AGENDA REPORT

TO: John A. Flores
INTERIM CITY ADMINISTRATOR

FROM: David McPherson

SUBJECT: Supplemental #2
Amending the Master Fee Schedule

DATE: June 11, 2015

City Administrator
Approval

Date

6-11-2015

COUNCIL DISTRICT: City-Wide

RECOMMENDATION

Staff recommends approval of the attached ordinance amending Ordinance number 13238 C.M.S. (as amended, the FY 2014-15 Master Fee Schedule, "MFS"), to amend, modify, and delete fees and penalties assessed by Offices, Departments, and Agencies of the City of Oakland, referenced herein.

OUTCOME

Following adoption of the amendments to MFS ordinance by the City Council, the revised fees assessed by the Oakland City Administrators Office, Oakland Fire Department, Oakland Police Department, Oakland Public Works, Planning and Building, the Economic and Workforce Development, Housing and Community Development, Information Technology, and the Revenue Management Bureau ("the Departments") will become effective July 1, 2015.

REASON FOR SUPPLEMENTAL

History: In response to inquiries from the Finance and Management Committee held on May 26, 2015, regarding the FY 2015-16 Master Fee Schedule, Committee members requested those departments requesting fee revisions to provide additional information and analysis. A supplemental report was prepared and presented to the Finance and Management Committee on June 9, 2015.

At the Finance and Management Committee held on June 9, 2015, staff presented the Committee Supplemental #1, which consisted of responses to the Committee's inquiries resulting from the May 26, 2015. At the June 9, 2015 meeting, the Committee had additional inquires for departments to address, resulting in preparing a Supplemental #2. Supplemental 2 provides responses to mentioned items and follow-up questions, to be presented to the June 16, 2015 City Council Meeting.

Item: _____
City Council Meeting
June 16, 2015

Note:

Supplemental #2 revises the FY 2015-16 Master Fee Schedule Ordinance Sheets as requested by the Finance and Management Committee at the June 9, 2015 meeting. As such, the Master Fee Ordinance Sheets attached to this supplemental report supersedes all prior versions. Ordinance sheets within this supplemental are the final proposed fees for review by the City Council.

Finance and Management Committee Follow-Up Points and Inquiries:

Inquiry:

Staff to undeleted the ADA Expert Witness and ADA Plan Revision fee.

Response:

Completed as directed

Inquiry:

Since the supplemental mostly addressed whether proposed fee increases are cost recovering, will staff provide information about whether any fees *not* proposed for increase could be increased to cover all costs?

Department Responses:

Public Works – all proposed fees cover costs.

Revenue Management Bureau – all proposed fees cover costs.

City Administrator's Office – For explanation, please refer to (Attachment A)

Economic and Workforce Department – All EWD fees are proposed to be fully cost covering, with the exception of the Enterprise Zone retrieval fee, which is proposed to be 78% cost recovery due to keeping the fee at a reasonable amount; however the volume is difficult to project, therefore, no revenue impact is estimated.

Housing Department – The proposed fees for Housing are 91-100% cost recovery. The fees were essentially rounded down (mostly to the nearest \$50) from the actual cost recovery rate.

Planning and Building Department – The proposed fees as recommended by MGT, the consulting firm that conducted a detailed cost of services study, are set to achieve almost 100% cost recovery.

Oakland Police Department – all proposed fees cover costs.

Oakland Fire Department –

Oakland Fire Department Response:

Per the Office of the City Attorney, departments will not be able to include these fees in the current MFS legislation because there is not enough time to provide the proper notice. To include these fees now in the supplemental 3-day agenda packet for next week's Council meeting would amount to a material change in the legislation that has already been noticed. Another item would have to be brought forward later. The analysis is attached, please refer to (*Attachment B*).

Inquiry:

Why are the following Housing fees (O-97) not being proposed for 100% cost recovery?

- (a) a Micro Loan fee under Commercial Loans,***
- (b) various Residential Lending loan fees, or***
- (c) various Housing Development Services loan fees.***

Response:

The proposed fees for Housing are 91-100% cost recovery. The fees were essentially rounded down (mostly to the nearest \$50).

Inquiry:

Locate in the Master Fee Schedule, the City Administrator's Public Safety fee located in Attachment B of the supplemental.

Response:

It is line #4 of the Attachment B of the supplemental.

Inquiry:

Under the Housing fees, the current \$110 Loan Closing fee (O-97) appears to be proposed to change into a variable fee of 3% of the closing cost. Do our costs increase in proportion to closing costs increasing or is this a fee that is exempt from Prop 26?

Response:

OBDC administers Commercial Loans on behalf of the City; this cost is consistent with their current operations and represents actual cost from OBDC.

Inquiry:

As requested by the Finance and Management Committee, for the newly proposed collections fee for accounts less than \$300, considered proposing either (a) a variable delinquency fee that tappers off as the past-due amount increases or (b) crafting the fee as a penalty which could be applied to any delinquent account without triggering Prop-26 cost recovery analysis, (F-14)?

Response:

Option A) Variable delinquency fee that tappers off as the past-due amount increases.

Revenue Management Bureau recommends the following breakdown for Option A:

Tier 1: \$75 for \$300 - \$200
Tier 2: \$50 for \$199.99 - \$100
Tier 3: \$25 for Less than 0\$99.99

Options B) Crafting the fee as a penalty, which could be applied to any delinquent account without triggering prop-26 cost recovery analysis?

Staff will need to determine baseline penalty percentage.

