CITY OF OAKLAND

CONSOLIDATED FISCAL POLICY

Section 1. Budgeting Practices

Part A. General Provisions

The City's Fiscal Year shall run from July 1st through June 30th of the subsequent year and the Budget shall be adopted by resolution as provided by the City charter.

The City shall adopt a two-year (biennial) policy budget by July 1st of odd-numbered calendar years. The City shall amend its biennial policy budget (midcycle) by July 1st of even-numbered years.

Part B. Policy on Balanced Budgets

The City shall adopt balanced budgets, containing appropriated revenues equal to appropriated expenditures. This policy entails the following additional definitions and qualifications:

1. The budget must be balanced at an individual fund level.
2. City policies on reserve requirements for individual funds must be taken into account. The appropriated expenditures to be included in the balanced budget equation must include the appropriations necessary to achieve or maintain an individual fund's reserve target.
3. Appropriated revenues can include transfers from fund balance where such fund balance is reasonably expected to exist by the end of the fiscal year preceding the year of the adopted budget. Transfers from fund balance are not to be counted as revenue if the fund balance is not reasonably expected to exist by the end of the fiscal year preceding the year of the adopted budget. (Note: The precise definition of 'fund balance' will vary from fund to fund, depending on the fund's characteristics and accounting treatment.)
4. Appropriated expenditures can include transfers to fund balance or to reserves.

The City Administrator shall be responsible for ensuring that the budget proposed to the City Council by the Mayor, adheres to the balanced budget policy.

From time to time the City Council may present changes in policy and consider additional appropriations that were not anticipated in the most recently adopted budget. Fiscal produced required that prior to Council approval of such actions the following occur:

1. Identification of a new or existing viable funding source whose time span reflects the timing of the expenditure or lasts until the approval of the next biennial budget.
2. The budget must be amended in such a way as to maintain a balanced budget where appropriated revenues are equal to appropriated expenditures.

Each fiscal year, once prior year information has been made available, the City Administrator shall report to the Council how actual year-end revenues and expenditures compared to budgeted revenues and expenditures in the General Purpose Fund and such other funds as may be deemed necessary.

Part C. Use of Excess Real Estate Transfer Tax (RETT) Revenues

To ensure adequate levels of the General Purpose Fund reserves and to provide necessary funding for municipal capital improvement projects and one-time expenses, the City shall require that excess Real Estate Transfer Tax revenues be defined and used as follows:

1. The excess Real Estate Transfer Tax (RETT) revenue is hereby defined: Any amounts of projected RETT revenues whose value exceeds 14% of corresponding General Purpose Fund Tax Revenues (inclusive of RETT).
2. The excess Real Estate Transfer Tax collections, as described in this section, shall be used in the following manner and appropriated through the budget process.
 - a. At least 25% shall be allocated to the Vital Services Stabilization Fund. Until the value in such fund is projected to equal to 15% of General Purpose Fund revenues over the coming fiscal year.
 - b. At least 25% shall be used to fund accelerated debt retirement and unfunded long-term obligations: including negative funds balances, to fund the Police and Fire Retirement System (PFRS) liability, to fund other unfunded retirement and pension liabilities, unfunded paid leave liabilities, to fund Other Post-Employment Retirement Benefits (OPEB).
 - c. The remainder shall be used to fund one-time expenses; augment the General Purpose Fund Emergency Reserve, and to augment the Capital Improvements Reserve Fund.
3. Use of the "excess" RETT revenue for purposes other than those established above may only be allowed by a super majority vote (6 out of 8) of the City Council through a separate resolution.
 - a. The resolution shall be supported by a statement explaining the necessity for using excess RETT revenues for purposes other than those established above and;
 - b. The resolution authorizing expenditures using excess RETT revenue for purposes other than those above shall include a finding of necessity by the City Council; and
 - c. The resolution shall also include steps the City will take in order to return to utilizing one-time RETT revenues as described above.
4. Following the completion of the annual audit, audited revenues will be analyzed to determine whether the appropriate value was transferred to the Vital Services Stabilization Fund and to fund accelerated debt retirement and unfunded long-term obligations. If it is found that insufficient funds were transferred then a true-up payment

shall be made as a part of the next fiscal year's budget process. If the transfers exceeded the actual required amounts, then the amounts in excess may be credited against future allocations in the next fiscal year's budget process.

