# AGENDA REPORT

**TO:** DEANNA J. SANTANA  
AGENCY ADMINISTRATOR

**FROM:** Fred Blackwell

**SUBJECT:** Army Base Parcel E – Long Range  
Property Management Plan

**DATE:** May 8, 2013

City Administrator  
Approval

*Deanna Santana*

Date

*5/30/13*

**COUNCIL DISTRICT: 3**

## RECOMMENDATION

Staff recommends that the City Council adopt:

An Oakland Redevelopment Successor Agency Resolution (ORSA) Approving the Long-Range Property Management Plan For the Oakland Army Base, and Authorizing the Transfer of Army Base Parcel E and the Quitclaim of Any Other ORSA Interest to the City of Oakland Pursuant to the Plan

## OUTCOME

Adoption of this resolution will give the Oakland Redevelopment Successor Agency (ORSA) approval of a Long-Range Property Management Plan for Army Base Parcel E, which is required of all properties owned by the former redevelopment agency per AB 1484 upon receiving the finding of completion.

## BACKGROUND/LEGISLATIVE HISTORY

On August 7, 2003, the Oakland Base Reuse Authority (OBRA), on behalf of the Oakland Redevelopment Agency and the Port of Oakland, received from the United States Army 363.5 acres of the former Oakland Army Base under a No-Cost Economic Development Conveyance Memorandum of Agreement (EDC MOA). OBRA managed the Base assets for three years in an interim leasing program. Article 2 of the EDC MOA required that leasing revenues and other proceeds from the EDC Property be used to support the economic redevelopment of the property. Allowable uses included environmental remediation, planning activities, site preparation, and infrastructure improvements.

Item: \_\_\_\_\_  
CED Committee  
June 11, 2013

On August 7, 2006, OBRA, the Redevelopment Agency, the Port, and the State Lands Commission (SLC) affected a number of property transfer through an Exchange Agreement which conveyed the Redevelopment Agency with certain Army Base lands. All but one of the parcels of land conveyed to the Redevelopment Agency was conveyed free of Public Trust designation. Army Base Parcel E was the one parcel of land encumbered by a Public Trust designation. Land that is subject to, or encumbered by, Public Trust, can only be owned by government entities and Public Trust land can only be used for Maritime uses, ancillary Maritime uses or for the purpose of bringing the public to the waterfront. The Public Trust doctrine and its use is one of the reasons California's beaches and coastline is for the most part publicly owned and for the most part accessible to the public.

On January 31, 2012, most of the Army Base properties were transferred to the City by the Redevelopment Agency to maintain control of the site's development and to ensure that enforceable EDC obligations continued to be met; however, pursuant to the Oakland Army Base Public Trust Exchange Act (Chapter 664, Statutes of 2005), Parcel E could only be transferred to another redevelopment agency without further State Lands Commission action or legislation, Parcel E was not transferred to the City, and instead transferred by operation of law to the Successor Agency upon the dissolution of the Redevelopment Agency on February 1, 2012. The development of Parcel E is limited to Trust consistent uses. Until Parcel E is transferred to the City, ORSA remains jointly and severally liable for remediation of the full Army Base property per the letter from the Department of Toxic Substances Control (DTSC) dated January 17, 2013 (*Attachment B to the Long-Range Property Management Plan*).

In its recent review of asset transfer from the former Redevelopment Agency to the City, the State Controller's Office concluded that the transfer of the Army Base properties to the City was allowable, and thus properties are not subject to "clawback" to ORSA and can remain with the City.

On October 23, 2012, the City entered into a Lease Disposition and Development Agreement (LDDA) with the Prologis/CCIG for the development of a trade and logistics center on approximately 130 acres of the GDA.

In a May 8, 2013 letter from the Department of Finance (Department) to the California Transportation Commission (CTC), the Department agreed to a plan whereby ORSA submits its LRPMP in two phases – first phase is to cover Parcel E, while the second phase will cover all remaining former redevelopment properties. Under the dissolution law, successor agencies, following issuance of a finding of completion by the California Department of Finance, must prepare long-range property management plan addressing the disposition and use of real properties previously owned by the redevelopment agency. The plan must be submitted to the Oversight Board and Department of Finance for approval. The plan, among other things, may propose the disposition and retention of properties for future development. If the plan directs the use of property for a project identified in an approved redevelopment plan, the law provides that

Item: \_\_\_\_\_  
CED Committee  
June 11, 2013

the property will transfer to the City. The Long-Range Property Management Plan for Parcel E is designating Parcel E for future development.

**ANALYSIS**

The following is the proposed Army Base Parcel E Long-Range Property Management Plan for approval by the Oakland Redevelopment Successor Agency:

*(A) The date of the acquisition of the property and the value of the property at that time, and an estimate of the current value of the property.*

		Street	Parcel Number	Date of Acquisition	Value at Acquisition	Current Estimated Value	Area
1	Parcel E	Burma Rd	018-0507-001-07	8/7/2003	No cost EDC	\$0	16.73 ac
2	City Army Base parcels	Burma Road Maritime Street Wake Avenue	018-0507-001-10 018-0507-001-11 018-0507-004-01 018-0507-004-04 018-0507-005 018-0507-006 018-0507-007 018-0507-008	8/7/2003	No cost EDC	\$0	152.32 ac

In 2003, to enable local economic development and job creation, pursuant to the federal base reuse law (“BRAC”, Section 2903 of Title XXIX of Public Law 101-510), the U.S. Army transferred the decommissioned Oakland Army Base to the Oakland Base Reuse Authority (“OBRA”), a joint powers authority consisting of the City, the Redevelopment Agency of the City of Oakland (“RDA”), and the County of Alameda, via a No-Cost Economic Development Conveyance (“EDC”). The terms of this conveyance were provided in a 2002 EDC Memorandum of Agreement (“EDC MOA”) between the Army, OBRA, and the RDA.

The EDC MOA anticipated that OBRA would dissolve after completion of the transfer, and its interests and obligations would be assumed by the RDA. As anticipated, in 2006 and 2007, OBRA conveyed its interest in the property to the RDA, and the RDA assumed all obligations, including those associated with the EDC MOA and related transfer documents.

The Army Base property, other than Parcel E, was transferred to the City in 2012 by grant deed. This transfer was determined by the State Controller, as part of its review of asset transfers per Health and Safety Code Section 34167.5, to be an allowable transfer (***Attachment A to the Long-Range Property Management Plan***). The inclusion of the City-owned property in this Plan, and ORSA’s transfer of any remaining interest, if any, in these parcels is done for the purpose of clearing up title, allowing completion of remediation and redevelopment, and completing any

Item: \_\_\_\_\_  
 CED Committee  
 June 11, 2013

remaining process required by the California Department of Finance in accordance with AB 1484.

***(B) The purpose for which the property was acquired.***

Parcel E is part of the Gateway Development Area (“GDA”) portion of the former Army Base. The GDA, the largest piece of undeveloped land in Oakland, is located within the Oakland Army Base Redevelopment Project Area, which is separated from the West Oakland Redevelopment Project Area by I-880 and various railroad tracks. West Oakland was severely impacted by the closure of the Army Base, which at the time of closure employed more than 1,800 civilians, many from the West Oakland community. One of the primary goals for redevelopment of the Army Base is economic development and the creation of jobs with potential for advancement. The Army Base property was acquired from the Army for the express purpose of promoting economic development. It should be noted that the development of Parcel E is limited to Tidelands Trust consistent uses (maritime, ancillary maritime and public access related uses). Parcel E and the City-owned Army Base parcels are subject to the restrictions and requirements of the EDC MOA.

***(C) Parcel data, including address, lot size, and current zoning in the former agency redevelopment plan or specific, community, or general plan.***

Parcel E is approximately 16.73 acres in area. This parcel does not have a specific address. The Assessor’s Parcel Number for Parcel E is 018-0507-001-07. Parcel E is zoned IG, General Industrial. The IG zone allows heavy industrial and manufacturing uses, transportation facilities, warehousing and distribution, and similar and related supporting uses. The City-owned Army Base parcels are approximately 152.32 acres in area. These parcels do not have a specific address. The Assessor’s Parcel Numbers are: 018-0507-001-10, 018-0507-001-11, 018-0507-004-01, 018-0507-004-04, 018-0507-005, 018-0507-006, 018-0507-007 and 018-0507-008. These parcels are zoned IG, General Industrial and CIX-1 Commercial Industrial Mixed Use. The proposed use of Parcel E and the rest of the Army Base parcels are consistent with the City’s General Plan, the Oakland Army Base Redevelopment Plan, including its five-year implementation plan, and the Final Base Reuse Plan, all of which have included extensive community engagement processes.

***(D) An estimate of the current value of Parcel E including, if available, any appraisal information.***

The current estimated value of Parcel E is less than \$0, i.e., Parcel E has a negative market value considering its current condition.

The Army Base property, which includes the approximately 16.73-acre Parcel E, has been comprehensively appraised a few times during the development process. The first was an appraisal in 2003 which valued the 280-acre Army Base at \$105.5 million or \$8.63 per square foot. The 2003 appraisal listed 15 assumptions and 9 limiting conditions, including an infrastructure cost estimate of \$26.5 million or \$2.18 per square foot. Additionally, the \$26.5 million cost estimate was based on 2003 construction costs.

