RECOMMENDATION

Staff recommends that the City Council accept from the Human Services Department (HSD) a supplemental report regarding the Substance Abuse And Mental Health Services Administration (SAMHSA) Oakland Resiliency in Communities After Stress and Trauma (ReCAST) grant.

REASON FOR SUPPLEMENTAL REPORT

At the October 25, 2016 Life Enrichment Committee (LEC) meeting, the Committee members requested that staff provide additional information for clarification of the SAMHSA Oakland ReCAST grant. The following information below addresses this request:

I. Planning Process to Include Citywide Partners

HSD along with its county and health care partners will be collecting data as available citywide for the Behavioral Health Disparity and community needs assessment deliverables.

II. Efforts to Engage Community Members Impacted by Trauma in Strategic Planning Process

For the community needs assessment, which will inform the strategic planning process, HSD will conduct a series of focus groups with Oakland residents who are clients/consumers of the services provided by the public agencies and providers. Community members and consumers will also participate in an advisory capacity on the project ongoing.

III. HSD will return to City Council after Year One to report on the Strategic Plan and Priorities

After completing the first year of planning, HSD will return to provide City Council with a report and recommendations on the strategies and spending priorities.
