CITY ATTORNEY'S OFFICE

OAKLAND CITY COUNCIL

RESOLUTION NO. _____ C.M.S.

INTRODUCED BY COUNCILMEMBER LOREN TAYLOR, COUNCILMEMBER TREVA REID, AND COUNCILMEMBER NOEL GALLO

RESOLUTION ON THE CITY COUNCIL'S OWN MOTION SUBMITTING TO THE VOTERS AT THE NOVEMBER 8, 2022 GENERAL MUNICIPAL ELECTION AN AMENDMENT TO THE OAKLAND CITY CHARTER TO ADD ARTICLE XVII TO: (1) ESTABLISH THE "EMERALD NEW DEAL FUND" FOR CANNABIS BUSINESS TAX REVENUE TO BE USED FOR SERVICES AND PROGRAMS TO ADDRESS RACIALLY INEQUITABLE IMPACTS OF THE WAR ON DRUGS ON INDIVIDUALS, FAMILIES, AND COMMUNITIES IN THE CITY OF OAKLAND; AND (2) RE-ESTABLISH THE CANNABIS REGULATORY COMMISSION, AS THE "END-HARM CANNABIS REGULATORY COMMISSION," WITH REVISED MEMBERSHIP AND RESPONSIBILITIES, INCLUDING TO ADVISE THE COUNCIL ON EXPENDITURE OF THE EMERALD NEW DEAL FUND; AND DIRECTING THE CITY CLERK TO TAKE ALL ACTIONS NECESSARY UNDER LAW TO SUBMIT THIS ITEM TO THE VOTERS AT THE NOVEMBER 8, 2022 GENERAL ELECTION

WHEREAS, the War on Drugs, is the effort in the United States since the 1970s to combat illegal drug use by greatly increasing penalties, enforcement, and incarceration for drug offenders. The War on Drugs began in June 1971 when U.S. Pres. Richard Nixon declared drug abuse to be "public enemy number one" and increased federal funding for drug-control agencies and drug-treatment efforts. In 1973 the Drug Enforcement Administration was created out of the merger of the Office for Drug Abuse Law Enforcement, the Bureau of Narcotics and Dangerous Drugs, and the Office of Narcotics Intelligence to consolidate federal efforts to control drug abuse; and

WHEREAS, the War on Drugs was a relatively small component of federal law-enforcement efforts until the presidency of Ronald Reagan, which began in 1981. Reagan greatly

expanded the reach of the drug war and his focus on criminal punishment over treatment led to a massive increase in incarcerations for nonviolent drug offenses, from 50,000 in 1980 to 400,000 in 1997; and

WHEREAS, in 1986, Congress passed the Anti-Drug Abuse Act, which established mandatory minimum prison sentences for certain drug offenses. This law was later heavily criticized as having racist ramifications because it allocated longer prison sentences for offenses involving the same amount of crack cocaine (used more often by black Americans) as powder cocaine (used more often by white Americans). Five grams of crack triggered an automatic five-year sentence, while it took 500 grams of powder cocaine to merit the same sentence; and

WHEREAS, the War on Drugs has resulted in the pain and suffering of everyone in Oakland, not only the individuals that have been incarcerated, their families, communities, businesses, and neighborhoods, but also the wider community that experiences living in a city with increasing and visible numbers of unhoused, unemployed, and uncared for persons and families, vacant storefronts, and blighted neighborhoods; and

WHEREAS, the City Council recognizes that as Oaklanders we all have a linked fate across color lines and communities, which means that the struggle of those who have been enveloped in the system of incarceration affects our entire City's ability to meet our aspirations for a safe, secure, thriving, healthy, clean, inviting, just, and stable City; and

WHEREAS, in Oakland between 1995 and 2015 12,665 arrests were made for crimes related to cannabis offenses with Black people comprising 77% of those arrested and LatinX people comprising 15% of those arrested; and

WHEREAS, sixty-seven percent of formerly incarcerated individuals were still unemployed or underemployed five years after their release; and

WHEREAS, the City of Oakland has been a leader in regulating medical cannabis and adult use cannabis businesses to protect the public health, safety and general welfare of the community, as well as the interest of patients who qualify to obtain, possess and use cannabis for medical purposes; and