In 2006, an Army Base appraisal for the State Lands Commission (SLC) legislation and Army Base Exchange Agreement was completed. The 2006 appraisal contained 25 assumptions and limiting conditions, including the same \$2.18 per square foot infrastructure cost estimate. This cost was based on 2006 construction costs. The 2006 appraisal estimated the Army Base value at \$1500 per square foot.

These two appraisals provide a starting point for an estimate of the current value of Parcel E. However, both appraisal are pre-2007/2008 economic recession/depression, are old and outdated and do not provide a full accounting of the correct costs of mitigating all site constraints. The current, correct cost of site mitigations, including infrastructure costs should include the following: existing infrastructure master plan and design, existing buildings, hazardous materials, poor soil conditions, obsolete utilities, substandard roads, poor rail infrastructure, labor relations, community benefits and CEQA compliance. These costs to cure/mitigate total an estimated cost to cure of \$525 million or \$43.23 per square foot (total acreage being 265 acres - all Army Base property now owned by the Port and City). The cost to cure estimates were prepared by the City and its consultants for the Oakland Army Master Plan Design Set, which was approved in conjunction with the Oakland Army Lease Disposition and Development Agreement and the Amended and Restated Cost Sharing Agreement.

Using either \$8.63 per square or the \$15.00 per square foot value, including the \$2.18 infrastructure assumption, the appraised value of Parcel E without factoring in the cost of site mitigations would be \$10.81 (2003 appraisal) or \$17.18 (2006 appraisal), which would equate to \$7.4 million or \$12.5 million in value respectively. Using \$43.23 per square foot as the correct cost to cure site mitigations, the total cost to cure for Parcel E is \$31.5 million, which results in a negative market value for Parcel E in excess of -\$19 million.

In addition, Parcel E is subject to remediation requirements contained in the EDC MOA and ESCA, as contained in a 2002 Consent Agreement with the California Department of Toxic Substances Control ("DTSC"). As noted in the January 17, 2013 letter from DTSC (*Attachment B to the Long-Range Property Management Plan*), the state will continue to hold ORSA jointly and severally liable for the remediation of the Base until the property is transferred to the City. This obligation further reduces the value of Parcel E. See discussion below for a description of the environmental contamination at the Base.

The current estimated value of ORSA's remaining interest in the City-owned Army Base parcels is \$0; i.e., it has a negative value to ORSA, as ORSA's only remaining interest are obligations arising from ORSA's joint and several liability for remediation, discussed below.

*(E) An estimate of any lease, rental, or any other revenues generated by the property, and a description of the contractual requirements for the disposition of those funds.*

Parcel E is currently occupied and used by Foss Maritime Company and the California Department of Transportation ("Caltrans"), as well as Caltrans' Bay Bridge Construction Project contractors. Foss Maritime Company is on a month-to-month lease agreement and its monthly rent is \$4,500. Caltrans and its contractors occupy the approximately nine -acre western portion of Parcel E and another 17-acre portion of Army Base property known as the West Gateway Development Area under a Temporary Construction Easement recorded in 2002. The City and its predecessors-in-interest have received litigation settlement funds from Caltrans for the 2002 taking and its delay to the development and revenue production of this 26-acre property. The City plans to terminate the Foss Maritime Company lease to commence the Army Base Infrastructure Project sometime in 2013. The City will not be collecting revenues until it enters into ground leases for new development on the Army Base.

The consideration for conveying the EDC Property to OBRA and subsequently to the Redevelopment Agency was OBRA's and the Redevelopment Agency's agreement (1) to complete the environmental remediation of the EDC Property and achieve regulatory closure, as defined in the Environmental Service Cooperative Agreement (ESCA) among the Army, OBRA, and the Redevelopment Agency, and (2) to commit all EDC Property Proceeds to the economic development of the EDC Property during the Reinvestment Period. The EDC MOA allows the following uses:

- (1) Road construction
- (2) Transportation management facilities
- (3) Storm and sanitary sewer construction
- (4) Police and fire protection facilities and other public facilities
- (5) Utility construction
- (6) Building rehabilitation
- (7) Historic property preservation

Item: \_\_\_\_\_  
CED Committee  
June 11, 2013

- (8) Pollution prevention equipment or facilities
- (9) Demolition
- (10) Disposal of hazardous materials generated by demolition
- (11) Landscaping, grading, and other site improvements
- (12) Planning for or the marketing of redevelopment and reuse of the former OARB

In addition, the EDC MOA provides for environmental remediation costs and investments made outside the boundaries of the former Base if they are directly related to the list of purposes and directly benefit economic development and job generation objectives.

If at the end of the Reinvestment Period, OBRA or the Redevelopment Agency has not reinvested the EDC Property Proceeds in accordance with the EDC MOA or demonstrated to the Army's satisfaction that they will be, all such amounts become payable to the Army. Prior to the end of the Reinvestment Period on August 7, 2012, the Redevelopment Agency submitted to the Army a Reinvestment Plan that committed EDC Property Proceeds to the completion of environmental remediation, master planning, CEQA documentation, site preparation, and infrastructure development.

On June 11, 2011, the Redevelopment Agency and the Port of Oakland entered into a Cost Sharing Agreement which committed the Agency to invest up to \$32 million in eligible Trade Corridor Improvement Fund ("TCIF") expenditures on the former Army Base in return for up to \$62 million of the Port's \$242 million TCIF allocation. Eligible expenditures include site remediation, planning and design, and construction of backbone infrastructure. On June 19, 2012, the City and the Port executed an Amended and Restated Cost Sharing Agreement which committed the City to invest up to \$54.5 million on TCIF eligible expenditures in return for up to \$176.3 million of the TCIF allocation.

On August 22, 2012, the California Transportation Commission amended its Project Baseline Agreement with the Port for the TCIF Program to include add the City as a party and signatory to the agreement and to revise the project scope to reflect that the bulk of the TCIF allocation will be used for the City site preparation and backbone infrastructure.

There are no lease or other revenues accruing to ORSA from the City-owned Army Base parcels.

***(F) The history of environmental contamination, including designation as a brownfield site, any related environmental studies, and history of any remediation efforts.***

Environmental contamination from past Army Base activities and older industrial uses was found and characterized during City/Agency and Port investigation and testing. The former Base is currently being remediated under a joint City-Port program to commercial and industrial standards under a Remedial Action Plan (“RAP”) and a Risk Management Plan (“RMP”) approved by the DTSC”. These agreements, as well as a DTSC-approved Covenant to Restrict Use of Property (“CRUP”), establish the clean-up goals and reporting procedures, restrict the uses of the former Army Base property, and are binding on eventual developers and future owners of the property.

See *Attachment C to the Long-Range Property Management Plan* for a list of all the Environmental Assessment Reports for the GDA (current as of May 2012).

***(G) A description of the property’s potential for transit-oriented development and the advancement of the planning objectives of the successor agency.***

As part of the 2003 transfer of the Army Base properties from the federal government, the State of California required a Covenant to Restrict Use of Property (CRUP) to be recorded against the Army Base property. The CRUP prohibits the Army Base property, including Parcel E and the City-owned Army Base parcels, from residential development or residential uses. Therefore, the property is not suitable for transit-oriented development.

***(H) A brief history of previous development proposals and activity, including the rental or lease of property.***

Following Base closure, OBRA engaged in a series of planning processes that culminated in the Final Reuse Plan for the Oakland Army Base, adopted on July 31, 2002. As a result of the planning process and negotiations, in August 2006, approximately 170 acres of the former Army Base, including Parcel E, were conveyed to the Redevelopment Agency to comprise the Gateway Development Area (“GDA”) and 220 acres to the Port of Oakland for its Port Development Area.

In preparation for the Agency assuming ownership of the GDA, OBRA undertook additional predevelopment planning to create a refined list of potential uses for the site, identify evaluation criteria and develop site plan alternatives to assist the Agency in defining its property disposition program and a developer solicitation process. In March 2005, OBRA hired a consultant team led by Design, Community & Environment (“DC&E”) to assist with the planning process. DC&E was supported by Bay Area Economics (“BAE”) for economic, market and fiscal analysis and SMWM for site design. In June 2005, DC&E issued an *Interim Report*, which provided a market

scan of 25 potential uses, a draft of a detailed opportunities and constraints report, and four site alternatives.

Following conveyance of the GDA to the Agency, City Council directed staff to update the land use planning, including revising the *Interim Report* to correspond with current conditions and soliciting input from community stakeholders. Staff entered into a four-month series of workshops with the West Oakland Community Advisory Group (WOCAG). In addition, staff worked with the office of Mayor Ronald V. Dellums and the Oakland Metropolitan Chamber of Commerce to discuss the analysis of land uses being developed by their joint Oakland Partnership Initiative. City and Agency economic development and planning staff also met with consultants from DC&E and BAE to evaluate the site alternatives. DC&E incorporated the input into a *Final Report* issued in October 2007.

In the report, DC&E encapsulated the various land uses it had analyzed into four conceptual site alternatives. These alternatives, intended to present the Agency with distinct, yet viable alternative visions for the Gateway Area, are designated as:

1. **Eco-Oakland**, which focuses on providing flexible, primarily light industrial land uses that support the green technology and economic development initiatives of the City of Oakland;
2. **Destination Oakland**, which provides a signature retail destination for Oakland and Bay Area residents that capitalizes on the almost 300,000 cars per day that pass by the site;
3. **Gateway Oakland**, which also capitalizes on the site's high visibility and access to transportation to attract advanced technologies and creative industries;
4. **Mixed Use Oakland**, which combines elements of Destination Oakland and Gateway Oakland, with the largest emphasis on logistics and other maritime serving uses to build on synergies with the Port.

