AGENDA REPORT

TO: DEANNA J. SANTANA
CITY ADMINISTRATOR

FROM: Kelley Kahn

SUBJECT: Formation of Jack London Improvement District 2013 **DATE: April 16, 2013**

City Administrator
Approval

Date

5/1/13

COUNCIL DISTRICT: #3

RECOMMENDATION

Staff recommends that the City Council adopt:

A Resolution Of Intention To Form The Jack London Improvement District 2013, Granting Preliminary Approval Of The Management Plan, Directing Filing Of The Proposed Assessment District Boundary Description, Submitting A Proposed Assessment To The Affected Property Owners For Majority Protest Procedure Approval, And Scheduling A Public Hearing For July 16, 2013.

A City resolution authorizing the City Administrator to sign the ballot and to pay the FY 13/14 assessment for one (1) City-owned property on which assessments are to be levied (APN 018 04250 0401) to support the formation of the Jack London Improvement District 2013

EXECUTIVE SUMMARY

In order to initiate a special election to determine whether the proposed Jack London Improvement District 2013 can be formed, the City Council would need to adopt the attached Resolution of Intention and schedule a public hearing date not less than 45 days later. Upon approval of the Resolution of Intention, ballots will be mailed to each affected property owner pursuant to the City of Oakland's Business Improvement Management District Ordinance (Ord. No. 12190 C.M.S., 1999) and State Proposition 218. Formation of the district requires a response from a weighted majority of ballots submitted (50+ %) in favor of the assessment. The results of the balloting will be heard at the public hearing scheduled for July 16, 2013, at which time the City Council will also hear public testimony and make a final decision regarding district formation.

Item: _____
CED Committee
May 14, 2013

If established, the Jack London Improvement District will generate special assessment funds of approximately \$767,425.79 per year for a period of ten years (or up to approximately \$9.65 million over the life of the district, if an allowable 5% annual increase to the assessment is exercised each year).

Services to be provided are outlined in a District Management Plan drafted by district representatives (*Exhibit A* to the attached Resolution of Intention) and include, but are not limited to, special benefit cleaning, marketing, public right of way beautification and private security services within the district.

The formation of the 2013 Jack London Improvement District will be the tenth business improvement district in Oakland. Combined these districts contribute more than \$3.3 million annually toward economic development activities. As more mixed use development occurs in Oakland, residential property owners also benefit from the special enhanced services. In the case of the Jack London Improvement District, there are a substantial number of condominium owners. Additionally, the proposed Jack London Improvement District becomes a powerful tool to help promote broader downtown revitalization efforts and public and private investments occurring in the greater Jack London Square area.

OUTCOME

Adoption of the attached Resolution of Intention will initiate a special election to determine whether the proposed Jack London Improvement District can be formed. If the district is formed it will generate approximately \$767,425.79 of special assessment revenues in Year I of the district and up to approximately \$9.65 million over the proposed ten year life of the district. Funds generated will be used to pay for special benefit services including, but not limited to, enhanced cleaning, marketing and security services for assessed properties as further described in *Exhibit A* to the attached Resolution of Intention.

BACKGROUND/LEGISLATIVE HISTORY

In 1999, the City Council approved the City of Oakland Business Improvement Management District Ordinance (Ord. No. 12190, C.M.S.), which allows for the formation of property-based special assessment districts to undertake a range of special benefit services within the assessment area, independent from government, to further the economic viability of affected commercial neighborhoods.

That same year (1999) the Oakland City Council also authorized initiation of the Neighborhood Business Improvement District (NBID) Program (Resolution No. 75323 C.M.S.) to assist neighborhood representatives in their attempts to form such districts.

Item: _____
CED Committee
May 14, 2013

In 2012, Jack London district stakeholders hired a private BID consultant firm (Urban Transformations) to assist with the formation of a proposed Jack London Improvement District.

The district stakeholders are underway with the required petition process to provide evidence of support sufficient to qualify for the attached Resolution of Intention to form the Jack London Improvement District 2013. Evidence of sufficient support is comprised of petitions signed by affected property owners representing more than 30% of total projected district assessments.

ANALYSIS

If approved by the affected property owners, the proposed district will raise approximately \$767,300.24 per year of primarily private funds. The City's fair share assessment is approximately \$125.55 per year for a ten (10) year term beginning in FY 13/14. Even with the possibility of a 5% increase each year, the total expenditure of the City for its property assessment is approximately \$1,579.00.

Because BIDs are self-initiated, self-funded, and self-administered entities, there is limited fiscal impact to the City associated with the proposed district formation beyond the cost of City staff to provide technical assistance to district formation efforts and later indirect costs associated with ongoing administration of the citywide BID program. The cost of City staff time is already accounted for in the approved FY 12/13 budget and will be included in the FY 13/15 budget development process.

Special benefit services to be provided by the proposed district are intended to improve the conditions and image of the affected commercial corridor(s) and to stimulate ongoing economic revitalization within the surrounding commercial neighborhood consistent with City Council goals and objectives. The initiative taken by district stakeholders to form the proposed special assessment district also represents a productive self-help model which may also merit the City's support.

PUBLIC OUTREACH/INTEREST

For the City Council to adopt the attached Resolution of Intention, enabling legislation does not require City staff to conduct public outreach other than the required posting on the City's website. District stakeholders are performing substantial outreach necessary to secure the requisite number of property owner petitions to qualify for adoption of the attached Resolution of Intention.

Item: _____
CED Committee
May 14, 2013

COORDINATION

The City Budget Office, Office of the City Attorney and the Public Works Agency were consulted in the preparation of this report and/or its attachments.

COST SUMMARY/IMPLICATIONS

If the proposed BID were to be formed its ongoing operations is anticipated to be largely cost neutral to the City's general fund. The majority of the district formation will be funded by district stakeholders themselves.

The cost of City staff time to provide technical assistance to the BID formation effort is already accounted for in the FY12/13 approved budget and will also be included in the FY 13/15 budget development process.

There is one (1) property within the proposed district for which the City would be obligated to pay the assessment in the initial approximate amount of \$125.55 per year (APN 018 04250 0401 - Embarcadero). A funding source to pay the levy will be determined as part of the FY 13/15 budget development process and may include the following:

- General Purpose Fund (1010)/Citywide Activities Organization (90591)/Taxes and Assessments (53511)/Undetermined Project (C138410)/IP50

If the levy is approved, the City Treasury Division will provide invoices to tax exempt entities that are not on the County of Alameda's property tax roll. For taxable entities, the County of Alameda will add the assessment as a line item to the annual property tax bill of each affected property owner and remit the amount collected (less the County's collection fee of approximately (1.7% of total assessment) to the City. The City, in turn, will disburse the funds to the district, pursuant to a written agreement between the City and the district's non-profit management corporation.

