TO: Office of the City Administrator
ATTN: Dan Lindheim
FROM: Public Works Agency
DATE: April 28, 2009

RE: **Supplemental Report To Action On A Report Discussing The City's Fleet Status**

SUMMARY

This supplemental report provides additional information requested by the Finance and Management Committee on January 27, 2009, concerning underutilized vehicles, City CarShare, police vehicle accidents and retraining after accidents, vehicle auction data, and analysis of the cost of purchasing new vehicles vs. maintaining old vehicles.

FISCAL IMPACTS

There is no additional fiscal impact for providing the fleet status information contained in this supplemental report.

BACKGROUND

At the January 27, 2009 Finance and Management Committee meeting, staff was requested to return on April 28, 2009 to provide information on the following:

- Details on vehicle utilization;
- Police vehicles removed from service due to accidents and retraining after accidents;
- Police take-home vehicles;
- Cost analysis of new vehicle purchase vs. continued maintenance of old vehicles;
- CarShare hours and publicity plan;
- Data on how pool vehicles are charged to departments;
- City Administrator's authority to sell City assets;
- Results from auctions; and
- Incentive plan to recover and minimize fleet costs.

KEY ISSUES AND IMPACTS

Fleet Utilization

Attachment A provides a list of all City-owned vehicles that are considered for utilization analysis in the City's Administrative Instruction (AI) 4304, Fleet Utilization. The vehicles are

Item # _____
Finance and Management Committee
April 28, 2009

grouped by agency/department, and then by vehicle class. This allows utilization comparison of vehicles used for similar activities within the same department.

Police Vehicles

Accident-Damaged Vehicles

Table 1 lists vehicles assigned to OPD that have been permanently removed from service due to collision damage that is beyond economical repair for Fiscal Years 2007-08 and 2008-09 to present. These vehicles are generally replaced first when new marked vehicles are purchased. The damaged vehicles are sold as scrap to automotive recyclers.

**TABLE 1

Post-Accident Training

According to the Police Department, "Officers are required to attend 4 - 8 hours of driver training after each accident where they have been found at fault. Officers may also be required to attend training when, although not at fault, they exhibited unsafe driving practices. Officers attend the training on Special Order from the Chief of Police. The Chief imposes progressive discipline for officers who are found at fault in accidents. The discipline may range from written reprimand to suspension without pay."

Take-Home Vehicles

Table 2 lists the assigned take-home vehicles for upper management and unit members who may be on-call. "Assigned" denotes a full-sized unmarked police vehicle, "rental" denotes a non-City vehicle rented by the Police Department from a rental agency. Commute information was not provided where the value is vacant.

TABLE 2

Cost Analysis

Equipment Replacement

In the January 27, 2009 report, staff provided vehicle/equipment replacement scenarios at \$2,000,000, \$3,000,000, and \$5,000,000. Staff was requested to show what sort of savings could be achieved by replacing overaged vehicles versus continuing to maintain overaged vehicles.

In the following scenarios, staff focused primarily on marked police vehicles as a significant portion of the marked fleet is more than three years overdue for replacement, has accrued high miles, and has been consuming significantly increased maintenance and repair costs. Also, due to a reduction in the previous COPS grant award, OPD directed PWA to reduce the number of replacement vehicles it will fund from 19 to 6. This brings the total marked police replacement vehicles for FY 2008-09 from 48 to 35.

The \$2,000,000 scenario presented in January 2009 (*Attachment B*) replaced 25 marked police vehicles and 22 vehicles from other classes. Table 3 shows that purchasing 25 new vehicles

Item: _____
Finance and Management Committee
April 28, 2009

instead of continuing to maintain the 25 that are more than three years overdue for replacement could yield a savings of \$328,830.75 in the first year, which could go towards reducing the Equipment Fund (4100) negative fund balance.

TABLE 3

2 Million Per Year	No Vehicles	Per Unit Annual Maintenance	Total Annual Maintenance
Current			
Annual Average - First 3 years in service	69	\$4,506.00	\$310,914.00
Annual Average - Years 4 & 5 in service	140	\$11,393.05	\$1,595,027.00
Annual Average - Years 6 & 7 in service	28	\$17,659.23	\$494,458.44
			\$2,400,399.44
Add 25 New Vehicles*			
Annual Average - First 3 years in service	94	\$4,506.00	\$423,564.00
Annual Average - Years 4 & 5 in service	140	\$11,393.05	\$1,595,027.00
Annual Average - Years 6 & 7 in service	3	\$17,659.23	\$52,977.69
			\$2,071,568.69
		Annual Savings in the first year	<u>\$328,830.75</u>

*Add 25 to first 3 years of service; dispose of 25 in years 6 & 7

The FY 2009-11 budget includes \$2,000,000 for vehicle replacement.

