As a resident of Oakland I have always had the love of cannabis. I've been a medical marijuana patient since 1999. Please consider this letter as my formal application presenting my background, education and work experience. I was born and raised in Oakland Ca. Growing up in Oakland and attending Oakland public school I was one of those kids in after school programs. The parks free lunch was also a program I attended. I'm seeing these types of programs being cut slowly. The result of that is crime, kids hanging out and the community not having a relationship with itself. Having worked for 3 cannabis clubs in Oakland at all levels. The money that is being produce is not making it back to the community. My professionalism, intelligence and drive to be successful in any endeavor I take on would be asset in this position. I enjoy working with the public.
