Hatzune Aguilar
Community Services Manager
City of Oakland

Dear Ms. Aguilar,

I am writing to express my interest in serving on the Citizen's Police Review Board. I think my unique mix of expertise and experience will make me an invaluable member of the board, and I would welcome the opportunity to help make my city a better place.

As described in my attached resume, I have a background in both the law (UC Berkeley Law) and policy analysis (UC Berkeley Goldman School of Public Policy). In the past I have done policy analysis for the police department (a study of anti-slum initiatives), worked on behalf of government entities prosecuting crime (internships at the state attorney general's office and a district attorney's office), and worked on behalf of criminal defendants. My current practice at Kasowitz Benson Torres & Friedman LLP (at the firm's San Francisco office) includes a mix of complex civil litigation and white collar criminal defense.

I believe that I would bring a balanced and thoughtful approach to the investigation of complaints before the Board, and to the Board's consideration of policy matters within its purview.

Please contact me if you have any questions, or if I can provide further information in support of this request.

Best regards,

/s/

Jason Takenouchi

Policy Analyst / Outreach Coordinator
Oakland Citizens' Police Review Board

CC: Richard Cowan, Mayor's Office

Mr. Caceres,

Recently I graduated among the 45 members of class 33 of the Oakland Citizen's Police Academy. Over 14 weeks, I became familiar once again with issues related to use of force, evidence and general policing and became newly acquainted with details of how Oakland's police force is constituted and its challenges in our era of heightened tensions between community and government, reduced resources and high expectation that our police force be fair, professional and sensitive to the cultural and socio-economic needs of members of our community.

During this program, I became acquainted with the existence and purpose of the Citizens' Police Review Board and spoke with four class members affiliated with the board, two board members and two investigators. After those conversations and after talking with several Oakland Police officers, both retired and active, I've come to believe that I can serve the people of Oakland well by serving on the Citizens' Police Review Board, a position for which I hereby apply.

I have broad and unique experience and skills I believe will contribute to my acting as a fair and diligent advocate of both the people of Oakland and its police officers. I've been acquainted with Oakland and Berkeley Police departments since my undergraduate studies at Cal, from which I graduated with a degree in Law and Society, with an emphasis on policing. My undergraduate advisor was Dr. Jerome Skolnick. Until business commitments demanded I choose between management and law, I attended Santa Clara Law School, completing the equivalent of two years' full time study and withdrawing in good standing with a 3.0 GPA. More recently, I've been deeply involved in community mental health in conjunction of my having completed my MS in Counseling, with MFT emphasis, at Cal State East Bay.

I completed a year internship with Berkeley Mental Health Mobile Crisis Team, attending squad meetings and responding with Berkeley and U.C. Police to crisis and mental health-related calls in both public and private settings. I worked side-by-side with police under a separate reporting structure, providing me unprecedented and unique experience and access. I'm returning to Berkeley Mental health this year as a clinic counselor, providing therapy and treatment to clients impaired by serious long term mental illness. I have a strong commitment to improving the welfare and lives of the people of the East Bay.

Through my experience and ongoing training, I've become committed to empowerment and fair treatment of all residents, have become especially sensitive to and involved in issues related to

community members with mental health and criminal challenges, which are often related. By working closely with the police and by completing the Oakland Citizen's Police Academy, I've developed compassion for and understanding of the many difficulties of providing effective and professional policing.

Serving on the board, I will be a fair and energetic participant, experienced in evaluating both legal and factual documents, to which I bring unique skills and perspective.

Thank you for your consideration. Please feel free to contact me with any questions or about how I can advance through this process.

Sincerely,