Part D. Use of One Time Revenues

1. From time to time, the City may receive "one time revenues", defined as financial proceeds that will not likely occur on an ongoing basis, such as sales of property or proceeds from the refinancing of debt, but not including additional Real Estate Transfer Tax revenues discussed in Section "B" above.
2. Fiscal prudence and conservancy requires that one time revenues not be used for recurring expenses. Therefore, upon receipt of one time revenues, such revenues shall be used in the following manner, unless legally restricted to other purposes: to fund one time expenditures, to fund accelerated debt retirement and unfunded long-term obligations: including negative funds balances, to fund the Police and Fire Retirement System (PFRS) liability, to fund other unfunded retirement and pension liabilities, unfunded paid leave liabilities, to fund Other Post- Employment Retirement Benefits (OPEB); or shall remain as fund balance in the appropriate fund.
3. Use of the "one time revenues" for purposes other than those established above may only be allowed by a super majority vote (6 out of 8) of the City Council through a separate resolution
 - a. The resolution shall be supported by a statement explaining the necessity for using one-time revenues for purposes other than those established above; and
 - b. The resolution authorizing expenditures utilizing one-time revenue for purposes other than those above shall include a finding of necessity by the City Council; and
 - c. The resolution shall also include steps the City will take in order to return to utilizing one-time revenues as described above.

Part E. Use of Unallocated General Purpose Fund Balance.

Any unallocated General Purpose Fund balance, as projected based upon the 3rd Quarter Revenues and Expenditures forecast, and not budgeted for other purposes, shall be used in accordance with Part D.

Part F. Analysis of Payments for Debt or Unfunded long-term obligations from certain revenues

When allocating funds to fund accelerated debt retirement and unfunded long-term obligations from excess Real Estate Transfer Tax and One Time Revenues the City Administrator shall

present his or her analysis and recommendations to the Council based on the best long-term financial interest of the City. The term Unfunded long-term obligations shall be clearly defined, as part of the budget process.

Part G. Criteria for Project Carryforwards and Encumbrances in the General Purpose Fund.

Previously approved but unspent project appropriations ("carryforwards"), as well as funding reserved to fund purchases or contracts that are entered into in the current year, but are not paid for until the following year ("encumbrances"), draw down funding from reserves. Fiscal prudence requires that such drawdowns be limited in the General Purpose Fund (GPF). Therefore:

1. Funding for non-operating projects and purchases shall be restricted within the General Purpose Fund.
2. In cases when non-capital, operating projects and purchases must be funded in the General Purpose Fund, these shall be included in an annual budget and supported with new annual revenues.
3. Carryover of unspent project carryforwards and encumbrances in the GPF from one year into the next, with no new funding, will be allowed only on an exception basis.
4. In the beginning of each fiscal year, before project carryforwards and encumbrances are carried over from the prior year, and no later than September 1:

The Budget Director shall liquidate all unspent project carryforwards and encumbrances in the GPF and advise affected City departments of said action.

The Budget Director shall provide a report of all unspent project carryforwards and encumbrances to the City Council for review and direction.

Departments may request to retain some or all of the liquidated GPF carryforwards and encumbrances only if and when such balances are deemed essential to the delivery of city projects, programs and services, and only if the liquidation of such balances would be in violation of legislative or legal requirements, could lead to health or safety issues, and/or would greatly impact essential City projects, programs and services.
6. A request to retain some or all of the liquidated GPF carryforwards or encumbrances must be submitted in writing to the Budget Director within five (5) working days of receiving an advisory from the Budget Director about said liquidations, and must detail specific reasons necessitating such a request, including but not limited to those stated in item (3) above.
7. The Budget Director, upon review of a department's request, shall recommend an action to the City Administrator within five (5) working days of receiving the department's

request.

