2010 FEB 25 AM 9:36

AGENDA REPORT

TO: Office of the City Administrator
ATTN: Dan Lindheim
FROM: Community and Economic Development Agency
DATE: March 9, 2010

RE: **Resolutions Authorizing The City Administrator, Or His Designee, To Enter Into Eight (8) Professional Services Agreements In An Amount Not-To-Exceed Five Hundred Thousand Dollars (\$500,000.00) Each, And Two (2) Professional Services Agreements In An Amount Not-To-Exceed One Hundred Fifty Thousand Dollars (\$150,000.00) Each, For As-Needed Geotechnical Engineering Services Over A Period Of Three (3) Years**

SUMMARY.

Resolutions have been prepared authorizing the City Administrator, or his designee, to enter into professional services agreements to provide as-needed *geotechnical engineering* services with each of the following ten (10) firms:

Two (2) firms with Tier-I Statement of Qualifications (up to \$150,000.00 per consultant over three years)

1. Lai & Associates
2. TRC

Eight (8) firms with Tier-II Statement of Qualifications (up to \$500,000.00 per consultant over three years)

1. AGS, Inc.
2. Cal Engineering & Geology, Inc.
3. ENGEO Incorporated
4. Fugro West, Inc.
5. Kleinfelder West, Inc.
6. MACTEC Engineering and Consulting, Inc.
7. Ninyo & Moore
8. Treadwell & Rollo, Inc.

Two tiers of contracts were used for soliciting proposals to encourage qualified prime consultants from smaller sized firms to compete with similarly qualified consultants: Tier-I for

Item: _____
Public Works Committee
March 9, 2010

smaller sized firms, and Tier-II for larger sized firms. Each professional service agreement is for an amount not-to-exceed either \$150,000.00 (Tier I), or \$500,000.00 (Tier II); over a three-year period.

The Community and Economic Development Agency's Engineering Design Division will manage the contracts. These contracts are available for use by all other Departments and Divisions under CEDA, the Public Works Agency (PWA), and the Oakland Redevelopment Agency (ORA).

The firms hired with these as-needed *geotechnical engineering* services must be able to perform geotechnical analysis, site investigations, site assessments, recommend proper testing methods, arrange for any needed subsurface investigations and laboratory work, analyze subsurface data for land stability and recommendations, generate reports, evaluate alternatives, prepare plans and specifications for construction, coordinate the project with regulatory agencies and secure permits, provide construction support, and facilitate special inspections and material testing. The services provided are for work that is highly technical and specialized or that is temporary in nature. These services are not performed by City staff and will not result in any impacts to current staff.

FISCAL IMPACT

Funding for these contracts will come from existing appropriations. The Community and Economic Development Agency (CEDA) has maintained as-needed contracts for engineering consulting services in the past through the Department of Engineering and Construction. These new as-needed *geotechnical engineering* services contracts will be available to support all City departments, including CEDA, the Public Works Agency (PWA), and the Oakland Redevelopment Agency (ORA). Funding for the as-needed contracts comes directly from federal, state or local grants, or City and ORA clients, on a project-by-project basis. Funds will be identified prior to authorizing specific services.

The term of each of the two (2) Tier-I contracts will be for three years and is not to exceed \$150,000.00 each, or a total maximum allocation of \$300,000.00. The term of each of the eight (8) Tier-II contracts will be for three years and is not to exceed \$500,000.00 each, or a total maximum allocation of \$4,000,000.00.

BACKGROUND

CONSULTANT SELECTION

In September 2009, the City issued a Request for Qualifications (RFQ) for as-needed *geotechnical engineering* services. Legal advertising was placed in local newspapers on September 23, 2009. Specific notifications were also sent to local and area engineering firms, and community outreach firms including the following:

Item: _____
Public Works Committee
March 9, 2010

- Oakland certified local and small local businesses firms
- Oakland's contract compliance mailing list for geotechnical engineers

City staff held a pre-SOQ meeting for the RFQ on Wednesday, September 30, 2009, and over fifty (50) consultants attended. Ten (10) sets of qualifications were received by the due date of 2:00 pm on October 9, 2009. This included two (2) Tier-I SOQ's and eight (8) Tier-II SOQ's.

