RECOMMENDATION

Staff Recommends That The City Council Adopt An Ordinance Amending Chapter 12.64 Of The Oakland Municipal Code (OMC), Park And Recreation Area Use Regulations, Section 12.60.020 Of The OMC, Bicycle Operation Rules-Violations-Penalty, And Section 1.28.020 Of The OMC, Violations As Infractions, To Make Various Changes To Park Rules And Signage; And Determining That The Actions Authorized By This Ordinance Are Exempt From The California Environmental Quality Act.

REASON FOR SUPPLEMENTAL

At the November 13, 2018 Life Enrichment Committee meeting, staff was directed to return to committee with the following:

1. Correct clerical error under Section 12.64.300 Subsection G and other impacted code 12.64.291 and 12.64.310
2. Provide rendition of new park sign
3. Clarify how to measure the 100-foot distance of non-amplified sound
4. Provide options to bring back park rangers for code enforcement

ANALYSIS AND POLICY ALTERNATIVES

1. Staff corrected clerical error under Sections 12.64.300, 12.64.291 and 12.64.310 as documented on revised ordinance.
2. A color rendition of the improved park welcome sign is included as **Attachment A**.
3. Clarify how to measure the 100-foot distance of non-amplified sound.

OMC Section 12.64.120 currently provides that "no person shall operate, or permit the operation of, any sound amplification system (including portable or car audio equipment) so that sound can be heard fifty (50) or more feet away from the source in any park within the city, except upon the issuance of a permit therefor..." Edits were proposed to address non-amplified sound as the existing ordinance was silent on the subject. The recommendation to amend the distance from which to measure sound in parks from 50 to 100-feet was intended to provide a more generous level of allowed sound while still encouraging courteous and respectful use of parks.

At the November 14, 2018 PRAC meeting, the Park and Recreation Advisory Committee (PRAC) discussed the supplemental request from City Council and the complexity of Section 12.64.120 Park noise regulation. The PRAC remain in agreement that a 100-foot distance is a fair way to quantify sound in parks and believe the measurement is culturally sensitive and respectful of park goers and neighbors alike. For reference, a visual measurement of 100-feet is six full-size vehicles parked end-to-end.

The PRAC recognizes the difficulty of measuring sound at an exact distance and especially in an open-air environment. Depending on the geographical features of the park, environmental influences, and whether sound is created by voice, radio, or musical instrument greatly impacts how sound travels. The distance sound travels in the meadow area of Joaquin Miller Park may be less because the location is in a recessed valley bordered by trees, while the sound at the Lake Merritt Pergola may be amplified by the waters of Lake Merritt and extend beyond the immediate use area into neighboring communities. Time of day also affect how sound is heard. During a quiet morning, sound may be heard further from the source as there is less ambient noise. Similarly, during peak traffic hours or heavy patron use times the distance a specific sound is heard will be diminished by competing noise. Several alternate policies were discussed and rejected as each relied on measuring sound at a specific distance.

Given the difficulty of measuring sound in an open-air environment, an alternate policy for consideration is to limit revisions to Section 12.64.120 – *Park Noise Regulation* to technical edits as described below. OMC Chapter 8.18 – *Nuisances (Attachment B)* regulates noise within the City generally.

12.64.120 - Park noise sound regulation.

No person shall operate, or permit the operation of, any sound amplification system (including portable or car audio equipment) so that sound can be heard fifty (50) or more feet away from the source in any park within the city, except upon the issuance of a permit therefor by the Director of Parks, Recreation and Cultural Affairs and payment of the fee specified in the master fee schedule.

Permits issued by the Director for the operation of a sound amplification system shall specify the location of any ~~bandstand~~ and the position of each loudspeaker, amplifier or public address system ~~shall be as specified by the said Director~~ so as to minimize, to the extent practicable, the amount of amplified sound to be audible in adjacent residential properties. Except as authorized by the Director, No loudspeaker shall be permitted to be placed in a public park within three hundred (300) feet of any residential structure. ~~In no event nor shall~~

a permittee cause amplified sound to exceed eighty (80) decibels at any boundary of the park in which amplified-sound is being produced.

~~Estuary Park and Duck Pond Stage area of Lakeside Park may be exempted from these requirements if and only if the following findings are made by the Director of Parks, Recreation and Cultural Affairs:~~

~~A. The permittee has no prior history of events in parks which includes verified, unresolved complaints of excessive noise, poor security and crowd control, and/or poor parking control;~~

~~B. The applicant has met and conferred with local residents and developed a specific event plan to meet the expressed concerns of said local residents; and~~

~~C. The applicant has paid all required fees and deposits for the event in question, and has met all additional regulatory requirements which may apply to the event in question.~~

4. *Options To Bring Back Park Rangers For Code Enforcement*

A Ranger is a peace officer with the primary duty of preservation and protection of park property. The Ranger Unit was created in 1946 under the jurisdiction of the Oakland Park Commission. In 1971, the Ranger Unit moved to the newly formed Office of Parks and Recreation and in 1992 was relocated to the Oakland Police Department (OPD).

