ORDINANCE NO. _____ C.M.S.

**ORDINANCE TO PROMOTE COST-EFFICIENT CONSTRUCTION
INNOVATION AND EXPANDED HOUSING OPTIONS BY:**

(1) AMENDING THE OAKLAND PLANNING CODE (OAKLAND MUNICIPAL CODE (OMC) TITLE 17) TO (A) ALLOW RESIDENTIAL OCCUPANCY OF RECREATIONAL VEHICLES (RVs), MOBILE HOMES, AND MANUFACTURED HOMES IN ALL ZONING DISTRICTS WHERE RESIDENTIAL USES ARE PERMITTED, (B) ESTABLISH DENSITY AND OPEN SPACE REGULATIONS FOR EFFICIENCY DWELLING UNITS, AND (C) ESTABLISH HEIGHT REGULATIONS FOR MODULAR CONSTRUCTION;

(2) AMENDING THE OAKLAND BUILDING CONSTRUCTION CODE (OMC CHAPTER 15.04) TO ADOPT VOLUNTARY APPENDIX R TO THE CALIFORNIA RESIDENTIAL CODE (LIGHT STRAW-CLAY CONSTRUCTION);

(3) MAKING CONFORMING AMENDMENTS TO THE BLIGHT ORDINANCE (OMC CHAPTER 8.24), BUILDING MAINTENANCE CODE (OMC CHAPTER 15.08), AFFORDABLE HOUSING IMPACT FEES ORDINANCE (OMC CHAPTER 15.72), AND TRANSPORTATION AND CAPITAL IMPROVEMENTS IMPACT FEES ORDINANCE (OMC CHAPTER 15.74);

(4) STAYING ENFORCEMENT OF OMC SECTIONS 8.24.020(F)(2) AND 8.24.020(G) FOR 120 DAYS; AND

(5) EXEMPTING RV PARKS OWNED, OPERATED, AND MAINTAINED BY NON-PROFIT ORGANIZATIONS FOR PERMANENT, TEMPORARY, OR EMERGENCY USE, SUBJECT TO THE PLANNING CODE STANDARDS, FROM THE SPECIAL OCCUPANCY PARKS ACT (HEALTH AND SAFETY CODE SECTION 18200 ET SEQ) PURSUANT TO HEALTH AND SAFETY CODE SECTION 18865.4;

AND MAKING CALIFORNIA ENVIRONMENTAL QUALITY ACT FINDINGS

WHEREAS, Oakland has a housing affordability crisis. According to the Bay Area Equity Atlas, since 2011, apartment rents in the city have increased 72 percent while median incomes have remained relatively unchanged; and

WHEREAS, high construction costs contribute to the high cost of housing in Oakland and the Bay Area. According to the Turner Center for Housing Innovation at U.C. Berkeley, construction costs in the Bay Area have risen 119 percent in the past decade; and

WHEREAS, innovative construction and alternative forms of housing have the potential to reduce construction costs so that housing can be provided at a lower cost; and

WHEREAS, in 2014, the Oakland City Council adopted the 2015-2023 Housing Element of the Oakland General Plan which contained strategies to improve housing affordability including supporting manufactured and factory-built housing; and

WHEREAS, in 2016, the Oakland Housing Cabinet, a task force comprised of the Mayor, City Councilmembers, affordable and market-rate housing developers, housing policy experts, community advocacy organizations, and City staff, released the report Oakland At Home, which contained recommended strategies to improve housing affordability including promoting innovative forms of cost-saving construction; and

WHEREAS, in 2018, the City Council adopted Resolution No. 87129 C.M.S. to encourage development of expanded housing options such as tiny homes, shipping container homes, manufactured housing, recreational vehicles (RVs), and trailers; and

WHEREAS, the Special Occupancy Parks Act (Health and Safety Code sections 18860 *et seq.*) and the implementing regulations (Title 25 of the California Code of Regulations, sections 2000 *et seq.*) govern the design, permitting, utility installation, and occupancy of RV parks, defined as lots containing more than one RV that will be held out for rent or lease, but lots containing only one RV, or multiple RVs when no rent is charged, are not subject to such State laws; and

