SUMMARY

Staff requests approval of resolutions authorizing the City Administrator to execute Professional Services Agreements with six operators of family child care homes for Head Start Family Child Care services during program year 2009-10: Regina Benoit in an amount not to exceed \$43,860, Mada Hudson and Freda Stowe in amounts not to exceed \$58,050, Martha Rebollo and Vanessa Bulnes in an amount not to exceed \$80,410, and Valerie Hamilton in an amount not to exceed \$87,720 for an aggregate amount not to exceed \$408,500 for Head Start Family Child Care services for program year 2009-2010, and contingent upon receipt of grant funding to extend grant funding of each Professional Services Agreement for one additional year in an additional aggregate amount not to exceed \$408,500, for a two-year total not to exceed \$817,000.

The selection process for family child care providers is extensive. Applications were due on February 9, 2009 through a RFP process. Applicants were screened for qualifications; interviews were then conducted, followed by background checks through California Childcare Licensing, unannounced home visits, reference checks, and presentation to the Head Start parent Policy Council. It is anticipated that the Policy Council will review and approve the selected providers on July 14, 2009.

FISCAL IMPACT

Funding is available for the Professional Services Agreements in the Head Start program budget, Department of Health and Human Services Fund (2128), Head Start Organization (78231), and Head Start Project (G358010). Funding for these Professional Services Agreements is available from the 2009-10 Head Start Grant, approved by City Council on May 19, 2009 (Resolution No. 82016 C.M.S.).

BACKGROUND

On September 28, 1992, the Oakland Head Start program received a grant for a three-year Head Start Demonstration Project entitled "Oakland Head Start Services Delivered via Family Child Care Homes." The purpose of the project was to demonstrate that Head Start services could be delivered in a family child care home setting. The planning phase of the project was completed during fiscal year 1992-93. The project was operational in fiscal years 1993-94 and 1994-95. Comprehensive Head Start services were provided for forty four-year old children in seven family child care homes. The demonstration project concluded its third and final year on September 30, 1995.

Because of the success of the Family Child Care demonstration project, the U.S. Department of Health and Human Services, Administration for Children, Youth and Families, Head Start Bureau authorized Head Start Regional Offices Demonstration Projects, to continue the FCC program as a locally designed option. During fiscal years 1995-2007, Oakland Head Start incorporated the FCC program option and provided comprehensive Head Start services to approximately 700 children and families assigned to Family Child Care homes.

To recruit new providers for program year 2009-10, approximately 500 announcement flyers were distributed throughout the community to various community organizations and family child care providers advertising the acceptance of applications. An advertisement was also placed in the Oakland Tribune and shared with Bananas Resource and Referral Agency. Bids were due on February 9, 2009.

A background check was conducted on each applicant through Community Care Licensing. Applicants who cleared the background check and met the minimum qualifications, including educational qualifications, state licenses, and business licenses, were interviewed by a panel of staff and parents. Applicants who passed the interview process received an unannounced home visit from members of the panel. Upon completion of the home visit, the panel made its recommendations of prospective providers to the Head Start Policy Council for their consideration and approval. The individuals named in this report have all received approval and recommendations from the Policy Council to institute grant agreements.

KEY ISSUES AND IMPACTS

The City of Oakland has been a Head Start grantee since 1972. The program has grown from serving fewer than 200 children to presently serving 1,574 children and families. Over the years, Head Start came to realize that many parents required full-day child care. The family child care homes offer a cost-effective way to meet the need for full day child care, while still providing the comprehensive child development services elemental to Head Start.

The Head Start program requires the family child care operators to implement Head Start services in their family child care home for up to 12 children. During the period of September 1, 2009 to August 31, 2010, the selected family child care operators will provide Head Start services to a total of between 50 and 60 Head Start children and families.

PROGRAM DESCRIPTION

Head Start has a long tradition of delivering comprehensive and high quality services, designed to foster healthy development and prepare children for success in school by providing high quality early childhood education and support services. The programs are child-focused and provide a range of individualized services in the areas of education, health, nutrition, and family services.

Head Start family child care homes are family centered, following the tenets that children develop in the context of their family and culture, and that parents are respected as the primary educators and nurturers of their children. Therefore, Head Start offers family members many opportunities and support services.

SUSTAINABLE OPPORTUNITIES

Economic:

There are economic benefits to the City from these Professional Services Agreements. Oakland-based family child care providers will receive compensation to provide mandated Head Start program services in their family child care homes. The family child care homes offer a cost-effective way to meet the need for full day child care while still providing the comprehensive child development services elemental to Head Start.

Environmental:

All Head Start family child care providers serve snacks and meals daily that meet nutritional requirements and are served in environmentally safe paper cups and paper plates.

Social Equity:

The Head Start program delivers comprehensive, high quality services to children and families in the City of Oakland. These services are designed to foster healthy development in low-income children. Head Start provides a range of individualized services in the areas of education, health, nutrition and family services.

These Professional Services Agreements ensure that the Oakland Head Start program has a broad array of family child care providers who reflect the diversity of the Oakland community and provide alternative quality child care options for families.

DISABILITY AND SENIOR CITIZEN ACCESS

Federal regulation requires Head Start programs to enroll ten percent (10%) of its children from among those with special needs, many of whom fall within the definitions in the Americans with Disabilities Act (ADA). Most of the services discussed in this report are aimed wholly or partly at children with special needs. Since Head Start is a program for children, any services to seniors (e.g., grandparents of children enrolled) are incidental to services provided to the children themselves.

RECOMMENDATION(S) AND RATIONALE

Staff recommends approval of resolutions authorizing the City Administrator to execute Professional Services Agreements with six operators of family child care homes for Head Start Family Child Care services during program year 2009-2010: Regina Benoit in an amount not to exceed \$43,860, Mada Hudson and Freda Stowe in amounts not to exceed \$58,050, Martha Rebollo and Vanessa Bulnes in an amount not to exceed \$80,410, and Valerie Hamilton in an amount not to exceed \$87,720 for an aggregate amount not to exceed \$408,500 for Head Start Family Child Care services, and contingent upon receipt of grant funding, to extend grant funding of each Professional Services Agreement for one additional year in an additional aggregate amount not to exceed \$408,500, for a two-year total not to exceed \$817,000.
