CITY OF OAKLAND
Agenda Report

To: Council President De La Fuente and
Members of the City Council
From: City Council Legislative Analyst
Date: February 18, 2003

Re: **PRESENTATION OF PROPOSED REDISTRICTING MAPS, ORAL REPORT FROM THE REDISTRICTING CONSULTANT AND CITY COUNCIL DIRECTION TO THE CONSULTANT (THE CITY COUNCIL MAY CONSIDER AND ALTER THE BOUNDARIES OF ANY PROPOSED DISTRICT IN IT'S DISCUSSION OF THE PROPOSED MAPS)**

SUMMARY

The attached packet contains maps submitted by individual Councilmembers for the Council's consideration in the 2003 redistricting process and the discussion maps presented earlier to the City Council. No maps were received from the public. The redistricting consultant will present each map and it's corresponding demographic data. The City Council Legislative Analyst continues to work with the public to facilitate the redistricting process.

BACKGROUND

Pursuant to City Charter Section 203, the seven City Council district and School Board Director district boundaries are due to be reapportioned in 2003 and every ten (10) years thereafter, following the decennial U.S. Census. The City Council adopted a calendar in July 2002 setting the timeframe for the redistricting process. On December 17th the City Council was presented with a set of discussion maps developed by the redistricting consultants that reflected concerns and ideas presented by the public at community meetings held in November. January 31st , 2003 was the deadline for public submittals of map proposals.

DISCUSSION

The discussion maps were available for public review and comment on December 6th 2002. The public was encouraged to review the discussion maps and submit map proposals for the City Council's consideration. The deadline for submitting map proposals was January 31st. 2003.

To facilitate the public's ability to submit map proposals of their own, a redistricting website was established containing mapping and demographic data. In addition to the on line data, a computer and redistricting software was available for the public's use. Two training sessions for the public on use of the software were scheduled with the redistricting technical consultant during the month of December and January.

Both the consultant and the City Council Legislative Analyst have attended various community meetings to present the City's redistricting process and answer questions. Outreach efforts will continue and include noticing in the local newspaper, KTOP announcements and a mailing to neighborhood associations noticing this meeting and other critical city council meeting dates related to this effort School board members have been kept appraised of the process through the Secretary of the Board.

According to the redistricting calendar, the next public meeting scheduled for action on the proposed maps is March 11, 2003 at the regular City Council meeting .

SUSTAINABLE OPPORTUNITIES

- Economic: None
- Environmental: Every effort has been made to use advances in information and mapping technology to reduce the amount of paper and printing needs.
- Social Equity: Redistricting insures compliance with legal and statutory requirements to uphold the "one vote, one person" principle.

ACTION REQUESTED OF THE CITY COUNCIL

The consultant is requesting direction from the City Council.

Respectfully submitted:

Lupe Valdez
City Council Legislative Analyst

Maziar Movassaghi
City Council Legislative Analyst

Fr: David Ely and Sandi Polka, Redistricting Consultants

Re: Redistricting Proposals Submitted

As of the January 31, 2003, four redistricting proposals have been submitted. Each is a complete plan for new Council and school district boundaries.

The following is a listing of the submitted maps:

Reid – De La Fuente Plan – Submitted by Council Members Reid and De La Fuente.

Quan Plan – Submitted by Council Member Quan.

Brooks Plan 1 – Submitted by Council Member Brooks.

Brooks Plan 2 – Submitted by Council Member Brooks.

There were no plans submitted by other individuals or organizations.

We are attaching maps and descriptive data for each proposal. At Council we will present each submitted plan. The discussion maps that were developed from public comment will also be available for your consideration.

We look forward to direction from the Council.
