### SUMMARY

Staff requests approval of a Resolution authorizing the City Administrator to apply for, accept and appropriate the California State Preschool Program (CSPP) Expansion Grant from the California Department of Education in an estimated amount of \$1,073,929 for Program Year 2011-2012, and authorizing a grant agreement with the Unity Council for the estimated amount of \$123,609 to fund child development and family literacy services in accord with said grants.

If approved, the Department of Human Services will begin providing, either directly or through its grant agreement with the Unity Council, child development and family literacy services to a total of 304 children and their families in the Oakland Head Start Program during the program year that extends from July 1, 2011 through June 30, 2012.

In June 2007, the Department of Human Services was awarded this contract from the California Department of Education for the first time. Funds must be applied for each year through a renewal process. DHS submitted renewal applications on December 4, 2007 for program year 2008-09; and December 5, 2008 for program year 2009-2010; and December 1, 2009 for program year 2010-2011; and December 1, 2010 for program year 2011-2012. Due to the state budget process, the City anticipates notification in early July that the contract has been awarded for 2011-2012, and of the awarded amount. Funds must be appropriated before September 1<sup>st</sup>, which is the first day the Head Start program is scheduled to begin.

### FISCAL IMPACT

Approval of the proposed resolution will authorize the application for, acceptance and appropriation of a CSPP Expansion grant for Program Year 2011-2012, beginning July 1, 2011 through June 30, 2012 in the estimated amount of \$1,073,929. Funding will be appropriated to the California Department of Education Fund (2138), Head Start Organization (78231), Preschool Expansion Grant 2011-2012 Project (G421810) and Preschool Supplemental Grant Project (G421820).

The City's FY 2011-12 Adopted Budget includes \$950,320 in appropriations and revenues for FY 2011-12 for the California State Preschool Program, which is the City's portion of the grant award. The remaining \$123,609 will be subcontracted to the Unity Council. There will be no impact on the City's General Fund.

## **BACKGROUND**

In January of 2007, the California Department of Education (CDE) first announced the availability of \$45,000,000 throughout the state of California for part-day preschool services, through the Prekindergarten and Family Literacy Program, renamed California State Preschool Program (CSPP). This funding was available for programs located in the attendance areas of elementary schools ranked in the base Academic Performance Index (API) deciles 1-3 in 2005. Additionally, preference was given to underserved areas as identified by each Local Child Care Planning Council (LPC).

The CSPP funding is available for programs to serve three and four-year-olds for one year before kindergarten commences. Programs must provide age-appropriate and developmentally appropriate activities for children in participating classrooms that are designed to facilitate their transition to kindergarten, and opportunities for parents and legal guardians to work with their children on interactive literacy activities.

The City applied for and received this funding for FY 2007-08 in order to expand upon services provided to Head Start children and families. The City submitted reapplications for funding for FY 2008-09, FY 2009-10, and FY 2010-11, which were used to provide additional days of preschool, as well as parenting education and family literacy services for three hundred and four (304) three and four-year-olds entering in areas of high need in Oakland that meet the funding criteria.

Currently, the City and Unity Council serve 1,574 children ages birth to 5 years old through Head Start and Early Head Start services. The City directly serves 1,061 children in 17 Centers and 6 Family Child Care homes, and the Unity Council serves an additional 513 Head Start and Early Head Start children and their families.

Recently the City was awarded a 2009 ARRA Early Head Start Expansion Grant to provide Early Head Start services for an additional 204 eligible families with children, birth to 3.

## **KEY ISSUES AND IMPACTS**

The proposed resolution would authorize the City to apply, accept and appropriate the CSPP Expansion Grant from the California Department of Education in an estimated amount of \$1,073,929 for Program Year 2010-2011, to serve a total of 304 children. Of the total award, a grant agreement will be made with the Unity Council, for an estimated amount of \$123,609, to serve approximately thirty-two (32) eligible children and their families.

The funding provided by this grant will supplement the Head Start funding currently received by the City of Oakland, to provide a comprehensive school readiness program. Eligible four-year old Head Start children will be enrolled in this program, and will receive, along with their families, enhanced parenting and family literacy services in addition to comprehensive child development services.

### PROGRAM DESCRIPTION

The CSPP will be provided at eight (8) locations throughout Oakland. These sites were chosen according to the state guidelines for eligibility, because of their proximity to a low performing Oakland Unified School District elementary school (with a 2005 API score of 1-3), located in a priority zip code as identified by the Local Child Care Planning Council, as well as site capacity and need for services. The planned site locations for the City of Oakland are: Brookfield, Eastmont, Lion Creek Crossing, San Antonio CDC, San Antonio Park, 92<sup>nd</sup> Avenue, and Sungate. The Unity Council will provide services at their DeColores site. The City of Oakland will directly serve 272 children in 17 classrooms, while the Unity Council will serve 32 children in 2 classrooms. The following table includes the specific number of classrooms provided and children served at each location:

These classrooms will operate one hundred seventy-seven (177) days, providing an additional thirty-eight (38) days of service to the Head Start program year. These additional days will be provided by offering services Monday through Friday (currently, Head Start services are provided Tuesday through Friday for part-day classrooms), and extending the year by approximately ten days. The school year for both Head Start and the California State Preschool Programs will begin on September 1, 2011.

The City of Oakland's California State Preschool Program will offer a quality, developmentally and culturally appropriate early childhood environment in which each child has the opportunity to develop at their own pace. Each child's relationship with their parent and primary caregiver and teacher will be fostered. Part-day services will be offered in three and a half hour sessions.

The City of Oakland's Department of Human Services and the Unity Council will actively promote partnerships with families to support early literacy development in children. The CSPP aims to build on the strengths and resources of parents and family members, who have the greatest influence on their children's achievement. Parenting education and family literacy services will be provided for enrolled families.

The specific goals of the program are as follows:

- Provide high-quality, integrated and responsive parent education and interactive family literacy activities, to help parents become full partners in educating their children.
- Provide high-quality, developmentally, culturally and linguistically appropriate learning activities and environments, to assist children in gaining the skills necessary to succeed in school.
- Recruit and retain highly qualified staff to implement a quality child development and family literacy program for children and families.
- Develop and implement a comprehensive training plan for all program staff, to build upon skills and knowledge in early childhood and family literacy.
- Ensure that the program's centers are safe and appropriate for early childhood education services, and the program is fiscally accountable to regulations and funders.

## **SUSTAINABLE OPPORTUNITIES**

**Economic:** There are economic benefits to the City from the operation of this Program. The grant, along with funding from the Head Start grant, directly creates and sustains 32 jobs, including people directly employed in centers, plus an unknown number of jobs through its economic multiplier effect. Most of these jobs are held by residents of Oakland. In addition, the program will buy goods and services to support its program, and most of these will be purchased from Oakland firms or individuals.

**Environmental:** There are no foreseeable direct environmental benefits or impacts from this program to the City of Oakland. The program will use recyclable paper products.

**Social Equity:** The principal sustainable opportunity of this program is in the area of social equity. The program will deliver comprehensive, high-quality services to children and families in the City of Oakland. These services are designed to foster healthy development in low-income children. The program will provide a range of individualized services in the areas of education and early childhood development, medical, dental, and mental health services, nutrition, parent involvement, and family literacy. The range of services is responsive and appropriate to each child and family's developmental, ethnic, cultural, and linguistic heritage and experience. Recent scientific research has verified what early childhood educators have known for years: that how children are nurtured and educated in their youngest years has a significant impact on development, growth, ongoing academic performance and later life success.
