RE: Annual Status Report On The Implementation Of The Equal Access Ordinance For Fiscal Year 2006-2007

SUMMARY

This is an annual report that provides the City Council with detailed status information on compliance efforts for the Equal Access Ordinance.

FISCAL IMPACTS

This report is for informational purposes only.

BACKGROUND

The Equal Access to Services Ordinance, Oakland Municipal Code, Chapter 2.30, was adopted by Oakland's City Council on May 8, 2001. Its purpose was to remove language barriers that Limited English Proficiency residents may have in accessing City services. The Ordinance establishes the City Administrator's authority to advise the Council on issues related to the City's language access provisions.

The Ordinance mandates that Oakland must provide language access for residents who are limited or non-English speakers through (1) bilingual personnel in "public contact positions" throughout its agencies (Oakland Municipal Code Sec. 2.30.030) and (2) written outreach materials including brochures, program materials, forms, notices, applications, etc. (Oakland Municipal Code Sec. 2.30.050).

Because there are more than 125 languages spoken in Oakland, the Ordinance targets languages that have 10,000 or more Oakland residents who are limited English speakers. According to the 2000 U.S. Census Report, 37 percent of Oakland residents reported speaking a non-English language at home; 22 percent of Oakland residents reported speaking English less than "very well". Approximately 12% of the Spanish language population speak English "less than well." Within the Asian and Pacific Islander population (combined), 9.1% speak English "less than well." Based on the 2000 U.S. Census data, Spanish and Chinese (both Mandarin and Cantonese) meet the 10,000 resident threshold.

Item: _____
Finance and Management Committee
July 10, 2007

The Equal Access Ordinance is intended to be consistent with and supplement California's Dymally-Altorre Bilingual Services Act, Government Code 7290 *et seq.*, which requires state and local public agencies serving a substantial number of limited English-speaking people to provide services and materials in the language(s) spoken by those persons.

In a May 9, 2006 Finance and Management Committee meeting, Councilmember Pat Kernighan asked the Committee to initiate a Task Force to work on recommendations for implementing unrealized aspects of the Ordinance. The concerns included increasing the number of bilingual employees, completing Departmental compliance plans, and assessing program budget considerations.

At the June 12, 2007 Finance and Management Committee meeting, the Committee provided the following direction:

1. The Committee expects the Equal Access Ordinance to be implemented as is.
2. The Administration shall present the now delinquent Annual report on Equal Access to the Committee no later than the end of this legislative year, July 2007.
3. The Administration shall as a part of that report present a list for final approval of specific position, titles and targets, to focus on bilingual recruitment.
4. The Administration shall provide the Annual Department Compliance Plans called for in the 2001 Ordinance and originally due in 2002 and 2003 "no later than the first Finance Committee in September 2007" as well as an overall plan for recruitment.

KEY ISSUES AND IMPACTS

1. Written Translation of Materials (Oakland Municipal Code Sec. 2.30.050).

Since program inception, the translation service provider, International Contact, Incorporated, has translated approximately 1500 documents into Spanish, Chinese and Vietnamese. Between July 1, 2006 and May 31, 2007 the City had 229 requests for the translation of documents into Chinese, Spanish, Vietnamese and other languages. Of those, 188 documents were in Spanish, 178 in Chinese, 101 in Vietnamese, 6 in Korean and 3 in other languages (Attachment A).

The Office of Personnel Resource Management developed Employment Information pamphlets in English, Spanish, Chinese and Vietnamese. The pamphlets are available online and routinely included with job application information requests.

The subjects of the pamphlets include: The Civil Service Process-Explanation of Classified versus Unclassified Jobs; Open, promotional and restricted recruitments; Seniority Credit; Employee Benefits; Drivers License Requirements; Emergency Response Zone; Job Hot Lines; Equal Employment Opportunity Employer Notifications; and ADA Compliant Employer Notification.

2. Voice Translations and recorded telephonic message (Oakland Municipal Code Sec. 2.30.080)

In the immediate future the City plans to increase its translation capabilities by contracting for direct telephone translation service to supplement available public contact resources. Cityline, a multilingual telephonic system, provides departmental business information, working hours, locations, services offered, how to access the services and the availability of language services. In addition, the City provides seven hotlines to obtain multilingual assistance with Equal Access, Blight, Cultural Arts, Home Redevelopment, Drugs, Fireworks and Prostitution abatement. Between July 1, 2006 and May 31, 2007 the City responded to 111 translation requests (Attachment B).

3. Public meetings and hearings. (Oakland Municipal Code Sec. 2.30.070).

When requested, interpreters are made available for public hearings and meetings. The 48 hour turnaround for selection of an interpreter has proven difficult to meet. A more realistic timeframe may be five days.

During the reporting period, the City made a presentation during the Language Access Summit hosted by the Annie E. Casey Foundation. The City also made nine public service announcements in Spanish, Chinese, Vietnamese; one of which included a Korean language version. In addition, the City continues to provide Citizen Academies in English and Chinese languages. Spanish language academies have been provided in the past and more are planned.

4. Complaint procedures. (Oakland Municipal Code Sec. 2.30.090).

The Equal Access Office has developed a standard complaint form. It is provided in Spanish, Chinese and English and is available to all departments and online. The City has not received any complaints regarding language services to date. Future program plans include making complaint and other program related forms more broadly available in public locations.

5. Compliance Plans (Oakland Municipal Code Sec. 2.30.100).

Compliance Plans are intended to capture program related activity and address any barriers or obstacles that are found. Much of the information necessary for these reports has already been collected. Additional information will be collected, evaluated and presented in the September report.

