Product and Services Description

Flock Safety Platform Items	Product Description
FlockOS™ Elite Package	Distinguishing itself from traditional brick-and-mortar real-time crime centers (RTCCs) and other cloud-based solutions, FlockOS™ Elite is scalable and community-powered, offering a versatile, cloud-based RTCC platform.
Enhanced LPR Upgrade	The Enhanced LPR Package is a software add-on for any of the FlockOS™ tiers designed to help detectives and patrol officers conduct more efficient, informed, and collaborative investigations. Its advanced License Plate Recognition (LPR) features streamline investigations, providing officers with immediate access to essential information and improving communication within and across departments.
Flock Safety LPR, fka Falcon	Law enforcement grade infrastructure-free (solar power + LTE) license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users.
Flock Safety Long-Range LPR, fka Falcon LR	Law enforcement grade, long range and high vehicle speed license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users, with LTE. AC Power Only.
Flock Safety Video Camera PTZ w/ LTE Service, fka Condor	Law enforcement grade live streamed PTZ camera with 30 days of edge storage. VMS included and server free. Installed and maintained by Flock Safety, turn key-no additional software or integrations required.
Professional Services - Existing Infrastructure Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment of existing vertical infrastructure location, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.
Professional Services - Existing Infrastructure Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment of existing vertical infrastructure location, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.
Video Camera Professional Services - Standard Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.

FlockOS Features & Description

FlockOS Features	Description
Wing Gateway, Wing Cloud, Wing VMS	Unlocks access to purchase video integration.
Custom Map Layers	Powered by ESRI, the FlockOS Map supports 3D visualizations, floor plans, GIS data layering, and allows users to upload custom map layers for a tailored mapping experience
Axon BWC (Body Worn Camera) Locations	Locate patrol officers and their BWC device statuses in one unified map view, optimizing coordination and response times.
Map Attachments	Easily managed through the Flock Admin portal, Map Attachments enables agencies to store and access key operational data for dispatchers, patrol officers, and command staff.
Camera Registry Program	Access a customizable, fully-hosted camera registry website to quickly identify nearby video sources during incidents. Strengthen community ties by incorporating fixed camera feeds from local schools, businesses, and neighborhoods. The interactive map lets you spot relevant cameras so you can easily contact camera owners to assist in investigations.
Automatic Vehicle Location (AVL) Connection	Boost situational awareness by displaying the Automatic Vehicle Location of patrol vehicles or other assets. This feature ensures resources are effectively allocated and response times are minimized.
Computer Aided Dispatch (CAD) Connection	Seamlessly incorporates your CAD system into FlockOS™. This crucial connection ensures that calls-for-service, locations, and actionable intelligence are displayed side-by-side, driving efficient call resolutions.
Floor Plans	Equip officers with detailed indoor layouts by layering building floor plans on the interactive ESRI-based map, enhancing tactical decision-making during incidents.
Drone Integration	Access live drone video feeds, locations, and device statuses from supported products in one unified map view; with an API being provided for locations and device statuses for other vendors if specific integration is not available.
FirstTwo Connection	Law enforcement agencies with an existing FirstTwo account can integrate it with FlockOS to access real-time open source intelligence data, including information about residents at specific locations, details about people e.g. phone number, names, ages, to enhance situational awareness and response coordination.
Regionalization Support	Enhance collective response and communications across your geographical region by pooling resources, technology, and intelligence. With FlockOS™ Elite, you can share integrated CAD systems and cameras with neighboring agencies to coordinate quick responses to emerging threats and crime patterns, creating a safer community for residents in your broader area while maximizing resources.
Real-Time Routing	Promote safety by anticipating a defined area where a vehicle could be located that alerts on an LPR camera through advanced analytics.
SSO	Ability to sign into the Flock Safety platform via Okta Single Sign On (SSO). This increases login speed and information security.
Convoy Search	Unearth hidden connections by detecting suspect vehicles that frequently travel together. This tool is invaluable for investigating organized or serial crimes and identifying accomplices.
Visual Search	Transforms any digital photo into a potent investigative lead, enhancing evidence collection. Upload the image of a vehicle into FlockOS™ to initiate a reverse image search that will help you identify crucial suspect vehicle information and unlock dead-end investigations.

Multi Geo Search	Connects the dots between multiple crimes and crime scenes. Link a suspect vehicle to multiple incidents based on location, without needing a vehicle description or plate number.
Custom Hot List Attachments	The ability to add case notes, photos, reports, and other relevant case information to Custom Hot List Alerts
Custom Hot List Deconfliction	Allows Flock Safety users to identify overlapping investigations within their agency and within other law enforcement agencies and provide the contact information of opted-in parties to facilitate collaboration.
Unlimited Vehicle Description Alerts	Users can set up and receive notifications for suspect vehicles based on body type, make, color, location and timeframe. Notifications are sent via app, SMS or email when a vehicle matching the predetermined criteria passes a camera in your organization's network.

By executing this Order Form, Customer represents and warrants that it has read and agrees to all of the terms and conditions contained in the previously executed agreement.

The Parties have executed this Agreement as of the dates set forth below.