WHEREAS, on November 2, 2004, Oakland voters passed Measure Z, an initiative entitled the "Oakland Cannabis Regulation and Revenue Ordinance." The ordinance enacted a City law that established a City policy making the investigation, citation, and arrest for "private adult cannabis offenses" Oakland's "lowest law enforcement priority." Measure Z also created an eleven member Community Oversight Committee, with responsibilities that include overseeing implementation of the Private Adult Cannabis Offenses Policy and making recommendations to the City Council regarding appropriate regulations. The Community Oversight Committee later, informally, changed its name to the "Cannabis Regulatory Commission"; and

WHEREAS, in parallel with developments in state law, the City of Oakland amended its cannabis ordinances, Oakland Municipal Code (“OMC”) Chapters 5.80 and 5.81 in May 2016 to create a permitting process for the entire supply chain of cannabis businesses; and

WHEREAS, the City of Oakland adopted a landmark Equity Permit Program in the spring of 2017 to promote equitable ownership and employment opportunities to decrease disparities in life outcomes for marginalized communities of color and to address the disproportionate impacts of the war on drugs in those communities and minimizing barriers of entry into the industry; and

WHEREAS, the voters of the City of Oakland adopted, imposed, and amended taxes on cannabis business activities, by adoption of ballot measures in 2009, 2010, and 2018, which taxes are codified at Oakland Municipal Code (“OMC”) Sections 5.04.480 and 5.04.481; and

WHEREAS, on December 10, 2019, the Oakland City Council adopted Ordinance No. 13573 C.M.S. amending OMC Sections 5.04.480 and 5.04.481 to create a tiered and category-based tax structure for cannabis businesses; and

WHEREAS, the Emerald New Deal is sponsored by Equity InAdvance, a racial justice organization based in Oakland is endorsed by more than 40 local organizations, including the Black Cultural Zone, Ella Baker Center for Human Rights, Urban Strategies Council, Spiritwurz, Oakland Rising, and West Oakland Environmental Indicators Project. Community advocates who are leading the effort to mobilize city wide support, emphasize how significant the impact it will have on Oaklanders who are healing from the War on Drugs; and

WHEREAS, the Emerald New Deal Healing And Reparations Measure will not adopt or impose any new taxes and this Measure would provide for previously adopted and imposed taxes for cannabis business activities to remedy the harm caused by the War on Drugs; and

WHEREAS, revising the membership criteria and responsibilities of the Commission, and renaming it as the “END HARM Cannabis Regulatory Commission,” including for its members to include individuals directly impacted by incarceration associated with the War on Drugs, and to charge the Commission with responsibility to oversee expenditures of cannabis taxes among other responsibilities, will help remedy the negative impacts of the War on Drugs; and

WHEREAS, the War on Drugs has caused the destruction of families, communities, businesses, and neighborhoods and the devastation directly caused by the War of Drugs has not

been remedied and affected communities continue to suffer from the trauma and economic consequences of arrests and mass incarceration; and

WHEREAS, the funding allocations identified in this measure will provide much needed resources to areas of Oakland impacted by the War on Drugs; however, nothing in this measure suggests that this funding will resolve all of the impacts of the War on Drugs or the problems that plague underinvested impacted communities, and additional fiscal and legislative solutions are needed for a short and long term restitution, and

WHEREAS, the City Council recognizes that acknowledging the devastating effects of the War on Drugs is a starting point, and the Council should continue to pursue additional policies and funding to tackle the challenges of Oakland’s most impacted communities, and

WHEREAS, the City Council recognizes that the City’s cannabis equity operators continue to disproportionately face challenges managing their businesses, and additional administrative and financial support will help them overcome many of their challenges, and

WHEREAS, more detailed program descriptions will be developed by the END HARM Cannabis Regulatory Commission in their strategic plan and through the detailed grant and budget recommendations that they advance to Council for adoption, and

WHEREAS, cannabis business tax revenue is currently absorbed into the city’s general fund without sufficient transparency or accountability for how funds are used to benefit cannabis equity operators, and the proposed charter amendment will implement a more transparent and accountable process for direct allocation of funds to the benefit of Oakland’s cannabis equity operators, and

WHEREAS, the Oakland City Council recognizes that by investing resources into the neighborhoods and communities most impacted by the War on Drugs the entire City will be uplifted; now, therefore, be it

RESOLVED: the Oakland City Council finds and determines that the forgoing recitals are true and correct; and be it

FURTHER RESOLVED: the Oakland City Council hereby submits to the voters at the November 8, 2022 General Municipal Election a proposed amendment to the Oakland City Charter to add Article XVII that reads as follows:

ARTICLE XVII - THE EMERALD NEW DEAL HEALING AND REPARATIONS MEASURE

Section 1700. Title

This Charter Amendment may be referred to as the “Emerald New Deal Healing And Reparations Measure”.

