SUMMARY

The resolution authorizes the City Administrator to amend, extend, and execute a contract with Motorola, Inc. to provide maintenance, repair, and technical support services for the Police Department's wireless network equipment. The wireless network equipment permits the Mobile Data Computers in the patrol vehicles communicate with each other, send/receive information to/from the Computer Aided Dispatch (CAD) system, and access Alameda County criminal databases and state DMV files.

FISCAL IMPACTS

Funding for the contract period of April 1, 2005 through March 31, 2006 is available in the Police Department's General Fund 1010, in Organization 103510, Account No. 54612, Program PS01. KEY ISSUES AND IMPACTS

The proposed resolution will permit OPD to continue receiving service support from Motorola technicians under the same terms as the current agreement. These services / products include over-the-phone technical support 24hours/day, 7 days/week, with onsite service as required; software upgrades; hardware maintenance on an as-needed basis - - with free replacement parts if needed; all software and hardware repair of patrol car wireless modems (free replacement parts if needed).
