CITY ATTORNEY

SUBDIVISION IMPROVEMENT AGREEMENT

Deferred Construction of Public Infrastructure Improvements

1000 & 1024 Apgar Street

Final Map - Tract No. 7672

This Agreement is between **Apgar LLC** (DEVELOPER), a California limited liability company (no. 200520710074), and its successors or assigns, affiliated companies or corporations, parent companies or corporations, or partners, and the **City of Oakland** (CITY), a California municipal corporation.

RECITALS

The DEVELOPER is the owner in fee title and subdivider of two contiguous and undeveloped lots located within the corporate limits of the City of Oakland, which is identified by the Alameda County Assessor as parcel numbers 012-0952-012 and 012-0952-029 and by the CITY as 1000 and 1024 Apgar Street, who has presented a proposed Final Map, which is identified as Tract No. 7672, to the Council of the City of Oakland that proposes a voluntary merger of the previously subdivided lots of this platted land and its re-subdivision into twenty (20) lots.

As a condition precedent to the approval by the Council of the City of Oakland of the proposed Final Map, the CITY requires the irrevocable dedication of public streets, paths, and other rights-of-way and of public easements shown on the proposed Final Map. In addition, the CITY requires construction of public infrastructure improvements within these on-site dedicated rights-of-way and easements and off-site on other CITY rights-of-way that customarily include grading, paving, striping and lettering, curbs, gutters and sidewalks, trees, landscaping and irrigation, retaining walls, storm drains and sanitary sewers, street name and public transportation signs, survey monuments, electricity, communication, water, and natural gas utility mains and branch piping and wiring, fire hydrants, street light electroliers, traffic control and curb parking signs, signals and meters, and all appurtenances thereto.

The DEVELOPER has asked the CITY to accept the irrevocable dedication of the public rights-of-way and public easements shown on the proposed Final Map and the permanent maintenance of the required

public infrastructure improvements shown on the construction plans accompanying permit number PX0600078 and included in *Exhibit A*, attached hereto.

Construction of the required public infrastructure improvements, however, has not commenced nor been accepted by the CITY. Consequently and in consideration of the approval of the proposed Final Map and acceptance of the irrevocable offers of dedication of public rights-of-way and public easements and acceptance of the permanent maintenance of the improvements, the parties desire to establish an Agreement binding the DEVELOPER to complete the required improvements within one (1) year of the date that this Agreement has been recorded by the Alameda County Recorder.

THEREFORE, it is agreed as follows:

1. Approval of Final Map

Approval of the proposed Final Map for the subdivision of Tract No. 7672 by Resolution of the Council of the City of Oakland shall be conditioned upon recordation of this Agreement with the Alameda County Recorder, as well as DEVELOPER's satisfactory performance of its obligations specified in this Agreement, as determined by the CITY.

2. Construction of Improvements

The DEVELOPER shall construct all on-site and off-site public infrastructure improvements in strict accordance with all permits, specifications, plans and applicable CITY standards and performance criteria as specified in *Exhibit A* and set forth below in paragraph 3, Special Conditions.

3. Special Conditions

The DEVELOPER shall comply with the special conditions as follows:

A. Public infrastructure shall conform with the performance criteria specified in Oakland Municipal Code Chapter 16.16 - Design Standards and in Standard Details for Public Works Construction 2002 Edition and Standard Specifications for Public Works Construction 2002 Edition.

B. The time duration for the completion of public infrastructure improvements, as set forth in paragraph 4 below, shall include allowance for construction workday delays attributable to consecutive and intermittent inclement weather, as has been recorded by the United States Weather Bureau for the CITY and surrounding area and seasonally averaged for the previous ten years.

C. Hours, days, and months of operation and control of public nuisance conditions for the construction of public infrastructure improvements shall conform with the requirements of all Conditions of Approval for the Prairie Stone I project and the Oakland Municipal Code, including section 15.04.780 and subsections 3304.6 and 3304.11. No work shall be performed on Saturdays or Sundays or holidays nor commence before 8:00 am local time nor be performed after 5:00 pm local time without the written authorization of the City Engineer.

D. Performance standards for the construction of public infrastructure improvements shall comply with the requirements of Oakland Municipal Code chapter 17.120 and with regional, state, and federal regulations for "Best Management Practices" for erosion and sedimentation control.

E. In order to safeguard life, public and private property, and to ensure that the work will be carried out in an orderly manner in conformance with all regulations and without creating a public nuisance, the City Engineer may add to, remove, or change these Special Conditions from time to time during the duration of the permit as he or she deems reasonably necessary.

