RE: Amended Rockridge BID Ordinance# 12301 for recording

Per our telephone conversation some months ago, here is the amended Rockridge BID Ordinance which now needs to be recorded. It contains the language which City Council actually approved on the night of December 12, 2000. Unfortunately, the wrong version of the ordinance was inadvertently recorded in December 2000 and this must now be corrected.

Also, attached for reference is a copy of the e-mail I sent to Ceda in July of this year and a copy of the cover memo to the City Clerk's Office (12/7/2000) showing when the original amended ordinance was first submitted.

Let me know if you have questions (238-1676) and thank you for your help.

Hello Ceda --

What is the procedure to correct the version of an ordinance which has already been recorded? When the Rockridge Business Improvement District was established in Dec. 2000 Council approved it on the condition that the related ordinance be amended to include some additional language. I hand-delivered the amended ordinance from the City Attorney's office to Maria Ezcurra in the City Clerk's office on Dec. 7 for recording; however, the Clerk's office still accidentally recorded the wrong version of the ordinance (i.e. the original unamended version). How do we now correct this error? The minutes of the City Council meeting on Dec. 12, 2000 would show that the amended ordinance is the one that should have been recorded and that the one currently on record is incorrect. Referring to the ordinance language comes up so infrequently that it just recently came to my attention again that the ordinance on record is the wrong version.

I still have a copy of the amended ordinance which should have been recorded, but who should I give it to?

Thank you for your help.

**Re:** Amended Rockridge Business Improvement District (BID) Ordinance for City Clerk's records.

---

A copy of the amended Ordinance establishing the Rockridge BID is attached for your records. Deputy City Attorney, Bruce Plebuch, requested that I submit this to your office along with his notes which were used on November 28, 2000 when Council approved the ordinance, including the amended language which is now incorporated.

Thank you for your help on the 28<sup>th</sup> and days leading up to it. It was much appreciated.