The written agreement to be signed between the City and the designated BID non-profit management corporation also provides for a 1% administrative fee to be charged to the district to partially recover the City's costs of administering the district, including costs incurred by the Treasury Division for providing the services described above.

Lastly, if the Jack London Improvement District is formed, program guidelines state that the City is expected to maintain a base level of service within the district equivalent to the level prior to formation of the assessment district. Maintaining baseline services, however, commits no additional City funds beyond what already exists. Proportional reductions to baseline services may occur resulting from changes in the City's overall financial condition.

Item: _____
CED Committee
May 14, 2013

SUSTAINABLE OPPORTUNITIES

Economic: The proposed levy will fund activities which are intended to support the eventual increase of property, sales, and business tax revenues, as well as, increased job opportunities and on-going economic development of the greater Jack London commercial district, which also includes the Jack London Square development area.

Environmental: The proposed levy will enable the district to continue its efforts to strengthen and beautify the physical image of the affected commercial neighborhood by providing special benefit services such as enhanced cleaning, marketing and security.

Social Equity: The proposed special assessment district will incorporate members of the affected commercial neighborhood into a productive and proactive entity representing the interests of that community. Stakeholders themselves will be responsible for administering district revenues which contributes to community self-empowerment and the furtherance of an additional social equity model.

OAKLAND CITY COUNCIL

RESOLUTION _____ C.M.S.

RESOLUTION OF INTENTION TO FORM THE JACK LONDON IMPROVEMENT DISTRICT 2013, GRANTING PRELIMINARY APPROVAL OF THE MANAGEMENT PLAN, DIRECTING FILING OF THE PROPOSED ASSESSMENT DISTRICT BOUNDARY DESCRIPTION, SUBMITTING A PROPOSED ASSESSMENT TO THE AFFECTED PROPERTY OWNERS FOR MAJORITY PROTEST PROCEDURE APPROVAL; AND SCHEDULING A PUBLIC HEARING FOR JULY 16, 2013

WHEREAS, the City Council of the City of Oakland enacted the City of Oakland Business Improvement Management District Ordinance (Chapter 4.48, Ordinance 12190, 1999) establishing the procedures for the formation of business improvement management districts; and

WHEREAS, the City Council approved a Neighborhood Business Improvement District ("NBID") Program pursuant to Oakland City Council Resolution No. 75323, dated November 9, 1999, to provide technical and financial assistance to stakeholder groups of business and property owners in the City to assist in the formation of such districts; and

WHEREAS, the property owners in the Jack London district have duly petitioned to form the Jack London Improvement District 2013 ("District") under the City of Oakland Business Improvement Management District Ordinance (the "BIMD Ordinance") and have proposed the Management Plan for the operation of the District attached hereto and incorporated by reference as *Exhibit A* ("Plan"); and

WHEREAS, the Plan contains a detailed engineer's report prepared by a registered professional engineer recognized by the State of California; and

WHEREAS, the Plan was prepared in accordance with the provisions of Article XIII of the California Constitution, and has been filed with the City Clerk for proceedings in formation of this district; and

WHEREAS, the Plan, incorporated by this reference, provides for enhanced cleaning, marketing, security and promotional activities and improvements of particular benefit to the properties located within the District (as more specifically identified in the Plan); and

WHEREAS, the Plan was prepared in accord with the provisions of the BIMD Ordinance overseeing the formation of the District as referenced above, and has been filed with the City Clerk for proceedings in formation of this District;

NOW, THEREFORE, the City Council of the City of Oakland finds that the Management Plan for the District satisfies all the requirements of the BIMD Ordinance, the laws of the State of California and the California Constitution with regard to the formation of business improvement management districts, and does hereby resolve and give notice as follows:

1. A business improvement management district is proposed to be established pursuant to the BIMD Ordinance with the boundaries as specified in the Plan.
2. A copy of the preliminary report of the City Clerk is on file in the office of the City Clerk relating to the formation of the District.
3. The Plan for the District is preliminarily approved and the assessments for the first year shall be as provided for in the Plan if the district is established.
4. The District shall be a business improvement management district, and the name of the District shall be the Jack London Improvement District 2013.
5. The reasons for the assessments and the types of the improvements and activities proposed to be funded and acquired by the levy of assessments on property in the District and the time period for which the proposed improvements are to be made are those specified in the Plan.
6. Except where funds are otherwise available, an assessment will be levied annually to pay for all improvements and activities within the area.
7. The boundaries of the District and of each separate benefit zone within the district are delineated in the description contained in the Plan.
8. The proposed method and basis of levying the assessments to be levied against each property in the District is based on the gross lot size, building square footage and linear frontage of each parcel located within the District, and upon the benefit zone in which the property is located (as specified in the Plan – *Exhibit A*), and the assessments proposed for each property are contained in the appendix to the Plan.
9. The assessments for the entire District total \$767,425.79 for the first year of the District, and the amount chargeable to each parcel are as shown in the Plan.
10. The District shall be in existence for a period of ten (10) years (as provided for in the Plan) during which a maximum 5% increase per year in the amount of the assessment on each property shall be allowable as provided for in the Plan.
11. The assessment shall be attached to the property and collected with the annual county property taxes, and in certain cases through a special municipal billing, and shall continue annually as provided for in the Plan for each year that the District is in

existence unless modified by the City Council on the recommendation of the District Advisory Board.

12. The City Clerk is directed to mail a copy of the Resolution of Intention to form the District along with the ballots for the written protest procedure to all affected property owners in the District in compliance with the BIMD Ordinance and Article XIII of the California Constitution and to each local Chamber of Commerce and business organization known to be located within the District, give all other notices and take all other actions required by law, and give notice of the dates of the Public Hearing and Final Action on the Petition for Formation of the District to all affected property owners in the proposed District no later than forty five (45) days before the scheduled public hearing, and also publish the Resolution of Intention in a newspaper of general circulation in the City of Oakland once, at least seven (7) days before the public hearing. The ballots mailed to the affected property owners shall contain the procedures for the completion and return of the ballots.
13. A Public Hearing is set for July 16, 2013, (at 6:30 P.M. in the City Council Chambers in City Hall, located at 1 Frank H. Ogawa Plaza, Oakland California), and as may be continued by the City Council, to hear all public comments, protests, count the returned ballots as to the formation of the District, and to take final action as to the formation of the District.
14. At the hearing the testimony of all interested persons for or against the establishment of the District, the proposed assessment, the boundaries of the District, or the furnishing of the specified types of improvements or activities will be heard.
15. A protest may be made in writing by any interested person through the ballot procedure. The procedures applicable to the completion and return of the ballots are as specified in the ballot, a copy of which is attached hereto as *Exhibit B* and incorporated herein by this reference. Any protest pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularity or defect to which the objection is made.
16. Every written protest shall be filed with the City Clerk at or before the time fixed for the public hearing. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing.
17. Each written protest shall contain a description of the property in which the person subscribing the protest is interested sufficient to identify the property and, if a person subscribing is not shown on the official records of the City as the owner of the property, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the property.
18. A written protest which does not comply with the requirements stated above shall not be counted in determining a majority protest.
19. After the close of the Public Hearing, the ballots will be tabulated under the direction of the City Clerk and the results of the tabulation will be reported to the City Council. If written protests are received from the property owners in the proposed

area which will pay more than 50 percent of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than that weighted majority, then the assessment will not be imposed. If the majority protest is only against the furnishing of a specified type or types of improvement or activity within the area, those types of improvements or activities shall be eliminated.

