RECOMMENDATION

Staff Recommends That The City Council Receive The Informational Cash Management Report For Fiscal Year 2023-2024 Second Quarter Ended December 31, 2023.

EXECUTIVE SUMMARY

As a continued best practice and in accordance with the City's Investment Policy, the Finance Department submits a quarterly informational cash management report to the City Council. For Fiscal Year 2023-2024 Second Quarter ending December 31, 2023, the City's Operating Pool Portfolio had a balance of \$2.08 billion and yielded 4.40 percent, while the Successor Agency's Portfolio had a balance of \$14.96 million and yielded 5.28 percent.

BACKGROUND / LEGISLATIVE HISTORY

The Cash Management Report summarizes the characteristics of the investment portfolios for the quarter. The City and Successor Agency's Portfolio composition includes safety, creditworthiness, liquidity, and diversity. As of December 31, 2023, the portfolios comply with the Investment Policy of the City for Fiscal Year (FY) 2023-24. The portfolios' credit quality remains high and well within Investment Policy parameters. Liquidity remains sufficient to meet projected cash flow needs for the next six months.

Provided in **Attachment A** are each portfolio's current market value and yield as of December 31, 2023, as well as comparisons to other market benchmarks. This report confirms that no leverage (use of debt to supplement investments) was utilized, nor were derivatives (such as interest rate swaps, futures, or options) held during the reporting period. Also included are reviews of key economic factors that may affect the portfolio's potential investment results.

ANALYSIS AND POLICY ALTERNATIVES

Cash Position

The City's Operating Pool Portfolio balances increased from \$1.97 billion as of September 30, 2023, to \$2.08 billion as of December 31, 2023. This net balance increase was mainly due to the following: receipt of \$4.12 million in business tax revenues, and receipt of \$294.34 million in property tax revenues, offset by debt service payments of approximately \$36.37 million. The remaining balance decrease of approximately \$150.60 million is due to receipt of other revenues, such as Sales Tax offset by operational expenses such as payroll and vendor payments.

The Successor Agency's portfolio decreased from a balance of \$16.17 million as of September 30, 2023, to a balance of \$14.96 million as of December 31, 2023. The portfolio decreased due to bond excess proceeds transfer payments of \$ 1.5 million per the bond expenditure agreement.

The City's and Successor Agency's investment portfolios are effectively managed for safety, liquidity and yield, and they in compliance with City's Investment Policy that supports Citywide priority for **responsive and trustworthy government**.

Yield Comparison

The effective rate of return on total assets in the City's Operating Pool Portfolio for the month ending December 31, 2023, was 4.40 percent. The effective rate of return on total assets in the Successor Agency's Portfolio for the month ending December 31, 2023, was 5.28 percent. The yields are different between the City and Successor Portfolios because the Successor Portfolio has a lower fund balance and a shorter investment horizon due to cash flow needs. The City Portfolio has a more stable long-term investment horizon, allowing for longer-term securities that typically have higher yields. Note that the current yield curve currently is relatively inverted, and short-term securities are yielding higher returns than long term securities.

The City Portfolio underperformed the one-year government agencies benchmark, which had a yield of 4.895 percent, as the 1-year government agency yield has already priced in future interest rate expectations, and City Portfolio slightly outperformed the Local Agency Investment Fund (LAIF), which had a yield of 3.929 percent.

The performance comparison to LAIF, should be considered in context of LAIF's historical tendency to lag market changes in both rising and falling interest rate environments. Moreover, the City does not actively sell securities in the portfolio to take advantage of cyclical swings in the market, which could result in the loss of principal. Rather, the primary investment objective of the City for the portfolio is to maximize safety, liquidity, and return in that respective order.

FISCAL IMPACT

There are no budget implications associated with this informational report.

PUBLIC OUTREACH / INTEREST

COORDINATION

This report was prepared by the Finance Department and Treasury Bureau.

SUSTAINABLE OPPORTUNITIES

Economic: The Cash Management Report summarizes the characteristics of the investment portfolios for the quarter. The portfolios' credit quality remains high and well within the City's Investment Policy parameters. Liquidity for both portfolios remains sufficient to meet the City's projected needs.

Environmental: To the extent that new investment opportunities are found in companies if or when financially prudent that are involved in environmentally positive activities, the City will consider investing in these companies (i.e. Commercial Paper, Medium Term Notes, etc.) if permitted by the City Investment Policy.

Race & Equity: The City has not done an analysis for race & equity.
