Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

To Whom It May Concern, My name is Daniel Ettlinger and i have been a life long resident of Oakland California. I attend an Oakland elementary school and eventually went to Cal State East Bay, which I received a degree in Political Science. I have also decided to raise my own family here in Oakland. I have two small children 4 and 6 years old that attend Oakland public schools. With a soon to be second grader and kindergartner I have a lot invested in the success of the Oakland public school system. I am very passionate about education and hope to help all Oakland kids obtain quality education. For the past nine plus years I have worked at the University of California Berkeley as a Research Administrator. What my job entails is working with professors who are seeking grant funding for the research. This includes developing a budget and making sure the professor is in compliance with different sponsor regulations. I have worked with state, federal, and non-profit sponsors who provide UCB grant money. In my job I have unique understanding of the grant world and feel that my expertise can help while working in city government. I have made the choice to stay in Oakland because this is a place I love and care for. Well there are many great things that Oakland has going for them there is still much work to be done. I hope that I can be a part of it. Thank you for your consideration. Sincerely, Daniel Ettlinger

Experience as a parent of children in OUSD schools – My son was born in August of 2011 and July of 2013, they both are at Glenview Elementary. They both went to a pre-school in Oakland I have reached out to a group called BANANAS and they work with Head Start when I was looking for pre-schools and applied for Head Start. Just recently started taking a more active role at my kid's school. Just last year they were looking for a new Principal and I've been attending the meetings with regard to the new Principal Search. I'm attending the new Dad's Club at the school. As the kids grow up, I feel it is important for your kids to see you participate in your community. I've decided to raise my kids here in Oakland and I'm invested in Oakland. Our family has attended all the National Night Outs throughout the years. I'm attending some of the meetings which I find out about through NextDoor social site. Growing up I was a grants intern at the San Francisco Foundation as well as the Oakland Mayor's Summer Job program and the Youth Court Program My projects included grant-making for different organizations, but we all had internships (Oakland Mayor's Program) as well and I would help Daryll pick up shoes and ties from the Men's Warehouse to help youth prepare themselves for interviews and resumes that they would submit to big employers like the Alameda County Fair etc. There was a process in our grant-making including discussion on stigma for the needle exchange program. I'm looking to help other young people participate in diversion programs and youth enrichment programs such as those that I benefitted from as a young person. I've done local campaigning for candidates for local state senate and assembly For me, better jobs and education is a mechanism to help strengthen Oakland With the youth in Oakland, we should ensure that programs are benefiting youth who are up and coming and working class families of Oakland. Those are the biggest factors for me personally in terms of granting funds to organizations, they're impact in these ways and others. On violence prevention in Oakland – Our family has attended all the National Night Outs throughout the years and they are important for community building and safety awareness. I'm attending some of the meetings which I find out about through NextDoor social site. In the past with the youth court/violence prevention diversion program is so important for young people to be engaged in and so that they are not system-involved at an early age. We need to give them supports for healthy development. This is where youth programs comes in and is so crucial as well as the Economic Dev't that assists young people with obtaining youth jobs, all of this ties in and assists with violence prevention.

Service on City of Oakland boards, commissions, and committees may require filings of the FPPC's Statements of Economic Interest (Form 700). Upon appointment and determination of filing status, I will comply with all filing obligations.

**RE: Oakland Housing Authority Board of Commissioners Appointment to
the Community Police Advisory Board**

Dear Mayor Schaaf:

The Oakland Housing Authority Board of Commissioners voted unanimously to appointment Erica Parker to the Community Police Advisory Board (CPAB). The appointment by the OHA Board was made in July of 2018, but the referral letter was mistakenly not sent at that time.

Ms. Parker is a West Oakland resident, and her recommendation to the CPAB is largely due to her spirited deportment, her balanced view of community as well as law enforcement, and her commitment to serving the community. This has been evidenced through the time she spent as a member of the Oakland Housing Authority Resident Advisory Board, an employee the Authority Family & Community Partnerships Department, and a leader in her community of Campbell Village.

Attached please find Resolution No. 4825 adopted by the Oakland Housing Authority Board of Commissioners appointing Ms. Parker. You can reach Ms. Parker at 510-587-5113, or via email at eparker@oakha.org. If you need any further information please contact me at 510-874-1510 or via email at ejohnson@oakha.org.

Sincerely,

Eric Johnson

OAKLAND CITY COUNCIL

RESOLUTION NO. 79235 C.M.S.