WHEREAS, on July 28, 2020, the City Council adopted Ordinance No. 13611 C.M.S., which created a pilot program to allow one (1) RV on vacant land, subject to specific health and safety standards and a one-year operating permit; and

WHEREAS, on June 1, 2021, the City Council adopted Resolution No. 88675 C.M.S. which, among other things, directed staff to report back to City Council with action to regulate and permit RV parks in Oakland, with specific requirements; and

WHEREAS, the proposed amendments to the Planning Code would create a new facility type, Vehicular Residential Facilities, that would allow RVs to be used for permanent residential use in all zones where residential uses are permitted; and

WHEREAS, the proposed amendments would create a new chapter in the Planning Code to govern the density, separation, occupancy, utility connections, fire safety, health and habitability standards, and parking requirements applicable to Vehicular Residential Facilities; and

WHEREAS, currently mobile homes and manufactured homes that are not on permanent foundations are only permitted in the S-6 Mobile Home Combining Zone, but these facilities are effectively prohibited because this combining zone is not currently mapped anywhere in the City of Oakland; and

WHEREAS, the proposed amendments would remove the S-6 Mobile Home Combining Zone from the Planning Code and would treat mobile homes and manufactured homes as one-family dwellings whether or not on permanent foundations; and

WHEREAS, tiny homes on permanent foundations are governed by Appendix Q to the California Residential Code, but tiny homes on wheels are not considered buildings and may be defined and permitted as RVs if in compliance with the applicable American National Standards Institute (ANSI) and/or National Fire Prevention Association (NFPA) standards; and

WHEREAS, the proposed amendments would establish density and open space regulations for efficiency dwelling units, which are smaller than regular dwelling units, to be equal to the standards currently in effect for rooming units, and would reduce the maximum size of efficiency dwelling units from 500 square feet to 400 square feet; and

WHEREAS, the proposed amendments would increase the height limit for volumetric modular buildings by one (1) foot for every story to account for their unique construction process; and

WHEREAS, the 2019 California Building Standards Code contains California Residential Code Appendix Q (Tiny houses) and Appendix S (Strawbale Construction), both of which are mandatory for local agency adoption, and Appendix R (Light Straw-Clay Construction) which may be voluntarily adopted by local agencies; and

WHEREAS, on December 10, 2019, the City Council adopted the 2019 California Building Standards Code, with local administrative and non-administrative amendments, including Appendix Q (Tiny Houses) and Appendix S (Strawbale Construction) to the California Residential Code, however, Appendix R (Light Straw-Clay Construction) to the California Residential Code, was not adopted at that time; and

WHEREAS, the City Council does hereby determine that there is a need to adopt Appendix R related to light straw-clay construction because such construction can be cost-effective; and

WHEREAS, the adoption of these Appendix R regulations would provide minimum standards to safeguard life and limb, property, and public welfare; and

WHEREAS, the proposed amendments would amend the Affordable Housing Impact Fee (OMC Chapter 5.72) and the Transportation and Capital Improvements Impact Fee (OMC Chapter 5.74) to exempt Vehicular Residential Facilities from these impact fees because, due their small size, they are typically provided at affordable costs and would result in limited impacts to transportation and capital facilities, and because it is in the interest of the city to promote such cost-effective housing options; and

WHEREAS, OMC sections 8.24.020(F)(2) and 8.24.020(G) currently prohibit parking of RVs in residential zones for longer than 72 hours or for the purpose of living or sleeping, and the proposed amendments would allow permanent residential uses in conformance with the Planning Code; and

WHEREAS, several property owners are currently subject to code enforcement actions for violations of OMC sections 8.24.020(F)(2) and/or 8.24.020(G), and the City Council desires to provide an opportunity for property owners to apply to legalize these uses; and