Business Improvement Management District Ordinance of 1999
12190, Under Municipal Code Chapter 4.48

4.48.060 - Management District plan— Contents.

The management district plan to be submitted before the City Council can take any action on the establishment of a BIMD under this chapter shall contain all of the following:

- A. A map of the district in sufficient detail to locate each parcel of property within the district;
- B. The name of the proposed district;
- C. A description of the boundaries of the district, including the boundaries of any benefit zones, proposed for the establishment or extension of the district in a manner sufficient to identify the lands included;
- D. The improvements and activities proposed for each year of operation of the district and the maximum cost thereof;
- E. The total annual amount proposed to be expended for improvements, maintenance and operations;
- F. The proposed source or sources of financing including the proposed method and basis of levying the assessment in sufficient detail to allow each property owner to calculate the amount of the assessment to be levied against his or her property;
- G. The time and manner of collecting the assessments;
- H. Any proposed rules and regulations to be applicable to the district.
(Ord. 12190 § 6, 1999)

SECTION 1: WHY CREATE A BUSINESS IMPROVEMENT MANAGEMENT DISTRICT (BIMD) FOR THE JACK LONDON NEIGHBORHOOD?

“The Bay Area’s diamond in the rough” is how the Jack London neighborhood is often described. Visitors, residents, business owners, and developers alike respond with exasperated confusion when asked why the beautiful Oakland waterfront hasn’t realized its full potential.

Jack London property owners have many responses to this question, often citing a lack of City services, noting a general fear of crime in Oakland, and pointing out the filth and darkness of the I-880 underpasses that serve as gateways to the Jack London District. Train noise and track conditions are occasionally mentioned. But efforts to improve the situation have been few and far between. They often are underfunded and successes have gone unrecognized and unrewarded.

In spite of the challenges, the Jack London neighborhood is attracting large number of new residents and major investment – the ingredients are in place for the neighborhood to experience a dramatic transformation.

Hoping to make significant changes throughout the district while creating a public-private partnership with the City, the Port, the County, and the State, a group of Jack London property owners, business owners, and residents formed the Jack London Improvement District (JLID) Steering Committee in July 2012. Committee members initially pledged \$50,000 to hire a consultant to help them form a BIMD. They have continued fundraising while reaching out to hundreds of property owners to enlist their support for the BIMD.

Imagine a Better Jack London District

Imagine the Jack London District as a vibrant and unique waterfront community where residents and businesses collaborate to create a healthy, clean, safe, and entertaining environment for all who live, work, invest, and visit here.

Jack London Square is Oakland’s waterfront home to dining, special events (including a year-round farmers’ market), and outdoor activities. Many of the most intriguing places to go are found in the surrounding streets, where the wholesale produce market mixes with restaurants, clubs, businesses, new lofts, and artists’ studios. Unique businesses are located among the warehouses. Jack London Square has been touted by Yelp as a “hidden gem in Oakland.”

A New Way Forward with a Business Improvement Management District

Business Improvement Management Districts (also known as Business Improvement Districts and Community Benefit Districts in other localities) are extremely helpful in planning, financing, and executing improvement projects in struggling urban communities to create a more welcoming and pleasant environment for businesses, residents, visitors, investors, and employees.

A BIMD in Jack London would provide some of the services that the City does not provide, like sidewalk sweeping, consistent graffiti abatement, and safety ambassadors. Additionally, the BIMD could fund infrastructure improvements such as lighting, public art, signage, and beautification of the Jack London District gateways, as well as business recruitment and retention activities. These services and improvements will increase the attractiveness of the neighborhood to potential residents and businesses and bring more positive activity to the area. A Jack London BIMD also would provide the leadership that is currently lacking to ensure the future success of the District.

The services provided through the JLID will make the waterfront more accessible and attractive to the public. Improvements to the waterfront could include way finding signage, landscaping, and enhanced lighting.

Jack London area property owners can establish a BIMD, and follow the footsteps of many other communities in the region and across the country who greatly benefit by pooling their resources to fund improvements and services. In Oakland, nine other Business Improvement Management Districts are successfully making major improvements to their communities.

In October 2012, a mailer was sent to property owners within the preliminary boundary study area inviting participation in two separate outreach meetings, one for commercial and one for residential property owners. In addition, the mailer invited recipients to participate in an electronic survey for the Jack London Improvement District. The following services were prioritized by property owners, residents, and business owners:

- Pro-active business recruitment strategies to enhance the area's business mix with a grocery store considered most important
- Eliminating blight like trash, graffiti, and defaced signs
- Beautification to impact the overall appearance of the district and to improve the gateway to Jack London, especially the I-880 underpasses
- Marketing the district through signage, joint promotion, etc.
- Image enhancement strategies to improve perceptions of safety and attract investment, residents, and shoppers
- Improving safety by hiring Safety Ambassadors and installing more streetlights
- Designating and implementing a train quiet zone.

In response to the survey results, as well as feedback gathered at several events and through informal conversations, the JLID steering committee developed the following list of special benefits to be funded by the BIMD:

1. Regular sidewalk sweeping and steam cleaning of sidewalks
2. Coordination of security efforts with BART Police, Oakland Police, AC Transit, the Alameda County Sherriff, Union Pacific Railroad security, Port Homeland Security, and private security services that serve the area
3. Enhanced landscaping and beautification efforts

4. Gateway treatment including I-880 underpasses and other entrances to the district
5. Quick removal of graffiti and trash
6. Pro-active business retention and attraction strategies
7. Ambassador services and lighting to create a safer walking environment for day and evening activities
8. Marketing of the district
9. Organizational support for preservation and expansion of shuttle services between the district and nearby BART stations and for a train quiet zone.

The district is envisioned to be established for ten years with operations commencing on January 1, 2014. Provisions for annual disestablishment are available if the property owners no longer desire to fund the special services articulated in this plan. The procedure for disestablishment is described in more detail in Section 5.

SECTION 2: DESCRIPTION OF THE PROPOSED DISTRICT

Name of the District

“Jack London Improvement District” is the proposed name of the BIMD.

Boundaries of the District

The district is located in the City of Oakland south of the downtown central business district and is shown in the Map in Appendix A. The general boundaries of the area are given below.