FILED
OFFICE OF THE CITY CLERK
OAKLAND

INTRODUCED BY COUNCILMEMBER _____

2005 APR 13 PM 6:24

RESOLUTION AMENDING RESOLUTION NO. 72727 C.M.S., WHICH IMPLEMENTED THE CITY OF OAKLAND'S COMMUNITY POLICING POLICY, TO PROVIDE A STRUCTURED APPROACH TO COMMUNITY INVOLVEMENT

WHEREAS, the people of Oakland require that their municipal government provide police services in the manner calculated to best insure public safety; and

WHEREAS, for the last two decades cities and police departments across the United States have adopted strategies to reduce reliance on 911-response policing and instead utilize approaches known as "Community Oriented Policing," "Problem Oriented Policing," or "Community Policing;" and

WHEREAS, the experience of the police departments which have adopted community policing strategy demonstrates the effectiveness of this approach in both reducing crime levels and increasing public sense of safety; and

WHEREAS, the Oakland Police Department has been a pioneer in the development and utilization of community policing strategies through such programs as Beat Health, Neighborhood Watch, and Home Alert; and assuming a leadership role in comparable efforts by the Oakland Housing Authority; and

WHEREAS, on June 11, 1996 the City Council of the City of Oakland passed Resolution No. 72727 to implement the community policing program in the City of Oakland and this Resolution was subsequently amended by Resolution No. 73185 C.M.S on December 17, 1996 and by Resolution No. 73916 C.M.S. on November 4, 1997; and

WHEREAS, community policing creates a working partnership between the community and the police to analyze neighborhood problems, set priorities, develop strategies, and work together to improve the quality of life in our neighborhoods; and

WHEREAS, community policing focuses on issues of ongoing public concern rather than specific incidents as reported; and

WHEREAS, community policing employs a comprehensive City inter-departmental approach to solving neighborhood problems; and

WHEREAS, community policing assists in the empowerment of neighborhoods by relying on the organization of people in our communities to identify problems, prioritize concerns, and develop solutions which are implemented through the cooperation and collaboration of neighborhood residents, public employees, and public officials;

NOW THEREFORE, the City Council of the City of Oakland hereby adopts the following policies for the implementation and institutionalization of community policing:

Section 1 - Title and Philosophy

- 1.1 This program shall be known as the Community Policing Program of the City of Oakland.
- 1.2 Four principles govern the Community Policing Program of the City of Oakland:
 - 1.2.1 Its purpose is to reduce crime, enhance public safety, and to improve quality of life.
 - 1.2.2 It is a peer level partnership between the community, the Police Department, and other city agencies.
 - 1.2.3 In contrast to the 911 emergency response system, it addresses long term, chronic problems using proactive, collaborative problem solving methods.
 - 1.2.4 It fosters a geographically based crime prevention effort on three levels: at the block level, at the neighborhood level, and at the citywide level.
- 1.3 Community policing is hereby reaffirmed as the public safety policy and philosophy of the City of Oakland.

Section 2 - Police Beats

- 2.1 *Police beats shall conform as nearly as possible to the natural boundaries of neighborhoods and communities in the City of Oakland, taking into account historical neighborhood boundaries, natural boundaries such as streams, artificial boundaries such as major thoroughfares and highways, shopping and commercial districts, and public school attendance areas. The beat boundaries shall be reviewed from time to time to accommodate the natural evolution of population and neighborhood boundaries.*
- 2.2 Each police beat should, to the extent feasible, contain between 5,000 and 7,000 residents.

Section 3: Block Level Organization

- 3.1 Home Alert is the block-level component of the City's Community Policing Program.
- 3.2 Home Alert will recruit and engage residents in crime prevention and problem solving through block-level organizing.
- 3.3 Home Alert Groups shall, to the extent safe and reasonable, strive to include representatives from each address on the block.
- 3.4 City Staff will partner with Home Alert Groups regarding issues of block health and safety. Home Alert Groups shall cooperate actively with police officers and other city staff and interested individuals and organizations to improve the quality of life on their blocks.
- 3.5 Once a year there will be a citywide meeting of Home Alert captains.
- 3.6 The Home Alert Coordinator will oversee the Home Alert Program and shall be a non-

sworn employee of the police department working under the supervision of the Neighborhood Services Manager.

3.7 The Neighborhood Services Manager will determine the specific duties of the Home Alert Coordinator.

3.8 The city shall encourage Home Alert captains and members to participate in neighborhood-level and citywide-level components of the Community Policing Program.

Section 4 - Neighborhood Level Organization

4.1 Neighborhood Councils (also known as Neighborhood Crime Prevention Councils or NCPCs) are the neighborhood-level component of the City's Community Policing Program.