4. Completion of Improvements

A. All construction of public infrastructure improvements shall be completed by the DEVELOPER within one (1) year of the date of recordation of this Agreement, except those improvements for which another completion date is stated in *Exhibit A* or set forth above in paragraph 3, Special Conditions. Construction shall not be deemed complete until the public infrastructure permit has been finalized and an unconditional Certificate of Completion has been issued by the City Engineer.

B. The City Administrator may extend the time for completion of the required public infrastructure improvements. Upon consultation with the City Engineer, the City Administrator shall be the sole and final judge as to whether or not good cause has been shown to entitle the DEVELOPER to an extension under this paragraph 4B.

C. An extension may be granted without notice to the DEVELOPER's surety, and extensions so granted shall not relieve the surety's liability on any of the bonds required by this Agreement.

D. In the event that an extension is granted, DEVELOPER agrees to promptly extend the term of all surety bonds securing its performance under this Agreement, and/or provide additional bonds or other surety acceptable to the CITY. All such bonds and/or other surety are subject to review and approval by the City Attorney for legal sufficiency, and if no bonds or other surety acceptable to the City Attorney are provided to secure DEVELOPER's performance, the extension shall be void.

5. Acceptance of Dedications and Ownership of Improvements

Upon final approval of the public infrastructure improvement permit and unconditional issuance of a *Certificate of Completion*, all irrevocable offers of dedication of public rights-of-way and public easements will be accepted by the CITY, and all improvements required by this Agreement shall become the sole property of the CITY. The CITY will subsequently accept the permanent maintenance of these improvements as set forth below in paragraphs 7, Maintenance, and 8, Guarantee and Warranty.

6. Responsibility for Dedications and Improvements

Until the Certificate of Completion is unconditionally issued, the DEVELOPER shall give good and adequate warning to the public of each and every defective or dangerous condition existing or arising within all public rights-of-way and public easements offered for dedication and shall adequately protect the public from said unsafe conditions. Warning to and protection of the public shall remain the sole responsibility and expense of the DEVELOPER until such time as the Certificate of Completion is unconditionally issued.

7. Maintenance of Improvements

Until one (1) year has elapsed following unconditional issuance of the Certificate of Completion, the DEVELOPER shall maintain the construction of the required public infrastructure improvements and shall immediately perform or cause to be performed at its sole expense all necessary repairs, replacements, additions, or other corrective actions.

8. Guarantee of Workmanship and Warranty of Equipment, Materials, and Expertise

Until one (1) year has elapsed following the unconditional issuance of the Certificate of Completion, the DEVELOPER warrants that the required public infrastructure improvements, including the equipment and materials provided for the required improvements, are and will be free from defects and guarantees that the construction of the required improvements is and will be free from deficiencies and that the required improvements will perform satisfactorily in accordance with the specifications, plans and applicable CITY standards and performance criteria as specified in *Exhibit A* and set forth above in paragraph 3, Special

Conditions. DEVELOPER further warrants that its design professionals are competent, that their analyses are adequate, and that their designs will meet or exceed the applicable CITY standards and performance criteria as specified in *Exhibit A* and set forth above in paragraph 3, Special Conditions.

If at any time before the expiration of the guarantee and warrantee period specified herein said designs prove to be inadequate in any respect, as determined by the City Engineer, the DEVELOPER shall make changes at its sole expense necessary to assure conformance with said standards and criteria.

9. Inspection of Construction

Inspection of the construction and equipment and materials, or approval of the construction and equipment and materials inspected, or statement by any officer, agent, or employee of the CITY indicating the construction and equipment and materials, or any part thereof, comply with the requirements and conditions of this Agreement, or acceptance of the whole or any part of the construction and materials, or payments thereof, or any combinations, or any combination, or all of these acts shall not relieve the DEVELOPER of its obligation to fulfill this Agreement as prescribed herein; nor shall the CITY be thereby estopped from bringing any action for damages arising from the failure of the DEVELOPER to comply with any of the requirements and conditions of this Agreement.

10. Payment of Fees and Penalties and Accrued Interest

Prior to issuance of the Certificate of Completion and prior to acceptance by the CITY of the on-site and off-site required public infrastructure improvements for permanent maintenance, the DEVELOPER shall pay all fees and penalties and accrued interest to the CITY and other Public Agencies that remain unpaid. Interest on amounts owed to the CITY shall accrue at the rates set forth in its Master Fee Schedule and from date that the fees and penalties are assessed and shall continue until full payment is received, whether or not any conditions of this Agreement are extended or modified.
