Job Title

Which Boards would you like to apply for?

City Planning Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I have been an Oakland resident for over 20 years. I grew up on the border of Berkeley and Oakland on Lewiston and went to St. Augustine's after kindergarten at John Muir. In addition to my roots, I'm a land use lawyer who understands how Planning Commissions need to work to get the necessary results for our city.

Please submit your resume or curriculum vitae. You may upload a document. (A Word format is preferred.) Alternatively, you may paste the text of your resume in the field provided below.

→ Jennifer E. Renk

Partner

Jennifer Renk is a partner in the Real Estate, Land Use and Environmental Practice Group in the firm's San Francisco office.

Areas of Practice

Jennifer's practice focuses on land use and environmental law, with particular expertise in the California Environmental Quality Act. She advises clients on the regulatory and political hurdles facing development projects across California, with an emphasis on commercial, residential, mixed-use, and high tech projects.

Over the course of her career, Jennifer has worked on a diverse range of projects, including Facebook's Menlo Park Headquarters, Jay Paul Company's Cityview project in Downtown San Jose, numerous mixed-use TOD projects, multi-family residential projects, and independent school projects.

Jennifer works in the firm's San Francisco and Palo Alto offices so that she can best serve clients pursuing entitlements around the Bay Area. She has helped clients entitle projects throughout the Peninsula, the East Bay, San Francisco, and beyond. Jennifer is a member of the Board of the Bay Housing Action Coalition, an organization dedicated to promoting housing policy and production throughout the Bay Area.

Prior to attending law school, Jennifer worked as District Director for U.S. Representative Ellen Tauscher. In that capacity, she devised the congresswoman's district strategy, served as her primary point-of-contact in the community, and advised her on land use, transportation, and other public policy issues. Before that, she worked for U.S. Senator Barbara Boxer in a number of capacities.

Jennifer's unique political experience serves clients navigating entitlement projects through highly politicized environments.