4.2 A Neighborhood Council shall be established and maintained in each police beat.

4.3 Neighborhood Councils shall strive to include representatives of a variety of organizations sensitive to community needs and interests, such as, but not limited to, community organizations, service groups, Home Alert groups, church organizations, youth groups, labor unions, merchant associations, school parent-teacher organizations, as well as interested members of the community.

4.4 Neighborhood Councils shall meet regularly, as determined by their members, but at least quarterly.

4.5 Meetings of Neighborhood Councils shall be publicly announced.

4.6 All meetings of Neighborhood Councils shall be public. The Neighborhood Services Coordinators and Community Policing Officers shall be directed to attend meetings of the Neighborhood Council. Other city staff shall attend Neighborhood Council meetings when appropriate or as requested.

4.7 Meetings of Neighborhood Councils shall be democratically run, but need not conform strictly to Robert's Rules of Order.

4.8 The Neighborhood Council will, to the extent safe and reasonable, provide notice of meetings to all addresses in the police beat at least once each year.

4.9 Each Neighborhood Council shall adopt written bylaws to govern the conduct of its meetings. These bylaws must include a requirement for annual elections of any leadership positions, whether they are called officers, steering committee members, or other names. These bylaws shall be available to all residents of the police beat.

4.10 Neighborhood Service Coordinators, police officers assigned to the beat, and employees of other city departments shall meet with Neighborhood Councils to identify neighborhood concerns

regarding issues of public health and safety, establish priorities for law enforcement efforts, and develop strategies to resolve public health, safety, neighborhood improvement and revitalization, and other concerns.

4.11 Neighborhood Councils shall cooperate actively with police officers and other public employees and interested individuals and organizations to improve the quality of life in their neighborhoods, through such activities as involvement in litter and graffiti abatement, community patrols, providing supervision for youth recreation activities, monitoring problems at liquor stores, and other actions.

4.12 Neighborhood Councils shall be encouraged to establish a community center in each police beat in order to provide a regular place for their meetings and activities, a location for positive interaction between residents and police officers, and a center for the provision of activities and services to residents of that police beat. To the extent possible public facilities, which can accommodate a large range of activities, such as youth recreation and classes for adults, shall be utilized as community centers. The City Council shall solicit the cooperation of the Oakland Unified School District in making school facilities available for Neighborhood Council meetings without charge to the community.

4.13 An organized group may represent itself as a Neighborhood Council, and therefore representative of the citizens of that beat, only if that group is in compliance with Section 4 of this Resolution and has passed certification by the Community Policing Advisory Board (CPAB).

Section 5 – Citywide Organization

5.1 The Community Policing Advisory Board (CPAB) and the Home Alert Steering Committee (HASC) are citywide advocates for community policing, and help bring the block and neighborhood groups together as a citywide voice for community policing.

5.2 The Community Policing Advisory Board (CPAB) shall be comprised of the following fifteen appointees:

5.2.1 Three members appointed by the Mayor.

5.2.2 One Member appointed by each Councilperson (total of eight appointees).

5.2.3 One Member appointed by the Board of Commissioners of the Oakland Housing Authority

5.2.4 One member appointed by the Board of Trustees of the Oakland Unified School District.

5.2.5 Two members appointed by the Oakland Home Alert Steering Committee.

5.3 The Community Policing Advisory Board shall oversee, monitor, and report at least annually on the implementation of Resolution 72727 C.M.S. and provide recommendations to the Mayor, City Council, City Administrator, and Chief of Police on further steps necessary to carry out its objectives.

5.4 A member selected by the Board shall serve as the Community Policing Advisory Board Chairperson.

5.5 As part of its responsibilities for overseeing and monitoring the implementation of Resolution 72727 C.M.S., the Community Policing Advisory Board has the authority to establish a process to include documentation for certifying that Neighborhood Councils have been organized and continue to function in compliance with the requirements of this resolution. Should the Board discover that a Neighborhood Council is not in compliance, it has the authority to withdraw certification from that Neighborhood Council and require that it reorganize itself and reapply for certification.

5.6 The Board may hear and mediate disputes relating to a Neighborhood Council's compliance with Resolution 72727 C.M.S.

5.7 To facilitate the Community Policing Advisory Board in carrying out its duties, the Oakland Police Department will consult the Board before implementing policy, operational or organizational changes that will affect the functioning and operation of Community Policing as described in the provisions of Resolution 72727 C.M.S.

5.8 The City Administrator or his designated representative and Chief of Police shall attend advisory board meetings and provide the advisory board with all information it deems necessary to carry out its responsibilities.

