RE: **A RESOLUTION DECLARING THE OFFICIAL INTENT OF THE CITY OF OAKLAND REGARDING CERTAIN CAPITAL EXPENDITURES FOR UPTOWN PARTNERS, LLC TO FINANCE THE CONSTRUCTION OF RENTAL HOUSING IN THE CITY OF OAKLAND, IN AN AMOUNT NOT TO EXCEED \$160,000,000, TO BE REIMBURSED FROM THE PROCEEDS OF A TAX-EXEMPT OBLIGATION**

**SUMMARY**

On July 26, 2004, the Oakland Redevelopment Agency (the "Agency"), pursuant to Resolution 2004-38 C.M.S., authorized the execution of a lease disposition and development agreement (the "LDDA"), a ground lease (the "Ground Lease"), and related documents among the Agency, the City of Oakland and Uptown Partners, LLC, a California Limited Liability Company ("Uptown Partners"), for the development of a mixed-use rental housing and retail development project (the "Uptown Project") in the area generally bounded by Thomas L. Berkley Way (formerly 20th Street) on the north, Telegraph Avenue on the east, 19th Street on the south and San Pablo Avenue on the west (collectively referred to as the "Project Area").

The LDDA requires the City to assist Uptown Partners in its efforts to secure tax-exempt bond financing for the construction of the Uptown Project. The mechanism of choice for this financing is a tax-exempt multi-family housing revenue bond. In order to proceed with this financing, Uptown Partners has requested that the City hold the required public hearing and adopt an Inducement (Reimbursement) Resolution in order for the City to proceed with an application to the California Debt Limit Allocation Committee (CDLAC) for financing of the first phase of the Uptown Project in an amount not to exceed \$160 million. Holding the public hearing and adopting the Inducement Resolution does not obligate the City to issue any bonds, but rather starts the process that will allow Uptown Partners and the City to submit an application for tax-exempt multi-family housing revenue bond financing, which is due to CDLAC on October 1, 2004.

**FISCAL IMPACTS**

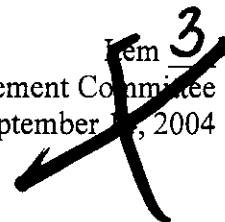

The first phase of the Uptown Project will be financed with tax-exempt bond proceeds, which will be the sole obligation of Uptown Partners. As this is a non-recourse conduit financing, the City will not be liable for the debt or its related costs. In addition, the City will require Uptown Partners to indemnify it from any liability that may result from Uptown Partners' failure to meet its obligations under the terms of the bond transaction. The debt and its related annual cost will be the sole responsibility of Uptown Partners.

Item 3  

## Approval of an Inducement Resolution Regarding Construction of Rental Housing

Adoption of this Inducement Resolution will not have a fiscal impact on the City. If the City receives an allocation of authority from CDLAC to issue bonds in the amount of \$160 million, it will be entitled to an issuance fee, an annual administration fee and reimbursement of all other costs incurred in relation to the issuance.

**BACKGROUND**

On July 26, 2004, the Agency, pursuant to Resolution 2004-38 C.M.S., authorized the execution of an LDDA, a Ground Lease, and related documents among the Agency, the City of Oakland and Uptown Partners for the development of the Uptown Project in the Project Area. Uptown Partners' development proposal for the Project Area includes the following highlights:

- A transit-oriented development of 700 rental apartments in the area bounded by 19th Street, Thomas L. Berkley Way, Telegraph Avenue and San Pablo Avenue,
- 20 percent (140 units) of the 700 units will be affordable to households earning 50% or less of the area's median income (AMI) for a period of 55 years;
- Five percent (35 units) of the 700 units will be affordable to households earning incomes not exceeding 120 percent of AMI for a period of 55 years;
- 14,500 square feet of neighborhood-serving retail along Telegraph Avenue;
- A 25,000 square foot public park that borders on Thomas L. Berkley Way;
- The site plan combines a mix of housing types in a non-gated community setting that include low- and high-rise apartments, as well as live/work units;
- Construction of the first phase of the project with 590 units located in the 2 blocks between 19<sup>th</sup> Street and Thomas L. Berkley Way along San Pablo Avenue is projected to commence in the summer of 2005. The second phase, consisting of 110 units located in the 2 blocks between 19<sup>th</sup> Street and Thomas L. Berkley Way along Telegraph Avenue will start in the fall of 2007. Project completion is anticipated by the beginning of 2010.