- Northern Boundary: 6th Street and I-880 freeway
- Southern Boundary: The Waterfront at the Oakland Inner Harbor
- Western Boundary: Castro Street, Brush Street, and Washington Street
- Eastern Boundary: Fallon Street

The precise boundary definition of the district is below. This definition starts at the northwest corner of the district and proceeds in a counter-clockwise direction. Note that the streets in the district are based on a grid that is turned significantly from the north-south axis. For simplicity, this description treats the district as if this were not the case.

The northwest corner of the district boundary is the intersection of Sixth Street and Castro Street which is north of the interstate 880 freeway. The district includes the parcels that are beneath the I-880 freeway.

The western boundary extends south down Castro Street towards the harbor until it reaches Third Street. The boundary then turns to the west along Third Street between Castro Street and Brush Street. South of Third Street, Brush Street continues as the western boundary south to its end point which is roughly 75 feet north of Embarcadero West. The boundary continues to the south parallel to Brush Street until it reaches the northwest corner of parcel 18-410-010-00.

There are two long rectangular parcels, 18-410-009-00 and 18-410-010-00, consisting primarily of railroad tracks that are to the north of Embarcadero West and run parallel to it between Brush Street and Martin Luther King Jr. Way. The boundary continues east along the northern side of these two parcels. These two parcels are not included in the district.

At the northeast corner of parcel 18-410-009-00 (at Martin Luther King Jr. Way and Embarcadero West), the boundary continues to the east on the north side of Embarcadero from Martin Luther King Jr. Way to Washington.

At the corner of Embarcadero West and Washington Street the boundary turns to the south again, continuing south on Washington Street until its southern end at Water Street. Then it continues south parallel to Washington Street along the western border of parcel 018-415-005-00 all of the way to the harbor where the boundary then continues to the east along the harbor.

The southern boundary of the district is the southern edge of the parcels that lie along the waterfront. This boundary begins with parcel 018-0415-005-00 on the west and proceeds to the east ending at the Portobello Condominiums (parcel 018-0424-022-00). In order from west to east, the complete list of parcels forming the southern boundary is:

018-0415-005-00,
018-0420-004-02,
018-0425-002-43,
018-0425-002-39,
018-0425-012-00,
018-0425-021-00, and
018-0425-022-00

The eastern boundary of the district south of Embarcadero West is along a line that is parallel to the western edge of Fallon. The Portobello Condominiums are on the west side of this boundary and the City of Oakland's Aquatic Park (parcel 018-0430-001-04) is on the east side. The precise boundary of the eastern edge of the district at this point is the eastern edge of the following parcels:

018-0425-022-00,
018-0425-015-00, and
018-0425-004-01.

North of Embarcadero West, the eastern boundary of the district is Fallon Street between Embarcadero West and the I-880 freeway.

The northern boundary of the district is the I-880 freeway between Fallon Street (near the northwest corner of parcel 018-0435-001-00) and Castro Street. I-880 runs between 5th and 6th Streets for the entire northern border of the district.

The district includes all of those parcels under the I-880 freeway. It includes all of the parcels to the south of I-880 within this boundary and none of the parcels to the north.

Benefit Zones

To ensure that assessments are matched to special benefits received, the proposed Jack London Improvement District has been divided into three benefit zones, each of which will receive the type and frequency of services appropriate to its conditions and needs. The three benefit zones in the district are as follows:

- Zone 1: the core – this is the zone that receives the highest level of foot traffic and therefore will receive the most frequent service
- Zone 2: the waterfront – this zone includes Jack London Square and will receive less frequent services
- Zone 3: Interstate 880 – this zone consists of the parcels under the 880 freeway and will receive the same level of service as Zone 2.

For locations, please see the Map in Appendix A. For details on service levels for each zone, please see Section 3.

SECTION 3: IMPROVEMENTS AND ACTIVITIES

The Jack London Improvement District will fund four service categories:

- Maintenance, Beautification, Safety & Streetscape Improvements
- Marketing & Economic Development
- Administration & Governmental/Community Relations
- Contingency & Collection Fees

Maintenance, Beautification, Safety & Streetscape Improvements

Cleaning and maintenance staff will be hired to provide services throughout the Jack London Improvement District (JLID), with varying levels of service in each zone. Cleaning and maintenance services may include graffiti removal, landscaping, trash and dog waste pickup, installation of trash receptacles, and sidewalk pressure washing. Safety programs may include guides (also known as Ambassadors), coordination with the police department and other government police agencies, and private security agencies operating within the JLID, and dissemination of safety and promotional information to merchants, residents, visitors, and tourists. Crime Prevention through Environmental Design (CPTED) strategies will be used to improve perceptions as well as mitigate actual security concerns. To actively engage property owners, merchants, employees, and residents in crime prevention efforts, JLID may support and convene meetings of the Jack London District Neighborhood Crime Prevention Council. A

discretionary fund may be created to support capital improvement programs for banners, hanging planters, street median landscaping, lighting, public art, gateway signage, and street furniture.

Marketing & Economic Development

These services are designed to promote and improve business conditions throughout the JLID. Business attraction and retention services work to keep existing businesses in the district and attract new businesses to fill vacancies. Attraction efforts will initially focus on a full-service grocery store. Promotion services may include district WIFI, website development and operation, business listings, signage, and marketing programs. Funds can also be used to sponsor special events to the extent they specifically benefit assessed property owners. Funds may be used to support expansion of service to Lake Merritt and West Oakland BART stations and/or to create a "train quiet zone" along Embarcadero West.

Administration & Governmental/Community Relations

The BIMD will create a unified voice to promote the interests of the district. Such efforts will include representing property owners at the City Council and other agencies, applying for grants, and seeking additional funding streams to improve the JLID. Specific projects could include support for the "Free B" shuttle to ensure that district residents, businesses, workers, and tourists have access to and from City Center BART and other Oakland Central Business District locations and working with Union Pacific to remove the third railroad track on the south side of Embarcadero West so the street can be properly paved. This line item also includes community outreach to gather input on levels of service needed and administrative expenses such as office space, telephone, postage, insurance, accounting, and similar expenses.

Contingency & Collection Fees

A prudent portion of the budget, maintained in a reserve fund, will cover lower than anticipated collections and unanticipated increases in program costs. It will also be used to repay formation loans, pay County and City collection fees, and provide funds for renewal costs.

**TABLE 3-1:
SERVICES SCHEDULE BY BENEFIT ZONE**

City Services

Throughout the process of establishing the Jack London Improvement District, residents, businesses, and property owners voiced concerns that the City of Oakland maintain existing services at verifiable levels.

The assessments proposed in this plan are limited to, and do not exceed, the reasonable cost of providing special benefits to the assessed parcels. The City is required under State law to ensure that the BIMD's services will be over and above those already provided by the City within the boundaries of the district.