In January 2008, the Redevelopment Agency initiated an RFQ/RFP process to identify a master developer for the GDA. The process resulted in the selection of AMB/California Capital Group (reorganized as Prologis/CCIG) and a development strategy for the GDA, which is to align GDA development with the Port's operations and long-term expansion plans. Doing so will give the GDA regional or national reach and better position it to obtain regional and national support.

The City has entered into a Lease Disposition and Development Agreement ("LDDA") with Prologis/CCIG for the development of a trade and logistics center on the City-owned Army Base parcels and Parcel E. The development will create an estimated 1,840 – 2,330 new on-site jobs, and indirectly support an additional 3,140 – 4,225 jobs throughout the region.

Item: \_\_\_\_\_  
CED Committee  
June 11, 2013

The City's Project and separate portion to be constructed by the Port will be funded in part by a Trade Corridor Improvement Fund ("TCIF") grant: (a) the City's construction of approximately \$247 million in new public infrastructure improvements (streets, utilities, wharf and rail) necessary for the development of the City's and the Port's respective portions of the former Oakland Army Base property (the "City Project") and (b) the Port's construction of Phase 1 of the new port rail terminal that will serve development to be located on the City and Port properties (the "Port Project"). While the City Project and the Port Project are the subject of the same Project TCIF Baseline Agreement, they are the subject of two different funding allocations.

The following chart summarizes the sources of funds (listed in millions) for the development of the City Project and the Port Project:

Project Segments	TIGER Grant	Port Match	City Match	Private Match	Total TCIF Grant	Total
1. Remediation		\$ 5.7	\$ 5.7			\$ 11.4
2. Rail Access Imps & Manifest Yard		\$ 5.0	\$ 3.8		\$ 65.8	\$ 74.6
3. City Site & Backbone Infrastructure			\$ 45.0	\$ 25.9	\$176.3	\$247.2
4. Recycling Facilities				\$ 46.6		\$ 46.6
5. Logistics				\$ 99.4		\$ 99.4
6. Unit Train Support Yard	\$ 15.0	\$ 5.0				\$ 20.0
<b>Totals</b>	<b>\$ 15.0</b>	<b>\$ 15.7</b>	<b>\$ 54.5</b>	<b>\$171.9</b>	<b>\$242.1</b>	<b>\$499.2</b>
% of Total	3%	3.2%	10.9%	34.4%	48.5%	100%
% of TCIF Grant Match		6.5%	22.5%	71%	100%	

The TIGER grant was awarded to the Port in 2012 (TIGER IV funding) and the Port and City funds are either currently in hand or will be funded through the City's proposed sale of the "North Gateway" portion of the former Oakland Army Base property. The balance of the project is proposed to be funded by the TCIF grant and private matching dollars provided through the LDDA and the development of the North Gateway property.

Under the TCIF Baseline Agreement, the City and the Port will have until August of 2020 to deliver evidence of the required matching funds. The various sources of the matching funds are outlined in the table above. The "Private Match" funds will be supplied by the developers' construction of vertical improvements on the City property (logistics and recycling facilities).

Item: \_\_\_\_\_  
 CED Committee  
 June 11, 2013

The Port of Oakland received their TCIF allocation in the amount of \$65.8 million in October 2012. On May 7, 2013, the California Transportation Commission (“CTC”) unanimously approved the City of Oakland’s TCIF grant allocation in the amount of \$176.3 million. The deconstruction of above grade structures is scheduled to begin in July 2013. Site preparation and the construction of major infrastructure improvements are scheduled to commence in September 2013.

*(1) The use or disposition of the property, which could include: 1) the retention of the property for governmental use, 2) the retention of the property for future development, 3) the sale of the property, or 4) retention of the property to fulfill an enforceable obligation.*

Parcel E will be transferred to the City of Oakland to be retained and used by the City for future development, along with future development of the rest of the GDA as described above. As noted above, this project has been identified in a number of approved redevelopment plans, including the Oakland Army Base Redevelopment Plan and its five-year implementation plan, the Final Base Reuse Plan, and the City’s General Plan.

The proposed use of Parcel E is as part of a new working waterfront and break bulk commodities terminal. See site plan attached as *Attachment C to the Long-Range Property Management Plan*. The transition by the major U.S. ports to container terminal and mechanized operations has forced break bulk products, mainly commodities (e.g. lumber, coal, sulfur), to be transported via truck to vessel, or to operate from secondary, smaller ports (e.g. Stockton) both of which limit the capacity, decrease the efficiency and increase the cost of these types of bulk product shipping operations. The proposed Oakland Bulk Oversized Terminal, using Parcel E and other adjacent land, would link rail to vessel break bulk shipping operations.

Since Parcel E is Tidelands Trust parcel, transfer of Parcel E to the City will require the approval of the State Lands Commission.

ORSA’s remaining interest, if any, in the City-owned Army Base parcels will be quitclaimed to the City for future development as described above.

### PUBLIC OUTREACH/INTEREST

This item did not require any additional public outreach other than the required posting on the City's website.

### COORDINATION

This action has been coordinated with the City Attorney's Office.

### COST SUMMARY/IMPLICATIONS

1. **AMOUNT OF RECOMMENDATION:**  
The use of Army Base Parcel E is contemplated in the Army Base Lease and Development Disposition Agreement (LDDA) as a working water front. This use would commence as part of a ground lease with California Capital & Investment Group. The ground lease requires the lessee, California Capital & Investment Group to maintain and operate this property, except for the public improvements (streets & utilities) within the property. The public improvements will be maintained and operated by a Community Facilities District (CFD) to be formed as part of the Army Base Development Program. This Army Base CFD will be funded by Army Base LDDA ground lease revenues. In the event the Army Base Infrastructure Project did not commence, Parcel E would be maintained and operated by the City. In the event the Infrastructure Project completed the public improvements and California Capital & Investment Group did not commence its ground lease, the City would enter into other leases for the property which would fund the maintenance and operation of the property and the public improvements.
2. **COST ELEMENTS OF AGREEMENT/CONTRACT:**  
Same as above.

Item: \_\_\_\_\_  
CED Committee  
June 11, 2013

3. SOURCE OF FUNDING:

Army Base LLDA ground lease will maintain and operate Parcel E in the event the ground lease is executed as planned. Army Base CFD funds will maintain and operate the public improvements in Parcel E in the event the ground lease is executed and the CFD is formed as planned. City's General Purpose Fund (GPF) would cover the cost in the event the Infrastructure Project and the LDDA ground leases do not proceed as planned.

4. FISCAL IMPACT:

In the event the Army Base Infrastructure Project, LDDA ground leases and Army CFD proceed as planned, the City will realize Tidelands Trust encumbered revenues for Parcel E for the next 66 years with the anticipation that additional leases, uses and revenues will be generated after the expiration the ground leases. In the event the Infrastructure Project and/or LDDA ground leases do not proceed as planned, the GPF will be impacted similar to other City-owned public improvement maintenance and operations.

**FISCAL/POLICY ALIGNMENT**

The proposed action removes ORSA from the obligations related to the EDC and aligns with the City's Army Base Lease and Development Disposition Agreement and the Army Base Development Program and satisfies the enforceable obligations to the Army and DTSC. Authorization to execute a Long Range Property Management Plan for the Oakland Army Base and Parcel E would facilitate the City, as Trustee, retaining control and development of the property, and ensure the City's receipt and use of lease revenue, consistent with Tidelands Trust, from the property.

**SUSTAINABLE OPPORTUNITIES**

***Economic:*** This proposed action is subject to the Army Base Community Benefits Agreements and Programs that will provide contracting, employment and other community benefits to Oakland and its citizens.

***Environmental:*** This proposed action is subject to the Army Base Community Benefits Agreements and Programs that will provide contracting, employment and other community benefits to Oakland and its citizens.

***Social Equity:*** This proposed action is subject to the Army Base Community Benefits Agreements and Programs that will provide contracting, employment and other community benefits to Oakland and its citizens.

