate was not constructed, and the permit expired in 2007. The homeowners association recently submitted a new application for a permit to construct the gate across Skyline Circle. City staff has confirmed that Skyline Circle is a privately maintained public street. The resolution before Council would vacate the public street, converting Skyline Circle into a private street, which would continue to be privately maintained.

Respectfully submitted,

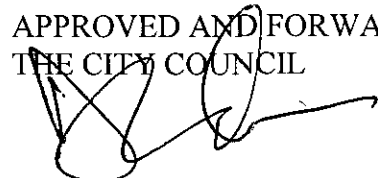

Walter S. Cohen, Director  
Community and Economic Development Agency

Prepared by:

Raymond M. Derania  
City Engineer  
Building Services Division

APPROVED AND FORWARDED TO  
THE CITY COUNCIL