The fiscal impacts of such retention clauses shall be disclosed. During the biennial budget process staff shall report to the Council the ongoing projected fiscal impacts of such retention clauses.

- **Authentic Intent:** A primary purpose of the public participation process is to generate public views and ideas to help shape local government action or policy.
- **Transparency:** Public participation processes are open, honest, and understandable. There

is clarity and transparency about public participation process sponsorship, purpose, design, and how decision makers will use the process results.

- **Inclusiveness and Equity:** Public participation processes identify, reach out to, and encourage participation of the community in its full diversity. Processes respect a range of values and interests and the knowledge of those involved. Historically excluded individuals and groups are included authentically in processes, activities, and decision and policymaking. Impacts, including costs and benefits, are identified and distributed fairly.
- **Informed Participation:** Participants in the process have information and/or access to expertise consistent with the work that sponsors and conveners ask them to do. Members of the public receive the information they need, and with enough lead time, to participate effectively.
- **Accessible Participation:** Public participation processes are broadly accessible in terms of location, time, and language, and support the engagement of community members with disabilities.
- **Appropriate Process:** The public participation process uses one or more engagement formats that are responsive to the needs of identified participant groups; and encourage full, authentic, effective and equitable participation consistent with process purposes. Participation processes and techniques are well- designed to appropriately fit the scope, character, and impact of a policy or project. Processes adapt to changing needs and issues as they move forward.
- **Use of Information:** The ideas, preferences, and/or recommendations contributed by community members are documented and given consideration by decision-makers. Local officials communicate decisions back to process participants and the broader public, with a description of how the public input was considered and used.
- **Building Relationships and Community Capacity:** Public participation processes invest in and develop long-term, collaborative working relationships and learning opportunities with community partners and stakeholders. This may include relationships with other temporary or ongoing community participation venues.
- **Evaluation:** Sponsors and participants evaluate each public participation process with the collected feedback and learning shared broadly and applied to future public participation efforts.

RESOLUTION ADOPTING THE CITY OF OAKLAND'S POLICY ON BALANCED BUDGETS

WHEREAS, the Government Finance Officers Association (GFOA) recommends that jurisdictions adopt policies that define a balanced budget, encourage commitment to balanced budgets under normal circumstances, and provide for disclosure when a deviation from a balanced budget is planned, or when it occurs; and

WHEREAS, unbalanced budgets can lead to increased interest charges, which reduces monies available for operations and services; and

WHEREAS, balanced budgets ensure responsible use of the taxpayers' dollars to provide City services; now therefore, be it

RESOLVED: that the City Council of the City of Oakland hereby finds, determines, declares and resolves as follows:

Section 2. The City Council hereby adopts a balanced budget policy, as set forth below:

CITY OF OAKLAND'S POLICY ON BALANCED BUDGETS

1. Purpose/Definition

The City shall adopt balanced budgets, i.e., containing appropriated revenues equal to appropriated expenditures. This policy entails the following additional definitions and qualifications:

1. The budget must be balanced at an individual fund level.
2. City policies on reserve requirements for individual funds must be taken into account. The appropriated expenditures to be included in the balanced budget equation must include the appropriations necessary to achieve or maintain an individual fund's reserve target.

ORDINANCE NO. 13242 C.M.S.

ORDINANCE AMENDING ORDINANCE NO. 13170 C.M.S. WHICH SETS FORTH THE COUNCIL'S GENERAL PURPOSE FUND (GPF) FINANCIAL POLICIES TO AMEND THE REQUIREMENTS FOR AUTHORIZATION TO USE ONE-TIME OR EXCESS REAL ESTATE TRANSFER TAX REVENUES FOR PURPOSES OTHER THAN ESTABLISHED THROUGH THIS ORDINANCE, TO ALLOW AUTHORIZATION OF SUCH USES BY RESOLUTION APPROVED BY A SUPER MAJORITY VOTE OF THE CITY COUNCIL.