**KEY ISSUES AND IMPACTS**

In order to permit the City and Uptown Partners to prepare and submit an application to CDLAC for tax-exempt financing, the City must first adopt an Inducement Resolution. Pursuant to Section 147(f) of the Internal Revenue Code of 1986, prior to their issuance, tax-exempt housing revenue bonds are required to be approved by the "applicable elected representative" of the governmental unit on whose behalf such bonds are to be issued and by a governmental unit having jurisdiction over the entire area in which any facility financed by such bonds is to be located, after a public hearing held following reasonable public notice. This "inducement" is a conditional expression of intent on the part of the legislative body of the public agency to be prospectively issuing tax-exempt bonds. In this case, the City Council is the legislative body with respect to the tax-exempt bonds whose proceeds would be used to pay for the development of the first phase of the Uptown Project.

If CDLAC approves a bond allocation in the requested amount, the City will serve as the conduit for financing the bonds, but the obligation for payment of the bonds will be the sole

## Approval of an Inducement Resolution Regarding Construction of Rental Housing

responsibility of Uptown Partners, using revenue from the Project to make all debt service payments. In the event of a default by Uptown Partners, the City will not have any financial liability.

Upon CDLAC approval, staff expects to return in the spring of 2005 for City consideration of a proposed resolution authorizing the sale and issuance of bonds. At that time, staff will be providing a comprehensive update on the Uptown Project, including the anticipated schedule for implementation and information on the actual amount and timing of the bond issue to finance the Uptown Project. While this Inducement Resolution calls for bonds in an amount not to exceed \$160 million, the actual amount may be less, depending on final construction cost estimates and other Project-related considerations.

### **SUSTAINABLE OPPORTUNITIES**

Economic: The approval of the attached resolution will result in a positive economic impact by promoting a redevelopment infill project that will take blighted, underutilized and contaminated sites and turn them into an economically productive use by building a large-scale housing project that includes a retail component. The development of the Project should attract over 2,000 new residents to downtown Oakland, which will contribute to the revitalization of vacant retail sites and stimulate job creation through increased demand for local services and shopping opportunities.

Environmental: By developing in already built-up areas, the Project has a large-scale effect of reducing the pressure to construct on agricultural and other undeveloped land, and thereby contributes to the prevention of urban sprawl.

The location of the Uptown Project in proximity to major public transportation nodes will likely encourage project residents and retail customers to use BART and AC Transit. Moreover, Uptown Partners and City staff have established a list of sustainability measures that will be incorporated into the project.

Social Equity: The Project will expand the supply of affordable housing in Oakland by including 140 rental units that will be affordable to households earning 50 percent or less of the area's median income. Uptown Partners will comply with the City's contracting programs, including the Small/Local Business Construction Program, the Small/Local Business Professional Services Program (L/SLBE) and the Local Employment Program. All of the workers performing construction work for City funded projects must be paid prevailing wage rates. Uptown Partners will also be subject to the Living Wage Ordinance.

### **DISABILITY AND SENIOR CITIZEN ACCESS**

Uptown Partners' project design must comply with the requirements of the Americans with Disabilities Act.

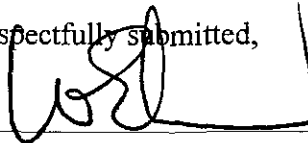

**RECOMMENDATIONS AND RATIONALE**

Staff recommends that the City approve the Inducement Resolution declaring the official intent of the City regarding certain capital expenditures for Uptown Partners to finance the construction of rental housing in the City of Oakland, in an amount not to exceed \$160,000,000, to be provided by the proceeds of a tax-exempt obligation.

**ACTION REQUESTED OF THE CITY COUNCIL**

It is requested that the City Council approve the Inducement Resolution declaring the official intent of the City regarding certain capital expenditures for Uptown Partners to finance the construction of rental housing in the City of Oakland, in an amount not to exceed \$160,000,000, to be provided by the proceeds of a tax-exempt obligation.