Section 1701. Findings and Declarations

The People of the City of Oakland hereby find and declare:

- A. This Emerald New Deal Healing And Reparations Measure will not adopt or impose any new taxes. Rather, it provides for previously adopted and imposed taxes for cannabis business activities to be expended to remedy the War on Drugs, and revises and re-establishes the Cannabis Regulatory Commission as the END HARM Cannabis Regulatory Commission, to include individuals impacted by the War on Drugs to oversee these expenditures, among other responsibilities.
- B. Previously, the voters of the City of Oakland adopted and imposed taxes on cannabis business activities, which taxes are codified at Oakland Municipal Code Sections 5.04.480 and 5.04.481.
- C. The City of Oakland should use these existing taxes to be the first large city in the nation to dedicate cannabis business taxes to take decisive actions to begin to restore the lives and circumstances of individuals, families, communities, businesses, and neighborhoods that have been impacted by the War on Drugs.
- D. The War on Drugs has resulted in the pain and suffering of everyone in Oakland, not only the individuals that have been incarcerated, their families, communities, businesses, and neighborhoods, but also the wider community that experiences living in a city with increasing and visible numbers of unhoused, unemployed, and uncared for persons and families, vacant storefronts, and blighted neighborhoods.
- E. Oaklanders know we have a linked fate across color lines and communities, which means that the struggle of those that have been enveloped in the system of incarceration affects our entire City’s ability to meet our aspirations for a safe, secure, thriving, healthy, clean, inviting, just, and stable City.
- F. Oakland Statistics demonstrate the terrible impacts of the War on Drugs that this Emerald New Deal Healing And Reparations Measure will help to remedy:
 1. 12,665 Oaklanders have been arrested for crimes related to cannabis use between 1995 (the “beginning of the War on Drugs”) and 2015, with black people comprising 81% of those in the system. (*Equity Analysis and Proposed Medical Cannabis Ordinance Amendments, March 17, City of Oakland*)
 2. While stable housing is the foundation of successful reentry, formerly incarcerated individuals comprise a minimum of 25 to 50% of the Oakland homeless population, and formerly incarcerated black people have unemployment rates that are more than three times as high as white unemployment rates. +
 3. Sixty-seven percent of formerly incarcerated individuals were still unemployed or underemployed five years after their release.
 4. For families with an incarcerated loved one, the average debt incurred for court related fines and fees alone was \$13,607, almost one year’s entire annual income for families who earn less than \$15,000 per year. Additional costs not included in this figure are for phone calls, for supplies from prison-preferred vendors such as

clothing or hygiene items, copays for medical care, per diem, and fees charged for money transfers and release cards. At least 45 fines and fees can be assessed from people exiting our local criminal justice system. (*Financial Justice Project of San Francisco: Criminal Justice Administrative Fees: High Pain for People, Low Gain for Government, 2018*)

5. Nearly 2 in 3 families (65%) with an incarcerated member were unable to meet their family's basic needs, including those for food.
6. Only 1 to 2 percent of students with incarcerated mothers and 13 to 25 percent of students with imprisoned fathers graduate from college. (*2013 Report from the American Bar Association*)
7. Deportations due to drug offenses, between 2007-2012, increased 22%. Of more than 260,000 deportations across the country during that time period, 25% involved cannabis. (*A Price Too High: US Families Torn Apart by Deportations for Drug Offenses June 2015*)

Section 1702. Purpose

The purpose of this Measure is to amend the Oakland City Charter to:

- (1) Establish the Emerald New Deal Fund, a fund of the City of Oakland for depositing and disbursing existing cannabis business taxes to provide community and economic development services and/or programs to address the racially inequitable impacts of the War on Drugs to individuals, families, and communities in our City;
- (2) Establish guidelines and provide direction for disbursement and allocation of the monies deposited into the Emerald New Deal Fund; and
- (3) Re-establish Cannabis Regulatory Commission as the "END HARM Cannabis Regulatory Commission," including with members who are individuals directly impacted by incarceration associated with the War on Drugs, as a commission of the City of Oakland to advise the Council on strategic investments of the Emerald New Deal Fund and other responsibilities.