WHEREAS, on June 17, 2003, the City Council adopted Ordinance No. 12502 C.M.S. which repealed the original reserve policy for the City's undesignated general fund balance and adopted new operating budget and capital improvement budget policies, and a higher minimum level of reserves; and

WHEREAS, on June 30, 2009, the City Council adopted Ordinance No. 12946 C.M.S. which revised the amended reserve policy for the City's undesignated general fund balance to clarify the established reserve requirements, establish criteria for the use of GPF reserve, use of excess Real Estate Transfer Tax (RETT) revenue, and use of other one-time revenues, including the requirement to declare a fiscal emergency to use one-time revenue or excess RETT for purposes other than those described by the Ordinance; and to minimize drawdowns from the GPF reserve by previously approved project carryforwards and purchase order encumbrances; and

1. There is hereby established a fund in the Treasury of the City of Oakland to be known as the "Capital Improvements Reserve Fund."

Revenue received from one-time activities, including the sale of Real Property, shall be deposited into the Capital Improvements Reserve Fund, unless otherwise provided in Sections C and D and E of this ordinance or otherwise directed by a majority vote of the City Council. Interest earnings on monies on deposit in the Capital Improvements Reserve Fund shall accrue to said fund and be maintained therein.

- 1) From time to time, the City may receive "one time revenues", defined as financial proceeds that will not likely occur on an ongoing basis, such as sales of property or proceeds from the refinancing of debt, but not including additional Real Estate Transfer Tax revenues discussed in Section "D" above.
- 2) Fiscal prudence and conservancy requires that one time revenues not be used for recurring expenses, that outstanding negative balances in various City funds be paid off, and that municipal capital projects addressing health and safety issues be adequately funded. Therefore, upon receipt of one time revenues, such revenues shall be used in the following manner, unless legally restricted to other purposes: to pay for one-time expenses, to payoff negative fund balances in the Internal Service Fund, to payoff negatives in all other funds, or shall remain as fund balance in the appropriate fund.
- 3) Any use of the "one time revenues" for purposes other than those established above may only be allowed by a super majority vote (6 out of 8) of the City Council through a separate resolution, upon declaration of a fiscal emergency. In assessing opportunities for continually improving public participation in the budget process, the Administration, City Council and BAC shall be requested to consider the following guiding principles:

- **Inclusive Design:** The design of a public participation process includes input from appropriate local officials as well as from members of intended participant communities. Public participation is an early and integral part of issue and opportunity identification, concept development, design, and implementation of city policies, programs, and projects.
- **Authentic Intent:** A primary purpose of the public participation process is to generate public views and ideas to help shape local government action or policy.
- **Transparency:** Public participation processes are open, honest, and understandable. There is clarity and transparency about public participation process sponsorship, purpose, design, and how decision makers will use the process results.
- **Inclusiveness and Equity:** Public participation processes identify, reach out to, and encourage participation of the community in its full diversity. Processes respect a range of values and interests and the knowledge of those involved. Historically excluded individuals and groups are included authentically in processes, activities, and decision and policymaking. Impacts, including costs and benefits, are identified and distributed fairly.
- **Informed Participation:** Participants in the process have information and/or access to expertise consistent with the work that sponsors and conveners ask them to do. Members of the public receive the information they need, and with enough lead time, to participate effectively.
- **Accessible Participation:** Public participation processes are broadly accessible in terms of location, time, and language, and support the engagement of community members with disabilities.
- **Appropriate Process:** The public participation process uses one or more engagement formats that are responsive to the needs of identified participant groups; and encourage full, authentic, effective and equitable participation consistent with process purposes. Participation processes and techniques are well-designed to appropriately fit the scope, character, and impact of a policy or project. Processes adapt to changing needs and issues as they move forward.
- **Use of Information:** The ideas, preferences, and/or recommendations contributed by community members are documented and given consideration by decision-makers. Local officials communicate decisions back to process participants and the broader public, with a description of how the public input was considered and used.
- **Building Relationships and Community Capacity:** Public participation processes invest in and develop long-term, collaborative working relationships and learning opportunities with community partners and stakeholders. This may include relationships with other temporary or ongoing community participation venues.
- **Evaluation:** Sponsors and participants evaluate each public participation process with the collected feedback and learning shared broadly and applied to future public participation efforts.