## OAKLAND REDEVELOPMENT SUCCESSOR AGENCY

RESOLUTION NO. \_\_\_\_\_

---

**AN OAKLAND REDEVELOPMENT SUCCESSOR AGENCY (ORSA) RESOLUTION APPROVING THE LONG-RANGE PROPERTY MANAGEMENT PLAN FOR THE OAKLAND ARMY BASE, AND AUTHORIZING THE TRANSFER OF ARMY BASE PARCEL E AND THE QUITCLAIM OF ANY OTHER ORSA INTEREST IN THE ARMY BASE TO THE CITY OF OAKLAND PURSUANT TO THE PLAN**

**WHEREAS**, pursuant to Health and Safety Code section 34173(d), the Oakland Redevelopment Successor Agency ("ORSA") is the successor agency to the Redevelopment Agency of the City of Oakland; and

**WHEREAS**, Health and Safety Code Section 34191.5 requires ORSA to prepare a long-range property management plan that addresses the disposition and use of property that was owned by the Redevelopment Agency of the City of Oakland when it was dissolved; and

**WHEREAS**, the Redevelopment Agency of the City of Oakland, to satisfy its enforceable obligations to the U.S. Department of the Army ("Army") and the California Department of Toxic Substances Control ("DTSC") under the terms of the Economic Development Conveyance with the Army and Consent Agreement with DTSC, transferred its ownership of the Oakland Army Base to the City of Oakland prior to dissolution; and

**WHEREAS**, one 16.73 acre parcel, known as Parcel E, was subject to the public trust and could not be transferred in a timely manner due to the need for California State Lands Commission approval; and therefore Parcel E is now owned and controlled by ORSA; and

**WHEREAS**, in accordance with discussions with the California Department of Finance, staff has prepared and submitted a Long-Range Property Management Plan for the Oakland Army Base; and

**WHEREAS**, the Long-Range Property Management Plan for the Oakland Army Base calls for the transfer of Parcel E to and retention by the City of Oakland for future development; and

**WHEREAS**, the Long-Range Property Management Plan for the Oakland Army Base concludes that Parcel E has no market value and is subject to obligations to the Army and the DTSC for remediation and redevelopment of the full Oakland Army Base; and

**WHEREAS**, the Long-Range Property Management Plan for the Oakland Army Base also includes the City-owned portions of the Oakland Army Base in this Plan for the purpose of clearing up title, allowing completion of remediation and redevelopment, and completing any remaining process required by the California Department of Finance in accordance with AB 1484; and

**WHEREAS**, the Long-Range Property Management Plan for the Oakland Army Base concludes that the City-owned portions of the Oakland Army Base have no market value to ORSA and are subject to obligations to the Army and the DTSC for remediation and redevelopment of the full Oakland Army Base; and

**WHEREAS**, the Long-Range Property Management Plan for the Oakland Army Base calls for the quitclaim of ORSA's remaining interest, if any, in the City-owned Army Base parcels to the City for future development; and

**WHEREAS**, approval of the Long-Range Property Management Plan for the Oakland Army Base will allow ORSA to divest of remediation and redevelopment obligations and the City of Oakland and the selected developer to proceed with public improvements to Parcel E and the rest of the Oakland Army Base and potential subsequent development and reuse of Parcel E and the rest of the Oakland Army Base consistent with the enforceable obligations to the Army and DTSC; and

**WHEREAS**, ORSA has determined it is in the best interest of ORSA and the City to proceed with public improvements to Parcel E and potential subsequent development and reuse of Parcel E; and

**WHEREAS**, development of Parcel E is part of the redevelopment of the former Oakland Army Base, which is a project identified in the implementation plan for the Oakland Army Base Redevelopment Plan and Oakland Army Base Reuse Plan; and

**WHEREAS**, Health and Safety Code Section 34191.5(c)(2)(A) provides that if the long-range property management plan directs the use of the property for a project identified in an approved redevelopment plan, the property shall transfer to the City; and

**WHEREAS**, on June 19, 2012 the City Council and the Redevelopment Agency certified the Environmental Impact Report (the "EIR") for the Oakland Army Base redevelopment project; and

**WHEREAS**, the EIR provides a project-level analysis of the environmental impacts of the project and supports all levels of approval necessary to implement the project; and

**WHEREAS**, the adoption of the Long-Range Property Management Plan for the Oakland Army Base and the transfer of Parcel E to the City and the quitclaim of any remaining ORSA interests would not result in any significant effect that has not already been analyzed in the EIR, and there will be no significant environmental effects caused by this action that have not already been analyzed in the EIR; and

**WHEREAS**, the ORSA board hereby finds and determines on the basis of substantial evidence in the record that none of the circumstances necessitating preparation of additional environmental review, as specified in CEQA and the CEQA Guidelines, including, without limitation, Public Resources Code Section 21166 and CEQA Guidelines Sections 15162 or 15163 are present in that (1) there are no substantial changes proposed in the project or the circumstances under which the project is undertaken that would require major revisions of the EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and (2) there is no "new information of substantial importance," as defined in CEQA Guidelines Section 15162(a)(3); and

**WHEREAS**, each as a separate and independent basis, this action is exempt from CEQA pursuant to CEQA Guidelines Sections 15183 (projects consistent with General Plan and Zoning), and 15061(b)(3) (no significant effect on the environment); now, therefore, be it

**RESOLVED:** That ORSA hereby approves and adopts the Long-Range Property Management Plan for the Oakland Army Base, in substantially the form attached to this Resolution as *Exhibit A*, for submission to the Oakland Oversight Board and the California Department of Finance for review and approval per state law; and be it

**FURTHER RESOLVED:** That the Long-Range Property Management Plan for the Oakland Army Base shall be effective upon issuance of a finding of completion to ORSA by the California Department of Finance pursuant to Health and Safety Code Section 34179.7; and be it

**FURTHER RESOLVED:** That the ORSA Administrator is authorized to transfer Parcel E to the City of Oakland for future development; and be it

**FURTHER RESOLVED:** That the transfer shall be contingent on State Lands Commission approval of the transfer; and be it

**FURTHER RESOLVED:** That the ORSA Administrator is further authorized to quitclaim any remaining ORSA interests in the Oakland Army Base to the City of Oakland; and be it

**FURTHER RESOLVED:** That the ORSA Administrator or her designee shall cause to be filed with the County of Alameda a Notice of Exemption for this action; and be it

**FURTHER RESOLVED:** That the ORSA Administrator is further authorized to revise the Long-Range Property Management Plan for the Oakland Army Base based on changes required as part of the state and/or Oversight Board review and approval process, and take whatever action is necessary with the respect to the Long-Range Property Management Plan for the Oakland Army Base and the disposition of Parcel E consistent with this Resolution and its basic purposes.

## LONG-RANGE PROPERTY MANAGEMENT PLAN

### OAKLAND ARMY BASE

#### Introduction

On June 27, 2012, Governor Brown signed into law Assembly Bill 1484 (AB 1484), a budget trailer bill that makes changes to the redevelopment agency dissolution process implemented by Assembly Bill 1X 26. AB 1484 requires all successor agencies to develop long-range property management plans that address the disposition and use of former redevelopment agency property. This document is the Long-Range Property Management Plan for Parcel E at the former Oakland Army Base, owned by the Oakland Redevelopment Successor Agency (“ORSA”), as well as the remainder of ORSA's interest in the Oakland Army Base, owned by the City of Oakland.

Health and Safety Code Section 34191.5(c) requires that the plan include certain information, as well as address the use or disposition of the property. The required information is provided below.

*The date of the acquisition of the property and the value of the property at that time, and an estimate of the current value of the property.*

	Gateway Area	Street	Parcel Number	Date of Acquisition	Value at Acquisition	Current Estimated Value	Area
1	Parcel E	Burma Rd	0000-0507-001-07	8/7/2003	No cost EDC	\$0	16.73 ac
2	City Army Base parcels	Burma Rd Maritime St Wake Ave	018-0507-001-10 018-0507-001-11 018-0507-004-01 018-0507-004-04 018-0507-005 018-0507-006 018-0507-007 018-0507-008	8/7/2003 from Army to RDA; 1/31/12 from RDA to City	No cost EDC	\$0	152.32 ac

In 2003, to enable local economic development and job creation, pursuant to the federal base reuse law (“BRAC”, Section 2903 of Title XXIX of Public Law 101-510), the U.S. Army transferred the decommissioned Oakland Army Base to the Oakland Base Reuse Authority (“OBRA”), a joint powers authority consisting of the City, the Redevelopment Agency of the City of Oakland (“RDA”), and the County of Alameda, via a No-Cost Economic Development Conveyance (“EDC”). The terms of this conveyance were provided in a 2002 EDC Memorandum of Agreement (“EDC MOA”) between the Army, OBRA, and the RDA.

The EDC MOA anticipated that OBRA would dissolve after completion of the transfer, and its interests and obligations would be assumed by the RDA. As anticipated, in 2006 and 2007, OBRA conveyed its interest in the property to the RDA, and the RDA assumed all obligations, including those associated with the EDC MOA and related transfer documents.

The Army Base property, other than Parcel E, was transferred to the City in 2012 by grant deed. This transfer was determined by the State Controller, as part of its review of asset transfers per Health and Safety Code Section 34167.5, to be an allowable transfer. See *Attachment A*. The inclusion of the City-owned property in this Plan, and ORSA’s transfer of any remaining interest, if any, in these parcels is done for the purpose of clearing up title, allowing completion of remediation and redevelopment, and completing any remaining process required by the California Department of Finance in accordance with AB 1484.

***The purpose for which the property was acquired.***

Parcel E is part of the Gateway Development Area (“GDA”) portion of the former Army Base. The GDA, the largest piece of undeveloped land in Oakland, is located within the Oakland Army Base Redevelopment Project Area, which is separated from the West Oakland Redevelopment Project Area by I-880 and various railroad tracks. West Oakland was severely impacted by the closure of the Army Base, which at the time of closure employed more than 1,800 civilians, many from the West Oakland community. One of the primary goals for redevelopment of the Army Base is economic development and the creation of jobs with potential for advancement. The Army Base property was acquired from the Army for the express purpose of promoting economic development. It should be noted that the development of Parcel E is limited to Tidelands Trust consistent uses (maritime, ancillary maritime and public access related uses). Parcel E and the City-owned Army Base parcels are subject to the restrictions and requirements of the EDC MOA.

