Dear Honorable Mayor and City Council Members:

My name is Cesar Gabriel San Miguel. I am a 13-year-old Oaklander, born and raised in this beautiful City. Next fall I will start 8th grade at Saint Lawrence O'Toole School, where I am an honor student and the eighth grade class president.

One of my interests has been the environment. For the past seven years I have volunteered on every Earth Day and Bay to Creek Day, and have planted daffodils and organized clean-ups with my classmates. When I was six years old I signed up to be a volunteer with the City of Oakland's Keep Oakland Beautiful program, formerly know as Grime Busters and We Mean Clean. I adopted my block and committed to keep it clean, which I continue to do to this day.

Currently I work as a volunteer with the Dimond Recreation Center as Counselor in Training. Last May I was the only Oakland resident to receive the Bay Area Community Heroes Award. Over the years I've received a number of recognitions for community service (please see attachments).

In this day and age youth face many problems. One prominent issue is peer pressure. The desire to fit in is what makes some youth make bad decisions like joining a gang, or doing drugs, etc. The lack of pride in themselves and in their City translates to problems for youth all over Oakland. Youth need to see other youth doing good things, making right decisions, and being proud of themselves. We need more youth role models to set an example for others.

I was nominated by my school principal and accepted into the "People to People World Leadership Forum." Next spring I will be going to Washington, D.C. The training I will receive at the "World Leadership Forum" will help me to gain additional leadership skills to make a difference in my community (please see attachment).

I would be a great addition to the Oakland Youth Advisory Commission because I myself battle with the same problems and issues other young people are facing, and I can understand what other teenagers are going through. I can also promote environmental awareness and encourage youth to participate in community service. I have a unique view on health and eating habits because I have been a vegetarian my whole life. And finally, because of my Mexican heritage, I can bring a bilingual and bicultural perspective to the table. Therefore I believe I will be a great addition to the Oakland Youth Advisory Commission.

Sincerely,

Cesar Gabriel San Miguel

Eric Gant is a sophomore at Berkeley High School. He is an Oakland Native who currently resides in Oakland, CA and he loves his community. A scholar athlete who is a leader on and off the field, he recognized early on that he wanted to be active in civic engagement and leadership because he understands the connection between knowing the issues that affect his generation of youth and being in the position to do something about it.

Upon the advisement of his English teacher, he ran for V.P. of the 10th grade class, and he was elected by his peers because he has the vision and leadership skills to lead change in their school community. Last year, he served on the leadership committee in the Community Partnership Academy, which is the name of his small school, within Berkeley High. Eric is dedicated, reliable and he is eager to learn.
