NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF OAKLAND DOES ORDAIN AS FOLLOWS:

SECTION 7. Severability. If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the Chapter. The City Council hereby declares that it would have passed this Ordinance and each section, subsection, clause or phrase thereof irrespective of the fact that one or more other sections, subsections, clauses or phrases may be declared invalid or unconstitutional

Chapter 17.09 DEFINITIONS

17.09.050 Special definitions for projects in the Open Space (OS) Zone.

A. "Change in use" means any activity which is not already established in the particular park or open space, or the significant expansion of any existing use. Changes in the ongoing, regularly scheduled recreational programs offered by the City of Oakland, regional park district, and similar agencies shall not be considered "changes in use" unless they involve permanent structural changes to parks or park facilities. Conditionally permitted changes in use are listed in Sections 17.11.050, 17.11.060 and 17.11.090.

B. "Improvement" means any project which, if proposed by a private applicant, would require issuance of a building, grading, or demolition permit by the City of Oakland. Parking lots shall also be included. Routine building and grounds maintenance where there is no change in the size, height, or external appearance of structures or grounds; and routine landscaping and/or landscape improvements, including irrigation systems, are not included. Conditionally permitted improvements are listed in Sections 17.11.050, 17.11.060 and 17.11.090.

C. "Impervious surface" means any surface through which water does not easily pass. Impervious surface specifically includes all structures; paving materials such as brick, concrete, asphalt, or stone; swimming pools; and patios and terraces. Impervious surface does not include landscaping or furniture, play equipment, kiosks, or other individual articles used in conjunction with landscaping which individually do not cover more than ten (10) square feet and cumulatively do not cover more than one hundred (100) square feet.

D. "Open space of comparable value" means land acquired or improved by the City that is approximately equal in its potential for recreational use to land elsewhere in the City proposed for coverage by a structure or impervious surface. For the purposes of this definition, comparable value shall be based on slope, total area, dimensions, vegetation, and proximity to water features.

E. "Caretaker's quarters" means a single living unit occupied on a weekly or longer basis on public parkland where the primary occupant of the residence is employed to maintain the grounds and facilities of the associated park.

F. "Street furniture" means furnishings used to enhance the aesthetic and functional value of a park or open space, including benches, tables, planter boxes, flagpoles, water fountains, decorative trash bins, ornamental fixtures, and similar features. Map boards and kiosks are excluded. For zoning purposes, street furniture is classified into projects whose individual components sum to more than one hundred (100) square feet and those whose components sum to less than one hundred (100) square feet.

G. "No net loss" means a state in which the square footage of useable parkland added to the City's park inventory since July 28, 1998, is equal to or greater than the square footage of urban parkland covered by structures since that date. Lands within the jurisdiction of the Port of Oakland and lands classified as "Resource Conservation Areas" are excluded from this

OAKLAND

calculation. Structures smaller than one hundred (100) square feet shall also be exempt from this calculation.

H. "Urban parkland" means any parkland in the City of Oakland that is not designated a "Resource Conservation Area," excluding those lands within the jurisdiction of the Port of Oakland.

L3. These activities may only be located in an existing Nonresidential Facility that was built prior to April 14, 2011. For the purposes of this limitation, a facility is considered existing if it received its certificate of occupancy or passed its final building inspection on its building permit. Also, these activities may only operate within the hours of 7:00 a.m. and 10:00 p.m. Notwithstanding anything to the contrary contained in the Planning Code, General Food Sales, Full Service Restaurants, Limited Service Restaurants and Cafes, and General Retail Sales are permitted, and therefore do not require a Conditional Use Permit (CUP), if the total floor area is six hundred (600) square feet or less in a food desert as defined in Section 17.09.040.

L4. The overall outside dimensions of an existing Nonresidential Facility built prior to April 14, 2011 devoted to this activity shall not be increased; and no open parking, loading, or production serving such activity shall be increased in size. For the purposes of this limitation, a facility is considered existing if it received its certificate of occupancy or passed its final building inspection on its building permit. This regulation supersedes the applicable provisions in Chapter 17.114.

L5. These activities may only be located in an existing Nonresidential Facility that was built prior to April 14, 2011 or on the ground floor of a new Nonresidential Facility, and may only operate within the hours of 7:00 a.m. and 10:00 p.m.; a Conditional Use Permit (CUP) is required if the total floor area devoted to these activities on any single lot exceeds three thousand (3,000) square feet (see Chapter 17.134 for the CUP procedure). For the purposes of this limitation, a facility is considered existing if it received its certificate of occupancy or passed its final building inspection on its building permit.