SECTION 4: EXPENDITURES

Service Plan Budget

The service plan budget was developed to provide the services identified as the highest priorities to stakeholders in the JLID area. A breakdown of the budget is included in the table below. The annual budgets for subsequent years will be set forth in annual reports prepared by the district's duly appointed Advisory Board and submitted to the Oakland City Council.

**TABLE 4-1:
BUDGET BY SERVICES CATEGORY AND FIRST YEAR BUDGET AMOUNTS**

Category	%	Amount
Maintenance, Beautification, Safety & Streetscape Improvements	55	\$422,084.19
Marketing & Economic Development	18	\$138,136.64
Administration & Government/Community Relations	19	\$145,810.90
Contingency & Collection Fees	8	\$61,394.06
TOTAL	100%	\$767,425.79

SECTION 5: SOURCES OF FINANCING

The method for financing the improvements and activities described in this plan is primarily the collection of assessments on properties within the district boundaries. In addition, it is anticipated that the JLID management corporation, to be formed, will seek other sources of financing such as government and foundation grants and donations from individuals and businesses, especially for projects like establishing a train quiet zone or providing pedestrian-oriented energy efficient lighting where needed.

Assessment Methodology

The methodology for levying assessments on the parcels within the district takes into account characteristics of each parcel. The assessment of parcels other than condominium parcels is calculated based on the following variables:

<u>Parcel Size</u>	The parcel (lot) size for each parcel is obtained from county assessor's records. ¹
<u>Building Size</u>	Gross building square footage is obtained from county records (see footnote 2). In some cases, the county does not have the building square footage for a particular parcel in its records. In those cases, Urban Transformation obtained data from other sources. Verification letters were sent to all property owners in the proposed district whose building square footage was not obtained from official government records.
<u>Street Frontage</u>	Street frontage is obtained from county parcel maps and from on-site measurements. Properties are assessed for all street frontages.

Condominiums are parcels located within a building for which a condominium map has been filed. Condominium parcels have a variety of uses including commercial, residential, and live-work. Condominium buildings usually have common area parcels that may include lobbies, hallways, parking garages, recreation areas, and other shared facilities. Common area condominium parcels are exempt from assessment. The assessment of condominium parcels is based on the following variable:

<u>Floor Area</u>	Floor area for each condominium is obtained from county assessor's records (see footnote 2).
-------------------	--

Assessment Formulas

Zone 1:

Parcels other than condominium parcels shall be assessed using the following formula:

- $(\text{Parcel square footage} \times \$0.06) + (\text{Gross building square footage} \times \$0.06) + (\text{Street frontage} \times \$1.50)$.

Condominium parcels will be assessed using the following formula:

- $\text{Floor area square footage} \times \0.20 .²

¹ Data in some cases were obtained directly from the County Assessor and in other cases from Parcelquest, a company that aggregates data from the County.

² When the City has approved the condominium map for a building but the units have not yet been sold, it will be assessed in the same manner as a non-condominium building. As each condo unit is sold, the owner of the condo unit will be assessed using the condo formula and the floor area of such condo shall be deducted from the total square footage of the building when calculating the assessment for the building. This

In addition to the four property variables, benefit zones are used to determine the frequency and types of benefits received. Assessments will be reduced by certain factors in each Zone as follows:

Zone 2: the total assessments calculated above will be multiplied by 0.35

Zone 3: the total assessments calculated above will be multiplied by 0.35.

The services provided in each zone will be reduced in proportion to the reduction factor.

Annual CPI Adjustment

The Advisory Board for the district will have the option to increase the assessments annually based upon the Alameda County regional CPI index or by an amount not to exceed 5% from the previous year's assessments.

Table 5-1: Projection of Assessments Over the Life of the District Assuming Optional Maximum Annual Adjustments (assumes a maximum CPI annual increase of 5%)

Year 1	Year 2	Year 3	Year 4	Year 5
767,426	805,797	846,087	888,391	932,811
Year 6	Year 7	Year 8	Year 9	Year 10
979,451	1,028,424	1,079,845	1,133,837	1,190,529

Time and Manner of Collecting Assessments

This plan proposes that the district be in effect for ten years. Following this ten-year term, the district may be re-established using the procedures required to establish such a district in place at that time.

The JLID assessment will be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Alameda. The assessment will appear as a separate line item on annual property tax bills prepared by the County of Alameda. The County of Alameda shall distribute funds collected to the City of Oakland and the City shall disburse the funds to JLID pursuant to a written agreement between the City and JLID. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

Tax-exempt parcels not subject to property taxes shall not be exempted from payment into the assessment district. These parcels will be billed directly by the City of Oakland for their assessment obligation.

methodology will be used until more than half of the condo units have been sold. Once more than half the units have been sold, all units will be assessed using the condo formula.

The district's first assessments will be collected in the 2013-14 property tax cycle, with the first installments due in December 2013. The district will commence operations January 1, 2014 and expire on December 31, 2023.

Method of Adoption

District formation requires the submission of petitions from owners of property representing more than 30% of the total proposed assessments. Once the petitions have been submitted, the Oakland City Council may adopt a Resolution of Intention to establish the district. If the Resolution of Intention is adopted by the Oakland City Council, the City will mail out assessment ballots to all owners of property in the proposed district. The Oakland City Council will hold a public hearing 45 days or more after mailing the ballots. The Board may form the BIMD if the weighted majority of returned ballots support the district formation. "Weight" is determined by the percentage of monetary contribution each property owner will make to the BIMD, based upon the assessment methodology.

During the term of the district, the City Council may vote to disestablish the district if it finds that there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district.

Also, during the operation of the district, there is a thirty-day period each year in which the assessed property owners may request disestablishment of the district. This period begins each year on the anniversary date of the establishment of the district. Upon the written petition of the owners of real property in the area who pay thirty percent or more of the assessments levied, the City Council shall notice a hearing on disestablishment.

A district can only be disestablished if there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district.

SECTION 6: MANAGEMENT; RULES AND REGULATIONS

The proposed district will be managed by a JLID nonprofit organization (to be formed), which will serve as the management corporation. The City of Oakland will contract with the organization to implement the plan for the district.

The organization's board shall serve as the JLID Advisory Board and will include representatives from both the assessed property owners and business owners in the district as well as stakeholders at large. The City of Oakland requires that at least one member of the Advisory Board shall be a business licensee within the district who is not also a property owner within the district. A nominating committee will solicit nominations from district property owners, businesses, and residents prior to board elections.