In the \$5,000,000 replacement scenario presented in January 2009 (*Attachment B*), proposed replacing 60 marked police vehicles and 59 vehicles from other classes in the first year. This is closer to an optimum replacement plan as a fleet of 245 marked units with three-year lifecycles requires replacing 82 vehicles per year. Table 4 shows that purchasing 60 new vehicles instead of maintaining 60 that are one to four years overdue for replacement could yield a savings of \$588,676.04 in the first year, which could go toward reducing the Equipment Fund (4100) negative fund balance.

TABLE 4

5 Million Per Year

City CarShare

The City began a pilot program with City CarShare in October 2006. Base costs for the one-year contract were \$31,700, which included \$1,600 monthly for two Toyota Priuses, \$500 per month for customer service, and a one-time cost of \$4,400 for signage, website design, and hardware installation. City CarShare charges an initial enrollment fee of \$30.00 per person. The rental rate for the current contract period is \$1,600 monthly for two Toyota Priuses, \$500 per month for customer service, and \$5.00 per hour plus \$0.40 per mile for rentals, or an average of \$6.50 per hour for short trips. The costs of the rentals are deducted from the monthly rental for the two Priuses. The per trip rental costs are billed to the using departments and charged against account 54613 – Motor Pool Usage.

During the pilot phase, the City opened enrollment to several departments housed downtown. Since then, persons who regularly used the City-owned pool cars located in the Clay Street Garage were provided City CarShare information and encouraged to enroll. Forty persons are currently enrolled in City CarShare.

CarShare usage is averaging about 100 hours per month as shown in Table 5 below:

Item: _____
Finance and Management Committee
April 28, 2009

TABLE 5

City CarShare Hours

October 2008	167.50
November 2008	106.25
December 2008	105.00
January 2009	102.25
February 2009	64.00
March 2009	70.50

The Equipment Services Division (ESD) has devised an enrollment campaign for City CarShare that will be rolled out in concert with the new web access portal for City-owned pool car reservations with the upgraded fleet management, scheduled to go live by the end of April. Employees working downtown will be encouraged to use either City CarShare or the City-owned pool, and would be instructed how to make their own reservations via the Internet.

City-owned Pool Vehicles

The ESD manages City-owned pool vehicles at four locations:

- Dalziel Garage – sedans for short-term usage for employees sited downtown
- 7101 Edgewater Drive – sedans and other light-duty equipment for short-term, long-term, and out-of-town usage, and as loaner vehicles in place of vehicles being serviced
- 5050 Coliseum Way – trucks, vans, buses and construction equipment for short- and long-term usage, and as loaner vehicles in place of vehicles being serviced
- Police Transportation – short-term unmarked police vehicles for Police Department personnel only

Pool vehicles charges are outlined in Table 6 below:

TABLE 6
POOL VEHICLE CHARGES

Row	Pool vehicle type	Description	Hourly Rate	Daily Rate
2	4D SEDAN	4D SEDAN	\$ 4.00	\$ 25.00
3	6WHL SCOOTER	6WHL SCOOTER		\$ 20.00

29	WAGON	WAGON	\$ 4.00	\$ 25.00
30	WHEEL LOADER	WHEEL LOADER		\$ 65.00

Pool vehicles are charged monthly to using departments through an interface in Oracle from the division's Assetworks FASuite fleet management system. The usage is charged against account 54613 – Motor Pool Usage.

City Auctions

The Oakland Municipal Code, as noted below, sets forth the requirements for "disposal of surplus City property with commercial value, and requirements for abandonment, destruction or gift to public bodies of surplus City property with no commercial value or with commercial value that is less than the cost of continued care, handling, maintenance or storage."

2.04.120 Surplus supplies and equipment--Disposal or destruction.

A. Authority of Purchasing Supervisor. All using departments shall submit to the Purchasing Supervisor, at such times and in such form as Purchasing Supervisor shall prescribe, reports showing all supplies that are no longer used or that have become obsolete or worn out. The Purchasing Supervisor shall have authority to sell at public auction after advertising for one day in the official newspaper of city all supplies that cannot be used by any department or that have become unsuitable for city use, or to exchange or trade in the same for new supplies. However, the sales of such supplies may be made to other public bodies at the fair market value.

B. Authority of City Administrator. Except as otherwise prohibited by law, the City Administrator may authorize the abandonment, destruction or donation to public bodies, charitable, civic or nonprofit organizations, of city property which has no commercial value or of which the estimated cost of continued care, handling, maintenance or storage would exceed the estimated proceeds of sale. Such determination shall be made in writing and countersigned by the Director of Finance and Management and City Administrator.

C. Donation of Property. Except as otherwise prohibited by law, the donation to public bodies, charitable or nonprofit civic organizations, of surplus supplies or any other surplus property owned by the city (excluding real property) that has a value exceeding its continued care, handling, maintenance or storage, may be authorized only by resolution or ordinance of the City Council upon a finding by the City Council that such property is surplus to city needs and that the donation is in the best interests of the city.

