ANALYSIS AND POLICY ALTERNATIVES

Adoption of this resolution will allow the City Administrator or designee to execute a construction contract with Andes Construction, Inc., for the rehabilitation of sanitary sewers in the area bounded by Mountain Boulevard, Berneves Court, Redwood Road, and Sereno Circle (Project No. C329149). Under the proposed contract with Andes Construction, Inc., the Local Business Enterprise/Small Local Business Enterprise (LBE/SLBE) participation will be 89.33%, which exceeds the City's 50% LBE/SLBE requirement. Trucking participation is 100% and exceeds the 50% requirement. The contractor is required to have 50% of the work hours performed by Oakland residents, and 50% of all new hires are to be Oakland residents. The LBE/SLBE information has been verified by Contracts and Compliance Division of the City Administrator's Office, and is shown in **(Attachment C)**.

Construction is scheduled to begin in November 2015 and should be completed by June 2016. The contract specifies \$1,000.00 in liquidated damages per calendar day if the contract is not completed within 100 working days. The project schedule is shown in **(Attachment B)**.

The Environmental Protection Agency (EPA) mandates the reduction of sanitary sewer flows during storm events. This project is part of the City-wide program to improve pipe conditions and reduce wet weather peak flows in sanitary sewer system.

FISCAL IMPACT

The total one-time cost to implement this project C329149 is \$2,371,155.00, which is included in the FY 2015-16 Budget in Fund 3100 – Sewer Service Fund, Organization 92244 - Sanitary Sewer Design Organization, Account 57417 - Sewers Account. The on-going cost to maintain and operate the project is expected to decrease and currently included in the operating budget for the department in Fund 3100, Organization 30533.

The project goal is to improve pipe conditions, reduce maintenance cost and help comply with regulation requirements. Funding for this project is included in the Fiscal Year 2015-16 Capital Improvement Project budget.

PUBLIC OUTREACH / INTEREST

The Homeowner Associations and Merchants Associations in the area have been notified in writing about this project. Prior to starting construction, residents who are affected by work in the easement will be notified individually of the construction schedule, planned activities, and contact information of the Contractor and Resident Engineer/Inspector in charge.

COORDINATION

The work to be done under this contract was coordinated with Oakland Public Works (OPW) Bureau of Infrastructure and Operations and Contracts and Compliance Division. In addition, the Office of City Attorney and the Controller's Bureau were consulted in preparation of this report.

PAST PERFORMANCE, EVALUATION AND FOLLOW-UP

The Contractor Performance Evaluation for Andes Construction, Inc. from a previously completed project is satisfactory and is included as (***Attachment D***).

SUSTAINABLE OPPORTUNITIES

Economic: The contractors are all verified for Local Business Enterprise and Small Local Business Enterprise (LBE/SLBE) participation by the Social Equity Division of the Department of Contracting and Purchasing. The contractors are required to have 50% of the work hours performed by Oakland residents, and 50% of all new hires are to be Oakland residents, which will result in dollars being spent locally.

Environmental: Replacing sanitary sewers will minimize sewer leakage and overflows, thus preventing potential harm to property, groundwater resources and the bay. The contractor will be required to make every effort to reuse clean fill materials and use recyclable concrete and asphalt products. Best Management Practices for the protection of storm water runoff during construction will be required.

Social Equity: This project is part of the citywide program to eliminate wastewater overflows, thereby benefiting all Oakland residents.

The Rehabilitation of Sanitary Sewers in the Area Bounded by Mountain Boulevard, Bernves Court, Redwood Road, and Terrabella Way (Sub-Basin 83-502)
Project No. C329149

The City Administrator's Office, Contracts and Compliance Unit, reviewed three (3) bids in response to the above referenced project. Below is the outcome of the compliance evaluation for the minimum 50% Local and Small Local Business Enterprise (L/SLBE) participation requirement, a preliminary review for compliance with the Equal Benefits Ordinance (EBO), and a brief overview of the lowest responsible bidder's compliance with the 50% Local Employment Program (LEP) and the 15% Oakland Apprenticeship Program by the lowest compliant bidder on their most recently completed City of Oakland project.

