RE: Supplemental Report Incorporating Amendments to the Scope and Proposed Target Areas for the Central City East and Coliseum Commercial Security Pilot Program

SUMMARY

Per the adopted amendment at the Community and Economic Development Committee at the April 8th meeting, Redevelopment staff has incorporated the changes to the Central City East and Coliseum Commercial Security Pilot Program for the proposed scope and target areas.

Proposed Target Areas for Armed Security

The CCE Redevelopment Area armed security patrol service will primarily target: Foothill Boulevard between 23rd and 73rd Avenue; MacArthur Blvd. between 73rd and 77th Avenues and between 88th Avenue and the San Leandro border; and Bancroft between 66th and 73rd Avenues.

The Coliseum Redevelopment Area armed security patrol service will primarily target International Boulevard from 23rd to the San Leandro border. The new armed security patrol officers will initially focus on these target areas and may rotate to other CCE and Coliseum commercial corridors throughout the year, as needed. Other areas that also may be targeted but are not limited to include:

- The East 18th Street/Park Boulevard area;
- The Eastlake commercial corridor between 5th and 10th Avenues along East 12th Street and International Boulevard;
- San Leandro Street between Fruitvale Avenue and 98th Avenue;
- The 23rd Avenue corridor from East 12th Street to East 27th Street; and

Scope of Work and Drafting of the RFP/RFQ Process

The private armed security officers are to provide walking patrols instead of vehicle patrols for the majority of their shifts. In addition, the Oakland Police Department shall be consulted on the drafting of the RFP/RFQ process that will define the scope of work for the private security firms. Finally, the scope of supervision and coordination will be made in cooperation with the OPD Area Captains.
