RE: AN ORDINANCE AMENDING ORDINANCE NO. 7937, C.M.S., ADOPTED FEBRUARY 6, 1969, AND AMENDMENTS THERTO, CODIFIED AT OAKLAND MUNICIPAL CODE TITLE 2, CHAPTER 2.04, PURCHASING SYSTEM, ARTICLE 1, BIDDING, CONTRACTING AND PURCHASING, TO INCREASE THE CITY MANAGER'S CONTRACT APPROVAL LIMITS, REVISE CITY COUNCIL APPROVAL LIMITS ACCORDINGLY, REVISE THE LOCAL BUSINESS PREFERENCE, MAKE NECESSARY CORRECTIONS, CLARIFICATIONS, DELETE OBSOLETE PROVISIONS AND CODIFY CURRENT PROCEDURES

SUMMARY

An ordinance has been prepared amending the Oakland Municipal Code, Chapter 2.04 regulating the Purchasing System. This report will address recommendations to amend Sections 2.04.020 and 2.04.030 relating to the authority of the City Manager; Section 2.04.040 to clarify the intent of the ordinance language; and Section 2.04.020.C to reduce the total allowable preference percentage in awarding contracts to local/small-local business enterprises to a maximum of five percent. This amendment is to implement two of the eight recommendations presented to Council from Team 6C, Moving Oakland Forward initiative and previous discussions with the Finance and Management Committee. Staff has attached the executive summary and recommendations to this report.

The accompanying Ordinance also includes changes incorporated by the Office of the City Attorney to address errors and obsolete provisions in the published version of the Purchasing Ordinance that were discovered during the evaluation process. Discussion pertaining to the City Attorney's changes can be found in a separate report submitted by the City Attorney to the Council.

FISCAL IMPACT

Approving this amendment will not have an adverse fiscal impact on the City budget. The cost savings anticipated are attributable to lower indirect costs associated with the elimination of waste, cost reduction and cost avoidance measures. These recommendations will not result in the loss of any FTE. Cost savings associated with the reduced Purchasing preference program cannot be calculated at this time due to insufficient data.

BACKGROUND

This amendment is based on recommendations submitted by Team 6C from the Moving Oakland Forward campaign and discussions from the Finance and Management Committee. The objective of Team 6C was to review the Purchasing process, determine its strengths and weaknesses, and develop a strategy to make the process more user-friendly for the City's internal and external customers. The team used several methods to identify the areas that, if changed, could provide the greatest impact on the procurement process. The team conducted an internal customer survey to gather information from the perspective of the end-user, knowledge worker, and approver, and, performed a telephone survey of the City's suppliers to get their perspective on doing business with the City of Oakland from an outsider's point of view. Staff also contacted other municipalities, states, the federal government and corporate procurement offices to benchmark Oakland against the perceived top industry performers. Finally, staff contacted purchasing professional organizations and associations, such as the Institute of Supply Management (formerly the National Association of Purchasing Management), the Center for Advanced Purchasing Studies, and the California Association of Public Purchasing Officers to determine the industry's best practices.

The Finance and Management Committee has accepted the following recommendations from the Moving Oakland Forward team:

- Recommendation No. 1 — authorizes Council to approve contracts during the budget process.
- Recommendation No. 2 — authorizes the establishment of an on-line reference manual for Purchasing.
- Recommendation No. 3 — authorizes the use of a Procurement Card Purchasing program.
- Recommendation No. 5 — authorizes a comprehensive training program on a regular basis.
- Recommendation No. 6 — authorizes the implementation of an electronic-procurement program.
- Recommendation No. 7 — authorizes the implementation of an annual purchasing plan.

The Finance and Management Committee has directed staff to revise recommendations 4 and 8 and return them to the Committee for final approval.

PROPOSED POLICY DESCRIPTION

Recommendation No. 4 is to increase the Purchasing thresholds, and the City Manager's contracting authority and to grant Council Committees additional powers. The portion of the recommendation granting Council Committees additional powers to approve contracts is contained in the ordinance, but will require changes to the Council's Rules of Procedure for final authorization. The City Attorney will submit a separate report to the Council addressing the logistics of this segment of the recommendation. The remaining elements of this recommendation are contained in this report.

Per the Finance and Management Committee, Recommendation No. 4 has been amended from its original submission to include a stipulation that the City Manager's authority be limited to Council approved programs with appropriated funds.

Based on the team's extensive research and fact-finding efforts, staff discovered that the authority of the City Manager is below accepted industry standards. Staff is recommending that the City Manager's authority be raised to \$250,000.00 for supplies or a combination of supplies and services, and \$150,000.00 for professional, technical and consulting service contracts. Establishing increased procurement thresholds is designed to reduce bottlenecks in the procurement process, realize cost avoidances, reduce repetitive processes, reduce costs, save staff time and increase efficiencies at all levels of the procurement process. Once the new thresholds are established staff will use the Producer Price Index (PPI), and the Purchasing Managers' Index (PMI) to determine and calculate future threshold increases. These increases will not be automatic. Use of the economic escalators would only be a tool to assist staff in advising the Council.

Staff estimates that the increase in the City Manager's authority will eliminate approximately sixty Committee/Council Agenda reports per year. Bi-annually, staff will forward Council an informational report summarizing the contracts approved by the City Manager for the purchase of supplies or payment for services, or a combination thereof in excess of \$50,000.00, and for professional and consulting service agreements in excess of \$15,000.00.