***Parcel data, including address, lot size, and current zoning in the former agency redevelopment plan or specific, community, or general plan.***

Parcel E is approximately 16.73 acres in area. This parcel does not have a specific address. The Assessor’s Parcel Number for Parcel E is 018-0507-001-07. Parcel E is zoned IG, General Industrial. The IG zone allows heavy industrial and manufacturing uses, transportation facilities, warehousing and distribution, and similar and related supporting uses. The City-owned Army Base parcels are approximately 152.32 acres in area. These parcels do not have a specific address. The Assessor’s Parcel Numbers are: 018-0507-001-10, 018-0507-001-11, 018-0507-004-01, 018-0507-004-04, 018-0507-005, 018-0507-006, 018-0507-007 and 018-0507-008. These parcels are zoned IG, General Industrial and CIX-1 Commercial Industrial Mixed Use. The proposed use of Parcel E and the rest of the Army Base parcels are consistent with the City’s

General Plan, the Oakland Army Base Redevelopment Plan, including its five-year implementation plan, and the Final Base Reuse Plan, all of which have included extensive community engagement processes.

***An estimate of the current value of Parcel E including, if available, any appraisal information.***

The current estimated value of Parcel E is less than \$0, i.e., Parcel E has a negative market value considering its current condition.

The Army Base property, which includes the approximately 16.73-acre Parcel E, has been comprehensively appraised a few times during the development process. The first was an appraisal in 2003 which valued the 280-acre Army Base at \$105.5 million or \$8.63 per square foot. The 2003 appraisal listed 15 assumptions and 9 limiting conditions, including an infrastructure cost estimate of \$26.5 million or \$2.18 per square foot. Additionally, the \$26.5 million cost estimate was based on 2003 construction costs.

In 2006, an Army Base appraisal for the State Lands Commission (SLC) legislation and Army Base Exchange Agreement was completed. The 2006 appraisal contained 25 assumptions and limiting conditions, including the same \$2.18 per square foot infrastructure cost estimate. This cost was based on 2006 construction costs. The 2006 appraisal estimated the Army Base value at \$1500 per square foot.

These two appraisals provide a starting point for an estimate of the current value of Parcel E. However, both appraisal are pre-2007/2008 economic recession/depression, are old and outdated and do not provide a full accounting of the correct costs of mitigating all site constraints. The current, correct cost of site mitigations, including infrastructure costs should include the following: existing infrastructure master plan and design, existing buildings, hazardous materials, poor soil conditions, obsolete utilities, substandard roads, poor rail infrastructure, labor relations, community benefits and CEQA compliance. These costs to cure/mitigate total an estimated cost to cure of \$525 million or \$43.23 per square foot (total acreage being 265 acres - all Army Base property now owned by the Port and City). The cost to cure estimates were prepared by the City and its consultants for the Oakland Army Master Plan Design Set, which was approved in conjunction with the Oakland Army Lease Disposition and Development Agreement and the Amended and Restated Cost Sharing Agreement.

Using either \$8.63 per square or the \$15.00 per square foot value, including the \$2.18 infrastructure assumption, the appraised value of Parcel E without factoring in the cost of site mitigations would be \$10.81 (2003 appraisal) or \$17.18 (2006 appraisal), which would equate to \$7.4 million or \$12.5 million in value respectively. Using \$43.23 per square foot as the correct cost to cure site mitigations, the total cost to cure for Parcel E is \$31.5 million, which results in a negative market value for Parcel E in excess of -\$19 million.

In addition, Parcel E is subject to remediation requirements contained in the EDC MOA and ESCA, as contained in a 2002 Consent Agreement with the California Department of Toxic Substances Control ("DTSC"). As noted in the January 17, 2013 letter from DTSC, attached as ***Attachment B***, the state will continue to hold ORSA jointly and severally liable for the remediation of the Base until the property is transferred to the City. This obligation further

reduces the value of Parcel E. See discussion below for a description of the environmental contamination at the Base.

The current estimated value of ORSA's remaining interest in the City-owned Army Base parcels is \$0; i.e., it has a negative value to ORSA, as ORSA's only remaining interest are obligations arising from ORSA's joint and several liability for remediation, discussed below.

***An estimate of any lease, rental, or any other revenues generated by the property, and a description of the contractual requirements for the disposition of those funds.***

Parcel E is currently occupied and used by Foss Maritime Company and the California Department of Transportation ("Caltrans"), as well as Caltrans' Bay Bridge Construction Project contractors. Foss Maritime Company is on a month-to-month lease agreement and its monthly rent is \$4,500. Caltrans and its contractors occupy the approximately nine -acre western portion of Parcel E and another 17-acre portion of Army Base property known as the West Gateway Development Area under a Temporary Construction Easement recorded in 2002. The City and its predecessors-in-interest have received litigation settlement funds from Caltrans for the 2002 taking and its delay to the development and revenue production of this 26-acre property. The City plans to terminate the Foss Maritime Company lease to commence the Army Base Infrastructure Project sometime in 2013. The City will not be collecting revenues until it enters into ground leases for new development on the Army Base.

The consideration for conveying the EDC Property to OBRA and subsequently to the Redevelopment Agency was OBRA's and the Redevelopment Agency's agreement (1) to complete the environmental remediation of the EDC Property and achieve regulatory closure, as defined in the Environmental Service Cooperative Agreement (ESCA) among the Army, OBRA, and the Redevelopment Agency, and (2) to commit all EDC Property Proceeds to the economic development of the EDC Property during the Reinvestment Period. The EDC MOA allows the following uses:

- (1) Road construction
- (2) Transportation management facilities
- (3) Storm and sanitary sewer construction
- (4) Police and fire protection facilities and other public facilities
- (5) Utility construction
- (6) Building rehabilitation
- (7) Historic property preservation
- (8) Pollution prevention equipment or facilities
- (9) Demolition
- (10) Disposal of hazardous materials generated by demolition
- (11) Landscaping, grading, and other site improvements
- (12) Planning for or the marketing of redevelopment and reuse of the former OARB

In addition, the EDC MOA provides for environmental remediation costs and investments made outside the boundaries of the former Base if they are directly related to the list of purposes and directly benefit economic development and job generation objectives.

If at the end of the Reinvestment Period, OBRA or the Redevelopment Agency has not reinvested the EDC Property Proceeds in accordance with the EDC MOA or demonstrated to the Army's satisfaction that they will be, all such amounts become payable to the Army. Prior to the end of the Reinvestment Period on August 7, 2012, the Redevelopment Agency submitted to the Army a Reinvestment Plan that committed EDC Property Proceeds to the completion of environmental remediation, master planning, CEQA documentation, site preparation, and infrastructure development.

On June 11, 2011, the Redevelopment Agency and the Port of Oakland entered into a Cost Sharing Agreement which committed the Agency to invest up to \$32 million in eligible Trade Corridor Improvement Fund ("TCIF") expenditures on the former Army Base in return for up to \$62 million of the Port's \$242 million TCIF allocation. Eligible expenditures include site remediation, planning and design, and construction of backbone infrastructure. On June 19, 2012, the City and the Port executed an Amended and Restated Cost Sharing Agreement which committed the City to invest up to \$54.5 million on TCIF eligible expenditures in return for up to \$176.3 million of the TCIF allocation.

On August 22, 2012, the California Transportation Commission amended its Project Baseline Agreement with the Port for the TCIF Program to include add the City as a party and signatory to the agreement and to revise the project scope to reflect that the bulk of the TCIF allocation will be used for the City site preparation and backbone infrastructure.

There are no lease or other revenues accruing to ORSA from the City-owned Army Base parcels.

***The history of environmental contamination, including designation as a brownfield site, any related environmental studies, and history of any remediation efforts.***

Environmental contamination from past Army Base activities and older industrial uses was found and characterized during City/Agency and Port investigation and testing. The former Base is currently being remediated under a joint City-Port program to commercial and industrial standards under a Remedial Action Plan ("RAP") and a Risk Management Plan ("RMP") approved by the DTSC". These agreements, as well as a DTSC-approved Covenant to Restrict Use of Property ("CRUP"), establish the clean-up goals and reporting procedures, restrict the uses of the former Army Base property, and are binding on eventual developers and future owners of the property.

See ***Attachment C*** for a list of all the Environmental Assessment Reports for the GDA (current as of May 2012).

***A description of the property's potential for transit-oriented development and the advancement of the planning objectives of the successor agency.***

As part of the 2003 transfer of the Army Base properties from the federal government, the State of California required a Covenant to Restrict Use of Property (CRUP) to be recorded against the Army Base property. The CRUP prohibits the Army Base property, including Parcel E and the City-owned Army Base parcels, from residential development or residential uses. Therefore, the property is not suitable for transit-oriented development.

***A brief history of previous development proposals and activity, including the rental or lease of property.***

Following Base closure, OBRA engaged in a series of planning processes that culminated in the Final Reuse Plan for the Oakland Army Base, adopted on July 31, 2002. As a result of the planning process and negotiations, in August 2006, approximately 170 acres of the former Army Base, including Parcel E, were conveyed to the Redevelopment Agency to comprise the Gateway Development Area (“GDA”) and 220 acres to the Port of Oakland for its Port Development Area.

In preparation for the Agency assuming ownership of the GDA, OBRA undertook additional predevelopment planning to create a refined list of potential uses for the site, identify evaluation criteria and develop site plan alternatives to assist the Agency in defining its property disposition program and a developer solicitation process. In March 2005, OBRA hired a consultant team led by Design, Community & Environment (“DC&E”) to assist with the planning process. DC&E was supported by Bay Area Economics (“BAE”) for economic, market and fiscal analysis and SMWM for site design. In June 2005, DC&E issued an *Interim Report*, which provided a market scan of 25 potential uses, a draft of a detailed opportunities and constraints report, and four site alternatives.