A four member panel from the Community and Economic Development Agency (CEDA)-Project Delivery Division, Watershed Program Division, and Engineering Design and ROW Division reviewed the SOQ's for quality and content of the proposals. The Tier-I and Tier-II Statements of Qualifications were separately evaluated based on the following criteria:

1. Presentation, completeness, clarity, organization, and conformance of SOQ to the RFQ content and format requirements.
2. Demonstrated ability, based on firm experience and the specific experience of the project manager and proposed team, to provide technical assistance for a broad range of the engineering project areas and services listed in the RFQ.
3. Demonstrated ability, based on firm experience and the specific experience of the project manager and proposed team, to provide specialized expertise or resources in any one of the engineering project areas and services listed in the RFQ.
4. Prior experience and ability to work with City staff, community groups, and other stakeholders, and translate various requirements and interests into successful projects.
5. Availability and depth of staff and resources to deliver quality products on schedule, including work on short notice and under time constraints.
6. Ability, based on the project manager's approach to project management and quality control/quality assurance, to successfully manage multiple small, quick turnaround projects.

All proposals demonstrated technical expertise to perform the work required and understanding of the technical complexities and regulatory issues involved in planning, designing, and implementing geotechnical projects through their SOQ's. All firms clearly demonstrated the ability and capacity to perform the required work.

CONTRACT COMPLIANCE

All ten (10) teams meet the City's Local/Small Local Business Enterprise (L/SLBE) Program requirement and will be in compliance with the City's Equal Benefits Ordinance.

Item: _____
Public Works Committee
March 9, 2010

Based on the Project Consultant Team Form (Schedule E) submitted by the two (2) firms with the baseline assumption of a three-year contract in the amount of \$150,000.00 for the Tier-I SOQ, the Social Equity Division of the Department of Contracting and Purchasing determined that both firms are in compliance with the 20% Local/Small Local Business Enterprise (L/SLBE) Program requirement as summarized below.

Tier-I Prime Consultants	Proposed Participation		
	Total L/SLBE	LBE	SLBE
Lai & Associates	30%	0%	30%
TRC	78%	68%	10%

Similarly, based on the Project Consultant Team Form (Schedule E) submitted by the eight (8) firms with the baseline assumption of a three-year contract in the amount of \$500,000.00 for the Tier-II SOQ, the Social Equity Division of the Department of Contracting and Purchasing determined that all eight (8) firms are in compliance with the 20% Local/Small Local Business Enterprise (L/SLBE) Program requirement.

Tier-II Prime Consultants	Proposed Participation		
	Total L/SLBE	LBE	SLBE
AGS, Inc.	100%	90%	10%
Cal Engineering & Geology, Inc.	100%	90%	10%
ENGEO Incorporated	20%	10%	10%
Fugro West, Inc.	85%	70%	15%
Kleinfelder West, Inc.	100%	80%	20%
MACTEC Eng. and Consulting, Inc.	100%	80%	20%
Ninyo & Moore	100%	75%	25%
Treadwell & Rollo, Inc.	100%	80%	20%

The Contract Compliance Analysis Memoranda are provided in *Attachment A*.

KEY ISSUES AND IMPACTS

It is anticipated that several engineering projects funded by various federal, state, and local sources will require the use of as-needed geotechnical engineering services. Additionally, unscheduled projects will occur throughout the three-year period and will most likely require the use of as-needed professional services agreements. As-needed *geotechnical engineering* services agreements allow the City to provide necessary services in an efficient and timely manner. The agreements will eliminate the lengthy process and costs associated with selecting consultants on an individual or project-by-project request-for-proposals basis.

