- Shootings, robberies, and burglaries are the primary focus of Police Area 4.
- Overall, Part 1 crimes are down 17% year-to-date, reflecting the effectiveness of our ongoing initiatives.
- As part of the 2024 Strategic Plan, Patrol will be deployed in high-traffic areas within the district, including Fruitvale Village, Dimond, Lincoln Square, and the Laurel. Partnerships with the Department of Violence Prevention (DVP) and the Ceasefire program will be integral to our efforts to address the root causes of violence.
- To further deter crime, patrol units will be strategically deployed in identified hot spots within Area 4, particularly in areas where they can have the greatest impact. The Area 4 Captain will collaborate closely with Area 4 Business Improvement District (BID) leaders, coordinating with Foot Patrol and the Trust Building Officer to continue deterring crime within our shopping districts.

This report is hierarchy based. Crime totals reflect one offense (the most severe) per incident.

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unbounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.
