WHEREAS, all units in this three-phase project have been or will be sold at prices affordable to households earning no more than 120% of area median income; and

WHEREAS, in 2002 the Developer encountered substantial increases in construction costs and cash flow problems that were causing the private construction loan to be out of balance and were threatening to stop the project; and

WHEREAS, the Developer was unsuccessful in obtaining any of the needed funding from other public or private sources and requested that the Agency forgive the original \$3.25 million loan and provide an additional loan of \$1,000,000; and

WHEREAS, pursuant to Resolution No. 02-33 C.M.S., the full \$3,253,000 loan was converted to a grant and, pursuant to Resolution No. 02-34 C.M.S., the Agency and the Developer entered into a bridge loan, in an amount not to exceed \$1,000,000, to the to address the increases in construction costs and cash flow problems; and

WHEREAS, pursuant to Resolution No. 2003-20 C.M.S., the bridge loan was converted to a grant; and

WHEREAS, now as the project approaches its 40th month of construction, the Developer once again is faced with significant increases in construction costs and is experiencing substantial cash flow problems that are threatening to permanently stop the project with only 16 units remaining to be completed; and

WHEREAS, once again the Developer has been unsuccessful in obtaining any of the needed permanent funding from other public or private sources; and

WHEREAS, the Developer has requested that the Agency fund \$1,100,000 in additional grant funds for 14 of the 16 units remaining, and recognizes that they will receive no profit from the project; and

WHEREAS, the Agency desires to provide a \$1,100,000 grant to the Developer to cover the additional costs incurred for these 14 units in order to complete the project; and

WHEREAS, the \$1,100,000 grant will be made from the Low and Moderate Income Housing Fund; and

WHEREAS, no other reasonable means of private or commercial financing of the project is reasonably available other than the Low and Moderate Income Housing Fund; and

WHEREAS, under current redevelopment law, when Low and Moderate Income Housing funds are used as a development subsidy in a homeownership project, the affordability term for the units must be a minimum of 45 years; and

WHEREAS, the original Affordability Agreement, which covers all 78 units and runs with the land, required that there be a 15 year affordability term for all of the units per the requirements of redevelopment law then in effect; and

RESOLVED: That as a condition of this grant, the developer will receive no profit from this project; and be it further