Item: _____
Public Works Committee
March 9, 2010

At this time, the City will enter into Professional Service Agreements with the selected firms. As projects arise, staff will request the selected firms with the appropriate expertise to develop a proposal for the specific project including a detailed scope of services, fees, schedules, and LBE/SLBE participation percentages. The project will then be assigned to one firm based on these proposals, unique qualifications, availability of consultant staff, and other factors. The detailed scope of services, fees, and schedules for each task will then be negotiated between the City and the consultant at the time of assignment. Because the agreements are not for a specific project, no minimum amount of work is guaranteed under these agreements. Staff will monitor each firm's LBE/SLBE participation for compliance throughout the term of the Agreements. Over the term of the agreements, staff will allocate work proportionately among all consultants.

EVALUATION OF PAST PERFORMANCE

The most recent Consultant Performance Evaluations (Schedule L1) for Cal Engineering and Geology, Inc.; and for Fugro West, Inc. indicate an overall rating of *excellent*, as shown on *Attachment B*. Currently, Performance Evaluation records are not available for the remaining firms.

SUSTAINABLE OPPORTUNITIES

Economic: The projects will generate business tax, sales tax, and other revenues for the City by those firms who work on the project. Local and small businesses will be utilized on the projects and will benefit directly.

Environmental: Projects completed under these contracts may include components that will improve the environment such as reducing congestion and air pollution, and improving pedestrian and bicycle travel throughout the City.

Social Equity: Projects completed under these contracts may provide greater accessibility and safety to persons who depend on non-motorized transportation and public transit, such as senior citizens, persons with disabilities, and children.

DISABILITY AND SENIOR CITIZEN ACCESS

Consultants will be required to plan and design City improvements in compliance with the physical access requirements of applicable accessibility codes and the Americans with Disabilities Act.

RECOMMENDATION AND RATIONALE

As-needed professional services agreements expedite the planning, design, and implementation of public improvement projects. The time and staff costs currently expended in selecting consultants on a project-by-project basis will be greatly reduced.

It is recommended that the Council authorize the City Administrator, or his designee, to enter into professional services contracts to provide as-needed *geotechnical engineering* services with each of the following two Tier-I firms: 1) Lai & Associates; and 2) TRC. Each Tier-I contract is for an amount not to exceed \$150,000.00 for a period of three (3) years.

It is also recommended that the Council authorize the City Administrator, or his designee, to enter into professional services contracts to provide as-needed *geotechnical engineering* services with each of the following eight Tier-II firms: 1) AGS, Inc.; 2) Cal Engineering & Geology, Inc.; 3) ENGEO Incorporated; 4) Fugro West, Inc.; 5) Kleinfelder West, Inc.; 6) MACTEC Engineering and Consulting, Inc.; 7) Ninyo & Moore; and 8) Treadwell & Rollo, Inc. Each Tier-II contract is for an amount not to exceed \$500,000.00 for a period of three years.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council approve the resolutions.

Respectfully submitted,

Walter S. Cohen, Director

 Re: Request For Qualifications (RFQ) for As Needed Engineering Services-Geotechnical Tier I

Department of Contracting and Purchasing (DCP), Division of Social Equity, reviewed two (2) proposals. Below is the outcome of the compliance evaluation for the minimum 20% Local and Small Local Business Enterprise (L/SLBE) participation requirement, and a preliminary review for compliance with the Equal Benefits Ordinance (EBO).

Responsive		Proposed Participation					Earned Credits and Discounts		Banked Credits Eligibility	EBO Compliant? Y/N
Company Name	Original Bid Amount	Total LBE/SLBE	LBE	SLBE	Trucking	Total Credited participation	Earned Bid Discounts	Adjusted Bid Amount		
Lai & Associates	NA	30%	0%	30%	NA	30%	3 points	NA	0 points	N
TRC	NA	78%	68%	10%	NA	20%	2 points	NA	0 points	N

Comments: As noted above, both firms met and/or exceeded the minimum 20% L/SLBE requirement. Both firms are not EBO compliant. They will have to come into compliance prior to contract award.