Additionally, based on recommendations from the Finance and Management Committee, staff is proposing that a Request for Qualifications process be instituted for professional, technical and consulting service contracts in excess of twenty-five thousand dollars (\$25,000.00) to award a contract in the absence of any competitive process. Exceptions to this requirement will include emergency transactions and sole source contracts with prior written consent from the City Manager. The City Manager will draft an Administrative Instruction detailing the requirements and procedures for the Request for Qualifications. The Request for Qualification process will be a tool to assist staff in determining the overall qualifications and acceptability of suppliers not involved in a competitive process.

Recommendation No. 8 proposed a three-year moratorium on the Purchasing preference program to allow City staff time to evaluate the actual costs and effectiveness of this program. The philosophy behind competitive bidding is to promote and create a favorable business environment that makes companies more efficient and reduces costs. In a typical market, prices are determined by: a) the suppliers' cost of production, b) the demand and supply relationship, and c) the intensity of competition among suppliers in the marketplace. Because of the City's policies and programs, many commodities and services are only sourced locally thus having a reverse effect on the market. The stagnated competition is actually increasing the City's costs for certain commodities and services, and encouraging local suppliers to become dependent on City ventures to remain in business. The goal of this recommendation is to stimulate competition and reduce costs to the City.

After discussions with the Finance and Management Committee, Recommendation No. 8 has been amended from its original submission requesting a three-year moratorium, to reduce the allowable percentage for the Purchasing Section's preference program to coincide with that previously approved by Council for the City's Contract and Compliance Office. Staff proposes that qualified bidders will receive up to a 2.5% preference for being a certified local business enterprise and up to an additional 2.5% preference for being a certified small-local business enterprise. Staff concurs with the Finance and Management Committee that the reduced preference will maintain an incentive for local businesses to remain competitive against non-local businesses. Staff will carefully scrutinize the

impact of the reduced preference and submit a follow-up report, should the effects adversely impact the local economy.

Based on recommendations from the Finance and Management Committee staff has include a provision that the City Manager implement control procedures to require a Request for Qualifications for contracts in excess of \$25,000 in the absence of a competitive process.

In summary, the attached ordinance implements Recommendations 4 and 8, as revised by the Finance and Management Committee. The amendments increase the City Manager's contracting authority, establish a dollar threshold for City Council approval of contracts, reduce the allowable percentage for local/small-local business preferences, and establish new contracting procedures, as follows:

1. increase the City Manager's contracting authority in Section 2.04.020; and
2. delegate limited contract approval authority to Council Committees and to match thresholds for Council approval of contracts to thresholds established for the City Manager in Section 2.04.030; and
3. add a new subsection making contract awards subject to prior City Council appropriation of funds to the City programs, activities, functions or operations, which the procurement or contract is intended to support, to Section 2.04.040; and
4. add new Section 2.04.051 to add requirements for a competitive RFQ or RFP process for the award of professional services contracts, as follows:

The City's RFP and RFQ processes shall be set forth in a City Manager's Administrative Instruction. The RFP or RFQ requirement applies, but is not limited, to contracts for professional, technical or specialized services. The selection and award of contracts for professional services shall be made on the basis of demonstrated competence and qualifications for the types of services to be performed, at fair and reasonable prices to the City.

B. Waiver. Upon a finding and determination by the City Council or its designee that it is in the

best interests of the City, the City Council may waive the requirement for an RFP or RFQ process.

Remaining Provisions Unchanged. All other articles, sections, subsections, sentences, clauses or phrases of the Oakland Municipal Code Section 2.04 shall remain unchanged and in full force and effect.

KEY ISSUES AND IMPACTS

Increasing the purchasing thresholds will greatly reduce paperwork, acquisition and delivery time, thereby enhancing the City's procurement relationship with its internal and external customers. Additionally, by increasing the procurement thresholds it will give staff time to more efficiently process all requests for materials and services. This recommendation is based on an analysis of data collection from the Economic History Resources Services, a sampling of Council agenda items, and comparisons of other local agency practices.

Staff's revised recommendation to reduce the purchasing preference limits rather than institute a three-year moratorium coincides with the direction and current limits authorized by Council for the Contract and Compliance Office.

SUSTAINABLE OPPORTUNITIES

Economic: By reducing the Local/Small-local preferences to a maximum of five percent the goal is to stimulate competition and reduce the overall costs to the City.

Social Equity: There is no direct impact to the community.

Environmental: Authorization of this amendment will assist the Council in achieving its source reduction and sustainability goals by eliminating the printing and reproduction of approximately sixty Council/Committee reports per year.

DISABILITY AND SENIOR CITIZEN ACCESS

There is no direct impact to seniors or persons with disabilities.

RECOMMENDATION (S) AND RATIONALE

Staff believes that it is in the best interests of the City of Oakland to implement the recommendations of the Moving Oakland Forward teams to improve staff efficiency and to reduce the cost of procurement and contracting. Staff recommends that the City Council authorize an amendment to the Oakland Municipal Code, Chapter 2.04 sections 2.04.020, 2.04.030, 2.04.040, and 2.04.051 as related to the recommendations of the Moving Oakland Forward team, as follows:

1. increase the City Manager's contracting authority in Section 2.04.020; and

4. add new Section 2.04.051 to add requirements for a competitive RFQ or RFP process for the award of professional services contracts, as stated herein.