WHEREAS, Health and Safety Code section 18865.4 exempts RV parks owned, operated, and maintained by non-profit organizations for temporary, permanent, or emergency use from the Special Occupancy Parks Act if the local agency adopts an ordinance enabling this exemption; and

WHEREAS, the proposed amendments to the Oakland Municipal Code are in the public interest because they will promote cost-efficient construction innovation in Oakland and expand the types of housing options available to residents thereby reducing the cost of housing and improving affordability in the city; and

WHEREAS, on June 2, 2021, the City Planning Commission conducted a duly noticed public hearing to consider the proposed amendments to the Oakland Planning Code, found the proposed amendments consistent with the Oakland General Plan and related plans and policies, and recommended that the City Council approve the proposed amendments and make findings under the California Environmental Quality Act; and

WHEREAS, on October 26, 2021, the Community and Economic Development Committee of the City Council conducted a duly noticed public meeting and voted to recommend approval of the proposed amendments; and

WHEREAS, on November 2, 2021, the City Council conducted a duly noticed public hearing to consider the proposed amendments, and all interested parties were provided ample opportunity to participate in said hearing and express their views; and

WHEREAS, the proposed amendments do not require further environmental review under the California Environmental Quality Act (CEQA) because they are consistent with the previously certified Final Environmental Impact Reports for the Coliseum Area Specific Plan (2105); Broadway Valdez Specific Plan (2014); West Oakland Specific Plan (2014); Central Estuary Area Plan EIR (2013); Land Use and Transportation Element of the General Plan (1998); the Oakland Estuary Policy Plan (1998); the West Oakland, Central City East, Coliseum, and Oakland Army Base Redevelopment Areas; the 1998 Amendment to the Historic Preservation Element of the General

Plan; the 2007-2014 Housing Element Final EIR (2010); and various Redevelopment Plan Final EIRs (collectively, “EIRs”). No further environmental review is required pursuant to CEQA Guidelines Sections 15162 and 15163. In addition, as a separate and independent basis, this proposal is also exempt from CEQA pursuant to CEQA Guidelines Sections 15183 (projects consistent with General Plan and Zoning) and 15303 (new construction or conversion of small structures).

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF OAKLAND DOES ORDAIN AS FOLLOWS:

SECTION 1. Recitals. The City Council finds and determines that the foregoing recitals are true and correct and an integral part of the City Council’s decision, and hereby adopts such recitals as findings.

SECTION 2. CEQA. The City Council hereby determines, after independent review of the record, that the adoption of the Ordinance complies with the requirements of CEQA. The City Administrator, or designee, shall cause to be filed a Notice of Exemption and/or Determination, as appropriate and required, with the appropriate agencies.

SECTION 3. Amendments to Oakland Planning Code. The Oakland Planning Code (OMC Title 17) is hereby amended as shown in *Exhibit A*, attached hereto, incorporated into, and made a part hereof.

SECTION 4. Amendments to Oakland Building Construction Code. The Oakland Building Construction Code (OMC Chapter 15.04) is hereby amended as shown in *Exhibit B*, attached hereto, incorporated into, and made a part hereof.

SECTION 5. Conforming amendments to Oakland Municipal Code. The Oakland Municipal Code is hereby amended as shown in *Exhibit C*, attached hereto, incorporated into, and made a part hereof.

SECTION 6. Administrative Regulations. The City Administrator is hereby authorized to develop and require compliance with technical bulletins and/or regulations to facilitate compliance with this Ordinance, including but not limited to the process for selecting and inspecting on an annual basis a subset of installed Vehicular Residential Facilities as required by this Ordinance.

SECTION 7. Non-Profit RV Parks. This Ordinance hereby allows non-profit organizations that own, operate, and maintain RV parks for temporary, permanent, or emergency residential use within the City of Oakland to take advantage of the exemption to the State Special Occupancy Parks Act as provided for in Health and Safety Code section 18865.4, if such RV Parks are in conformance with the Oakland Municipal Code amendments adopted herein. This exemption only applies if the non-profit entity is a registered 501(c)(3) organization based in Alameda County, and if the park is not owned, operated, or managed by a limited liability corporation with a for-profit partner.