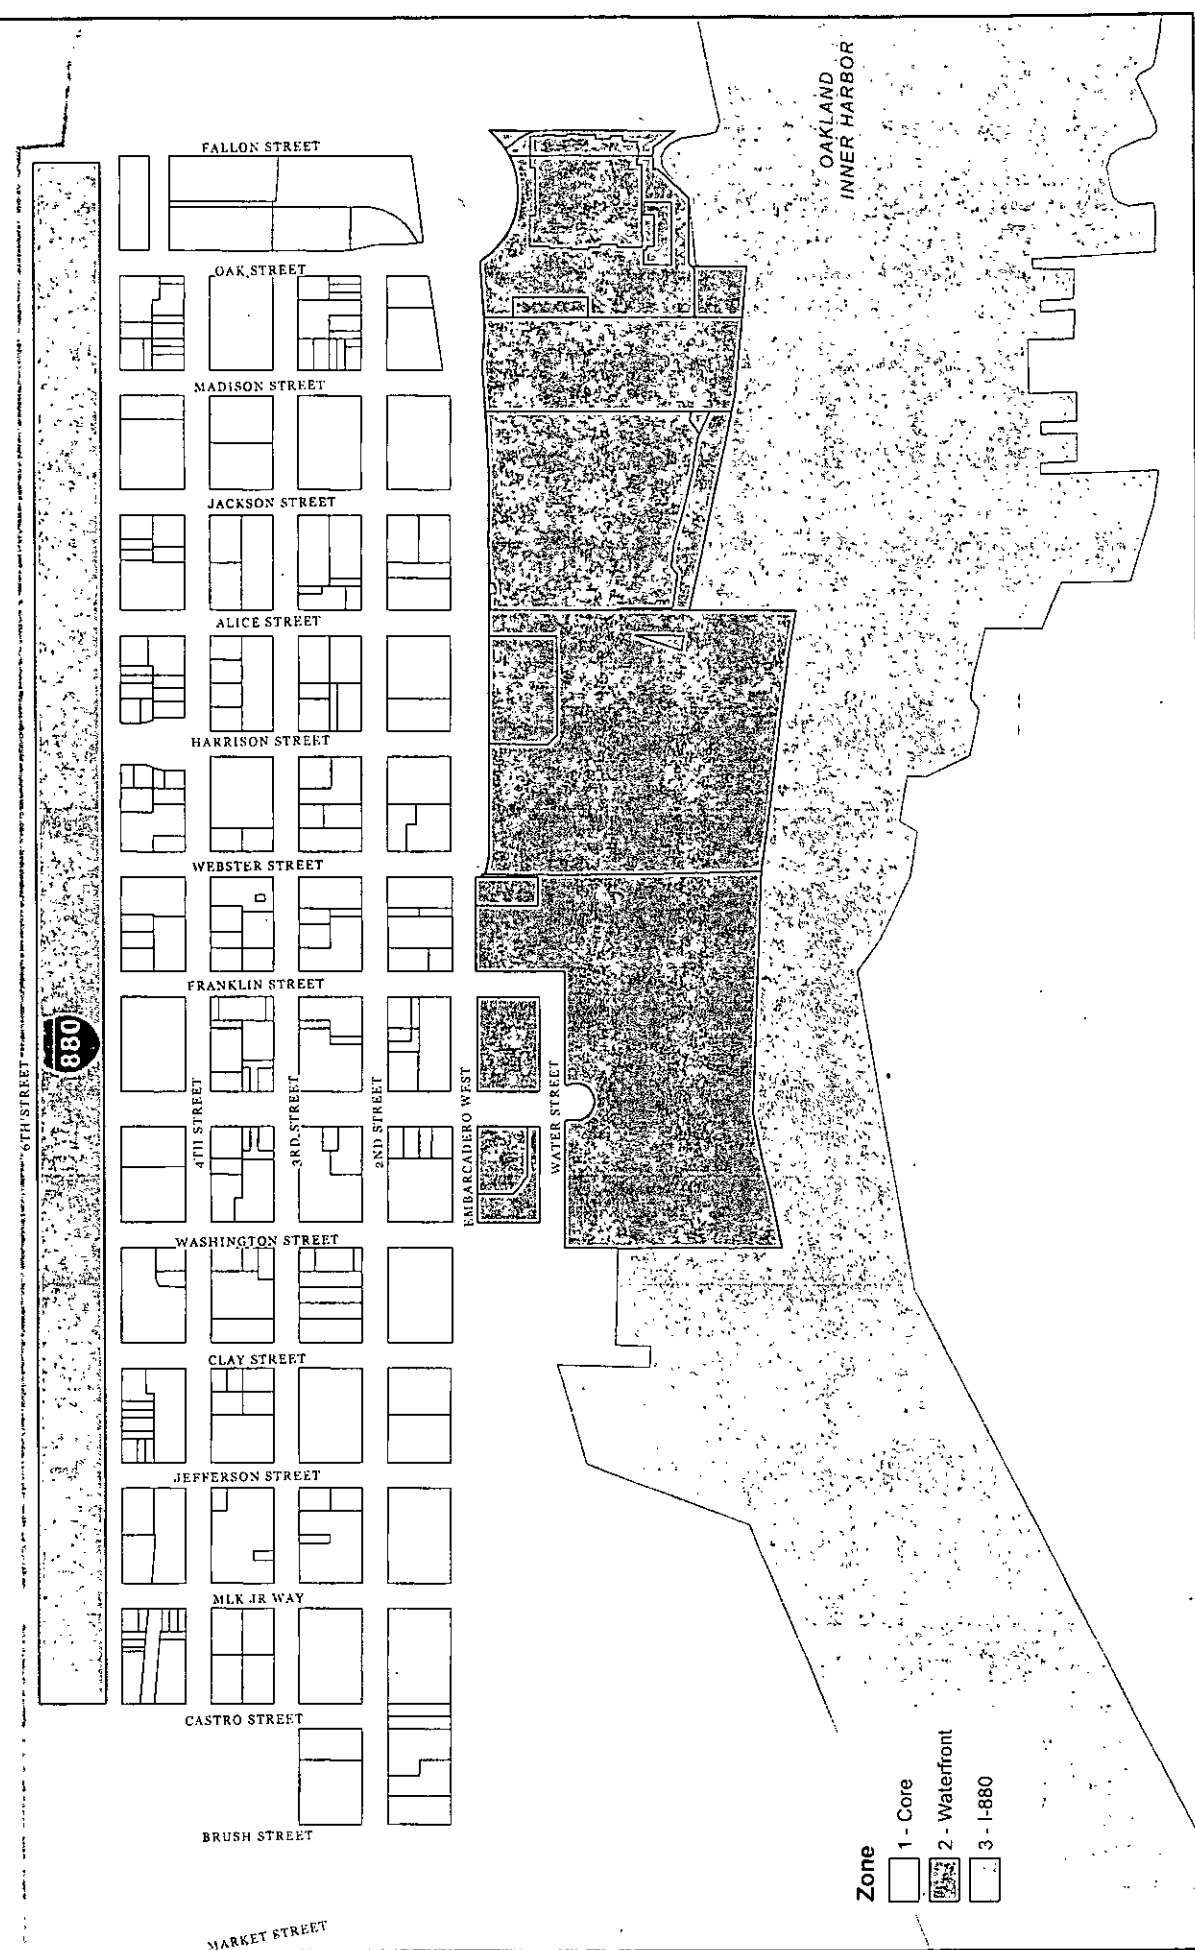

Budget Management. The management corporation may reallocate funding within the service categories, not to exceed 10 percent of the annual budgeted amount for each category consistent with the **Management District Plan**.

