COUNCIL DISTRICT: City-Wide

REASON FOR SUPPLEMENTAL

At the Public Works Committee meeting held on February 13, 2013, the Committee directed staff to work with Alameda County (County) to investigate expanding the number of City of Oakland sites to be included in the Regional Renewable Energy Procurement (R-REP) solicitation.

OUTCOME

Staff discussed this subject with the County. The County agreed to allow contractors to submit proposals for any property owned by the City of Oakland. The County will create a bundle of City sites that have not been previously verified as viable. Also, the RFQ/RFP will be written such that qualified contractors may submit proposals for sites that are not identified in the R-REP solicitation. Such proposals will be considered by the City of Oakland.

For questions regarding this supplemental report, please contact Scott Wentworth, Energy Engineer, at (510) 238-3984.
