Privacy Advisory Commission: Submitted

Interests & Experiences**Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.**

I have a demonstrated commitment to government oversight, and a strong analytical foundation provided by my legal education. I serve on the Steering Committee for the Coalition for Police Accountability, and our work involves regular appearances before policymakers to provide subject matter expertise and legal analysis of pressing public safety issues. As a result of this work, I possess a detailed understanding of OPD Strategic Plans, OPD Department General Orders, OPD Training Bulletin, and related provisions of the City Charter. There is a substantial overlap between the work I have completed in concert with the Police Commission, and the work of the Privacy Advisory Commission, especially with respect to OPD's use of new and developing surveillance technologies. I plan to work to ensure that the police department is held accountable for the deployment of new technology, and my present understanding of operating procedures will provide a strong foundation for this work.
