RECOMMENDATION

Staff Recommends That The City Council Accept This Informational Report On All Purchases And Contracts Authorized By The City Administrator Or Designee, Within The City Administrator's Contract Authority During Fiscal Year 2015-16, In Accordance With The Oakland Municipal Code Section 2.04.020.D.

EXECUTIVE SUMMARY

This report satisfies the reporting requirements specified under Oakland Municipal Code (OMC) Section 2.04.020.D.2. The OMC Section 2.04.020.D.2, titled "*General Report*," requires the City Administrator (delegated to the Controller's Bureau Purchasing Section) to present a report to the City Council on an annual basis listing all purchases and contracts authorized by the City Administrator or the City Administrator designee, within the City Administrator's contract authority during the previous year.

In FY 2015-16, the City Administrator or designee approved a total of \$8.16 million in expenditures. Out of the \$8.16 million in expenditures approved under the City Administrator's authority, \$2.64 million went to local vendors.

The Background Section of this report outlines the requirements for Local Vendor Preferences by each of the City's contract types; however, the report on Local Vendor Preference statistics will be submitted at a later date by the City Administrator's Division of Contracts and Compliance.

BACKGROUND / LEGISLATIVE HISTORY

With a population of over 400,000 people, the City of Oakland must provide a variety of services to its citizens. The goal of the City's purchasing and contracting function is to procure the highest quality materials and services and the most economical price, in accordance with all federal, state, and local laws, codes, ordinances, and regulations.

Legislation Governing Contracting

Contracting is governed by various federal, state, and local codes and policies. A few of the key contracting codes and policies include:

1. United States Code, Title 41 - Public Contracts requires full and open competition, responsible source, competitive procedures, and antitrust violations
2. Oakland City Charter, Article VIII, Fiscal Administration, Sections 807 & 808 -Goods and Services and Bids and Awards
3. Oakland Municipal Code, Section 2.04 - Purchasing System
4. Oakland Administrative Instructions: AI 150-Professional or Specialized Service Contracts, and AI 4323-Procurement- Goods and Services

Overview of Authority by Contract Type

Through July 2016, the Oakland Municipal Code Section 2.04.020.A, titled "*Authority of the City Administrator*," provided the City Administrator with the authority, without previous specific action of the City Council, to bind the City by written contract or purchase order for most purchases up to \$100,000 in any single transaction or term agreement for public works, supplies, commodities, and professional service contracts.

In August 2016, the amended Oakland Municipal Code Section 2.04.020.A (Council Resolution 13380 C.M.S.) took effect. The amendments to the OMC provides the City Administrator with the authority to bind the City for purchases up to \$250,000 in any single transaction or term agreement for public works, supplies, commodities, and professional service contracts.

However, the scope of this City Administrator's Contract Authority Report is FY 2015-16, which falls under the requirements of the OMC prior to July 2016, including the \$100,000 purchasing threshold.

The City conducts three distinct types of contracting transactions, as shown in **Table 1** on the following page .

Table 1: Approval Authority by Contract Type (FY 2015-16)

Category	Construction Contracts	Professional / Consultant Services Contracts	Procurement Contracts
Responsible Parties	Public Works and Division of Contracts & Compliance	Division of Contract & Compliance	Controller's Bureau Purchasing Section
Transaction Types	Public Works construction, alteration, demolition, repair work, street, sewer or other improvements, road construction contracts	Personal / intellectual or creative services And Architectural and Engineering Services (A&E) contracts	MRO - Maintenance, Repair and Operations, supplies, materials, equipment and services related to material and equipment contracts
Award basis	Lowest responsible bid based qualifications	Qualifications based	Lowest responsible / responsive bid
Department Authority	\$5,000	\$5,000	\$5,000
Administrator Authority (Informal Process)	\$25,000	\$25,000 (services) \$50,000 (construction)	\$50,000
Administrator Authority (Formal Process)	\$100,000	\$100,000	\$100,000

Council Policy Requirements by Contracting Type

The Oakland City Council has established other key policies regarding requirements for contracting, for example Local/Small Local Business Enterprise (L/SLBE) Business participation requirements. In response to a previous request from the Finance and Management Committee (2015), this report summarizes the requirements for Local Vendor Preferences for each of the contract types. However, the report on Local Vendor Preference statistics will be submitted at a later date by the City Administrator's Division of Contracts and Compliance. **Table 2** below shows Council's policies and when the contract dollar thresholds come into effect.