SECTION 8. Effective Date. This Ordinance shall become effective 60 calendar days after final adoption.

SECTION 9. Effect on Existing Code Enforcement Cases. Property owners with existing citations for violations of OMC sections 8.24.020(F)(2) or 8.24.020(G) shall, upon written request, be granted a 120-day stay of enforcement of said violations to apply for City approvals to allow such activities pursuant to the Oakland Municipal Code, except that all imminent hazards must be abated immediately. The applicant shall obtain and successfully implement City approvals within one year of submitting the application, except this deadline may be extended if the process is delayed by unusual circumstances beyond the control of the applicant, as determined by the Director of the Planning and Building Department (“Director”). The applicant must demonstrate, at the time of application and to the satisfaction of the Director, that there will be adequate disposal of wastewater throughout the application process. No additional City-imposed fines, penalties, or liens for violation of OMC 8.24.020(F)(2) or 8.24.020(G) shall accrue during the 120-day stay or during the City approval process as long as all applications for City approval are active and parties are diligently pursuing City approval and maintaining adequate utility services to RVs. Any stay of enforcement granted pursuant to this section shall apply only to violations of OMC sections 8.24.020(F)(2) and 8.24.020(G). All other violations shall be enforced according to standard operating procedures. If existing citations are not abated by receiving City approvals to allow such activities, City staff shall provide to existing RV occupants information on available resources and services for relocation.

SECTION 10. ~~Three-Year Review~~ Additional Research and Reports. The Planning and Building Department and Oakland Public Works staff are directed to look into alternative compliance for sewage waste disposal and water supply for Vehicular Residential Facilities and shall research methods for on-site sewage waste disposal and water supply for Vehicular Residential Facilities and report back to City Council within one year. City staff shall present those methods and information within one year to the City Council as potential methods for alternative compliance to this Ordinance. The City Administrator shall conduct a review of the implementation of this Ordinance within three years and report back to City Council with information concerning the number, type, and compliance with this Ordinance of Vehicular Residential Facilities in the city and any recommended changes to this Ordinance.

SECTION 11. Severability. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the Ordinance. The City Council hereby declares that it would have passed this Ordinance and each section, subsection, clause, or phrase thereof irrespective of the fact that one or more other sections, subsections, clauses, or phrases may be declared invalid or unconstitutional.

The following facilities, as described in the use classifications in Chapter 17.10, are permitted:

A. Residential Facilities:

Vehicular

17.30.140 Maximum residential density.

The maximum density of Residential Facilities shall be as set forth below, subject to the provisions of Section 17.106.030 with respect to maximum density on lots containing both Residential and Nonresidential Facilities. Also applicable are the provisions of Section 17.102.270 with respect to additional kitchens for a primary dwelling unit, and the provisions of Section 17.102.300 with respect to dwelling units with five (5) or more bedrooms. No Residential Facility shall be permitted to have both an additional kitchen as provided for in Subsection 17.102.270.B and a Secondary Unit.

A. Permitted Density.

1. Regular Dwelling Units. One (1) ~~Regular~~ Dwelling ~~Unit~~ is permitted for each three hundred (300) square feet of lot area, provided that one (1) extra such unit is permitted if a remainder of two hundred (200) square feet or more is obtained after division of the lot area by three hundred (300) square feet
 2. Efficiency Dwelling Units. One (1) ~~Efficiency~~ Dwelling ~~Unit~~ is permitted for each ~~two hundred (200) square feet of lot area, provided that one (1) extra such unit is permitted if a remainder of one hundred fifty (150) square feet or more is obtained after division of the lot area by two hundred (200) square feet.~~ one hundred fifty (150) square feet of lot area, provided that one extra such unit is permitted if a remainder of one hundred (100) square feet or more is obtained after division of the lot area by one hundred fifty (150) square feet.
 3. Rooming Units. One (1) ~~Rooming~~ Unit is permitted for each one hundred fifty (150) square feet of lot area, provided that one extra such unit is permitted if a remainder of one hundred (100) square feet or more is obtained after division of the lot area by one hundred fifty (150) square feet.
 4. Combination of different types of living units. For a combination of different types of living units, the total required lot area shall be the sum of the above requirements for each. The number of living units permitted heretofore may be exceeded by ten percent (10%) on any corner lot, and may also be exceeded by ten percent (10%) on any lot which faces or abuts a public park at least as wide as the lot.

