RESOLVED BY THE COUNCIL OF THE CITY OF OAKLAND AS FOLLOWS:

Section 1. Recitals. All of the above recitals are true and correct.

Section 2. Authorization of Bonds. This City Council hereby approves the issuance and sale of one or more series or sub-series of Bonds (which may be taxable or tax-exempt bonds) designated as the “City of Oakland General Obligation Bonds (Measure U), Series 2025B” in an aggregate amount not to exceed \$300,000,000, and “City of Oakland General Obligation Refunding Bonds, Series 2025” in an aggregate principal amount not to exceed \$55,000,000, which bond names, series or sub-series designations, par amounts and social bond designations shall be finally determined by the City Administrator or the Director of Finance or such other officer of the City designated by the City Administrator or the Director of Finance (each such officer being hereinafter referred to as an “Authorized Representative”). The Bonds shall have a final maturity date no later than 31 years after issuance of the Bonds, and shall bear interest at an interest rate not to exceed a true interest cost of 6.75%.

Section 3. Terms of the Bonds. The aggregate principal amount of Bonds (including each series and/or sub-series thereof), the date thereof, the maturity dates, principal amounts and annual rates of interest of each maturity thereof, the initial and semiannual interest payment dates

thereof, and the terms of optional and mandatory sinking fund redemption thereof, shall be as specified in the Fiscal Agent Agreement as executed by an Authorized Representative.

Section 4. Tax Levy; Pledge of Debt Service Accounts. For the purpose of paying principal of and interest on the Bonds, the City Council shall, at the time of making the general tax levy after incurring the bonded indebtedness, and annually thereafter until the Bonds are paid or until there is a sum in the treasury of the City set apart for that purpose sufficient to meet all payments of principal and interest on the Bonds as they become due, levy and have collected by the County of Alameda a tax sufficient to pay the interest on the Bonds and such part of the principal as will become due before the proceeds of a tax levied at the next general tax levy will be available; provided, however, that if it is expected that all or any part of the Bonds will be sold at such time that the principal of or interest on such Bonds will become due before the proceeds of a tax levied after such sale would be available to pay such principal or interest, the City Council, at the time of fixing the annual tax levy, may levy a tax in an amount clearly sufficient to pay that portion of the principal of and interest on the Bonds which it is expected will become due before the proceeds of the next succeeding tax levy will be available. Such taxes shall be levied without limitation as to rate or amount (except with respect to certain personal property which is taxable at limited rates) upon all taxable property in the City and collected as other City taxes and shall be in addition to all other taxes and shall be used only for payment of the principal of the Bonds and interest thereon. Said taxes as collected shall be forthwith paid into the related fund for which the same were levied and collected and which shall be designated the "City of Oakland General Obligation Bonds (Measure U) Debt Service Account" or the "City of Oakland General Obligation Refunding Bonds Debt Service Account" or such other designations as shall be determined by an Authorized Representative (each, a "Debt Service Account" and, together, the "Debt Service Accounts"), and all sums to become due for the principal of and interest on the Bonds shall be paid from such Debt Service Account. The City may create sub-accounts within each Debt Service Account, and all sums to become due for the principal of and interest on a series or sub-series of Bonds shall be paid from the related Debt Service Account. The Debt Service Accounts and amounts on deposit therein are hereby pledged for the payment of the principal of and interest on the related series of Bonds when and as the same become due, including the principal of any term Bonds required to be paid upon the mandatory sinking fund redemption thereof. In addition, as provided under California Government Code Section 53515, the Bonds shall be secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax. The lien shall automatically arise without the need for any action or authorization by the City or the City Council. The lien shall be valid and binding from the time the Bonds are executed and delivered. The revenues received pursuant to the levy and collection of the tax shall be immediately subject to the lien, and the lien shall immediately attach to the revenues and be effective, binding, and enforceable against the City, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any physical delivery, recordation, filing, or further act. Each and every series or sub-series of Bonds issued under this Resolution shall be equally and ratably secured by the pledge and lien of the taxes collected pursuant to this Section 4.

