Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I am currently an attorney but for four years prior to Law School, I was a middle school social studies teacher. Both careers have provided important experiences and learning opportunities that I will be able to leverage to add value to the discourse, strategy and outcomes of the Community Policing Advisory Board. As a law student, I worked at the Bronx Legal Aid Society and studied criminal justice policy, including the efficacy of community policing, in a legal clinic called the Criminal Defense and Reentry Clinic at New York University School of Law. As an attorney, I helped create a partnership between the Bronx Defenders, a prominent, holistic public defender organization, and the law firm at which I worked, Skadden, Arps. This partnership included a Police Accountability Clinic where attorneys counseled victims of excessive force in the filing of a notice of claim, which is the first step in pursuing a settlement or a federal civil rights claim. This partnership also included research into police detention practices and the frequency and nature of excessive force. I have visited prisons and have worked in record expungement clinics. I have also met with non-profit leaders in Oakland to further understand and stay abreast of local and statewide legislation and developments in criminal justice reform. As a teacher who was heavily engaged in and connected to the community, I saw first-hand the challenges and dangers community members faced when confronted with law enforcement officers who were not collaborative and antagonistic to the community they served. Conversely, I also saw instances where an understanding of the community and the development of relationships helped law enforcement more effectively serve and protect community members. Having seen the good and the bad, and studied the research on community policing initiatives, collaborative, relationship-based and community-tailored policing significantly improves outcomes not just for members of the community but for law enforcement as well. As a resident of Oakland and a Bay Area native, I believe deeply in the need for communities, particularly those historically marginalized, to have access to resources that promote safety but also for such communities to have agency and a voice in shaping the approach to policing in a collaborative fashion. Through my personal and professional network, I am connected to a variety of different stakeholders that will help me stay informed about the needs of the various communities in Oakland and will allow me to bring those unique perspectives to the discussions and deliberations that take place at board meetings.

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

It has been a very exciting time to be a part of the CPAB and I hope to continue this work. Here is a list of people I've met with to continue to inform my work on the CPAB should I be reappointed: Neighborhood Service Staff (to name a few): Ana Martinez Felicia Verdin Judith Christopher Neighborhood Crime Prevention Council (NCPC) (to name a few) I have attended many NCPCs as an observer. Have gained insightful information in regards to the problems and successes that the Neighborhoods are experiencing. Don Link Marla Williams OPD (to name a few) DC Armstrong Capt. Bolton I have also been in contact with Rev. Damita Davis-Howard from ceasefire. We have had multiple conversations and she was invited as a guest speaker at one of our meetings. During the NCPC meetings that I have attended I have made a point to mention ceasefire and the benefits. (promoting and encouraging them to invite ceasefire to give a presentation) This is a program that I am especially passionate about because the data shows the success and impact it makes on the Community. I have been in contact with Joey Harrison who is the head of, The Village of Love which is an advocacy for homelessness. We have been interested in their deescalating training that they offer. Currently, I have an upcoming meeting (02/17/21) with the Curtiss Sarikey Chief of Staff to OUSD superintendent to discuss how the CPAB can collaborate with OUSD around community policing as well as discussing the implementation of the George Floyd Resolution. We are hoping to build a stronger connection between the schools and NCPCs as well as the CPAB. To Whom It May Concern, My name is Daniel Ettlinger and i have been a life long resident of Oakland California. I attend an Oakland elementary school and eventually went to Cal State East Bay, which I received a degree in Political Science. I have also decided to raise my own family here in Oakland. I have two small children 4 and 6 years old that attend Oakland public schools. With a soon to be second grader and kindergartner I have a lot invested in the success of the Oakland public school system. I am very passionate about education and hope to help all Oakland kids obtain quality education. For the past nine plus years I have worked at the University of California Berkeley as a Research Administrator. What my job entails is working with professors who are seeking grant funding for the research. This includes developing a budget and making sure the professor is in compliance with different sponsor regulations. I have worked with state, federal, and non-profit sponsors who provide UCB grant money. In my job I have unique understanding of the grant world and feel that my expertise can help while working in city government. I have also had the opportunity now to serve on the CPAB for the last three years and hope to be reappointed for a 2nd term. This is a exciting time on the board which I hope to continue the work that we have started. I have made the choice to stay in Oakland because this is a place I love and care for. Well there are many great things that Oakland has going for them there is still much work to be done. I hope that I can be a part of it. Thank you for your consideration. Sincerely, Daniel Ettlinger

Experience as a parent of children in OUSD schools – My son was born in August of 2011 and July of 2013, they both are at Glenview Elementary. They both went to a pre-school in Oakland I have reached out to a group called BANANAS and they work with Head Start when I was looking for pre-schools and applied for Head Start. Just recently started taking a more active role at my kid's school. Just last year they were looking for a new Principal and I've been attending the meetings with regard to the new Principal Search. I'm attending the new Dad's Club at the school. As the kids grow up, I feel it is important for your kids to see you participate in your community. I've decided to raise my kids here in Oakland and I'm invested in Oakland. Our family has attended all the National Night Outs throughout the years. I'm attending some of the meetings which I find out about through NextDoor social site. Growing up I was a grants intern at the San Francisco Foundation as well as the Oakland Mayor's Summer Job program and the Youth Court Program My projects included grant-making for different organizations, but we all had internships (Oakland Mayor's Program) as well and I would help Daryll pick up shoes and ties from the Men's Warehouse to help youth prepare themselves for interviews and resumes that they would submit to big employers like the Alameda County Fair etc. There was a process in our grant-making including discussion on stigma for the needle exchange program. I'm looking to help other young people participate in diversion programs and youth enrichment programs such as those that I benefitted from as a young person. I've done local campaigning for candidates for local state senate and assembly For me, better jobs and education is a mechanism to help strengthen Oakland With the youth in Oakland, we should ensure that programs are benefiting youth who are up and coming and working class families of Oakland. Those are the biggest factors for me personally in terms of granting funds to organizations, they're impact in these ways and others. On violence prevention in Oakland – Our family has attended all the National Night Outs throughout the years and they are important for community building and safety awareness. I'm attending some of the meetings which I find out about through NextDoor social site. In the past with the youth court/violence prevention diversion program is so important for young people to be engaged in and so that they are not system-involved at an early age. We need to give them supports for healthy development. This is where youth programs comes in and is so crucial as well as the Economic Dev't that assists young people with obtaining youth jobs, all of this ties in and assists with violence prevention.

Interests & Experiences**Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.**

I have lived in Oakland since 2000. I am raising my children in Oakland. I care about the future of this city. I have worked for Alameda County Health Care Services Agency since 2002. I have worked in the community with immigrants/refugees, homeless populations, children with chronic disease(asthma), etc. I am bilingual/bicultural. I have a strong interest in serving my community. I'm also a homeowner in East Oakland and would be interested in the rent board as well. I can see many sides to an issue; in my many years as an Oaklander I've seen nest egg small property owners get their dwellings defaced by negligent or irresponsible tenants and I've seen property owners neglect their properties and not keep up with important codes such as those to get rid of mold which can cause health issues.

CPAB, I am 20-year teacher and I've been actively involved in school community outreach programs in the Bayview neighborhood. Also, I was elected to the Oakland Unified School District as District 2 Director. Part of my responsibilities are to service on several district oversight committees. The CPAB is one of those committees. As an educator and school board director, I believe it is essential that we disrupt the school to prison pipeline.