The Committee motioned to recommend the Master Fee Schedule for adoption on non-consent with the following additions:

Motioned Items:

1. Staff to provide analysis from Fire regarding whether any of their proposed decreases (I-31-34) are lower than the fee rate as of the effective date of Proposition 26.

Response:

Per the Office of the City Attorney, the Prop 26 definition of state taxes meant that state regulatory fees and revenue neutral state law changes adopted between January 1, 2010 and the November 2010 election day expired, unless they were readopted as "taxes" by the legislature by a 2/3 vote.

Cities and other local governments could continue to collect fees and charges adopted before November 02, 2010. Once a fee that would have "grandfathered" status is changed—even if adjusted down—it cannot later be increased to more than the cost covering amount even if it is to the amount of the fee that was in place in November 11, 2010.

As such, in the case of the listed fees, the Oakland Fire Department made changes since the November 02, 2010 date, and therefore said fees are not eligible for any other amount than the cost recovery. The proposed 2015 MFS fees must be equal to cost recovery and cannot revert to rates in the 2010 MFS.

2. Reverse proposed deletion of Fire's High-Rise fees (I-36).

Response:

A change has been made to the MFS to reverse proposed deletion to the original fees.

3. Staff to provide Prop-26 penalty structure to replace the increased re-inspection fees (I-36) that are proposed for deletion.

Response:

Per the Office of the City Attorney, fines and penalties are exempt from Prop 26 but it is too late to add penalties or fines to the current proposed amendment because they have not been properly noticed. Another item would have to be brought forward later.

4. Reverse proposed reduction for ADA expert witness (M-89).

Response:

Completed as directed

5. Staff to examine if Parcel Map – Certificate of Correction fee (M-94) is being proposed for less than fee rate as of the effective 1/1/10.

Although Staff is still researching the issue, it appears that California Government Code section 66014(a) provides that, notwithstanding any other provision of law, Planning and Building related fees cannot exceed the estimated reasonable cost of providing the service for which the fee is charged. Thus, Planning and Building related fees should be reduced to reflect the reasonable cost of providing such services, notwithstanding Proposition's 26 "grandfathering-in" the higher fees.

*Excerpt of the Government Code
Government Code Section 66014 states:*

(a) Notwithstanding any other provision of law, when a local agency charges fees for zoning variances; zoning changes; use permits; building inspections; building permits; filing and processing applications and petitions filed with the local agency formation commission or conducting preliminary proceedings or proceedings under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, Division 3 (commencing with Section 56000) of Title 5; the processing of maps under the provisions of the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7; or planning services under the authority of Chapter 3 (commencing with Section 65100) of Division 1 of Title 7 or under any other authority; those fees may not exceed the estimated reasonable cost of providing the service for which the fee is charged

6. Staff to examine Planning fee reductions (P-99-101,114-116,118, & 120) to see if any are proposed for less than fee rate effective 1/1/10.

Please see response to Question 5.

7. Reverse proposed deletion of Project Delivery – Survey Services fees (M-90);

*Response:
Completed as directed*

8. Increase Pawn Broker Permit & Renewal fees (B-2) to be 100% cost recovering

*Response:
Completed as directed*

9. Staff to examine Parks & Rec entrance and rental fees to provide 5-10% increase for non-residents & a decrease for Oakland seniors

Response:

Oakland Parks and Recreation does not propose fee revisions at this time. The department will be conducting an analysis of fees and programming within FY 2015-2016 and will be returning to Council and this request will be addressed at that time.

10. Reverse the proposed increase for Evening Rate for Pacific Renaissance Plaza Garage (stays at \$2/space) (F-16)

Response:

Completed as directed

11. Change the proposed increase for on-street parking meters (F-15) so that current \$2 rate is retained for smart meters where occupancy is less than 85%;

Response:

Completed as directed

Revised the on-street parking meter to reflect current \$2 rate. Further analysis will be conducted to research areas where on-street parking occupancy rates are higher than 85%.

12. Clarify the workflow processes use for initiating and renewing Residential Permit Parking permit.

<u>Workflow Process (Steps A – F)</u>	<u>Annual</u>	<u>Renewal</u>
A. Collection of Require Documents:	X	X
B. Verification of Account Data :	Application (data)	Resident Bi-Annual Data (Forms sent to Residents to fill out)
	X	X
C. Process Applications in Parking Management System for both Annual and Renewal:		
	X	X
D. Mailing of Permits:	X	X
E. Cashiering/Payment Processing:	X	X
F. Accounting:	X	X

13. Staff to identify the revenue loss for FY 2015-17 from retaining a Residential Permit Parking Renewal fee of \$50.

Response:

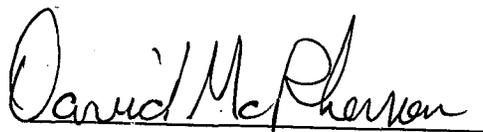

The amount of \$80 was the recommended in the "original" FY 2015-16 Master Fee Schedule Update Agenda Report, which is not the recovery cost amount. Supplemental Report 1 updated the ordinance sheets to the "recovery cost," which is \$82 and the correct recommend amount.

As such, based on the cost "recovery cost" amount results in the following scenarios of revenue reduction:

- A. \$82 to \$80 a reduction of \$10,000
- B. \$82 to \$59 a reduction of \$118,000 (FMC Supplemental 1 proposal)
- C. \$80 to \$59 a reduction of \$107,000 (FMC Supplemental 1 proposal)
- D. \$82 to \$50 a reduction of \$164,000 (FMC Supplemental 2 proposal)

Respectfully submitted,

David McPherson,