Following conveyance of the GDA to the Agency, City Council directed staff to update the land use planning, including revising the *Interim Report* to correspond with current conditions and soliciting input from community stakeholders. Staff entered into a four-month series of workshops with the West Oakland Community Advisory Group (WOCAG). In addition, staff worked with the office of Mayor Ronald V. Dellums and the Oakland Metropolitan Chamber of Commerce to discuss the analysis of land uses being developed by their joint Oakland Partnership Initiative. City and Agency economic development and planning staff also met with consultants from DC&E and BAE to evaluate the site alternatives. DC&E incorporated the input into a *Final Report* issued in October 2007.

In the report, DC&E encapsulated the various land uses it had analyzed into four conceptual site alternatives. These alternatives, intended to present the Agency with distinct, yet viable alternative visions for the Gateway Area, are designated as:

1. **Eco-Oakland**, which focuses on providing flexible, primarily light industrial land uses that support the green technology and economic development initiatives of the City of Oakland;
2. **Destination Oakland**, which provides a signature retail destination for Oakland and Bay Area residents that capitalizes on the almost 300,000 cars per day that pass by the site;
3. **Gateway Oakland**, which also capitalizes on the site’s high visibility and access to transportation to attract advanced technologies and creative industries;
4. **Mixed Use Oakland**, which combines elements of Destination Oakland and Gateway Oakland, with the largest emphasis on logistics and other maritime serving uses to build on synergies with the Port.

In January 2008, the Redevelopment Agency initiated an RFQ/RFP process to identify a master developer for the GDA. The process resulted in the selection of AMB/California Capital Group (reorganized as Prologis/CCIG) and a development strategy for the GDA, which is to align GDA development with the Port's operations and long-term expansion plans. Doing so will give the GDA regional or national reach and better position it to obtain regional and national support.

The City has entered into a Lease Disposition and Development Agreement ("LDDA") with Prologis/CCIG for the development of a trade and logistics center on the City-owned Army Base parcels and Parcel E. The development will create an estimated 1,840 – 2,330 new on-site jobs, and indirectly support an additional 3,140 – 4,225 jobs throughout the region.

The City's Project and separate portion to be constructed by the Port will be funded in part by a Trade Corridor improvement Fund ("TCIF") grant: (a) the City's construction of approximately \$247 million in new public infrastructure improvements (streets, utilities, wharf and rail) necessary for the development of the City's and the Port's respective portions of the former Oakland Army Base property (the "City Project") and (b) the Port's construction of Phase 1 of the new port rail terminal that will serve development to be located on the City and Port properties (the "Port Project"). While the City Project and the Port Project are the subject of the same Project TCIF Baseline Agreement, they are the subject of two different funding allocations.

The following chart summarizes the sources of funds (listed in millions) for the development of the City Project and the Port Project:

Project Segments	TIGER Grant	Port Match	City Match	Private Match	Total TCIF Grant	Total
1. Remediation		\$ 5.7	\$ 5.7			\$ 11.4
2. Rail Access Imps & Manifest Yard		\$ 5.0	\$ 3.8		\$ 65.8	\$ 74.6
3. City Site & Backbone Infrastructure			\$ 45.0	\$ 25.9	\$176.3	\$247.2
4. Recycling Facilities				\$ 46.6		\$ 46.6
5. Logistics				\$ 99.4		\$ 99.4
6. Unit Train Support Yard	\$ 15.0	\$ 5.0				\$ 20.0
<b>Totals</b>	<b>\$ 15.0</b>	<b>\$ 15.7</b>	<b>\$ 54.5</b>	<b>\$171.9</b>	<b>\$242.1</b>	<b>\$499.2</b>
<b>% of Total</b>	<b>3%</b>	<b>3.2%</b>	<b>10.9%</b>	<b>34.4%</b>	<b>48.5%</b>	<b>100%</b>
<b>% of TCIF Grant Match</b>		<b>6.5%</b>	<b>22.5%</b>	<b>71%</b>	<b>100%</b>	

The TIGER grant was awarded to the Port in 2012 (TIGER IV funding) and the Port and City funds are either currently in hand or will be funded through the City's proposed sale of the "North Gateway" portion of the former Oakland Army Base property. The balance of the project is proposed to be funded by the TCIF grant and private matching dollars provided through the LDDA and the development of the North Gateway property.

Under the TCIF Baseline Agreement, the City and the Port will have until August of 2020 to deliver evidence of the required matching funds. The various sources of the matching funds are outlined in the table above. The “Private Match” funds will be supplied by the developers’ construction of vertical improvements on the City property (logistics and recycling facilities).

The Port of Oakland received their TCIF allocation in the amount of \$65.8 million in October 2012. On May 7, 2013, the California Transportation Commission (“CTC”) unanimously approved the City of Oakland’s TCIF grant allocation in the amount of \$176.3 million. The deconstruction of above grade structures is scheduled to begin in July 2013. Site preparation and the construction of major infrastructure improvements are scheduled to commence in September 2013.

***The use or disposition of the property, which could include: 1) the retention of the property for governmental use, 2) the retention of the property for future development, 3) the sale of the property, or 4) retention of the property to fulfill an enforceable obligation.***

Parcel E will be transferred to the City of Oakland to be retained and used by the City for future development, along with future development of the rest of the GDA as described above. As noted above, this project has been identified in a number of approved redevelopment plans, including the Oakland Army Base Redevelopment Plan and its five-year implementation plan, the Final Base Reuse Plan, and the City’s General Plan.

The proposed use of Parcel E is as part of a new working waterfront and break bulk commodities terminal. See site plan attached as ***Attachment D***. The transition by the major U.S. ports to container terminal and mechanized operations has forced break bulk products, mainly commodities (e.g. lumber, coal, sulfur), to be transported via truck to vessel, or to operate from secondary, smaller ports (e.g. Stockton) both of which limit the capacity, decrease the efficiency and increase the cost of these types of bulk product shipping operations. The proposed Oakland Bulk Oversized Terminal, using Parcel E and other adjacent land, would link rail to vessel break bulk shipping operations.

Since Parcel E is Tidelands Trust parcel, transfer of Parcel E to the City will require the approval of the State Lands Commission.

ORSA’s remaining interest, if any, in the City-owned Army Base parcels will be quitclaimed to the City for future development as described above.

City of Oakland Redevelopment Agency  
Summary of Review

	Date	Description	Total	Allowable	Unallowable	Oversight Approval	Clawback
(1)	Various	Cash Transfers to Ctity for Property	36,622,938	1,461,000	35,161,938	-	35,161,938
(2)	January 26, 2012	Army Base Transferred to City	83,627,000	83,627,000	-	-	-
(3)	January 26, 2012	Transfer of Property to the City	114,689,000	-	114,689,000	21,307,885	93,381,115
(4)	January 26, 2012	Transfer of Cash to the City	69,190,000	27,734,443	41,455,557	-	41,455,557
(5)	January 31, 2012	Army Base Transferred to City	444,691	444,691	-	-	-
(6)	January 31, 2012	Housing Assets Transferred to City	150,546,003	-	150,546,003	150,546,003	-
(7)	January 31, 2012	Assets Transferred to Successor RDA	274,738,638	274,738,638	-	-	-
			<b>729,858,270</b>	<b>388,005,772</b>	<b>341,852,498</b>	<b>171,853,888</b>	<b>169,998,610</b>
				53.16%	46.84%		23.29%

Explanation

- (1) RDA sent Cash to City for properties (Kaiser & 5 Other Properties) during unallowable period 01/01/11 to 01/31/2012  
Any additional \$4,140,000 was identified in the DDR for transfers during 01/01/11 to 06/30/11 which were not originally identified by SCO Auditors
- (2) Army Base is Deemed an Allowable Transfer (\$48,940,000 Property & \$34,687,000 Cash)
- (3) On 03/18/2013 Oversight Board Approved Property Deemed to be Contractually Obligated to the City
- (4) \$27,413,443 in contracts were signed prior to 06/28/2011 + Additional \$321,000 identified after the exit conference
- (5) Army Base is Deemed an Allowable Transfer (\$444,691 Cash)
- (6) Oversight Board Approved Transfer on 07/16/2012
- (7) Remaining Assets were transferred to the Successor Redevelopment Agency

Environmental Protection

## Department of Toxic Substances Control

Deborah O. Raphael, Director  
700 Heinz Avenue  
Berkeley, California 94710-2721

*Edmund G. Brown Jr.*  
Governor

January 17, 2013

Mr. Fred Blackwell  
Assistant City Manager  
Office of the City Administrator  
City Hall  
Frank H. Ogawa Plaza  
Oakland, California 94612

Dear Mr. Blackwell:

The Department of Toxic Substances Control (DTSC) has reviewed your letter dated August 14, 2012, which discusses the dissolution of the Oakland Redevelopment Agency (ORA) pursuant to ABx1 26 and the City of Oakland's (City's) obligations under the May 2003 Consent Agreement between the City, ORA, Oakland Base Reuse Authority, and DTSC. DTSC wants to take this opportunity to respond to the issues raised in your letter and thank the City for its ongoing efforts in implementation of the Oakland Army Base Remedial Action Plan/Risk Management Plan (RAP/RMP).