Rules and Regulations. The management corporation will establish rules and regulations to be employed in its administration of the district.

Maintenance of Parcel Data. It shall be the responsibility of the management corporation to maintain the master list of parcels within the district and to update the list and corresponding assessment roll, as needed, such as when ownership changes, there is new construction, condominium conversions take place, errors are discovered in county data, etc.

Appendix B

Engineer's Report for Jack London Improvement District

Prepared by Arthur L. Kassan, P. E.
California Registered Professional Engineer # C 15563

March 27, 2013

Introduction

This report serves as the "detailed engineer's report" required by Section 4(b) of Article XIII D of the California Constitution (Proposition 218) to support the assessments to be levied for the Jack London Improvement District.

The JLID is a property-based Business Improvement Management District formed pursuant to the City of Oakland's Business Improvement Management District Ordinance of 1999.

This Engineer's Report describes the improvements, services, and activities of the JLID; an estimate of the costs of the improvements, services, and activities; an analysis of the special benefit to be received by assesses; and a map showing the properties to be assessed.

This report identifies all parcels that will receive a special benefit from the improvements, services, and activities of the JLID (the "Specially Benefited Parcels").

I have evaluated the costs and expenses of the improvements, services, and activities of the JLID and have determined that, to the best of my knowledge and belief,

1. no assessment has been imposed on any Specially Benefited Parcel that exceeds the reasonable cost of the proportionate special benefit conferred on such Specially Benefited Parcel from the improvements, services, and activities of the JLID; and
2. any general benefits from the improvements, services, and activities shall be paid for with funding sources other than assessments of Specially Benefited Parcels.

ILID Improvements, Services, and Activities

The assessments have been limited to, and do not exceed, the reasonable cost of providing special benefits to the assessed parcels. The District's services are over and above those already provided by the City within the boundaries of the District. And they are particular and distinct benefits to be provided only to the properties within the District, not to the public at large. The District's services affect the assessed properties in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share.

Maintenance, Beautification, Safety & Streetscape Improvements

The district's maintenance and beautification services will be provided only to assessed parcels, and not to parcels outside the district. These services constitute a special benefit to assessed parcels. Only sidewalks and gutters adjacent to assessed parcels will be cleaned. Only tree wells on and adjacent to assessed parcels will be maintained. Planters and decorations branding the district will only be installed on and adjacent to assessed parcels. These services are narrowly tailored to be provided only to assessed parcels within the district which will receive special benefit from the services.

The safety program will include services such as private security patrols and lighting throughout the district which constitutes a special benefit to the assessed parcels. The safety program will address issues occurring on district parcels. These services will only be provided to assessed parcels; they will not be provided outside the district or provide services to non-assessed parcels.

Marketing & Economic Development

The bottom-line purpose of this special benefit assessment is to specially benefit parcels by increasing commercial activity. Marketing and economic development services will only be provided to assessed parcels. For example, assessed parcels with vacancies will receive assistance with business attraction and assessed parcels that do not currently have vacancies will receive business retention services. The goal will be to maintain existing businesses and fill vacancies on assessed parcels only. These services will not be provided to parcels outside the district. Marketing events will be held within the district to attract patrons and new businesses to the district, specially benefitting only assessed parcels by attracting consumers and potential new businesses to the district. And, public relations efforts will be undertaken to promote commerce on assessed parcels; these efforts will feature assessed parcels only and will not promote non-assessed parcels. These services constitute special benefits to assessed parcels.

Administration and Governmental/Community Relations

The administrative cost of providing services will be funded by the assessment. The administrative budget will only fund the cost of providing services that specially benefit assessed parcels. Governmental/community relations efforts will include representing

only owners of assessed properties at the City Council and other agencies, applying for grants to provide further benefit to the district, and community outreach to assesses to gather input on levels of service needed.

Estimated Costs and Specific versus General Benefit

The budget for the JLID represents a portion of the costs for providing the improvements, services, and activities that will benefit the assessed parcels. While it is difficult to determine the amount of general as opposed to specific benefit that is conferred by the improvements, services, and activities, the portion of the total service costs that confers a general benefit must be funded from sources other than assessments. These funds will be raised by the JLID management corporation in the form of grants, donations, fees for service contracts, and fundraising events.

Although the improvements, services, and activities provided throughout the JLID incorporate public streets and rights of way, it is clear that the improvements, services, and activities provided are directed towards, and necessary for, the cleanliness, maintenance, and safety of commercial and residential property owners. The JLID will not provide any of these improvements, services, and activities to properties located outside of the district. The general benefits to the public at large are minimal. In 2009, assessment districts in San Francisco conducted surveys to estimate the percentage of individuals passing through commercial districts without the intention of engaging in any type of commercial activity. Of those surveyed, less than one percent indicated that they did not have the intention of engaging in any type of commerce. Therefore, it is estimated that less than one percent of the total cost of providing the JLID's improvements, services, and activities must be funded by sources other than assessments.

Currently, cleaning, safety, promotion, business attraction and retention services above the City's baseline levels are the financial responsibility of property owners. The JLID will provide these services, directly reducing these costs for property owners, thereby providing a specific benefit to them. Economies of scale will allow the JLID to provide a higher level of service than the individual property owners can fund without an assessment district.

Proportionality of Assessments

The assessment formulas are designed to fairly allocate the costs of the improvements, services, and activities provided in the district. The formulas take into account the following factors: linear frontage, building size, parcel size, and benefit zone. The zone for each parcel takes into account the levels of benefit received from the enhanced services and activities unique to each zone.

The JLID contains a large number of condominiums, including residential, commercial, and mixed use. Condominiums are assessed differently from non-condominium parcels. Each condominium within a single building is owned by a separate property owner. Most condominium buildings also contain common area parcels. Because common area parcels

are not owned by individual condominium owners, they are not assessed. Instead, the per building square foot assessment for condominiums was increased in comparison to non-condominium buildings to allocate the benefit to the common area parcels among the individual condominium owners.

Properties to be Assessed

Exhibit 1 of this Engineer's Report provides a listing of all of the Assessor's Parcels, including the Assessor's Parcel number, owner, and benefit zone, subject to the JLID annual assessment

Appendix C
Special Notes Regarding Assessment Calculations

Parcels Under the Interstate 880 Freeway

Since the State of California is an exempt governmental agency, these parcels are not included in the County Assessor's roils. Caltrans provided maps of the lots beneath the freeway that show the net lot area and the linear distances for the perimeter of each parcel. The net lot area was used as the parcel square footage in assessment calculations. The linear frontage used for assessment calculations is the perimeter of each lot where services could be provided.