Section 1703. Definitions

The following definitions govern the construction of this Article:

- A. "Cannabis Business Tax" means the existing taxes codified at Oakland Municipal Code Sections 5.04.480 and 5.04.481, which upon adoption of this Charter Amendment will become special taxes to be used for the specific purposes described herein, unless and until this Charter Amendment expires.
- B. "Cannabis Equity Assistance Program" means Oakland's strategies to promote equitable ownership and employment opportunities in the cannabis industry to address the disproportionate impacts of the war on drugs in marginalized communities of color, including the City's Equity Permit Program.
- C. "City" means the City of Oakland.

- D. “Communities Impacted by the War on Drugs” means people displaced upon reentry, and places that were most impacted by the racially inequitable impacts of the War on Drugs, including but not limited to impacts relating to arrest, conviction, incarceration, and migration caused by political and economic destabilization under United States foreign policy.
- E. “Emerald New Deal Fund” means the restricted fund in the City Treasury in which the proceeds of the Cannabis Business Tax are deposited to be used solely for the purposes specified in this Measure.
- F. “Families Impacted by the War on Drugs” means the relations necessary to sustain relationships, housing, jobs, and other basic needs for survival for individuals most impacted by the racially inequitable impacts of the War on Drugs, including but not limited to impacts relating to arrest, conviction, incarceration, and migration caused by political and economic destabilization under United States foreign policy. Examples of “family” may include, but are not limited to: all persons related to those incarcerated, whether by blood relation, marriage, partnership, adoption, guardianship, parental, extended kinships and other intimate association; and those persons providing subsistence, including housing, caregiving, transportation, childcare, and basic personal needs assistance that is not paid for by the formerly incarcerated person or family members as described. Cohabitation is not a requirement in the determination of “family”.
- G. “Individual Impacted by the War on Drugs” means a person impacted by the racially inequitable impacts of the War on Drugs, including but not limited to impacts relating to arrest, conviction, incarceration, and migration caused by political and economic destabilization.
- H. “Neighborhoods Impacted by the War on Drugs” means the historically redlined geographic areas most impacted by the racially inequitable impacts of the War on Drugs, including but not limited to impacts relating to arrest, conviction, incarceration, migration caused by political and economic destabilization. These areas are defined by the following 2010 census tracts: 4014, 4015, 4016, 4017, 4018, 4022, 4024, 4025, 4028, 4030, 4031, 4054.01, 4054.02, 4058, 4059.01, 4059.02, 4060, 4062.01, 4062.02, 4063, 4066.02, 4071.01, 4071.02 4072, 4074, 4075, 4085, 4086, 4087, 4088, 4089, 4091, 4092, 4093, 4094, 4095, 4096, 4097, 4101, 4102, 4104, 4104, and 4105.

To further identify the “Neighborhoods Impacted by the War on Drugs”, a focus on the red colored sections of the Oakland Redlined Map of 1932 can be used. This map demonstrates the discriminatory practice of denying financial loans and support to predominantly black neighborhoods and launching a series of racially based disinvestment in geographic areas and neighborhoods, setting the foundation for what transpired during the war on drugs.

- I. “END HARM Cannabis Regulatory Commission” means the new City of Oakland Commission responsible for determining how, to what extent, to whom, and which services and programs will be funded to address some of the impacts from the War on Drugs, as established by this Charter Amendment.

- J. “War on Drugs” means the global, state, and local campaigns waged by the United States federal government, state governments, and local governments—through civil, criminal, quasi-military, and military actions—on the production, distribution, and use of legal and illegal drugs.