5.9 The City Council shall provide the Community Policing Advisory Board with sufficient funding for its activities, including attendance at conferences, observation of community policing programs elsewhere in the country, and retaining consultants to assist it with its responsibilities.

5.10 The Home Alert Steering Committee (HASC) is an advisory group drawn from Home Alert participants and other interested residents to provide advice and feedback regarding the Home Alert Program. The HASC is sponsored by the Oakland Police Department.

5.11 The CPAB, HASC, Police Department and City Council will sponsor an annual citywide Community Policing Summit.

Section 6 – Neighborhood Services Coordinator

6.1 The City shall assign a Neighborhood Services Coordinator (NSC) to each community policing beat.

6.2 The Neighborhood Services Coordinator shall be a non-sworn employee of the police department working under the supervision of the Neighborhood Services Manager.

6.3 To the extent allowed by law Neighborhood Services Coordinators shall be residents of Oakland.

6.4 Neighborhood Services Coordinators shall receive sufficient training and supervision to adequately perform their duties.

6.5 The Neighborhood Services Coordinator shall have, but not be limited to, the following duties:

6.5.1 Organization of the Neighborhood Council for that community policing beat.

6.5.2 Assist the leaders of the neighborhood council to develop peer level partnerships with the police to solve problems.

6.5.3 Initiate contact with residents, block level organizations, merchant and community organizations of the beat for participation in crime prevention and community engagement efforts.

6.5.4 Working with the Neighborhood Council, other residents, police officers and employees of other city agencies and other institutions to establish priorities and develop and implement community policing strategies and other activities to improve the safety and health of the community.

6.6 The Neighborhood Services Manager shall determine the specific duties or job description of the Neighborhood Services Coordinators. The NSC job description shall be available to the public upon request.

Section 7 – Police Staffing

7.1 All City of Oakland police officers shall be trained in the philosophy and practice of community policing and problem solving.

7.2 Police officers assigned to each community policing beat shall be known as Community Police Officers. Community Police Officers shall focus their efforts on problem solving and quality of life improvement on their community policing beat, and shall not be routinely reassigned to 911 patrol or other non-community policing duties.

7.3 The City shall staff each police beat with community police officers, a minimum of one officer per police beat.

7.4 Assignments of Community Police Officers to beats shall be made for terms in accordance with Police Department policy. As a specialized assignment, they can remain in this assignment for six years with extensions of up to two years as approved by the Chief of Police. The city will negotiate applicable agreements with employee organizations to allow such six-year assignments.

7.5 Community Police Officers assigned to each beat shall work with any assigned Neighborhood Council and Neighborhood Services Coordinator in that beat to carry out the objectives established by the Neighborhood Council.

7.6 Specialized police units shall be decentralized to the extent possible in order to establish

continuity of services and relationships between police department personnel assigned to such units and community residents, community police officers, Neighborhood Councils, and Neighborhood Services Coordinators.

Section 8 – Implementation

8.1 The City Administrator or his/her designated agency head(s) shall be primarily responsible for the implementation of this program.

8.2 The implementation of this program shall require the cooperation of all city departments. The City Administrator shall establish an inter-departmental coordinating committee to insure the prioritization of community policing programs and activities by all relevant city departments and employees.

8.3 City staff shall work with other public agencies, the non-profit sector, and the business community to insure the successful implementation of this program.

ERICKA PARKER BIOGRAPHY

Ericka first entered Public Housing in 1999. She is a resident of Campbell Village and a single mother with a special needs toddler; she has been committed to giving her child a better life. With stable affordable housing, Ericka has been able to focus on her education and making sure her son, Mikell achieved success.

Ericka graduated from Cal State East Bay in December 2015, with a Master's Degree in Public Administration. Committed to community engagement and learning of opportunities from OHA, Ericka enrolled in the Jobs Plus Program. She applied and was hired as a Jobs Plus Program Office Assistant and Education Ambassador. Within a year she promoted to the position of Resident and Community Services Coordinator.

Her son Mikell graduated high school, attends a local community college, and is working part-time at a grocery store. Ericka attributes her family's success to having secure stable affordable housing with the Oakland Housing Authority. This allowed her to focus on being a good mother while pursuing her educational & employment goals, ultimately achieving her MPA.

During her tenure with the Authority Ms. Parker has volunteered and worked with the Oakland Housing Authority Police Department (OHAPD) on various Youth and Resident events. Her professionalism and commitment to excellence has caught the attention and admiration of OHAPD staff. "I enjoy my job as a Resident & Community Services Coordinator. It gives me a chance to give back to my community and allows me to assist our families on their journey of becoming self-sufficient."