D. Sale of Property. Sale by means other than public auction of surplus supplies or any other surplus property owned by the city (excluding real property) may be authorized only by resolution or ordinance of this City Council upon a finding by the City Council that such sale is in the best interests of the city. However, such sales shall be authorized only at or above the fair market value of the property as determined by the City Administrator.

Item: _____
Finance and Management Committee
April 28, 2009

The details of the last three auctions of vehicles and equipment with commercial value held by the City are shown on *Attachment C*. They are summarized on Table 7 below:

TABLE 7
AUCTION OF CITY-OWNED VEHICLES

DATE	NET SALES
25-Oct-2008	\$ 112,445.50
2-Nov-2008	\$ 4,010.50
20-Dec-2008	\$ 3,966.18
21-Feb-2009	\$ 5,262.50
TOTAL	\$ 125,684.68

From the net sales revenue, 90% goes to the Equipment Fund, 5% to Contracting & Purchasing, and 5% to Central Stores.

The Finance and Management Agency, Contracting and Purchasing Division, and the ESD staff continue to prepare and transport vehicles for auction. Staff anticipates at least one or two more auctions prior to the end of the fiscal year.

Fleet Incentive

An industry-wide best practice that promotes cost recognition and control is the rate chargeback system. A true rate chargeback system links an organization's behavior and its costs, and it makes both users and fleet management aware of the costs associated with use of vehicles, equipment and related services.

For example, a fleet user that has little accountability for the services consumed will have little incentive to control costs. Vehicles and equipment are deployed without regard for cost effectiveness, and there will be little incentive to ensure adherence to maintenance schedules or proper equipment operation.

On the fleet management side, a fleet management organization that does not have to account to fleet users for the costs of providing vehicles and related services will have less pressure from users to manage well. Conversely, a true rate chargeback system fosters accountability for effective management on both the users' and management organization's parts.

Item: _____
Finance and Management Committee
April 28, 2009

The City is moving in the direction of a chargeback system; however, it has not yet been fully implemented. This fiscal year, ESD will begin providing itemized bills to its user departments.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that Council accept this supplemental report.

Subject: RE: thanks for your message

Deanna,

We only sold two motorcycles, you may auction the rest.

Jimmie D. Jackson

Subject: thanks for your message

Hi Jimmie –

Thanks for your voice message

I haven't received the form, so will follow up with Novette –

However, to move things along I'm assuming you signed off to auction this group of motorcycles?
(2109, 2211, 2212, 2214, 2217, 2218, 2219, 2223, 2230, 2231, 2234, 2243, 2245, 2251, 2280, and 2295)

Please confirm so Tom and Lorene can begin the process of having them moved up to auction.

Thanks so much,
Deanna

Deanna,

We only sold two motorcycles, you may auction the rest.

Jimmie D. Jackson

Cc: Gordon, Thomas; Carmichael, Lorene
Subject: thanks for your message

Hi Jimmie --

Thanks for your voice message

I haven't received the form, so will follow up with Novette --

However, to move things along I'm assuming you signed off to auction this group of motorcycles?
(2109, 2211, 2212, 2214, 2217, 2218, 2219, 2223, 2230, 2231, 2234, 2243, 2245, 2251, 2280, and 2295)

Please confirm so Tom and Lorene can begin the process of having them moved up to auction.

Thanks so much,
Deanna

Subject: Additional Vehicles to Auction (12 Crown Vics)

Hi Jimmie –

We have 12 more cars ready to auction

I'll send over the form – but here's the list

1. Veh # 1006, Year = 2000, Ford Crown Victoria, 92,639 miles — \$600.00
2. Veh #1040, Year = 2000, Ford Crown Victoria, 103,290 miles
3. Veh #1107, Year = 2001, Ford Crown Victoria, 95,465 miles — \$400.00
4. Veh #1216, Year = 2002, Ford Crown Victoria, 104,608 miles — \$850.00
5. Veh #1218, Year = 2002, Ford Crown Victoria, 96,573 miles — \$400.00
6. Veh #1320, Year = 2003, Ford Crown Victoria, 117,904 miles — \$750.00
7. Veh #1333, Year = 2003, Ford Crown Victoria, 110,833 miles — \$1100.00
8. Veh #1334, Year = 2003, Ford Crown Victoria, 119,909 miles — \$450.00
9. Veh #1426, Year = 2003, Ford Crown Victoria, 104,610 miles — \$1,000.00

10. Veh #1846, Year = 1998, Ford Crown Victoria, 73,958 miles - \$4,500.00
11. Veh #1915, Year = 2000, Ford Crown Victoria, 103,897 miles - \$7,500.00
12. Veh #1925, Year = 2000, Ford Crown Victoria, 111,640 miles - \$4,000.00

I know you've been out – but I suspect you're reading your e-mails anyway – so if you want to send me an e-mail approval I can attach that to the form now and you can sign upon your return.

Thanks so much – Hope you're feeling better soon.
Deanna