[L6-L8 OMITTED]

L9. These activities may only be located in an existing Nonresidential Facility that was built prior to April 15, 2011. For the purposes of this limitation, a facility is considered existing if it received its certificate of occupancy or passed its final building inspection on its building permit. Also, these activities may only operate within the hours of 7:00 a.m. and 10:00 p.m.; a Conditional Use Permit (CUP) is required if the total floor area devoted to these activities on any single lot exceeds one thousand five hundred (1,500) square feet (see Chapter 17.134 for the CUP procedure).

Limitations on Table 17.33.01:

[L1 OMITTED]

L2. These activities are only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) when located within thirty (30) feet of the principal street frontage on the ground floor of a building. Incidental pedestrian entrances that lead to one of these activities elsewhere in the building are exempted from this Conditional Use Permit requirement. In addition to the CUP criteria contained in Section 17.134.050, these conditionally permitted ground floor activities must also meet the criteria contained in L4, below.

[L3 OMITTED]

L4. Any Conditional Use Permit (CUP) required in the above table or its associated limitations shall conform to the CUP criteria contained in Section 17.134.050 and to each of the following additional criteria:

a. That the proposal will not detract from the character desired for the area;

ba. That the proposal will not impair a generally continuous wall of building facades;

cb. That the proposal will not weaken the concentration and continuity of retail facilities at ground level, and will not impair the retention or creation of an important shopping frontage;

dc. That the proposal will not interfere with the movement of people along an important pedestrian street; and

ed. That the proposal will conform in all significant respects with any applicable district plan which has been adopted by the City Council.

[L5 OMITTED]

L6. The total floor area devoted to these activities on the ground floor by any single establishment shall only exceed **seventeen** thousand **five hundred** **(7,50010,000)** square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). In addition to the CUP criteria contained in Section 17.134.050, these conditionally permitted ground floor activities must also meet the criteria contained in L4, above.

[L7 OMITTED]

L8. ~~A~~The total floor area devoted to a Medical Service ~~or Animal Care~~ Commercial Activity that is located on the ground floor of a building and occupies either: 1) a street corner space, or 2) an interior lot space with more than thirty-five (35) linear feet of frontage facing the principal street, is only permitted shall only exceed five thousand (5,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). All ground floor window space facing the principal street shall be clear, non-reflective, and allow views into the indoor space. See Table 17.33.03, additional regulation 16, for regulations regarding special ground floor transparency requirements for Medical Service and Animal Care Commercial Activities.

L9. The total floor area devoted to these activities on the ground floor by any single establishment may only exceed ~~twentythree~~ thousand (2030,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure), except for grocery stores located within a food desert as defined in Section 17.09.040. Grocery stores in food deserts are not subject to Conditional Use Permit requirements and do not have a size threshold. In addition to the CUP criteria contained in Section 17.134.050, these conditionally permitted ground floor activities must also meet the criteria contained in L4, above.

[L10-L12 OMITTED]

L13. ~~Not permitted on the ground floor. This activity is only permitted upon granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) when: a) proposing this activity in a primary or accessory Open Nonresidential Facility; or b) the total floor area devoted to this activity exceeds ten thousand (10,000) square feet.~~

L14. ~~Limited Agriculture is only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). In addition to the CUP criteria contained in Section 17.134.050, this activity must meet the following use permit criteria:~~

~~1. The proposal will not adversely affect the livability or appropriate development of abutting properties and the surrounding neighborhood in terms of noise, water and pesticide runoff, farming equipment operation, hours of operation, odor, security, and vehicular traffic;~~

~~2. Agricultural chemicals or pesticides will not impact abutting properties or the surrounding neighborhood; and~~

~~3. The soil used in growing does not contain any harmful contaminants and the activity will not create contaminated soil. Any proposed Group Assembly or Broadcasting and Recording Service activity that does not require a CUP but proposes to use amplified sound shall submit an Operational Noise Plan prepared by a qualified acoustical consultant for City review and approval that contains a set of site-specific noise attenuation measures to reduce operational noise to be consistent with Chapter 17.120 of the Planning Code.~~

L15. Limited Agriculture is permitted if the activity occupies less than ~~twentyten~~ thousand (2010,000) square feet acre of land area and any sales area is less than one thousand (1,000) square feet; conditionally permitted if the activity is larger in either land or sales area (see Chapter 17.134 for the CUP procedure).