DTSC acknowledges that the City, through the purchase and sale agreement you provided with your August 14, 2012 letter, now has title to the majority of the property, which is subject to the Consent Agreement. DTSC supports this transfer to the City from ORA, which was the successor the Oakland Base Reuse Authority. DTSC further understands that a portion of the Oakland Army Base known as "Parcel E," which is subject to the Public Trust, flowed by operation of law from ORA to the Oakland Redevelopment Successor Agency (ORSA) upon dissolution of ORA, and that ORSA will be pursuing State Lands Commission approval to move the ownership of Parcel E from the ORSA to the City. DTSC also supports this effort, and requests notification of the outcome.

In your letter you stated that there is some uncertainty over the final disposition of the property since the law provides that for properties not subject to enforceable obligations, the assets should be sold. From DTSC's standpoint, there is no uncertainty as to the final disposition of the property. Not only is the City a signatory to the Consent Agreement and has an independent obligation to complete remediation of the property, the Consent Agreement constitutes an "enforceable obligation" that the City must perform. The Consent Agreement clearly obligates the City to complete remediation of

Fred Blackwell

Page 2

the property. However, since the City, with respect to the majority of the property, and ORSA, with respect to Parcel E, have taken over Oakland Base Reuse Authority's obligations, DTSC will continue to look to the City and ORSA jointly and severally, until the Parcel E transfer is complete to the City, to complete all obligations required by the Consent Agreement, including implementation of the RAP/RMP.

DTSC looks forward to continuing to work with the City to complete implementation of the RAP/RMP. If you have any questions regarding this letter, please contact me at (510) 540-3834 or via e-mail at [Karen.Toth@dtsc.ca.gov](mailto:Karen.Toth@dtsc.ca.gov).

Sincerely,

A handwritten signature in black ink, appearing to read 'K.M. Toth', written over a horizontal line.

Karen M. Toth, P.E., Unit Chief  
Brownfields and Environmental Restoration Program  
Berkeley Office

	RAB Information (RAB Formation)	Various	2/21/1999
47	Closure Investigation Report for Underground Storage Tanks 10, B and C, D, F, K, L, M, Q and Above-Ground Storage Tanks In Brae Parcels 4 and 5 Revision C	ICF Kaiser Engineers, Inc.	3/15/1999
53	Letter from EPA to OBRA re: U.S. EPA Review of OARB OU2 draft RI Report.	Various	4/1/1999
31	Risk Assessment Work Plan, Revision 1	ICF Kaiser Engineers, Inc.	4/13/1999
	Radiological Survey Report, Oakland Army Base, Buildings 161 & 806	SSPORTS Environmental Detachment	4/30/1999
	Environmental Impact Statement for the Disposal and Reuse of the Oakland Army Base, Oakland, California	Foster Wheeler Environmental Corporation	6/1/1999
27	Remedial Action Plan Offshore Sediments Operable Unit, Fleet and Industrial Supply Center	Port of Oakland	6/2/1999
	Biological Assessment for National Fisheries Service	Foster Wheeler Environmental Corporation	9/1/1999
	Biological Assessment for Fish and Wildlife Service	Foster Wheeler Environmental Corporation	9/1/1999
	Basewide Groundwater Monitoring Report Jan-Dec 1999	ICF Kaiser Engineers, Inc.	9/17/1999
35	Pipeline Investigation Report, for the Storm Drain and Sanitary Sewer Pipeline Systems, Oakland Army Base	ICF Kaiser Engineers, Inc.	9/29/1999
10	Sacramento TERC II, Transmittal of Final Remedial Investigation Report for Operable Unit 2.	IT Corporation	10/15/1999
	Final Remedial Investigation Report for OU2 Remedial Investigation, Oakland Army Base, Oakland, California, Volume I, October 1999	IT Corporation	10/15/1999
	Final Remedial Investigation Report for OU2 Remedial Investigation, Oakland Army Base, Oakland, California, Appendix A, USTs 6, O, and P Case Closure Letter, Volume II, October 1999	IT Corporation	10/15/1999

	Final Remedial Investigation Report for OU2 Remedial Investigation, Oakland Army Base, Oakland, California, Appendix H, Human health risk Assessment Report (HHRA), Volume III, October 1999	IT Corporation	10/15/1999
53	Letter from EPA to OBRA re: U.S. EPA Review of Oakland Army Base Draft Data Quality Objective Summary Tables and Maps, Operable Unit 4 Remedial Investigation	Various	10/26/1999
53	Letter from EPA to OBRA re: U.S. EPA Review of Oakland Army Base Draft Feasibility Study Technical Approach Memorandum, dated September 30, 1999.	Various	11/2/1999
	1999 Restoration Advisory Board (RAB) Information	Various	12/1/1999
25	Annual Asbestos Survey	U.S. Army Corps of Engineers Sacramento District	12/10/1999
	Sampling and Analysis Plan for OU1 Remedial Investigation, Rev. 1, 12/99	IT Corporation	12/15/1999
	Sampling and Analysis Plan for OU1 Remedial Investigation (Rev. 1)	IT Corporation	12/15/1999
	Draft Final Pipeline Investigation Report: Storm Drain and Sanitary Sewer Pipeline Systems for the Oakland Army Base, Rev. C, 12/99	IT Corporation	12/27/1999
	Oakland Army Base wharf 6, 6 1/2, and 7 Condition Study	Moffett & Nichol Engineers	1/1/2000
	Oakland Army Base Community Relations Plan, 1/00	Foster Wheeler Environmental Corporation	1/1/2000
	Sampling and Analysis Plan for UST Closure Investigation	IT Corporation	1/27/2000
	Draft Final, Remedial Investigation Work Plan, Sampling and Analysis Plan, Contractor Quality control Plan, Safety and Health Plan Addendum, OU4	U.S. Army Corps of Engineers	2/1/2000
39	Corrective Action Plan for Petroleum Tank Sites	U.S. Army Corps of Engineers Sacramento District	2/25/2000
	Remedial Investigation Report For OU1, Volume I of III	U.S. Army Corps of Engineers Sacramento District	3/1/2000
3	Remedial Investigation Report For OU1, Volume II of III, Appendices A-G	U.S. Army Corps of Engineers Sacramento District	3/1/2000
	Remedial Investigation Report For OU1, Volume III of III	U.S. Army Corps of Engineers Sacramento District	3/1/2000
53	Letter from DTSC to OBRA re: Draft Final Remedial Investigation Report for Operable Unit 1, Revision D, Oakland Army Base	Various	3/6/2000
53	Letter from DTSC to Office of Military Facilities re: Oakland Army Base, Operable Unit 1-Draft Final Remedial Investigation Report for QU1 Remedial Investigation, Revision D, Dated December 23, 1999.	Various	3/6/2000
29	Corrective Action Plan for Petroleum Tank Sites, Revision C	U.S. Army Corps of Engineers Sacramento District	3/14/2000

30	Draft Final Technical Memorandum for Evaluation of Beneficial Uses of Groundwater, Revision C	U.S. Army Corps of Engineers Sacramento District	3/20/2000
53	Letter from EPA to OBRA re: Review of Oakland Army Base Draft Final Remedial Action Workplan for OU2 Soil, February 2000	Various	3/29/2000
107	Remedial Investigation Report for OU1 Remedial Investigation, Oakland Army Base, Vol I	IT Corporation	3/31/2000
107	Remedial Investigation Report for OU1 Remedial Investigation, Oakland Army Base, Vol II	IT Corporation	3/31/2000
107	Remedial Investigation Report for OU1 Remedial Investigation, Oakland Army Base, Vol III	IT Corporation	3/31/2000
53	Letter from EPA to OBRA re: EPA Review of Oakland Army Base Revision O, Historical Document Review, March 20, 2000.	Various	4/19/2000
53	Letter from EPA to OBRA re: EPA Review of Oakland Army Base Revision C, Addendum 1 Remedial Investigation for OU1 and OU3, March 15, 2000.	Various	4/19/2000
53	Letter from EPA to OBRA re: EPA Review of Oakland Army Base Technical Memorandum for Evaluation of Beneficial Uses of Groundwater, March 2000	Various	4/19/2000
53	Letter from EPA to OBRA re: EPA Review of Oakland Army Base Revision C, Workplan for Remedial Investigation OU4, February 29, 2000	Various	4/19/2000
	Corrective Action Implementatin Report for Tank D1: Addendum 2 to the Removal Report for Petroleum Tanks	IT Corporation	4/20/2000
53	Letter from DTSC to Office of Military Facilities re: Oakland Army Base, Operable Unit 4 Remedial Investigation Work Plan Site	Various	4/27/2000
	Removal Action Work Plan, OU2 Soil, Revision 0	IT Corporation	5/1/2000
59	Corrective Action Plan, SAP, CQC, Petroleum Tank Sites	SCS Engineers	5/11/2000
53	Letter from DTSC to OBRA re: Remedial Investigation Work Plan, Operable Unit 4, Revision C, Oakland Army Base	Various	5/2/2000
53	Letter from DTSC to OBRA regarding Technical Memorandum for Evaluation of Beneficial Uses of Groundwater, Revision C	Various	5/10/2000
53	Letter from DTSC to OBRA re: Addendum 1 Remedial Investigation Reports for Operable Units 1 and 3, Revision C, Oakland Army Base	Various	5/24/2000
	Corrective Action Plan for Petroleum Tank Sites: final (Rev 0)	IT Corporation	5/25/2000
	Final Memorandum For Evaluation of Beneficial Uses of Shallow Groundwater	U.S. Army Corps of Engineers	6/1/2000
	Remedial Investigation Work Plan, Sampling and Analysis Plan, Contractor Quality Control Plan, Safety and Health Plan Addendum, OU4, June 2000	IT Corporation	6/9/2000