In 2000, OPD Ranger Section had 21 authorized positions of which 18 were filled. The training received at the Police Academy and during Field Training are identical for both Ranger and Police Officer and many Rangers who successfully completed their first year were offered the opportunity to laterally convert to the position of an Oakland Police Officer resulting in 14 Rangers actively patrolling Oakland parks.

In 2001, there were 11 Rangers available to enforce the rules and regulations of Oakland's parks. Due to budget cuts and attrition by the end of 2005 the Ranger Unit had eight budgeted Ranger positions of which four were filled and in 2009 the Ranger Unit consisted of two Rangers.

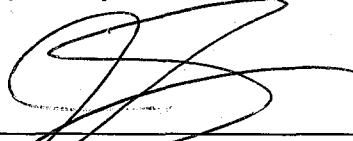

The Ranger Unit was eliminated in 2010 ending 64 years of Ranger service to Oakland's parks, recreation and open space areas. The estimated cost to reinstate a Ranger is a fully burdened hourly Step 1 rate of \$49.74 or annual salary of \$103,463.00 based on the current salary ordinance and FY 18-19 Retirement and Fringe Benefit rates.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt an Ordinance amending Chapter 12.64 of the Oakland Municipal Code, Park and Recreation Area Use Regulations, Section 12.60.020 of the Oakland Municipal Code, Bicycle Operation Rules-Violations-Penalty, and Section 1.28.020 of the Oakland Municipal Code, Violations as Infractions, to make various changes to park rules and signage; and determining that the actions authorized by this ordinance are exempt from the California Environmental Quality Act.

OMC Chapter 8.18 - Nuisances

Sections:

8.18.010 - Excessive and annoying noises prohibited.

A. It is unlawful for any person to create or allow to be created any excessive or annoying noise as defined herein. Any violation of the regulations specified herein shall be punishable as an infraction.

B. Definitions.

"Annoying noise" means noise with a repetitive pattern, shrill frequencies, and/or static-like sounds, including loud music and noise attributable to, but not limited to, leaf blowers, alarms, engines, barking dogs, and other animals.

"Excessive noise" means any unnecessary noise which persists for ten minutes or more; such period of noise need not be witnessed by enforcement personnel if the occupants of two or more separate housing or commercial units certify that they have experienced such period of noise and describe with particularity the source.

C. Excessive and Annoying Noises a Nuisance. The following acts, and the causing or permitting thereof, shall be considered disturbing the peace and shall constitute an infraction.

1. Mechanical or Electronic Devices. Using any mechanical or electronic device for the intensification of any sound or noise into the public streets which produces excessive or annoying noise;
2. Vehicular Attachments. Attaching any accessory or device to any vehicle which results in the creation of unnecessary noise;
3. Advertisement. Using any instrument, whistle, drum, bell, or making any other unnecessary noise for the purpose of advertising, announcing, or otherwise calling attention to any goods, wares, merchandise, or to any show, entertainment, or event. The provisions of this section shall not be construed to prohibit the selling by outcry of merchandise, food, or beverages at licensed sporting events, parades, fairs, circuses or other similar licensed public entertainment events;
4. Animals and Birds. Owning, possessing, or harboring any animal or bird which howls, barks, meows, squawks, or makes other annoying noises continuously and/or incessantly for an unreasonable period of time so as to create a noise disturbance across a real property line. For the purposes of this chapter, the animal or bird noise shall not be deemed a noise disturbance if a person is trespassing or threatening to trespass upon private property in or upon which the animal or bird is situated, or is using any other means to tease or provoke the animal or bird. This provision shall not apply to public zoos;
5. Emergency Signaling Device. The intentional sounding or permitted sounding outdoors of any fire, burglar, or civil defense alarm, siren, whistle, or similar stationary emergency signaling device not in compliance with subsection (C)(5)(a) or (b), unless occurring for emergency purposes:
 - a. The testing of a stationary emergency signaling device shall not occur before seven a.m. or after seven p.m. Any such testing shall use only the minimum cycle test time, in no case shall such test time exceed sixty (60) seconds.
 - b. The testing of the complete emergency signaling system, including the functioning of the signaling device, and personnel response to the signaling device, shall not occur more than once in each calendar month. Such testing shall not occur before seven a.m. or after ten p.m. The time limit specified in subsection (C)(5)(a) of this section shall not apply to such complete system testing;
6. Stationary Nonemergency Signaling Devices. Sounding of any electronically amplified signal from any stationary bell, chime, siren, whistle, or similar device, intended primarily

for nonemergency purposes, from any place, for more than ten seconds in an hourly period. Churches, schools, and bell towers shall be exempt from the operation of this provision;