[L16 OMITTED]

L17. ~~Community Gardens are permitted if they do not include any livestock production or the cultivation of animals and/or animal products by agricultural methods, except for bee keeping involving no more than~~

three (3) hives. Notwithstanding anything to the contrary contained in the Planning Code, Satellite Recycling Collection Centers less than five hundred (500) square feet in area located in or associated with approved supermarkets and shopping centers that are established pursuant to requirements of the California Beverage Container Recycling and Litter reduction Act of 1986, to collect beverage containers made from materials such as aluminum, glass, plastic, and bimetal for recycling are permitted by right as an accessory activity (see Accessory Activities, Section 17.10.040.P).

Limitations on Table 17.101G.01:

L1. These activities may not be located within thirty (30) feet of the front lot line on the ground floor of an existing principal building fronting a Commercial Corridor or within thirty (30) feet of the front lot line on the ground floor of a new principal building fronting a Transitional Commercial Corridor, as defined in Section 17.101G.010.C, with the exception of incidental pedestrian entrances that lead to one of these activities elsewhere in the building. See Section 17.101G.040 for limitations on the construction of new ground floor Residential Facilities.

L2. Residential Care is permitted if located in a One-Family Dwelling Residential Facility; conditionally permitted if located elsewhere (see Chapter 17.134 for the CUP procedure). No Residential Care or Emergency Shelter Residential Activity shall be located closer than three hundred (300) feet from any other such Activity or Facility. See Section 17.103.010 for other regulations regarding Residential Care and Emergency Shelter Residential Activities. See Section 17.103.010 for other regulations regarding Residential Care Residential Activities, and Sections 17.103.010 and 17.103.015 for other regulations regarding Emergency Shelter Residential Activities. Notwithstanding anything to the contrary contained in the Planning Code, Emergency Shelter Residential Activities are permitted by-right on properties owned by churches, temples, synagogues, and other similar places of worship approved for Community Assembly Civic Activities; prohibited elsewhere in the zone.

[L3 OMITTED]

L4. ~~With the exception of parcels facing Broadway and 14th Street, the total linear frontage length floor area devoted to these activities on the ground floor by any single establishment both on the ground floor and within thirty (30) feet of the principal street frontage may only exceed twenty-five percent (25%) of the total linear frontage length from street corner to street corner upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). Any single establishment may only exceed twelve thousand (12,000) square feet in floor area upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure).~~

L5. ~~If located on a Commercial Corridor, as defined in Section 17.101G.010.C with the exception of 8th, 9th, Franklin, Webster and Harrison Streets between 7th, 10th, Broadway and Harrison Streets, and both on the ground floor of a building and within thirty (30) feet of an applicable street frontage, these activities are only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). If located on 8th, 9th, Franklin, Webster and Harrison Streets between 7th, 10th, Broadway and Harrison Streets, and both on the ground floor of a building and within thirty (30) feet of an applicable street frontage, the total floor area devoted to these activities on the ground floor by any single establishment may only exceed five thousand (5,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). Incidental pedestrian entrances that lead to one of these activities elsewhere in the building are exempted from this Conditional Use Permit requirement. In addition to the criteria contained in Section 17.134.050, these conditionally permitted ground floor proposals must also meet each of the following criteria:~~

- a.** The proposal will not impair a generally continuous wall of building facades;
- b.** The proposal will not weaken the concentration and continuity of retail facilities at ground-level, and will not impair the retention or creation of an important shopping frontage; and
- c.** The proposal will not interfere with the movement of people along an important pedestrian street.

L6. These activities are only permitted upon the granting of a ~~conditional use permit~~ Conditional Use Permit (see Chapter 17.134 for the CUP procedure). In addition to the criteria contained in Section 17.134.050, when these activities are located within thirty (30) feet of the principal street frontage (with the exception of incidental pedestrian entrances that lead to one of these activities elsewhere in the building), the proposed activities must also meet the criteria contained in Note L5, above.

L7. These activities may only be located on or below the ground floor of a building with the following exceptions:

- a.** If the floor area devoted to the activity is less than three thousand (3,000) square feet; and
- b.** An activity located on the ground floor may extend to the second floor of a building if the activity on the second floor is the same as, or accessory to, the ground floor activity and part of the same business or establishment; and there is a direct internal connection between the ground floor and the second story activities.

