WHEREAS, to save money long-term, Fire Administration inquired about an outright purchase of the equipment, an alternative approach to allow OFD to spend less money over the life span of the products, continue using the materials, and potentially repurpose the infrastructure for other department needs once MACRO relocates to a permanent headquarters in the coming years; and

WHEREAS, should the proposed purchase be determined to be a “public works” contract, Oakland Municipal Code authorizes the City Council to waive the advertising, the fixed, seal bid award process upon a finding that it is "in the best interests of the city" to do so (Oakland Municipal Code Section 2.04.050.1.5); and

WHEREAS, the City Council may waive the City's LBE/SLBE program requirements if it is in the best interests of the City to do so; and

WHEREAS, staff also recommends that City Council waive the LBE/SLBE requirements due to the fact Cobalt Equipment is based in Pleasanton and the equipment in question is already set up and operated by the City via the previous lease arrangement; and

WHEREAS, MACRO aligns with the citywide priority of providing holistic community safety and responsive transparent government, as MACRO's goal is to reduce responses by emergency services (Fire & Police), resulting in increased access to community-based services and resources for impacted individuals and families; and

WHEREAS, funding for this proposed purchase is appropriated and available in the General Fund (1010), MACRO Organization (20914), MACRO Project (1005384), Fostering Safe and Healthy Communities Program (SC22).; and