These 15 parcels are identified using the Caltrans numbering system:

04-ALA-880-36
04-ALA-880-37
04-ALA-880-38
04-ALA-880-39
04-ALA-880-40
04-ALA-880-41
04-ALA-880-42
04-ALA-880-43
04-ALA-880-44
04-ALA-880-45
04-ALA-880-46
04-ALA-880-47
04-ALA-880-48
04-ALA-880-49
04-ALA-880-50

Southern Pacific Parcels on Embarcadero West

There are five parcels owned by Southern Pacific that run along Embarcadero West and contain railroad tracks. These parcels are not included in the district since no services will be provided to these parcels.

The Assessor's Parcel Numbers for these parcels are

018 040500500
018 041000900
018 041001000
018 044001100
018 044001300

Parcels Within the Jack London Square Area

The area to the south of Embarcadero West between Washington Street and Franklin Street is Jack London Square. The public rights-of-way within Jack London Square are maintained by the Port of Oakland and will not receive services from the BIMD. Therefore the linear frontage that is adjacent to

public rights-of-way within Jack London Square was not included in the calculation of total linear frontage of these parcels.

The Assessor's Parcel Numbers for these parcels are

018 041500101

018 041500102

018 041500200

018 041500500

Exhibit B
(to the Resolution of Intention to Form the
Jack London Improvement District 2013)

SAMPLE BALLOT

**CITY OF OAKLAND
JACK LONDON IMPROVEMENT DISTRICT 2013
PROPERTY OWNER BALLOT**

This ballot is for the property owners of the parcel(s) identified below by Assessment Parcel Numbers (APN), which parcel(s) are located within the proposed Jack London Improvement District 2013 (Jack London Improvement District) in the City of Oakland. Please advise the City of Oakland as soon as possible at (510) 238-6179 if the information set forth below is incorrect.

This ballot may be used to express either support for or opposition to the proposed Jack London Improvement District assessment. In order to be counted, this ballot must be completed, signed, and dated below by an owner of the identified parcel(s) or by an authorized representative of the owner. The ballot must be returned to the City Clerk of Oakland either by mail or in person to: Office of the City Clerk, Oakland City Hall, One Frank H. Ogawa Plaza, First Floor, Oakland, CA, 94612, Attn: Jack London Improvement District. If a majority of ballots received (as weighted by assessment) oppose the Jack London Improvement District assessment, the Jack London Improvement District will not be established and the Jack London Improvement District assessment will not be levied.

Mail Delivery: If by mail, fold and insert the ballot in the enclosed self-addressed stamped envelope, seal the envelope, and deposit in the U.S. mail.

Personal Delivery: If in person, fold and insert the ballot in the enclosed self-addressed envelope, seal the envelope provided and deliver to the City Clerk's office (address shown above) or deliver to the City Clerk at the public hearing on the Jack London Improvement District.

The assessment shall not be imposed if the ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment, with the ballots weighted according to the proportional financial obligation of the affected property.

IN ORDER TO BE COUNTED, THIS BALLOT MUST BE RECEIVED BY THE CITY CLERK PRIOR TO THE CLOSE OF THE PUBLIC INPUT PORTION OF THE PUBLIC HEARING ON THE JACK LONDON IMPROVEMENT DISTRICT, WHICH IS SCHEDULED FOR JULY 16, 2013, AT 6:30 PM IN THE CITY COUNCIL CHAMBERS, OAKLAND CITY HALL, 1 FRANK OGAWA PLAZA, OAKLAND, CALIFORNIA 94612. To cast this ballot, check the appropriate box below (either yes or no), sign the ballot at the bottom, and return either this entire page or the portion below this line.

BALLOT

Please mark in the box below to cast your vote:

- YES**, I am in favor of the formation of the district and the proposed assessments against the parcel(s) identified on this ballot.
- NO**, I oppose the formation of the district and the proposed assessment against the parcel(s) identified on this ballot.

OAKLAND CITY COUNCIL

RESOLUTION NO. _____ C.M.S.

**RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR TO SIGN THE
BALLOT AND TO PAY THE FY 13/14 ASSESSMENT FOR ONE (1) CITY-OWNED
PROPERTY ON WHICH ASSESSMENTS ARE TO BE LEVIED (APN 018 04250
0401) TO SUPPORT THE FORMATION OF THE JACK LONDON
IMPROVEMENT DISTRICT**

WHEREAS, the City Council approved an Oakland Business Improvement Management District Ordinance (Ord. 12190, 1999) delineating procedures and policies for the formation of a property assessment district within the City of Oakland; and

WHEREAS, the City Council approved a Neighborhood Business Improvement District Program pursuant to Oakland City Council Resolution No. 75323, dated November 9, 1999, to provide technical and financial assistance to stakeholder groups of business owners in the City to assist in the formation of such districts; and

WHEREAS, the City has adopted a policy encouraging the formation of Business Improvement Districts; and

WHEREAS, pursuant to the requirements of the Oakland Business Management District Ordinance stakeholders in the Jack London district have petitioned to form the Jack London Improvement District 2013 (hereinafter "District") to undertake the Management District Plan for the Jack London Improvement District 2013 (hereinafter "Plan"); and

WHEREAS, the District includes one (1) City-owned property on which assessments are to be levied (APN 018 04250 0401) which gives the City the right to sign the ballot in support of District formation; and

WHEREAS, this resolution clarifies the City Administrator's authority to sign the petition on behalf of the City of Oakland; and

WHEREAS, if the District is established, the assessments will take place on a yearly basis for the ten year life of the District; and

WHEREAS, if the District is established, the maximum total assessment amount over the ten year life of the district for the one (1) City-owned property is approximately \$1,579.15 and

WHEREAS, funds to pay the FY 13/14 assessment have been budgeted to the General Purpose Fund (1010)/Citywide Activities Organization (90591)/Taxes and Assessments Account (53511)/ Undetermined Project (0000000)/IP50; and.

WHEREAS, these assessments are to be made in accordance with the provisions of Proposition 218 and the Oakland Business Improvement Management District policy referenced above; **NOW THEREFORE** be it

RESOLVED: That the City Council of the City of Oakland does hereby resolve as follows:

That the City Council hereby authorizes the City Administrator to execute the ballot and to pay the FY 13/14 assessment for the one (1) City-owned property on which assessments are to be levied (APN 018 04250 040J) in an amount of approximately \$125.55 to support the formation of the Jack London Improvement District 2013.

IN COUNCIL, OAKLAND, CALIFORNIA, _____, 2013.