[L8-L11 OMITTED]

L12. ~~The total floor area devoted to these activities by any single establishment shall only exceed three thousand (3,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure).~~

L13. These activities, including accessory activities, are only allowed to be performed indoors. This requirement includes, but is not limited to: vehicles stored before and after servicing, general storage, vehicle and other repair, and automotive cleaning. This requirement excludes parking for customers currently at the business and automotive fueling. In addition to the criteria contained in Section 17.134.050, these conditionally permitted ground floor proposals must also meet each of the following

criteria:

- a.** The proposal will not impair a generally continuous wall of building facades;
- b.** The proposal will not weaken the concentration and continuity of retail facilities at ground-level, and will not impair the retention or creation of an important shopping frontage; and
- c.** The proposal will not interfere with the movement of people along an important pedestrian street.

L14. Auto fee parking is permitted upon the granting of ~~conditional use permit~~ Conditional Use Permit (see Chapter 17.134 for the CUP procedure) if it is located in either a parking structure or in a below grade parking lot. Auto fee parking is otherwise prohibited.

[L15-L18 OMITTED]

L19. Daycare facilities, preschools, and elementary schools with more than fifty (50) enrollees require a pickup and drop-off management plan approved by the Bureau of Planning and/or the Department of Transportation that prevents double parking and assures the safe pickup and drop-off of students.

L20. The total floor area devoted to these activities on the ground floor by any single establishment may only exceed five thousand (5,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). See Table 17.101G.03, additional regulation 10, for regulations regarding special ground floor transparency requirements for Health Care Civic Activities, Medical Service Commercial Activities, and Animal Care Commercial Activities.

L21. This activity is only permitted upon granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) when: a) proposing this activity in a primary or accessory Open Nonresidential Facility; or b) the total floor area devoted to this activity exceeds fifteen thousand (15,000) square feet.

L22. Any proposed Group Assembly or Broadcasting and Recording Services activity that does not require a CUP but proposes to use amplified sound shall submit an Operational Noise Plan prepared by a qualified acoustical consultant for City review and approval that contains a set of site-specific noise attenuation measures to reduce operational noise to be consistent with Chapter 17.120 of the Planning Code.

L23. If located within six hundred (600) feet of a Residential Zone boundary, any storage or use of hazardous materials or waste, as defined in O.M.C. Section 8.42.060, shall be reviewed and approved by the Fire Department prior to commencement of operation or any alteration of activity. A risk management plan may also be required, per the Certified Program Uniform Assistance (CUPA) Ordinance (O.M.C. Chapter 8.42).

2. Height Area Exceptions. In Height/Bulk/Intensity Areas LM-95 and LM-175, a limited number of buildings, as prescribed above in Table 17.101G.04, may be allowed to utilize the same height/bulk/intensity standards that typically apply to either Height/Bulk/Intensity Area LM-175 or LM-275 upon determination that the proposal conforms to the general use permit criteria set forth in the conditional use permit procedure in Chapter 17.134 and to the following additional use permit criteria:

- a. The proposal is consistent with the intent and desired land use character identified in the Lake Merritt Station Area Plan and its associated policies;
- b. The proposal will promote implementation of the Lake Merritt Station Area Plan; and
- c. The proposal is consistent with the desired visual character described in the Lake Merritt Station Area Plan and Lake Merritt Station Area Design Guidelines, with consideration given to the existing character of the site and surrounding area.

The following application process for a height area exception shall be followed:

- i. Applications for any of the limited number of allowed height area exceptions prescribed in Table 17.101G.04 shall be reviewed on a first come, first served basis.
- ii. A project shall secure a position as one of the specified height area exceptions following final Conditional Use Permit approval. Such Conditional Use Permits shall include a condition of approval that establishes a schedule for: submittal of a building permit application, timely response to plan check comments, payment of building permit fees such that a building permit can be issued, and commencement of construction. The process for allowing extension of the timeline requirements, if any, shall be specified in the condition.
- iii. Failure of a permittee to strictly comply with the schedule established by the Conditional Use Permit shall be grounds for revocation of the Conditional Use Permit pursuant to Chapter 17.134.

Notwithstanding the provisions above, BART owned properties subject to Assembly Bill (AB) 2923 (2018) shall be permitted a building height of up to twelve (12) stories for all activities.