7. Burglar or Fire Alarm. Sounding of any exterior burglar or fire alarm or any motor vehicle burglar alarm which is not terminated within fifteen (15) minutes of activation;
 8. Loading and Unloading. Loading, unloading, opening, closing, or other handling of boxes, crates, containers, building materials, refuse, or similar objects between the hours of nine p.m. and six a.m. in such a manner as to cause a noise disturbance across a residential property line or at any time to violate the applicable noise provisions of the Oakland Planning Code;
 9. Domestic Power Tools, Machinery. Operating or permitting the operation of any mechanically powered saw, sander, drill, grinder, lawn or garden tool, or similar tool between nine p.m. and six a.m. so as to create a noise disturbance across a real property line or at any time to violate the applicable noise provisions of the Oakland Planning Code;
 10. Sensitive Uses. Creation of any noise within or adjacent to a hospital or medical care facility, nursing home, school, court, day care, church, or similar facility, so as to interfere with the functions of such activity;
 11. Noise resulting from construction and demolition activities, the operation of commercial refrigeration units, air conditioning systems, compressors, commercial exhaust systems, ventilation units, and other commercial or industrial noises associated with land use activities, shall be regulated pursuant to standards contained within the noise regulations of the Oakland Planning Code.
- D. Noise Enforcement Procedures. If it is determined that a noise in violation of this chapter exists, the following procedures shall be followed:
1. A written or verbal warning shall be issued by the investigating official or his or her agent to the person(s) responsible for the event causing the noise disturbance.
 2. If the noise disturbance persists for more than fifteen (15) minutes following the issuance of a written or verbal warning, or recurs within a one-week period from the issuance of such warning, then the person responsible for the event causing the noise disturbance shall be guilty of a violation of this chapter.
- E. Violations and Penalties—Public Nuisance.
1. Any person who violates or causes or permits another person to violate any provision of this chapter is subject to, but not limited to, fines and penalties specified in Chapter 1.28 of this code and civil penalties and administrative citations authorized pursuant to Chapters 1.08, 1.12 and 1.16 of this code.
 2. In addition to the penalties herein provided, any condition caused or permitted to exist in violation of any of the provisions of this chapter is a threat to the public health, safety and welfare, and is declared and deemed a public nuisance and shall be punishable as such.
- F. Continuing Violation. Unless otherwise provided, a person shall be deemed guilty of a separate offense for each and every day during any portion of which the violation of this chapter is committed, continued or permitted by the person and shall be punished accordingly as herein provided.
- G. Remedies not Exclusive. Remedies under this chapter are in addition to and do not supersede or limit any and all other remedies, civil or criminal. The remedies provided for herein shall be cumulative and not exclusive.
- H. Severability. If any part or provision of this chapter or the application thereof, to any person or circumstance is held invalid, the remainder of the chapter, including the application of such part or provision to other persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end the provisions of this chapter are severable.

(Ord. 11894 § 2, 1996: prior code § 3-1.01)

8.18.020 - Persistent noises a nuisance.

The persistent maintenance or emission of any noise or sound produced by human, animal or mechanical means, between the hours of nine p.m. and seven a.m. next ensuing, which, by reason of its raucous or nerve-racking nature, shall disturb the peace or comfort, or be injurious to the health of any person shall constitute a nuisance.

Failure to comply with the following provisions shall constitute a nuisance.

- A. All construction equipment powered by internal combustion engines shall be properly muffled and maintained.
- B. Unnecessary idling of internal combustion engines is prohibited.
- C. All stationery noise-generating construction equipment such as tree grinders and air compressors are to be located as far as is practical from existing residences.
- D. Quiet construction equipment, particularly air compressors, are to be selected whenever possible.
- E. Use of pile drivers and jack hammers shall be prohibited on Sundays and holidays, except for emergencies and as approved in advance by the Building Official.

Whenever the existence of any such nuisance shall come to the attention of the Health Officer, it shall be his or her duty to notify in writing the occupant of the premises upon which such nuisance exists, specifying the measures necessary to abate such nuisance, and unless the same is abated within forty-eight (48) hours thereafter, the occupant so notified shall be guilty of an infraction, and the Health Officer shall summarily abate such nuisance.

(Prior code § 3-1.02)

8.18.030 - Noises—Exceptions.

Nothing in Sections 8.18.010 and 8.18.020 shall apply to the playing of music by a band or the blowing of a bugle, or the announcing of any show, entertainment, or event upon the public streets for which band music, bugle blowing or privilege or announcing, the Chief of Police of the city has granted a special permit specifying the time and place when and where such music may be played or such bugle blown, or shall apply to the blowing of any whistle or horn or the ringing of any bell or other noise necessary as a vehicular or pedestrian traffic warning or signal; or to any regularly licensed peddler calling his or her wares in an ordinary tone of voice, or ringing a bell or blowing a horn of moderate size in front of the residence of any customer of such peddler for the purpose of announcing the presence of such peddler; or to any public celebration or public function on a public holiday or other public occasion generally celebrated.