The above referenced project contains specialty work. The Standard Specifications for Public Works Construction, "Greenbook", page 10 section 2-3.2 (Attachment A) describes how specialty work may be addressed. Based upon the Greenbook and per the specifications, the CIPP specialty items have been excluded from the contractor's bid price for purposes of determining compliance with the minimum 50% L/SLBE requirement.

The Compliance spreadsheet is a revised format specifically for this analysis. The spreadsheet shows: Column A - Original Bid Amount; Column B - Specialty Dollar Amount submitted by the contractor; Column C - Non-Specialty Bid Amount (difference between column A and B); Column D - Total Credited Participation; Column E - Earned Bid Discounts as a result of the total credited participation and Column F - Adjusted Bid Amount calculated by applying the earned bid discount to the Original Bid Amount (column A).

Comments: As noted above, all firms exceeded the minimum 50% Local/Small Local Business Enterprise participation requirement. All firms are EBO compliant.

*Andes Construction and J. Howard Engineering, Inc.'s proposed VSLBE/LPG participation value were 0.90% and 0.50%, however, per the L/SLBE Program a VSLBE/LPG's participation is double counted towards meeting the requirement. Therefore, the VSLBE/LPG values are 1.80% and 1.00%.

The following list provides a basic set of evaluation criteria that will be applicable to all construction projects awarded by the City of Oakland that are greater than \$50,000. Narrative responses are required to support any evaluation criteria that are rated as Marginal or Unsatisfactory, and must be attached to this evaluation. If a narrative response is required, indicate before each narrative the number of the question for which the response is being provided. Any available supporting documentation to justify any Marginal or Unsatisfactory ratings must also be attached.

If a criterion is rated Marginal or Unsatisfactory and the rating is caused by the performance of a subcontractor, the narrative will note this. The narrative will also note the General Contractor's effort to improve the subcontractor's performance.

PROCEDURE:

The Resident Engineer will prepare the Contractor Performance Evaluation and submit it to the Supervising Civil Engineer. The Supervising Civil Engineer will review the Contractor Performance Evaluation to ensure adequate documentation is included, the Resident Engineer has followed the process correctly, the Contractor Performance Evaluation has been prepared in a fair and unbiased manner, and the ratings assigned by the Resident Engineer are consistent with all other Resident Engineers using consistent performance expectations and similar rating scales.

The Resident Engineer will transmit a copy of the Contractor Performance Evaluation to the Contractor. Overall Ratings of Outstanding or Satisfactory are final and cannot be protested or appealed. If the Overall Rating is Marginal or Unsatisfactory, the Contractor will have 10 calendar days in which they may file a protest of the rating. The Public Works Agency Assistant Director, Design & Construction Services Department, will consider a Contractor's protest and render his/her determination of the validity of the Contractor's protest. If the Overall Rating is Marginal, the Assistant Director's determination will be final and not subject to further appeal. If the Overall Rating is Unsatisfactory and the protest is denied (in whole or in part) by the Assistant Director, the Contractor may appeal the Evaluation to the City Administrator, or his/her designee. The appeal must be filed within 14 calendar days of the Assistant Director's ruling on the protest. The City Administrator, or his/her designee, will hold a hearing with the Contractor within 21 calendar days of the filing of the appeal. The decision of the City Administrator regarding the appeal will be final.

Contractors who receive an Unsatisfactory Overall Rating (i.e., Total Score less than 1.0) will be allowed the option of voluntarily refraining from bidding on any City of Oakland projects within one year from the date of the Unsatisfactory Overall Rating, or of being categorized as non-responsible for any projects the Contractor bids on for a period of one year from the date of the Unsatisfactory Overall Rating. Two Unsatisfactory Overall Ratings within any five year period will result in the Contractor being categorized by the City Administrator as non-

responsible for any bids they submit for future City of Oakland projects within three years of the date of the last Unsatisfactory overall rating.

Any Contractor that receives an Unsatisfactory Overall Rating is required to attend a meeting with the City Administrator, or his/her designee, prior to returning to bidding on City projects. The Contractor is required to demonstrate improvements made in areas deemed Unsatisfactory in prior City of Oakland contracts.

The Public Works Agency Contract Administration Section will retain the final evaluation and any response from the Contractor for a period of five years. The City shall treat the evaluation as confidential, to the extent permitted by law.
