AGENDA REPORT

TO: FRED BLACKWELL
CITY ADMINISTRATOR

FROM: Sarah Schlenk
Interim Budget Director

SUBJECT: Amending the Master Fee Schedule

DATE: June 2, 2014

City Administrator
Approval

Date

5/22/14

COUNCIL DISTRICT: City-Wide

RECOMMENDATION

Staff recommends approval of the attached ordinance amending Ordinance Number 13171 C.M.S. and Ordinance 13184 C.M.S. (the FY 2012-13 Master Fee Schedule, or "MFS"), to establish, modify and delete fees and penalties assessed by the Office of the City Administrator, City Attorney, Finance Department, Oakland Parks and Recreation Department, Oakland Fire Department, Oakland Public Works Department, Department of Economic and Workforce Development, Department of Housing and Community Development, Department of Planning and Building.

OUTCOME

Once the master fee schedule amendments are adopted by the City Council, the amended fees assessed by the Office of the City Administrator, City Attorney, Finance Department, Oakland Parks and Recreation Department, Oakland Fire Department, Oakland Public Works Department, Department of Economic and Workforce Development, Department of Housing and Community Development, Department of Planning and Building will become effective July 1, 2014.

BACKGROUND/LEGISLATIVE HISTORY

The proposed ordinance shows proposed changes to the Master Fee Schedule for FY 2014-15, for City Council adoption. Fees not changing are not presented (i.e., if the fee is the same for the proposed FY 2014-15 as in FY 2013-14, they are not included in this report).

In most cases, changes to fees are required to offset changes in costs related to the provision of services for which fees are charged. The changes in fees (added or modified) are intended to meet the requirements of Proposition 26. In areas where fee comparisons are applicable, the City of Oakland's fees are similar to other neighboring jurisdictions.

Item: _____
City Council
June 02, 2014

Staff plans to bring forward a comprehensive review, analysis and update of the Master Fee Schedule during the adoption of the Fiscal Years 2015-2017 Policy Budget.

ANALYSIS

1. **The City Administrator's Office (CAO)** changes reflect changes to fees that were previously approved by the City Council but were not updated in the MFS; updating language to recognize the charge as a "permit" not a "fee"; moving fees and permits from the CAO's office to the appropriate department.
2. **The Office of the City Attorney (OCA)** fees are reduced to reflect actual hourly costs for various classifications due to a reduction in the Central Service Overhead rate.
3. **The Finance Department** changes reflect the movement of fees from the Finance and Management Agency to the Finance Department and the reduction of one fee due to reduced overhead.
4. **The Oakland Fire Department** changes largely reflect renumbering the sequence of fees as fees that are no longer applicable are removed; relocating existing fees to the CUPA section; and consolidating fees in an effort to further streamline verbiage.
5. **Oakland Parks & Recreation Department (OPR)** is proposing to add, delete, and modify fees to the categories listed. The fees are directly charged to those utilizing parks, recreation facilities, and recreation center programs and activities. The fees charged are intended to help offset staff costs and meet basic maintenance and supply needs. OPR changes are in the following categories:
 - a. Administration
 1. Park Use Permits;
 2. Service Fee, addition of an outside caterer's fee;
 3. Field Rental.
 - b. Recreation Services
 1. Aquatics- boat rentals and boating programs;
 2. Camps;
 3. Classes, Programs, Special Events;
 4. Golf, Chabot Golf Course, Metro Golf Course.
6. **Oakland Public Works Department (OPW)** is proposing to add, delete and modify fees. The new fees are intended to recover the costs of materials and actual staff costs. OPW plans to conduct a more in-depth fee study for the Department. The deleted fees are intended to be realigned. OPW changes are in the following categories:
 - a. Traffic Maintenance;
 - b. Keep Oakland Clean & Beautiful;
 - c. Electrical Services;
 - d. Project Delivery;

- e. Sewers & Storm Drain Maintenance;
 - f. Street & Sidewalk Maintenance.
7. **The Department of Housing & Community Development (DHCD)** are proposing new housing development services loan fees to recover cost associated with processing various documents; and are increasing an impact fee per the OMC.
 8. **Planning & Building Department** is proposing removing one fee that was included in error and increasing another fee for cost recovery purposes.
 9. **Economic Development and Workforce Department** is proposing increasing fees associated with processing Enterprise Zone Tax Credit vouchers and adding new cost recovery fees for the Public Art /Cultural Marketing program.

POLICY CONSIDERATION

The Council must consider the impact, if any, of reducing or modifying the Master Fee Schedule as it reviews funding priorities. The issue is most important when the potential changes can affect the ability of staff to provide services, and or adequately oversee/regulate a program. If the Council were to reduce a fee, it will have a negative impact on the City's ability to adequately recover costs associated with the administration and regulation of the program and result in a General Purpose Fund subsidy, if Council does not reduce administration/regulation functions/costs accordingly. Subsidization can be appropriate in situations where the City is trying to encourage business activity or pilot new programs.

PUBLIC OUTREACH/INTEREST

This item requires a Public Hearing, with two separate newspaper notifications of said hearing, allowing for public comment at that time.

COORDINATION

The Budget office contacted all City departments, provided them their sections of the current FY 2013-14 Master Fee Schedule and requested their proposed changes for FY 2014-15.

COST SUMMARY/IMPLICATIONS

The revenues from fees are included in the FY 2014-15 Proposed Budget, and any modifications to the fee proposal may impact budget balancing. Anticipated revenue will help offset costs to provide services for which the fees are charged, with no net gain to the City's overall budget.

SUSTAINABLE OPPORTUNITIES

Economic: Revenues generated from the fees listed in the Master Fee Schedule are relied upon to fund essential City services.

Environmental: There are no direct environmental impacts associated with the City Council action requested in this report.

Social Equity: There are no direct social impacts associated with the City Council action requested in this report.