Non-Responsive		Proposed Participation				Earned Credits and Discounts			Banked Credits Eligibility	EBO Compliant? Y/N

SCHEDULE LI
CITY OF OAKLAND
COMMUNITY AND ECONOMIC DEVELOPMENT AGENCY
CONSULTANT PERFORMANCE EVALUATION FORM

Date of Evaluation: 5/15/2007

Consultant Name: Cal Engineering & Geology

Consultant Address: 119 Filbert Street, Oakland, CA 94607

Consultant Lead Project Manager: Philip Gregory

Type of Services/Work Provided: Emergency geotechnical investigation & design

Final Value of Consultant Contract: \$75,000

Duration of Consultant Contract (Start to end dates): 1/29/2008 to 7/20/2009

Project Complexity: Difficult

Project Name: Skyline Boulevard Emergency Roadway Opening and Restoration

Project No: C336610

Final Value of Construction Contract: \$593,453

City Construction Resident Engineer (with phone #): Joel Kelly (7481)

City Project Coordinator/Manager (with phone #): Kevin Kashi (7116)

Reviewed and Approved By (with phone #): Lesley Estes (7431)

Ratings Guidelines:

- **Poor** - Work required extensive revisions, included numerous & significant errors; Consultant was unable or unwilling to perform consistently, required an inordinate amount of supervision, and/or failed to meet professional standards/project objectives.
- **Needs to Improve** – Performance was marginal; work required more review and included more errors than would normally be anticipated; level of service or expertise below average.
- **Average** – Performance and work were satisfactory; services provided were at least of industry standard; no significant errors or problems; professional service objectives met.
- **Excellent** – Performance was clearly above standard; expectations exceeded; objectives were met with an added level of service and/or with a higher level of professional expertise.

Please rate the Consultant on the following topics by checking the appropriate box:

Additional Comments: _____

Note: The Project Coordinator/Manager shall complete this evaluation form for each primary consultant within 60 days upon the completion of an individual project or assignment. Interim evaluations shall also be prepared for projects of a long duration (i.e. over one year) or if the consultant's performance merits notification of any deficiencies.

Information is to be submitted to and kept on file by the Department of Contracting and Purchasing for five (5) years. A copy of the evaluation shall also be provided to the Consultant. These forms may be used, in part, as a reference to evaluate the Consultant for future City professional services contracts.

Consultants with an overall evaluation of "Poor" or "Needs to Improve" are given an opportunity to 1) appeal the evaluation to the Deputy Director of CEDA, or his designee, and/or 2) append the evaluation with a one-page statement that explains or refutes the City's finding.

To the extent permitted by law, the City shall treat the evaluations as confidential information.

FILED
OFFICE OF THE CITY CLERK
OAKLAND

2010 FEB 25 AM 9:36

Approved as to Form and Legality

Oakland City Attorney's Office

OAKLAND CITY COUNCIL

Resolution No. _____ C.M.S.

Introduced by Councilmember _____

**RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR,
OR HIS DESIGNEE, TO ENTER INTO A PROFESSIONAL
SERVICES AGREEMENT IN AN AMOUNT NOT-TO-EXCEED
ONE HUNDRED FIFTY THOUSAND DOLLARS (\$150,000.00)
WITH LAI & ASSOCIATES FOR AS-NEEDED GEOTECHNICAL
ENGINEERING SERVICES OVER A PERIOD OF THREE (3)
YEARS**

WHEREAS, professional as-needed geotechnical engineering services are needed to assist the Department of Engineering and Construction (DEC) and other City Departments and Agencies, including, the Community and Economic Development Agency (CEDA), the Public Works Agency (PWA), and the Oakland Redevelopment Agency (ORA) with the planning, design, and implementation of various improvement projects; and