Additional Regulations for Table 17.101E.03:

4. Buildings shall have a thirty (30) foot maximum height at the setback line associated with any lot line that directly abuts a lot with a residential building. This maximum height increases one (1) foot for every foot away from the applicable setback line if the residential building on the abutting lot has a height of thirty (30) feet or less. If the residential building on the abutting lot has a height of greater than thirty (30) feet, the maximum height increases four (4) feet for every foot away from the applicable setback line. An increase in allowable height resulting from construction away from a setback line shall not result in a height greater than the maximum height allowed in the zone. See Section 17.108.030 for allowed projections above height limits and Section 17.108.020 for increased height limits ~~for civic buildings in certain situations.~~
6. In the D-CE-3 Zone, the maximum heights may be exceeded in the following situations: Structures that are either: 1) on lots adjacent to, or directly across the street from a freeway right-of-way or Bay Area Rapid Transit (BART) right-of-way that contains above-ground tracks; and 2) located within the closest one hundred twenty-five (125) feet of the lot from the freeway or BART right-of-way are eligible for a seventy five (75) foot height limit. This additional height is permitted only upon the granting of a conditional use permit (see Chapter 17.134) and approval pursuant to the ~~Regular~~ ~~Design~~ ~~Review~~ procedure (see Chapter 17.136). See also the "Design Guidelines for the Central Estuary", Section 3 and 4.
9. In the D-CE-3 and D-CE-4 Zones, see Chapter 17.107 and Section 17.106.060 for affordable and senior housing incentives. A Secondary Unit may be permitted when there is no more than one (1) Primary Unit on a lot, subject to the provisions of Section 17.103.080. Also applicable are the provisions of Section 17.102.270 with respect to additional kitchens for a dwelling unit, and the provisions of Section 17.102.300 with respect to dwelling units with five (5) or more bedrooms. In the D-CE-3 Zone, new construction on a vacant lot that is greater than five thousand (5,000) square feet shall only result in a total of one (1) unit on the lot upon the granting of a conditional use permit (see Chapter 17.134 for the conditional use permit process). This requirement does not apply to the expansion of the floor area or other alteration of an existing Single Family Dwelling.
10. No portion of lot area used to meet the residential density requirements shall be used as a basis for computing the maximum nonresidential FAR unless the total nonresidential floor area on the lot is less than three thousand (3,000) square feet.

11. In the D-CE-3 and D-CE-4 Zones, usable open space is not required for Work/Live, and is only required on lots with two (2) Residential or Live/Work units or more, and not required for a One-Family Dwelling with Secondary Unit. Each one (1) square foot of private usable open space equals two (2) square feet towards the total usable open space requirement. All usable open space shall meet the standards contained in Chapter 17.126, except that group usable open space may be located anywhere on the lot, provided the Frontage Type design guidelines are followed (see Section 4.1 of the "Design Guidelines for the Central Estuary").

The following application process for a height area exception shall be followed:

- i. Applications for any of the limited number of allowed height area exceptions prescribed in Table 17.101G.04 shall be reviewed on a first come, first served basis.
 - ii. A project shall secure a position as one of the specified height area exceptions following final Conditional Use Permit approval. Such Conditional Use Permits shall include a condition of approval that establishes a schedule for: submittal of a building permit application, timely response to plan check comments, payment of building permit fees such that a building permit can be issued, and commencement of construction. The process for allowing extension of the timeline requirements, if any, shall be specified in the condition.