6. Recruitment (Oakland Municipal Code Sec. 2.30.120).

In addition to the multilingual informational pamphlets mentioned above, the City has developed boilerplate language for all civil service recruitments with selective certification for specific languages. The language states:

“This is a public contact position. Bilingual skills in Spanish, Cantonese, Mandarin and Vietnamese are highly desirable in candidates who are considered to fill these vacancies. In keeping with Section 5.04¹ of the Civil Service Rules, eligible candidates whose names are certified to the hiring authority shall be the highest ranking candidates willing to accept employment and who possess bilingual skills in the languages noted above. Bilingual skills will be tested prior to final offer of employment.”

Language found in the “Additional Qualifications” section of the vacancy announcement states:

“Bi-Lingual skills in Spanish, Cantonese, Mandarin, and Vietnamese are highly desirable.”

This language is intended to welcome and attract applicants with bi-lingual skills.

Proactive efforts to notify and reach all facets of the community are now routine. Notice of every recruitment opened for a classified vacancy is provided to the community based organizations found in Attachment C. In addition, job recruitments are advertised through four foreign-language newspapers, Ming Pao-Mandarin/Chinese; El Mundo- Spanish; Sing Tao-Cantonese/Chinese; Saludos Hispanos-Spanish; and the Korea Times- Korean.

Language testing is being reviewed and adjusted for consistency in light of its impact on some test takers. The goal is a fair and workable product that is appropriately standardized. To date, three hundred and twenty (320) employees have been tested in Spanish, Cantonese, Mandarin and Vietnamese. Of those, 213 (66.5%) passed the test. There were 64 (20%) who failed the test and another 43 or 13.5% who experienced some technical difficulty during the administration of the test.

7. Public Contact Positions (Oakland Municipal Code Sec. 2.30.100).

The Ordinance states that: “Public Contact Position” (PCP) shall mean a position, whether of a clerical, service, professional or sworn nature, that emphasizes greeting, meeting, contact, or provision of information and/or services to the public in the performance of the duties of that position. A list of public contact positions is included as Attachment D.

¹ Section 5.04 – Selective Certification. The eligibles certified shall be the highest ranking eligibles willing to accept employment; provided, however that the appointing authority may list additional and special qualifications and experience or the nature of special assignments for the position, in specific departments. The reasons for such qualifications shall be stated, together with the notice that the appointing authority desires to pass over for appointment any eligibles who do not possess such qualifications. Such statement and notice must be approved by the Board and will be considered only when the reasons are sufficiently valid, and when other methods of certification would not be in the best interest of the City.

Staff worked with the Office of Personnel and other departments to more accurately identify PCP positions. Based on a recent internal survey, approximately 79.5% of all public contacts are in English. The remaining 20.5% are in other languages.

Among all public contact positions, approximately 212 positions are currently filled by a bilingual employee. In addition, there are approximately 139 employees who receive premium bilingual pay although they are not in designated Public Contact Positions.

In total, the City has approximately 351 bilingual staff available to assist the limited English speaking community. In response to the Committee's request relating to specific targeting, additional bilingual employee placement opportunities are found within the vacant public contact positions. Upon Council's approval of PCP positions, we will provide a list of all filled and vacant positions by Department along with the Annual Compliance Plans in September.

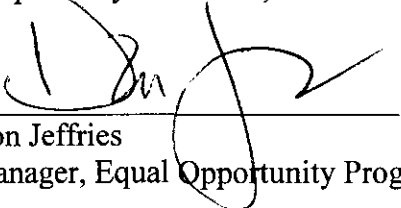

City Departments will provide sufficient staff and resources to support all program requirements. Departments will work closely with the Equal Access Office to coordinate on program related matters and be proactive in promoting the program.

Departments are to help ensure that signs are posted advising limited English speaking communities of the availability of bilingual services, materials, and personnel.

ACTIONS REQUESTED OF THE CITY COUNCIL

Staff recommends the Council accept this report.

Respectfully submitted,

Don Jeffries
Manager, Equal Opportunity Programs

Complaint Procedures

- Standard complaint forms in Spanish, Chinese, and English
- Available Online
- No complaints about language services

Compliance Plans

- Some information has already been collected
- More specific information is needed
- Results to be provided in September report

Recruitment initiatives...

- Multilingual employment information packages
- Boilerplate public contact position language
- Additional qualifications language
- Notice shared with community based organizations
- Language testing standardized

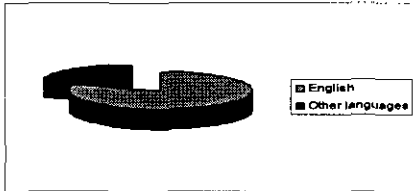

What is a public contact position?

- Ordinance: a position, whether clerical, service, professional or sworn nature, that emphasizes greeting, meeting, contact, or provision of information and/or services to the public in the performance of the duties of that position.

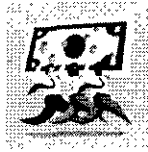

Survey results...

- o Internal survey indicates 79.5% of City contacts are in English.
- o Remaining 20.5% are in other languages.

Other available bilingual resources

- o City provides bilingual premium pay to 139 employees who are not in public contact positions.

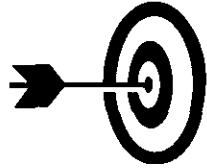

City's bilingual capability

- o 212 paid Public Contact positions
- o 139 paid bilingual employees
- o Total of 351 bilingual staff available

Targeted Placement Opportunities

- o Found among vacant public contact positions
