Cannabis Regulatory Commission: Appointed

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I've been an advocate and consultant in the medical cannabis industry for over a decade, and have represented businesses and entrepreneurs in the industry as an attorney since 2010. As such, I've closely followed developments throughout the industry, both legislatively as well as growing industry practices. In my own practice, I hear plenty of feedback from industry participants, prospective investors, and other advocates. I believe that I could be a valuable addition to the commission, which could leverage my knowledge and experience as an attorney working directly in this industry.

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I have been a resident of Oakland for sixty years. I retired six years ago from working thirty-two years for the City of Oakland in community economic development. I managed the City's Neighborhood Commercial Revitalization program and worked with small businesses throughout the city. Since retiring I am a care provider to my husband who is a quadriparetic as the result of injuries to his spinal cord. I am also a student at Oaksterdam University in the fourteen week Classic Semester program to become informed about the various forms of Cannabis available for pain management as well as to be an advocate for changing legislation at the Federal level to reclassify the plant from its current Schedule 1 designation. In order to become an effective advocate, I offer my experience as a care provider, a former economic development professional and an informed supporter of Cannabis for medicinal use, to the City of Oakland's Cannabis Regulatory Commission. When the adult use of Cannabis comes into fruition in January 2018 in the State, I will advocate for affordable access to Cannabis for patients to ensure that market forces do not drive the cost of medicine out of reach for the people that were in the fore front of changing State laws and public attitudes regarding Cannabis. If there is an opportunity to become a member of the Cannabis Regulatory Commission I would be pleased to do so. Thank you in advance for considering my application.

Stephanie Floyd-Johnson Bio Stephanie Floyd-Johnson graduated from UC Berkeley with a degree in architecture. She accepted a position with the City of Oakland and over the next thirty years worked in all aspects of neighborhood revitalization and business development. Ms. Johnson managed the City's Neighborhood Commercial Revitalization Division for ten years. She developed an intimate understanding of the economic conditions in Oakland's many diverse neighborhoods. With a staff of ten professionals she coordinated \$20 million is streetscape improvement projects including applying for and receiving grants totaling \$5 million; completed 250 façade improvement projects which represented more than \$4 million in public and private investment; developed the City's Business Improvement District (BID) Program that resulted in the establishment of six special assessment districts that generate more than \$1 million in annual assessments; provided technical assistance to more than a dozen merchant associations and awarded \$120,000 in grants to these associations to market and promote their shopping districts. Ms. Johnson authored an article entitled "Revitalizing Oakland's Neighborhoods" which was published in the International Economic Development Council's Economic Development Journal, summer 2002 issue. The article chronicled revitalization activities in Oakland that successfully strengthened neighborhoods and transformed commercial districts. Ms. Johnson managed the production of a quarterly newsletter which highlighted projects, programs and activities in the Oakland's ten redevelopment areas. The publication was awarded the International Economic Development Council 2010 Excellence in Economic Development award. Over the course of her professional career she had considerable fiscal responsibility for the management of funds and grants obtained as well as the accounting for all expenditures. Since retiring Ms. Johnson volunteers in her community.