WHEREAS, the as-needed geotechnical engineering services agreement allows DEC and CEDA, as a whole, to respond and provide the necessary services in an efficient and timely manner; and

WHEREAS, the as-needed geotechnical engineering services allows DEC and CEDA, as a whole, to design and plan improvements to Oakland's infrastructure; and

WHEREAS, mid-year plans and projects will arise throughout the three (3) year period and will likely require as-needed geotechnical engineering services; and

WHEREAS, as-needed geotechnical engineering services will be funded through the various individual projects and funds will be identified prior authorizing specific as-needed services; and

WHEREAS, the City conducted a competitive Request for Qualifications selection process; and

WHEREAS, DEC staff recommends Lai & Associates to provide as-needed geotechnical engineering services required for an amount not-to-exceed \$150,000.00; and

WHEREAS, Lai & Associates has met the City's 20% Local/Small Local Business Enterprises (LBE/SLBE) Program requirements and has been determined to be in compliance with the Equal Benefits Ordinance (EBO); and

WHEREAS, the City Council finds that the services provided pursuant to the agreement authorized hereunder are of a professional, scientific or technical nature and are temporary in nature; and

WHEREAS, the City Council finds that the agreement shall not result in the loss of employment or salary by any person having permanent status in the competitive service; now, therefore be it

RESOLVED: That the City Council authorize the City Administrator, or his designee, to enter into a Professional Service Agreement with Lai & Associates for as-needed geotechnical engineering services in an amount not-to-exceed \$150,000.00; and be it

FURTHER RESOLVED: That the terms of the Agreement shall be for three (3) years and is anticipated to cover the time period from January 2010 to December 2012; and be it

FURTHER RESOLVED: That the City Administrator, or his designee, is hereby authorized to approve any subsequent amendments to or extensions of said Agreement with the exception of those related to an increase in total compensation or the allocation of funds, provided that such amendments or extensions shall be approved for form and legality by the City Attorney and a copy shall be kept on file with the City Clerk; and be it

FURTHER RESOLVED: That the Agreement shall be approved for form and legality by the City Attorney, and a copy shall be kept on file with the City Clerk.

WHEREAS, the City conducted a competitive Request for Qualifications selection process; and

WHEREAS, DEC staff recommends Treadwell and Rollo, Inc., to provide as-needed geotechnical engineering services required for an amount not-to-exceed \$500,000.00; and

WHEREAS, Treadwell and Rollo, Inc. has met the City's 20% Local/Small Local Business Enterprises (LBE/SLBE) Program requirements and has been determined to be in compliance with the Equal Benefits Ordinance (EBO); and

WHEREAS, the City Council finds that the services provided pursuant to the agreement authorized hereunder are of a professional, scientific or technical nature and are temporary in nature; and

WHEREAS, the City Council finds that the agreement shall not result in the loss of employment or salary by any person having permanent status in the competitive service; now, therefore be it

RESOLVED: That the City Council authorize the City Administrator, or his designee, to enter into a Professional Service Agreement with Treadwell and Rollo, Inc., for as-needed geotechnical engineering services in an amount not-to-exceed \$500,000.00; and be it

FURTHER RESOLVED: That the terms of the Agreement shall be for three (3) years and is anticipated to cover the time period from January 2010 to December 2012; and be it

FURTHER RESOLVED: That the City Administrator, or his designee, is hereby authorized to approve any subsequent amendments to or extensions of said Agreement with the exception of those related to an increase in total compensation or the allocation of funds, provided that such amendments or extensions shall be approved for form and legality by the City Attorney and a copy shall be kept on file with the City Clerk; and be it

FURTHER RESOLVED: That the Agreement shall be approved for form and legality by the City Attorney, and a copy shall be kept on file with the City Clerk.