Section 5. Sale of Bonds. The City Administrator or the Director of Finance or such other officer of the City designated by the City Administrator or the Director of Finance is hereby authorized and directed to sell the Bonds on a negotiated sale basis to the Underwriters, who were selected through a competitive selection process by the Authorized Representatives with advice from the Municipal Advisor, the agreed-upon terms of such sale to be memorialized in the Bond

Purchase Agreement; provided that the true interest cost of the Bonds shall not exceed 6.75% and the underwriters' discount shall not exceed 0.25% of the principal amount of the Bonds.

Section 6. Fiscal Agent Agreement. The form of the Fiscal Agent Agreement, by and between the City and UMB Bank, National Association, in substantially the form on file with the Clerk, is hereby approved. Any Authorized Representative is hereby authorized and directed to execute and deliver one or more agreements in substantially said form, completed with terms as shall be agreed to by the Authorized Representative in accordance with this Resolution, and with such other additions, changes or modifications therein as the Authorized Representative, upon consultation with legal counsel, may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof.

Any Authorized Representative is hereby authorized and directed to execute and deliver an agreement in substantially said form, completed with terms as shall be agreed to by any Authorized Representative in accordance with this Resolution, and with such other additions, changes or modifications therein as any Authorized Representative, upon consultation with legal counsel, may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof.

The form of Official Statement relating to the Bonds, in substantially the form on file with the Clerk, is hereby approved, with such changes, additions and modifications therein as any Authorized Representative, upon consultation with legal counsel, may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof. Section 10. Appointment of Bond Counsel, Disclosure Counsel and Municipal Advisor. The City Council hereby acknowledges the appointments by the City Attorney of Orrick, Herrington & Sutcliffe LLP, as bond counsel ("Bond Counsel"), and Nixon Peabody LLP, as disclosure counsel ("Disclosure Counsel"). I further certify that I have carefully compared the foregoing copy with the original minutes of said meeting on file and of record in my office; that said copy is a true, complete and correct copy of the original resolution duly adopted at said meeting and entered in said minutes; and that said resolution has not been modified, amended, rescinded or revoked except as provided in such resolution in any manner since the date of their adoption, and the same is now in full force and effect.

IN WITNESS WHEREOF, I have executed this certificate this ____ day of September 2025.

ASHA REED

City Clerk and Clerk of the City Council
City of Oakland, California

EXHIBIT A

GOOD FAITH ESTIMATE

The following information was obtained from PFM Public Finance LLC, the municipal advisor (“Municipal Advisor”) with respect to the Bonds described in the Resolution, and is provided in compliance with Government Code Section 5852.1:

1. *True Interest Cost of the Bonds.* Assuming an aggregate principal amount of \$334,225,000 of the Bonds are sold and based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the true interest cost of the Bonds, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the Bonds, is 5.39%.

2. *Finance Charge of the Bonds.* Assuming an aggregate principal amount of \$334,225,000 of the Bonds are sold and based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the finance charge of the Bonds, which means the sum of all fees and charges paid to third parties (or costs associated with the Bonds), is \$1,543,030.

3. *Amount of Proceeds to be Received.* Assuming an aggregate principal amount of \$334,225,000 of the Bonds are sold and based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the amount of proceeds expected to be received by the City for sale of the Bonds less the finance charge of the Bonds described in paragraph 2. above and any reserves or capitalized interest paid or funded with proceeds of the Bonds, is \$338,204,826.

4. *Total Payment Amount.* Assuming an aggregate principal amount of \$334,225,000 of the Bonds are sold and based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the total payment amount, which means the sum total of all payments the City will make to pay debt service on the Bonds plus the finance charge of the Bonds described in paragraph 2. above not paid with the proceeds of the Bonds, calculated to the final maturity of the Bonds, is \$657,770,746 (653,954,258 Net total payments).

Attention is directed to the fact that the foregoing information constitutes good faith estimates only. The actual interest cost, finance charges, amount of proceeds and total payment amount may vary from the estimates above due to variations from these estimates in the timing of the sale of the Bonds, the amount of Bonds sold, the amortization of the Bonds sold and market interest rates at the time of the sale. The actual interest rates at which the Bonds will be sold will depend on the bond market at the time of the sale. The actual amortization of the Bonds will also depend, in part, on market interest rates at the time of sale. Market interest rates are affected by economic and other factors beyond the City’s control.
