Stanley Garcia

Objective To serve as a member of the Commission on Aging.

Summary of qualifications 1984 – 2000 East Oakland Boxing Association (EOBA).
Oakland, CA

Executive Director

The East Oakland Boxing Association (EOBA) is an established nonprofit organization that I founded in 1984. When the doors of the EOBA opened, a significant change took place in the surrounding neighborhoods. The attraction of the tough sport of boxing coaxed otherwise hardened youth to curiously investigate this new establishment in the middle of their world. It was at the EOBA that they discovered *SMARJ MOVES* is our own developmental program which offers educational tutoring computer skills training, counseling, arts and theater and physical fitness relative to the sport of boxing.

The results thus far have been phenomenal, the youth that began participating in the various programs at the EOBA came from a community historically identified as one of the highest in the state of California for incidence of drug related crime, as well as physical, drug and alcohol abuse problems. The support and caring found in the *SMARJ MOVES* program has enabled many of these youths to transcend their environment and allow them to grow and learn. The success of this program is further demonstrated by the involvement of many of the parents and grandparents of the community. While the EOBA has existed for 16 years, our summer program began only seven years ago.

This program is a much-needed outlet for idle teenagers and youngsters since neither summer jobs nor summer programs are too prevalent in these neighborhoods. Our summer program gives the youth a chance for a safe place to play as well as an opportunity to develop and improve their study skills and knowledge before the next school year.

The EOBA's unique mixture of boxing and academics serves an average attendance of 123-150 youth per week. The staff needs help and I would like to have an opportunity to encourage Seniors to get involved in some of our youth programs.

To better develop the relationship between parents and their children, our Board of Directors and I feel that Grandparents and other seniors are both; our most abused and under utilized resource.

Our goals are synchronous with those of the Community, we want to salvage the futures of the local youth and give them a chance to achieve the success they deserve.