Up to fifty percent (~~50~~40%) of available funds may be allocated to private, non-profit, and public agencies, following an open and fair application process, to support existing or emerging programs that benefit Individuals Impacted by the War on Drugs and Neighborhoods Impacted by the War on Drugs, pursuant to the Strategic Investment Plan. - b. This report will include an analysis of which laws and policies of the City of Oakland have advanced and continue to advance the War on Drugs. This report will seek to identify causes of racial disparities related to the War on Drugs.

The Strategic Investment Plan will include both general procedures for project sponsors to initiate a project as well as identify an implementation schedule and the programming of funds' availability based on successful calls for projects.  - ii. The Strategic Investment Plan will give preference to organizations that practice high standards for workers' rights. Greatest preference will be given to organizations that have a current collective bargaining agreement with the union that represents their employees and organizations whose

lowest paid hourly workers are compensated at a rate no lower than the living wage calculated by the Living Wage Calculator developed by Dr. Amy K. Glasmeier for the Massachusetts Institute of Technology, or similar living wage calculation.

- A. The City’s Chief Financial Officer shall file a report with the City Council no later than January 1, 2024, and at least once a year thereafter. The annual report shall contain the amount of funds collected and expended, and the status of any project required or authorized to be funded. A separate special restricted fund, referred to as the Emerald New Deal Fund, shall be created, into which the proceeds of the tax must be deposited.
- B. The City Auditor shall release in December of even years an audit of the Emerald New Deal Fund to ensure accountability and proper disbursement of the revenue, in accordance with the objectives stated herein and in compliance with provisions of California law.

Section 1708. General Fund Protections

During an extreme financial crisis, the City Council may choose to allocate the entirety of the Cannabis Business Tax revenues for the most recently completed quarter to the City’s General Purpose Fund (“General Purpose Fund Protection Allocations”). City Council shall first verify the extreme nature of any such financial crisis by approving a published report from the City’s Finance Department finding that the three consecutive, most recently completed quarters each had 10% negative growth in General Purpose Fund revenue in addition to an economic forecast that does not identify positive growth in General Purpose Fund revenue within the subsequent (current) quarter. Negative growth shall be calculated as compound negative growth. After initially invoking this Section, City Council must verify quarterly by approval of subsequent quarterly reports published by the Finance Department the continuation of the extreme financial crisis by verifying that General Purpose Fund quarterly revenues have not increased to an amount greater than the lowest of the three quarters initially identified upon the identification of an extreme financial crisis in order to allocate the entirety of subsequent quarters’ Cannabis Business Tax to the General Purpose Fund. Initial and subsequent General Purpose Fund Protection Allocations may only be authorized at regular meetings of the City Council.

Section 1709. Expiration and Reauthorization

The Emerald New Deal Act shall expire after 40 years, unless extended by the voters. Years 21-40 shall only become effective upon affirmative vote of the City Council to do so. After expiration of the this Charter Amendment, Cannabis Business Taxes thereafter received shall not be deposited

into the Emerald New Deal Fund, but the City and the END HARM Cannabis Regulatory Commission shall continue to implement this Charter Amendment until the monies in the Emerald New Deal Fund are exhausted.

Section 1710. Severability.

Should any provision of this Charter Amendment, or its application to any person or circumstance, be determined by a court of competent jurisdiction to be unlawful, unenforceable or otherwise void, that determination shall have no effect on any other provision of this Charter Amendment or the application of this Charter Amendment to any other person or circumstance and, to that end, the provisions hereof are severable.

Section 1711. California Environmental Quality Act.

The City Council hereby determines that this Charter Amendment is not in-and-of-itself a "project" pursuant to the California Environmental Quality Act, Public Resources Code section 21000 et seq., including without limitation pursuant to CEQA Guidelines Section 15378(b)(4), as this Charter Amendment constitute fiscal activities that do not commit the City to any particular project that may result in a potentially significant physical impact on the environment, and Section 15061(b)(3), as it can be seen with certainty that there is no possibility that the adoption of the Charter Amendment itself may have a significant effect on the environment.

Section 1712. Approval; Effective Date

This Charter Amendment, and all the provisions thereof, shall become effective only upon affirmative passage by a two-thirds majority vote of the voters voting on the Charter Amendment, pursuant to Article XIII C, section 2(d) of the California Constitution. This Charter Amendment shall be considered adopted on the date that the City Council declares the results of the election at which it was voted upon and shall be effective ten days thereafter.