53	Letter from EPA re: Review of Oakland Army Base Revision C Remedial Action Workplan for OU2 Soil, dated May 19, 2000	Various	6/13/2000
	Technical Memorandum on Beneficial Uses of Groundwater, 3/3/2000	IT Corporation	6/22/2000
	Remedial Investigation Report for OU1 and OU3, 6/2000	IT Corporation	6/23/2000
38	Final Addendum I Remedial Investigation Report for OU1 and OU3	IT Corporation	6/23/2000
68	Trench Logs OU-4	Harding Lawson Associates	6/29/2000
	Draft Final Remedial Investigation Report For OU1, Volume I of II	IT Corporation	7/1/2000
	Draft Final Remedial Investigation Report For OU1, Volume II of II	IT Corporation	7/1/2000
	Draft Final Remedial Investigation Report For OU4, Volume I of III	U.S. Army Corps of Engineers Sacramento District	7/1/2001
4	Draft Final Remedial Investigation Report For OU4, Volume III of III	U.S. Army Corps of Engineers Sacramento District	7/1/2000
5	Addendum 2, Remedial Investigation Report For OU1, Volume II of II	U.S. Army Corps of Engineers Sacramento District	7/1/2000
65	Draft Final Addendum 2 Remedial Investigation Report for OUI, Volume I of II	U.S. Army Corps of Engineers Sacramento District	7/7/2000
79	Corrective Action Plan for Petroleum Tank Sites Addendum 1	U.S. Army Corps of Engineers Sacramento District	7/7/2000
53	Letter from EPA to OBRA regarding EPA Review of Oakland Army Base Revision O, Technical Memorandum for Evaluation of Beneficial Uses of Groundwater, June 22, 2000	Various	7/13/2000
53	Letter from EPA to OBRA re: EPA Review of Oakland Army Base Revision O, Addendum 1 Remedial Investigation for OU1 and OU3, June 23, 2000.	Various	7/13/2000
53	Letter from EPA to OBRA re: EPA Review of Oakland Army Base Revision O, Workplan for Remedial Investigation OU4, June 9, 2000.	Various	7/13/2000
	Quality Control Summary Report for the Additional Remedial Investigation of OU1, OU3, AST and UST sites	IT Corporation	8/2/2000
53	Letter from Dept. of the Army to OBRA regarding Biological Assessment for USFWS, Disposal and Reuse of Oakland Army Base, Alameda, California	Various	8/3/2000
17	Draft Final Feasibility Study for OU2, OU3 and OU7, Revision C	U.S. Army Corps of Engineers Sacramento District	8/17/2000
53	Letter from EPA to OBRA regarding EPA Review of Oakland Army Base Revision C, Feasibility Study, Operable Units 2, 3 and 7, August 16, 2000.	Various	9/18/2000
53	Letter from EPA to OBRA regarding EPA Review of Oakland Army Base Revision C, Human Health Risk Assessment Report for OU1, July 7, 2000.	Various	9/18/2000

	Remedial Action Plan, Onshore Operable unit Fleet and Industrial Supply Center	DTSC	10/1/2000
53	Letter from Dept. of the Interior Fish and Wildlife Service to OBRA regarding Concurrence of Not Likely to Adversely Affect, Disposal and Reuse of Oakland Army Base, Alameda, California	Various	10/11/2000
53	Letter from EPA to OBRA regarding Review of Oakland Army Base Revision 1 Remedial Action Workplan for OU2 Soil, September 2000	Various	10/24/2000
45.1	Closure Investigation Report Underground Storage Tanks 10, B and C, D, F, K, L, M, Q, and Above-Ground Storage Tanks in BRAC Parcels 4 and 5 Vol. I of II	IT Corporation	11/17/2000
45.2	Closure Investigation Report Underground Storage Tanks 10, B and C, D, F, K, L, M, Q, and Above-Ground Storage Tanks in BRAC Parcels 4 and 5 Vol. II of II	IT Corporation	11/17/2000
	Addendum 2, Remedial Investigation Report for Operable Unit 1 11/2000 Volume I	IT Corporation	11/20/2000
	Addendum 2, Remedial Investigation Report for Operable Unit 1 11/2000 Volume II	IT Corporation	11/20/2000

Oakland Base Reuse Authority, Building 1 Area Remediation, PSEC #605119, Documentation of Completion of Work (Book 2 of 4)	Pacific States Environmental Contractors, Inc.	12/31/2006
Oakland Base Reuse Authority, Building 1 Area Remediation, PSEC #605119, Documentation of Completion of Work (Book 3 of 4)	Pacific States Environmental Contractors, Inc.	12/31/2006
Oakland Base Reuse Authority, Building 1 Area Remediation, PSEC #605119, Documentation of Completion of Work (Book 4 of 4)	Pacific States Environmental Contractors, Inc.	12/31/2006
Summary Groundwater Monitoring Report, VOCs in Groundwater Near Building 808/823, Former Oakland Army Base, Economic Development Conveyance Area	Northgate Environmental Management, Inc.	4/2/2007
Request for Closure - RMP Locations in North Gateway Area, Former Oakland Army Base - EDC Area, Oakland, California	Erier & Kalinowski, Inc.	4/10/2007
Limited Soil Investigation Report, OBRA/EBMUD Pipeline Alignment, Oakland, California	Fugro West, Inc.	5/3/2007
Draft Completion Report for VOCs in Groundwater at Buildings 808 and 823, Former Oakland Army Base - EDC Area, Oakland, California	Erier & Kalinowski, Inc.	8/17/2007
Remediation Completion Report, Former ORP/Building 1 Remediation, Oakland Army Base - EDC Area, Oakland, California	Geomatrix	8/22/2007
Opinion of Estimated Cost for Remaining Environmental Remediation at the Former Oakland Army Base - EDC Area, Oakland, California	Erier & Kalinowski, Inc.	3/27/2008
Building 99 Debris Area Investigation Report, Former Oakland Army Base, Oakland, California	Northgate Environmental Management, Inc.	7/14/2008

Revised Operations and Maintenance Plan Former ORP/Building 1 Area Remediation Project, Former Oakland Army Base, Economic Development Conveyance Area	AMEC Geomatrix	9/4/2008
Request for Completion - RMP Locations 3 through 6 in West Gateway Area, Former Oakland Army Base – EDC Area, Oakland, California	Erier & Kalinowski, Inc.	9/17/2008
Well Installation and First Quarterly Groundwater Monitoring Report for the Former ORP/Building 1 Area Remediation Project, Former Oakland Army Base – EDC Area, Oakland, California	AMEC Geomatrix	11/11/2008
Revised Remediation Completion Report, Former ORP/Building 1 Area Remediation, Former Oakland Army Base – EDC Area, Oakland, California	AMEC Geomatrix	2/13/2009
Completion Report for VOCs in Groundwater at Buildings 808 and 823, Former Oakland Army Base – EDC Area, Oakland, California	Erier & Kalinowski, Inc.	4/24/2009
Annual Groundwater Monitoring Report, Former ORP/Building 1 Area Remediation Project, Former Oakland Army Base – EDC Area, Oakland, California	AMEC Geomatrix	7/24/2009
Request for Completion - RMP Locations 11, 75, 86, 93, 105, 106, 107, 108, and 109 in Central Gateway Area, Former Oakland Army Base – EDC Area, Oakland, California	Erier & Kalinowski, Inc.	10/15/2009
Draft First Five-Year Review for the GDA and Subaru Lot, Former Oakland Army Base, Oakland, California	Erier & Kalinowski, Inc.	6/10/2010
Request for Completion - RMP Locations 23, 24, 25, 87, 88, 113, 114, and 123 in the East Gateway Area, Former Oakland Army Base – EDC Area, Oakland, California	Erier & Kalinowski, Inc.	6/29/2010
Well Destruction Report, Former ORP/Building 1 Remediation Project, Former Oakland Army Base – EDC Area, Oakland, California	AMEC Geomatrix	6/30/2010
Request for Completion - RMP Location 96 in the West Gateway Area, Former Oakland Army Base – EDC Area, Oakland, California	Erier & Kalinowski, Inc.	1/14/2011
Revised Request for Completion - RMP Locations 7, 22, and 29, Former Oakland Army Base – EDC Area, Oakland, California	MACTEC Engineering and Consulting	2/25/2011
Revised Building 99 Debris Area Investigation Report, Former Oakland Army Base, Oakland, California	Northgate Environmental Management, Inc.	3/15/2011
Request for Completion - RMP Locations 8, 10, 19/107, and 97 in Central Gateway Area	Montclair Environmental Management Inc.	5/25/2011
Revised Draft First Five-Year Review for the GDA and Subaru Lot, Former Oakland Army Base, Oakland, California	Erier & Kalinowski, Inc.	9/29/2011
Request for Completion - RMP Locations 15, 91, and 98, Former Oakland Army Base – EDC Area, Oakland, California	AMEC	12/5/2011

	Updated Master Plan Level Geotechnical Investigation Report, Oakland Army Base, Maritime Street and Highway 880, Oakland, California	Berlogar Stevens & Associated	3/7/2012
	Request for Completion - RMP Locations 1 and 2 in the West Gateway Area, Former Oakland Army Base, Oakland, California	Montclair Environmental Management Inc.	5/1/2012