Table 2: Council Policy Requirements by Contracting Type (FY 2015-16)

Category	Construction Contracts	Professional / Consultant Services Contracts	Procurement Contracts
50% L/SLBE Business Participation	\$50,000	\$14,999	N/A
50% Local Oakland Employment	\$50,000	N/A	N/A
Living Wage	N/A	\$25,000	\$25,000
Equal Benefits	\$25,000	\$25,000	\$25,000
15% Oakland Apprentice	N/A	N/A	N/A
Prevailing Wage	\$1,000	N/A	N/A
DBE	\$1.00 (Federal funds)	N/A	N/A
Arizona Resolution	\$1.00	\$1.00	\$1.00

As shown in **Table 2** above, the Council's 50 percent L/SLBE Business Participation policy applies to Construction Contracts and Professional / Consultant Services Contracts. For purchases of supplies, commodities and equipment, the City extends local business preferences per OMC 2.04.020F(a), titled *Local Vendor Preferences*, which states:

"The City Administrator is authorized in the evaluation of all sealed, faxed and telephone bids for the purchase of supplies, to extend up to a two and one half (2.5) percent preference to local business enterprises and up to an additional two and one half (2.5) percent preference to certified small local business enterprises in award of all purchase orders."

ANALYSIS AND POLICY ALTERNATIVES

In FY 2015-16, the City Administrator or designee approved a total of \$8.16 million in expenditures. Below is a summary of these expenditures by major expenditure category.

Table 3: Total Expenditures Under CAO Contract Authority

EXPENDITURE CATEGORIES	FY 2015-16 TOTAL
<u>Capital Acquisitions</u> <i>E.g., Infrastructure, Furniture, Equipment, Vehicles, Computers, and Software</i>	\$521,690
<u>Contract and Service</u> <i>E.g., Professional Service Contracts, Temporary Personnel Services</i>	\$4,550,886
<u>Supplies and Materials</u> <i>E.g., Stationery and Office Supplies, Maintenance Supplies, Safety and Protection Equipment, Vehicle Supplies and Accessories</i>	\$2,991,667
<u>Travel and Education</u> <i>E.g., Travel Expenses, Educational Expenses, Membership Dues and Fees</i>	\$102,685
<u>Miscellaneous Expenditures</u>	\$0
GRAND TOTAL	\$8,166,929

Out of the \$8.16 million in expenditures approved by the City Administrator or designee in FY 2015-16, \$2.64 million went to local vendors (**Attachment G**). Additional details regarding FY 2015-16 expenditures approved under the CAO contracting authority are summarized in **Attachments A through G**.

Out of the expenditures approved under the City Administrator's contract authority, there was one (1) vendor that received over \$100,000 in FY 2015-16, which is described in **Table 4** on the following page.

Table 4: Explanation of Expenditures Exceeding \$100,000 in FY 2015-16

VENDOR	TOTAL AMOUNT	EXPLANATION
Owen Equipment	\$102,293	<p>Several years ago, when the City eliminated central stores, Public Works needed a solution that would allow the City to obtain the critical supplies and services needed to continue operation of the City's fleet. As a result, Public Works moved to a "just in time" ordering system called AssetWorks. AssetWorks allows Public Works to obtain fleet services, fuel, and replacement parts on an as-needed basis. The data from AssetWorks interfaces with Oracle where it gets logged against existing City Purchase Order Contracts. Due to an unexpected lag-time that occurred in interfacing AssetWorks to Oracle, the City spent a slightly more than the contract with Owen Equipment.</p> <p>Both the Oracle system and the AssetWorks system are being updated and efforts are underway to ensure that this won't happen again. Additionally, the Controller's Bureau will more closely monitor for this type of situation.</p>

FISCAL IMPACT
