RE: **Public Hearing on Assessment of Liens for Delinquent Business Taxes**

SUMMARY

Pursuant to Chapter 5.04 of the Oakland Municipal Code, all businesses operating within the City, unless exempt by city, state, or federal law, are subject to a Business Tax based on their classification of business activity. Taxes not paid in a timely manner are subject to penalties and interest. Delinquent accounts are subject to various collection enforcement actions including filing a lien against their real property.

On May 11, 2010, staff held an administrative hearing for delinquent Business Taxes and attempted to resolve any inconsistencies or inequities prior to the public hearing before the City Council. The administrative and public hearings are held only after all other procedural means to resolve unpaid Business Taxes have been exhausted.

Based on the outcome of the administrative hearing, staff is requesting placement of Business Tax liens on 3,704 parcels/properties (a list of delinquent accounts is available for review in the Office of the City Clerk, 1st floor City Hall) and authorizing the subsequent assessment for all fees and charges, should they remain unpaid at the time of submission to the County Assessor.

FISCAL IMPACT

The liens will be recorded against 3,704 parcels. The parcels' delinquencies represent \$5,002,553 in past due Business Taxes. Failure to place liens will result in a loss of \$5,187,753 to the General Fund. The additional revenue of \$185,200 is derived from the \$50 administrative fee for lienning each of the 3,704 properties.

BACKGROUND

Staff cross-referenced Alameda County Assessor data with the Business Tax System data to identify potential non-compliant/delinquent business operators owning various types of properties. Originally, the number of property owners notified of the City's Business Tax requirements on rental property operators was 5,018. However, 1,314 properties were deleted from the list through the administrative hearing process, payments and/or account deactivations. The remaining 3,704 non-responders were notified of the City's intent to record a lien against their property; these remaining parcels are subject to lien.

KEY ISSUES AND IMPACTS

The liens will be recorded against 3,704 parcels. The parcels' delinquencies represent \$5,002,553 in past due Business Taxes. Failure to place liens will result in a loss of \$5,187,753 to the General Fund. The additional revenue of \$185,200 is derived from the \$50 administrative fee for liening each of the 3,704 properties.

POLICY DESCRIPTION

Pursuant to Chapter 5.04 of the Oakland Municipal Code, an administrative hearing for delinquent Business Taxes is held to hear protests and resolve any inconsistencies or inequities raised by property owners prior to the public hearing before City Council.

SUSTAINABLE OPPORTUNITIES

Collections of delinquent Business Taxes have major economic and social equity implications for the City's sustainability. This revenue source is relied upon to fund essential City services.

DISABILITY AND SENIOR CITIZEN ACCESS

There are no impacts on disability and senior citizen access.

RECOMMENDATION AND RATIONALE

Staff recommends approval of a resolution accepting and confirming the report from the City Administrator on delinquent Business Taxes and confirming the recordation of liens, administrative charges, and assessment charges with the County Recorder's Office.

ACTION REQUESTED OF THE CITY COUNCIL

Staff requests City Council to approve the placement of liens and authorize the subsequent assessment for all fees and charges should they remain unpaid prior to the transfer of said assessment to the County Assessor for inclusion on the next property tax assessment.

Respectfully submitted,

Joseph T. Yew, Jr.
Finance Director/City Treasurer