[3-4 OMITTED]

OAKLAND

5. The maximum tower elevation length, diagonal length, and average per story lot coverage above the building base may be increased by up to thirty percent (30%) upon determination that the proposal conforms to the general use permit criteria set forth in the conditional use permit procedure in Chapter 17.134 and to the following additional use permit criteria:
 - a. The proposal will result in a signature building within the neighborhood, City, or region based on qualities, including but not limited to, exterior visual quality, craftsmanship, detailing, and high quality and durable materials.
6. For the purpose of this regulation, a “nonresidential building” means a building with more than one-third (1/3) floor area devoted to Nonresidential Activities, and a “residential building” means a building with at least two-thirds (2/3) floor area designated for Residential Activities.
7. The following additional regulations apply to the tower stepback:
 - a. Unenclosed recreational, landscaping, and open space facilities are permitted within this stepback area.
 - b. A lesser stepback is permitted if it precludes the construction of the maximum average per story lot coverage.
 - c. For nonresidential towers, a stepback is only required on sites adjacent to a right-of-way that is less than eighty (80) feet.

Table 17.101H.01 lists the permitted, conditionally permitted, and prohibited activities in the D-CO zones. The descriptions of these activities are contained in Chapter 17.10. Section 17.10.040 contains permitted accessory activities.

"P" designates permitted activities in the corresponding zone.

"C" designates activities that are permitted only upon the granting of a Conditional Use permit (CUP) in the corresponding zone (see Chapter 17.134 for the CUP procedure).

"L" designates activities subject to certain limitations or notes listed at the bottom of the table.

"—" designates activities that are prohibited except as accessory activities according to the regulations contained in Section 17.10.040.

Limitations on Table 17.101K.01:

* The Employment Priority Combining Zone activity regulations supersede the regulations of the base zone.

[L1-L4 OMITTED]

L5. With the exception of parcels facing Broadway, San Pablo Avenue, Telegraph Avenue, and 14th Street, the total floor area devoted to these activities on the ground floor by any single establishment may only exceed ~~ten~~ **twelve** thousand (~~10~~**12**,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). However, the total floor area devoted to ~~Consumer Cleaning and Repair~~**Community Assembly** on the ground floor may only exceed five thousand (5,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure).

L6. With the exception of seasonal sales and special events, a Group Assembly Commercial Activity in conjunction with an Open Nonresidential Facility is only permitted upon the granting of Conditional Use Permit (see Chapter 17.134 for the CUP procedure).

L7. These activities are only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). In addition to the criteria contained in Section 17.134.050, when these activities are located both on the ground floor of a building and within thirty (30) feet of the principal street facade (with the exception of incidental pedestrian entrances that lead to one (1) of these activities elsewhere in the building), these conditionally permitted ground floor proposals must also meet both of the following criteria:

- a. The proposal will not impair a generally continuous wall of building facades; and
- b. The proposal will not weaken the concentration and continuity of ground-floor commercial and will not impair the retention or creation of an important shopping frontage.

[L8-L12 OMITTED]

L13. These activities, including accessory activities, are only allowed to be performed indoors. This requirement includes but is not limited to: vehicles stored before and after servicing, general storage, vehicle and other repair, and automotive cleaning. This requirement excludes parking for customers currently at the business and automotive fueling. Gas stations as a principal activity are prohibited.

[L14 OMITTED]

L15. Limited Agriculture is permitted if it occupies less than ~~twenty ten~~ thousand (~~20~~**10**,000) square feet of land area and any sales area is less than one thousand (1,000) square feet. The activity is conditionally permitted if larger in either land or sales area (see Chapter 17.134 for the CUP procedure).

[L16 OMITTED]

L17. See Table 17.101K.04 for regulations regarding special ground floor transparency requirements for Health Care Civic and Special Health Care Civic Activities and Medical Services Commercial Activities.

L18. Daycare facilities, preschools, and elementary schools with more than fifty (50) enrollees require a pickup and drop-off management plan approved by the Bureau of Planning **and/or the Department of Transportation** that prevents double parking and assures the safe pickup and drop-off of students.

[L19-L30 OMITTED]

L31. Notwithstanding anything to the contrary contained in the Planning Code, Satellite Recycling Collection Centers less than five hundred (500) square feet in area located in or associated with approved supermarkets and shopping centers that are established pursuant to requirements of the California Beverage Container Recycling and Litter Reduction Act of 1986, to collect beverage containers made from materials such as aluminum, glass, plastic, and bimetal for recycling are permitted by right as an accessory activity (see Accessory Activities, Section 17.10.040.P).

L32. This activity is only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) when located on a lot that is within six hundred (600) feet of a Residential Zone. If located within six hundred (600) feet of a Residential Zone boundary, any storage or use of hazardous materials or waste, as defined in O.M.C. Section 8.42.060, shall be reviewed and approved by the Fire Department prior to commencement of operation of operation or any alteration of activity. A risk management plan may also be required, per the Certified Program Uniform Assistance (CUPA) Ordinance (O.M.C. Chapter 8.42).
